**INTRA-PROVINCIAL TRUCK APPLICATIONS:**

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

### AVIS PUBLIC

#### DEMANDE D'EXPLOITATION D'UNE ENTREPRISE DE CAMIONNAGE PRÉSENTÉE EN VERTU DE LA PARTIES II ET III DE LA LOI DE 1987 SUR LES TRANSPORTS ROUTIERS :

Le requérant mentionné ci-après a présenté une demande de licence en vertu de la partie III de la Loi de 1987 sur les transport routiers. La demande a été publiée dans la Gazette de l'Ontario du 31 mars, 1990.

L'avis d'objection et la preuve écrite ont été joints à cette demande et déposés par les intéressés dans les délais prescrits. La Commission des transports routiers de l'Ontario a pris en considération la preuve déposée et estime que, faute de preuve contraire, l'exploitation de l'entreprise de camionnage faisant l'objet d'une demande de licence serait sans doute préjudiciable à l'intérêt public.

Par conséquent, la Commission a décidé qu'une audience publique aurait lieu dans la salle de tribunal de la Commission, Britannica House, 151, rue Bloor ouest, 10<sup>e</sup> étage, Toronto, Ontario, tel qu'indiqué ci-après.

Pour de plus amples renseignements sur cette audience, s'adresser au secrétaire de la Commission.

CONSTITUENCY ASSOCIATION - APPLICATION FOR REGISTRATIONGENERAL

- .01 Form A-1 for constituency associations applying for registration is available from the Commission. Only constituency associations endorsed by a registered political party may apply for registration. Be sure to provide complete information.
- .02 As part of its application for registration the Act requires the CFO of the association to provide the Commission with a statement of assets and liabilities as of a date not earlier than ninety days prior to the date of its application for registration.

## Act reference 11(2)

- .03 This initial statement does not have to be audited but it must be attested to by the CFO of the association. Since future financial statements based on this opening position must be audited, it is essential for the auditor to review this initial statement before it is filed with the Commission. The auditor's opinion on subsequent financial statements could be affected by its content.
- .04 Refer to Guideline G26 for a description of the accounting methods to be followed by constituency associations.

GUIDANCE ON PARTICULAR ITEMS IN THE  
STATEMENT OF ASSETS AND LIABILITIES

- .05 The object of this Guideline is to assist in preparing the initial statement of assets and liabilities. Read it carefully. All figures may be rounded to the nearest dollar.
- Line 1 - Record the total net balance for all accounts. Deposits, guaranteed investment certificates and similar items should be regarded as cash on deposit.
- Line 2 - Record only bona fide claims of the association, for example, refundable deposits. Do not record contributions pledged but not yet received. These should be recorded only upon being received and deposited.
- Line 4 - Record the quoted market value of bonds, stocks and other marketable securities owned by the association at the date of this statement. A stockbroker or bank manager should be able to provide this information.
- Line 5 - If the association owns furniture, fixtures, printing equipment or similar assets, enter the nominal value of \$1 on this line.
- Line 6 - Enter the value of any inventory of campaign materials and other prepaid campaign expenses. See Guideline G25 for more information.

- Line 10** - Include here the cost of goods received by or services rendered to the association for which bills have not been received at date of statement.
- Line 11** - Record liabilities not included on other lines and attach details.
- Line 12** - The figure for surplus (deficit) will be the difference between total assets and total liabilities. When the surplus (deficit) figure is inserted, the statement will balance.

(PLEASE PRINT OR TYPE AND REMOVE THIS INSTRUCTION SHEET BEFORE MAILING THE FORM)

**USE THIS FORM FOR:**

**ANY CHANGES MUST BE REPORTED IMMEDIATELY FOR A CHANGE OF CHIEF FINANCIAL OFFICER AND WITHIN 30 DAYS FOR ANY OTHER CHANGES**

**WHERE THERE IS A CHANGE IN CHIEF FINANCIAL OFFICER**

The retiring CFO must ensure that the books of record and all of the Commission's tax receipts for contributions are transferred to the newly appointed person.

The Commission will forward to the new CFO the information required to fulfill the responsibilities of the constituency association.

## **ACCOUNTING METHODS**

The accounting methods set out below, are to be followed when preparing all Statements of Assets and Liabilities, as well as all Statements of Income and Expenses that are required to be filed with the Commission in compliance with the Election Finances Act.

- **ACCRUAL BASIS**

The accrual basis of accounting is to be observed whereby expenses are recorded on the books of the association when they are incurred. Similarly, income is recorded when earned. However, contributions must be recorded as income only when accepted by the Chief Financial Officer. This exception is due to the uncertainty of collecting amounts pledged.

- **MARKETABLE SECURITIES**

Bonds, stocks and other marketable securities should be valued at quoted market value on the date of the initial Statement of Assets and Liabilities. Securities purchased subsequently, should be valued at costs. When securities are sold, any resulting profit or loss should be reflected in the Statement of Income and Expenses.

- **FURNITURE AND OTHER EQUIPMENT**

Furniture, fixtures, printing and computer equipment, etc. should be charged to expense when purchased. The existence of such assets may be indicated on the Statement of Assets and Liabilities at the nominal value of \$1.00.

## Commission on Election Finances

CONSTITUENCY ASSOCIATION - CHANGE IN REGISTRATION INFORMATION

- .01 Whenever a constituency association is required to provide any change of information or designation, written notice shall be provided to the Commission by the association and signed by the president and CFO on record with the Commission.
- .02 When the constituency association's CFO ceases for any reason to hold office, the constituency association shall forthwith appoint another CFO and immediately give written notice to the Commission of the name, address and telephone number(s) of the new CFO.

**Act reference 34(3)**

- .03 Any other change in the registered information of a constituency association shall be reported to the Commission within thirty days. The change should be reported by filing a new Constituency Association Registration and Change Notice Form A-1.

**Act reference 11(4)**

- .04 The responsibility for compliance with subsection 11(4) of the Act lies with the constituency association. The Commission may rely and act on information submitted by the president or designate last of record with the Commission.
- .05 Where there is a change in CFO, the person accepting the appointment should receive the following documents from the retiring CFO:
- (a) the Commission Guidelines,
  - (b) the financial records of the association,
  - (c) the complete supply of official receipt forms provided by the Commission, and
  - (d) a reconciliation of used and unused receipts from the date the last constituency association financial statement was filed with the Commission to the date the transfer of responsibility was effective.

If these documents are not provided, the new CFO should write and advise the Commission accordingly.

- .06 Any change in financial statement detail for the constituency association should not be reported on this form, but in the annual financial statements.

**Act reference 42**

CHIEF FINANCIAL OFFICERSGUIDELINE G04

Commission on Election Finances

CONSTITUENCY ASSOCIATION - RULES ON CONTRIBUTIONSGENERAL

- .01 The Act contains a number of important requirements regarding acceptance of contributions by a registered constituency association. The CFO of a registered constituency association should become completely familiar with these provisions. Particular note should be made of the recording requirements for contributions in Guidelines G04.18 to G04.27. Since it will be impossible to determine in advance whether or not the total contributions from any single source will exceed the limit prescribed by the Act, it will be necessary to record both the amount and name and address of the contributor for each and every contribution received.

WHO MAY CONTRIBUTE

- .02 Contributions may be made to a registered constituency association only by the following individuals or organizations:
- a person who is normally resident in the Province of Ontario
  - an affiliated political organization endorsed by a political party or constituency association registered with the Commission
  - a corporation carrying on business in the Province of Ontario. Many corporations carry on business through subsidiaries and affiliated companies. Provided each carries on business as defined in Guideline G21, each corporation qualifies as a contributor.
  - a trade union as defined by the Labour Relations Act or the Canada Labour Code, that holds bargaining rights for employees in the Province of Ontario to whom those Acts apply, including central, regional or district labour councils located in the Province of Ontario.
  - a person serving in the armed forces, diplomatic service or similar type of employment abroad if that person's normal home was in the Province of Ontario.
  - from a deceased person's estate if as a result of a specific bequest in the last will and testament.

There are notable exceptions to who may contribute. Care should be taken not to accept contributions from:

- charitable organizations
- corporations which do not qualify under Guideline G21
- Members of the House of Commons domiciled in Ontario but representing an electoral district outside of the Province of Ontario.

Act references 17(1) and 30(1)(a)

GUIDELINE G04

GUIDELINES FOR  
CHIEF FINANCIAL OFFICERS

Commission on Election Finances

---

- .03 Contributions may be made to a registered constituency association through an unincorporated association or organization provided the unincorporated association or organization meets the requirements specified in Guideline G37. Many small businesses such as retail and repair shops are unincorporated. Partnerships and joint ventures are also examples of unincorporated associations or organizations. In order for the contribution to be acceptable, the unincorporated association or organization must provide a written list of the name and address of each particular person, corporation or trade union who was the ultimate source of the contribution and the amount contributed by each.

Act references 20(1) and 27

For example, the Monday Afternoon Bridge Club, an unincorporated club, wishes to contribute \$1,500 to a registered constituency association. This contribution must be broken down into its particular sources and amounts. For instance, \$500 may have come from Mr. A, \$500 from Mrs. B, \$300 from Mr. C and \$200 from Ms. D who are some or all of the club's members. The CFO of the registered constituency association must have this information in writing before accepting the contribution and issuing individual official tax credit receipts to the named club members.

Another example would be a contribution from the partners of a professional partnership such as a firm of chartered accountants, lawyers, dentists etc. This contribution too must be broken down into its particular sources and amounts as in the first example. The CFO again must have the information in writing before accepting the contribution and issuing individual official tax credit receipts to the named partners.

A further example of an unincorporated organization is a business which is organized as a partnership and not as a limited company such as Bob and Joe's Garage which is a partnership of Bob X and Joe Z. The CFO must be very careful to determine that this is indeed an unincorporated business. As with the first example, the CFO must have the information regarding the partners and the amounts of their contributions in writing before accepting the contribution and issuing individual official tax credit receipts to the named partners.

- .04 Contributions may be made only in the contributor's own funds.

Act reference 20(1)

As outlined in the Income Tax Act, a political tax credit may be claimed by either the contributor or the contributor's spouse.

- .05 Anonymous contributions received by a registered constituency association, with the exception of money collected at meetings as referred to in Guideline G04.10, may not be used or expended by the association, but must be returned to the contributor if the contributor can be identified. If the contributor cannot be identified, the funds must be paid to the Commission.

Act reference 18

Commission on Election Finances

---

- .06 A registered constituency association may receive funds, goods or services in any amount from its political party, the campaign account of a registered candidate of that party, from a trust fund registered with the Commission or from the foundation of the party. These funds, goods or services are not considered to be contributions to the registered constituency association.

Act references 1(4), 28 and 40(2)

**WHO MAY ACCEPT CONTRIBUTIONS**

- .07 While the CFO or other authorized persons on record with the Commission may accept contributions for any registered constituency association, only the CFO may issue official receipts in acknowledgement of contributions accepted. Therefore, any contributions which are collected by others, for example, by means of a door-to-door canvass, must be turned over immediately to the association's CFO or other persons on record with the Commission, along with a list of the names and addresses of the contributors and the amounts of their individual contributions.

While the Act permits other authorized persons on record to accept contributions, it is the CFO's responsibility to ensure that contributions in excess of \$25 are by way of a cheque drawn on the contributor's own bank account, a money order signed by the contributor or by way of a charge on the contributor's credit card, and that contributions by unincorporated associations or organizations as specified in Guideline G37 are accompanied by a list of those persons sharing in the contribution and the amount contributed by each.

Act references 17(2) and 34(4)

- .08 Where the CFO learns that any contribution had been made or accepted in contravention of any provisions of the Act, such as, but not limited to:
- contributions from unidentifiable or anonymous sources except as permitted in Guideline G04.10,
  - contributions from sources other than those permitted under Guideline G04.02,
  - contributions in excess of the limitations mentioned in Guideline G04.17,
  - cash contributions in excess of \$25,
  - contributions of funds not belonging to the contributor except as mentioned in Guideline G04.03, or
  - contributions of funds from a federal political party or its organizations,
- the CFO shall, within thirty days after so learning, return to the contributor the contribution or an amount equal to the sum contributed where an official receipt in acknowledgement of the contribution has not been issued.

If an official receipt has been issued and the contributor fails to return the receipt for cancellation, an amount equal to the sum contributed must be paid to the Commission.

Act reference 18

### TYPES OF CONTRIBUTIONS

- .09 If a contribution to a registered constituency association consists of money and if the amount of the contribution exceeds \$25, it must be made in one of the following ways:
- (a) by cheque, having the name of the contributor legibly printed thereon, signed by the contributor and drawn on an account in the contributor's name,
  - (b) by money order signed by the contributor, or
  - (c) in the case of monies contributed by an individual, by credit card having the name of the individual contributor imprinted or embossed thereon.

Act reference 17(2)

- .10 Where funds are raised for a registered constituency association at a general meeting, amounts of \$10 or less may be given anonymously and are not considered to be contributions to the registered constituency association.

Act reference 25

- .11 There is considerable flexibility for a registered constituency association to allocate funds raised at a fund-raising activity between contributions and expenses. However, there is a point at which some portion of the charge must be treated as a contribution. The tests are as follows:
- (a) Where the charge is \$25 or less, it may be considered entirely to cover expenses, entirely a contribution or any combination of contribution and expense allocation.
  - (b) Where the charge is \$25 or more, any amount up to \$25 may be considered to cover expenses but the remainder must be considered a contribution.

If the charge is considered entirely a contribution, an official receipt must be issued for the full amount.

For each activity the original allocation of the charge between contribution and expense should be consistent.

Should the contribution component of any charge exceed \$25, the entire amount must be paid for by cheque, money order or credit card.

Other income earned at a fund-raising activity, for example refreshment sales, must be recorded and reported to the Commission.

Act references 24(2) and 24(3)

GUIDELINES FOR  
CHIEF FINANCIAL OFFICERSGUIDELINE G04  
JUNE 1990

---

Commission on Election Finances

---

- .12 Annual membership fees can be paid to a registered constituency association or, in combination, to a registered political party and a registered constituency association. Where the registered constituency association and registered political party maintain a membership list indicating the amount and allocation of each annual fee paid by a member and where the total of the individual membership fee is \$25 or less, that fee need not be treated as a contribution.

**Act reference 31**

In the case of family memberships, the total family membership fee divided by the family members included in the fee must not exceed \$25 per individual in order not to be considered a contribution.

- .13 Goods or services, other than those referred to in Guidelines G04.14 and G04.15, provided by a supplier to a registered constituency association in any year, excluding a campaign period, or in any campaign period are to be considered a contribution. However, where the aggregate value of all goods and services provided by the supplier in a calendar year is \$100 or less, the supplier may indicate that the value not be considered a contribution.

In every instance where goods or services have been provided, whether or not considered to be a contribution for the purposes of the Act, an expense in the equivalent value is considered to have been incurred.

The value of goods and services for purposes of the Act is deemed to be the lowest market price for similar goods or services at the time of their provision.

**Act reference 22**

For example, if a constituency association pays \$150 for the printing of handbills, but the lowest market price available to other customers is \$275, then the difference of \$125 is deemed to be a contribution to the constituency association by the printer.

- .14 Voluntary labour which is not paid for by the party, constituency association or candidate is not considered to be a contribution to the registered constituency association.

**Act reference 1(1)**

For example, an auxiliary group voluntarily makes sandwiches for the association's workers and donates the sandwiches. While the raw materials themselves constitute a contribution, the added value of the voluntary unpaid labour in making the sandwiches is not a contribution. But if a catering firm makes a gift of sandwiches this is a contribution to the registered constituency association. However, where the total value of all gifts of sandwiches by the catering firm in the reporting period does not exceed \$100, the caterer may indicate that the value is not to be considered a contribution.

GUIDELINE G04  
JUNE 1990

GUIDELINES FOR  
CHIEF FINANCIAL OFFICERS

Commission on Election Finances

---

- .15 Any services performed voluntarily by an individual are not considered to be a contribution to the registered constituency association provided the individual is not compensated by the party, constituency association or candidate nor receives from any source, pursuant to an arrangement with the individual's employer, compensation in excess of that normally received during the period this service is performed. Note that these must be services actually performed by the individual.

Act reference 1(1)

For example, if a volunteer offers to type letters on the volunteer's own typewriter, this is not a contribution to the registered constituency association. Similarly, if employees are given time off from their jobs in order to work voluntarily for the constituency association, this is not a contribution. But, if a person loans goods such as a typewriter or car or makes space available for the use of the association, the value of such use must be considered a contribution. However, where the total value does not exceed \$100, the person may indicate that the value is not to be considered a contribution. The difference between the last two examples is that in the latter instance these are not services that have been actually performed by the donor.

LIMITS ON CONTRIBUTIONS

- .16 A constituency association may accept contributions only if it is a registered constituency association of a registered political party.

Act references 1(1) and 11(1)

- .17 In any year, including any campaign period, a person, corporation, or trade union may contribute by way of cash, cheque, money order, credit card or goods and services up to a total of \$750 to any one registered constituency association and up to a total of \$3,000 to the registered constituency associations of each registered political party. Cash contributions are limited to \$25.

Act reference 19(1)(a)(ii)

DEPOSITING, RECORDING AND REPORTING OF CONTRIBUTIONS

- .18 All monies accepted on behalf of a registered constituency association must be deposited in the bank, trust company, or other financial institution on record with the Commission. To facilitate audit examination of the records, duplicate deposit slips should be prepared for all bank deposits listing the names of the contributors from whom money orders, cheques and credit card vouchers were received.

Cheques received from credit card institutions for credit card contributions accepted will be supported by contributor details in accounts submitted to the institution for payment.

Act reference 17(3)

- .19 For the purposes of recording, reporting and issuing official receipts, contributions accepted by:
- (a) cash, cheque or money order are considered to have been accepted at the time such contributions are deposited in the bank account on record with the Commission,
  - (b) credit card vouchers are considered to have been accepted on the date the credit card voucher is deposited or submitted by the CFO to the credit card issuer for payment.

- .20 All contributions received during any year, excluding a campaign period, on behalf of a registered constituency association must be recorded by the CFO. In addition, where such contributions, including goods, services, or advertising have a total aggregate value exceeding \$100 from a single source, the CFO must also report the name and address of the contributor.

Act references 23(1) and 35(1)

- .21 All the information referred to in Guideline G04.20 must be reported in the financial statement to be filed by the registered constituency association with the Commission on or before May 31st of the year next following the year to which such information relates.

Act reference 35(2)

- .22 All contributions received during a campaign period on behalf of a registered constituency association must be recorded by the association's CFO. In addition, where such contributions, including goods, services, or advertising have a total aggregate value exceeding \$100 from a single source, the CFO must also record the name and address of the contributor.

Act reference 35(1)

- .23 All the recorded information referred to in Guideline G04.22 must be reported in the financial statement to be filed by the registered constituency association with the Commission within six months after polling day.

Act reference 35(2)

- .24 Those contributions which are received during any year, excluding a campaign period, are to be recorded separately from those contributions received during a campaign period.

Act reference 35(2)

- .25 Where funds are raised on behalf of a registered constituency association at a general meeting, the gross amount collected at such a meeting must be recorded by the association's CFO and must be reported to the Commission.

- .26 Where funds are raised on behalf of a registered constituency association at a function such as a supper, dance, garden party, or any other social event, the gross income from such functions must be recorded by the association's CFO and must be reported to the Commission.

Act reference 24(2)

- .27 Where funds, goods or services are received by a registered constituency association of a registered political party from that party or a registered official candidate of that party, the amount and source of these funds, goods or services must be recorded by the association's CFO and these funds must be deposited in the named bank or trust company, or other financial institution on record with the Commission.

Act references 28 and 40(2)

RECEIPTS FOR CONTRIBUTIONS

- .28 Official receipts for tax purposes must be issued for every contribution accepted by a constituency association and the constituency association's CFO is responsible for ensuring proper receipts are completed for every contribution accepted.

There is only one situation where a CFO does not actually prepare an official receipt for a contribution to the constituency association, namely where party officials have provided the Commission with a signed Declaration of Trust in relation to agency contributions as explained in Guideline G19.

Act references 26 and 34(4)(c)

ACCEPTANCE OF CONTRIBUTIONS

- .29 If a cheque for a contribution is drawn on a joint personal bank account, the receipt should be issued only to the person who signed the cheque. Where two people have signed a cheque drawn on a joint personal bank account, the CFO should determine who made the contribution and prepare the receipt(s) accordingly.
- .30 The use of post-dated cheques is not prohibited because they are not negotiable before their effective date. Cheques, whether or not they are post-dated, are not considered as accepted contributions until deposited. A contribution by post-dated cheque must still comply with the contribution limits.

Act references 17(2), 17(3) and 19(1)

- .31 It is the Commission's policy that contributions solicited for a specific purpose not within the general purposes of the Act do not qualify for an official tax credit receipt.

Act references 1(1) and 17

- .32 Contributions may not be accepted which have conditions or restrictions attached. The only exceptions are funds given to registered political parties or constituency associations covering fees for meetings, seminars, workshops or conferences which may be considered to be contributions for which receipts may be given. However, delegate fees for attendance at a leadership contest may not be treated as a contribution. Nor may a contributor designate, other than as provided for agency contributions in Guideline G19, that funds equivalent to the contribution ultimately be transferred to the political party, to another constituency association or candidate as the case may be.
- .33 Under no circumstances may a party accept intended agency contributions as if they were for the benefit of the party itself. The contributions which are accepted on behalf of a particular constituency association or candidate's campaign as provided for in Guideline G19, must be receipted in the name of the particular constituency association or candidate's campaign as specified in writing by the contributor and remitted to the ultimate designated beneficiary.
- .34 Under no circumstances may a constituency association accept contributions on behalf of or intended for another constituency association, a candidate's campaign or for the party.

SOLICITING CONTRIBUTIONS

- .35 All literature and other communication used in connection with any solicitation of contributions by or on behalf of a registered constituency association must clearly identify the constituency association as being the recipient or beneficiary of such contributions.

CONSTITUENCY ASSOCIATION - CAMPAIGN PERIOD FINANCIAL STATEMENTGENERAL

- .01 Every registered constituency association must file a campaign period financial statement no later than six months after polling day.

Act reference 43(1)

THE CAMPAIGN PERIOD FINANCIAL STATEMENT FORM

- .02 The Commission requires that all financial statements be filed in the form prescribed or approved by the Commission.

Many constituency associations maintain computerized records of the information required by the statutory disclosure provisions and generate the statements from computers.

CFOs who wish to use computer-generated information for the financial statements must have the format approved by the Commission prior to filing the computer-generated statement.

Computer-generated statements must contain all the required information in a format substantially similar to the Commission's forms.

Act reference 47

FILING DATE

- .03 Campaign period financial statements of constituency associations are due six months after polling day.

Act reference 43(1)

- .04 Responsibility for filing a complete and on time campaign period financial statement rests with the CFO. Since the campaign period financial statement must be reported on by the auditor, it is necessary that the CFO and the auditor meet to discuss the audit and filing process. It is recommended that the two should meet well before filing date to determine cutoff and closing procedures and agree on a date when all books and records should be delivered to the auditor.

Act reference 43(1)

- .05 The Commission will accept as on time, campaign period financial statements postmarked or courier receipted on or before the date that is six months after polling day.

- .06 The Commission will not accept as filed financial statements which have any of the following deficiencies:

- financial statements without the signed attestation of the CFO,

GUIDELINE G05

---

Commission on Election Finances

---

- financial statements without the signed auditor's report,
- financial statements without the Commission's copies of receipts issued,
- financial statements without the required schedules completed, or
- financial statements submitted by facsimile or telecopier.

**COMPLETING THE CAMPAIGN PERIOD FINANCIAL STATEMENT - GENERAL**

- .07 The campaign period financial statement has been designed to gather all the information required by the Act in a form that can be reported on by auditors. The form is set out as follows:
- address information in order to contact the CFO,
  - an attestation signed by the CFO responsible for filing the financial statement,
  - a statement of campaign period income and expenses which is reported on by the auditor,
  - various supporting schedules.
- .08 The supporting schedules are an integral part of the financial statement. It is important that each schedule agrees with the primary statement.
- .09 The form should be completed by typing or printing clearly. The financial statement as filed will be photocopied for display.

**NAME AND ADDRESS INFORMATION**

- .10 The name and mailing address should be complete as this will be the address used if any contact is required.

**ATTESTATION OF CHIEF FINANCIAL OFFICER**

- .11 This section must be completed by the CFO who is responsible for filing the campaign period financial statement. As well, review Guideline G25 to ensure that inventory of campaign materials and other prepaid campaign expenses have been properly accounted for in the statement.

The constituency association must not incur campaign expenses subject to the limitation in an aggregate amount in excess of the amount authorized in writing by the candidate's CFO.

### **Act reference 39(5)**

All expenses incurred in the campaign period whether paid for, owing to suppliers or contributed should be categorized on the statement of campaign period income and expenses.

The expense section of the Statement of Campaign Period Income and Expenses has been designed in a columnar format which clearly distinguishes between campaign expenses subject to limitation and those which are not subject to limitation. While the Act and many of the Guidelines discuss treatment of expenses, Guideline G24 gives specific direction on how campaign expenses should be categorized.

Where campaign expenses have been categorized as not subject to limitation and are not specifically permitted to be treated as such in Guideline G24, the CFO must be prepared to provide, on request, an explanation for the accounting treatment.

Commission on Election Finances

---

Accounting costs include any fees paid to auditors, fees paid for accounting services provided by outside sources and by the CFO if that is a paid position.

**SCHEDULE 9 - OPENING INVENTORY & PREPAID EXPENSES**

- .29 This schedule requires information regarding description, acquisition date, supplier, quantity and value of all inventory of reusable campaign materials and prepaid expenses.

Market price will normally be used as the basis for determining the value of inventory transferred into the campaign accounts. Market price can be determined in several ways, the more prevalent being:

- (a) recent invoices or quoted price,
- (b) the lower of replacement or reproduction cost, or
- (c) the price of recent comparable sales.

In the case of acquisitions made within one year of the writ, the invoice price should be used. In valuing campaign materials available for the candidate's use and which were left from a previous campaign, replacement or quoted price should be used. All materials from a previous campaign should be included even if the material was not deducted from the previous campaign because of the provisions of G25.06. This price will vary across the province and is dependent upon local supply, competition and the constituency association's ability to produce its own signs or secure salvage material, for example, to construct signs. In all instances, proper documentation should be prepared to substantiate any opening inventory value.

**SCHEDULE 10 - CLOSING INVENTORY & PREPAID EXPENSES**

- .30 Schedule 10 requires information on the ending inventory and prepaid expenses.

The CFO should carefully determine not only the quantity of reusable campaign materials not identifying a particular candidate and the prepaid campaign expenses not used but the value to attach to each item. A detailed list should be made and the following criteria may be useful in determining the valuation of the closing inventory and prepaid expenses:

- a) if on hand at the start of the campaign period, value at the same value as used at the start of the campaign, and
- b) if acquired during the campaign, value at invoice price.

**CHECK LIST**

- .31 To ensure completeness, follow the check list below and confirm that:
- the financial statement is audited well in advance of the filing deadline
  - the name and address information box is complete

## AUDITOR'S REPORT

CONSTITUENCY ASSOCIATION  
CAMPAIGN PERIOD FINANCIAL STATEMENTPursuant to section 41 (4) of  
the Election Finances Act, 1986To: \_\_\_\_\_, Chief Financial Officer  
of the \_\_\_\_\_ Constituency Association.

I/we have examined the statement of income and expenses of \_\_\_\_\_ for the campaign period from \_\_\_\_\_ to \_\_\_\_\_ relating to the Ontario election held on \_\_\_\_\_. My/our examination was made in accordance with generally accepted auditing standards and accordingly included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I/we considered necessary in the circumstances except as explained in the following paragraph.

Due to the nature of the types of transactions inherent in organizations of this type, it is impracticable through auditing procedures to determine that the accounting records include all donations of goods and services, receipts and disbursements. Accordingly, my/our verification of these transactions was limited to ensuring that the financial statement reflects the amounts recorded in the accounting records of the association, in accordance with the accounting procedures established by the Commission on Election Finances and I was/we were not able to determine whether any adjustments might be necessary.

In my/our opinion, except for the effect of adjustments, if any, which I/we might have determined to be necessary had I/we been able to satisfy myself/ourselves as to the completeness of the records as described in the preceding paragraph, the statement presents fairly the information contained in the accounting records on which the statement is based in accordance with the accounting treatment prescribed by the Act and required by the Commission on Election Finances in its Guidelines for Chief Financial Officers.

The Act does not require me/us to report, nor was it practicable for me/us to determine that contributions reported include only those which may be retained in accordance with the Act.

CONSTITUENCY ASSOCIATION - ANNUAL FINANCIAL STATEMENTSGENERAL

- .01 Every registered constituency association must file annual financial statements for the year ended December 31st.

Act reference 42

THE ANNUAL FINANCIAL STATEMENTS FORM

- .02 The Commission requires that all financial statements be filed in the form prescribed or approved by the Commission.

Many constituency associations maintain computerized records of the information required by the statutory disclosure provisions and generate the statements from computers.

CFOs who wish to use computer-generated information for the financial statements must have the format approved by the Commission prior to filing the computer-generated statement.

Computer-generated statements must contain all the required information in a format substantially similar to the Commission's forms.

Act reference 47

FILING DATE

- .03 Annual financial statements for the year ended December 31st are due on or before May 31st in the following year.
- .04 Responsibility for filing complete and on time annual financial statements rests with the CFO. Since the annual financial statements must be reported on by the auditor, it is necessary that the CFO and the auditor meet to discuss the audit and filing process. It is recommended that the two should meet before December 31st to determine cutoff and closing procedures and agree on a date when all the books and records should be delivered to the auditor.

Act reference 42

- .05 The Commission will accept as on time financial statements postmarked or courier receipted on or before May 31st.

The Commission will not accept as filed financial statements submitted which have any of the following deficiencies:

- financial statements without the signed attestation of the CFO,
- financial statements without the signed auditor's report,
- financial statements without the Commission's copies of receipts issued,

  - statements of assets and liabilities and income and expenses which are reported on by the auditor

- .07 The supporting schedules are an integral part of the financial statements. It is important that each schedule agrees with the primary statement.
- .08 The form should be completed by typing or printing clearly. The financial statements as filed will be photocopied for display.

**NAME AND ADDRESS INFORMATION**

- .09 The name and mailing address should be complete as this will be the address used if any contact is required.

**ATTESTATION OF CHIEF FINANCIAL OFFICER**

- .10 This section must be completed by the CFO who is responsible for filing the annual financial statements. The Commission's staff may contact CFOs by telephone in order to process financial statements as quickly as possible. If possible, include both business and residence telephone numbers.

**FINANCIAL STATEMENTS**

- .11 The financial statements consist of a statement of assets and liabilities and a statement of income and expenses together with supporting schedules. Information on the financial statements must agree with or be derived from the information entered on the schedules.

#### SCHEDULE 9 - OPENING INVENTORY & PREPAID EXPENSES

- .26 Schedule 9 should be identical to the schedule of closing inventory and prepaid expenses prepared at the end of the previous fiscal year. The schedule is designed both to remind CFOs what should be included in inventory and to ensure continuity and control over the inventory. This is especially important during a campaign period where such items affect campaign expenses subject to limitation.

The schedule requires information regarding description, acquisition date, supplier, quantity and value. Guideline G25 provides more information on inventory.

#### SCHEDULE 10 - CLOSING INVENTORY & PREPAID EXPENSES

- .27 Schedules 9, 10 and 11 are related in determining the increase or decrease in inventory and prepaid expenses.

Schedule 10 requires information on the ending inventory and prepaid expenses. This information is used in Schedule 11 and is also reported on the statement of assets and liabilities.

#### SCHEDULE 11 - CHANGES TO INVENTORY AND PREPAID EXPENSES

- .28 Schedule 11 provides the calculation of change in inventory and prepaid expenses by using the information provided in Schedules 9 and 10. The amount of the increase or decrease should be entered on the expense section of the statement of income and expenses.

- .29 If a campaign period or any portion thereof falls in the annual reporting period, it will be necessary to complete Schedule 12. This schedule will only include the net financial results for the portion of the campaign period falling in the annual reporting period. The statement of assets and liabilities will not balance without a figure for the campaign period surplus or deficit.

#### SCHEDULE 13 - LIST OF ACCOUNTS RECEIVABLE

## AUDITOR'S REPORT

CONSTITUENCY ASSOCIATION  
ANNUAL FINANCIAL STATEMENTSPursuant to section 41 (4) of  
the Election Finances Act, 1986To: \_\_\_\_\_, Chief Financial Officer  
of the \_\_\_\_\_ Constituency Association.

I/we have examined the statement of assets and liabilities of \_\_\_\_\_ as at December 31, 19\_\_\_\_ and the statement of income and expenses for the year then ended. My/our examination was made in accordance with generally accepted auditing standards and accordingly included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I/we considered necessary in the circumstances except as explained in the following paragraph.

Due to the nature of the types of transactions inherent in organizations of this type, it is impracticable through auditing procedures to determine that the accounting records include all donations of goods and services, receipts and disbursements. Accordingly, my/our verification of these transactions was limited to ensuring that the financial statements reflect the amounts recorded in the accounting records of the association, in accordance with the accounting procedures established by the Commission on Election Finances and I was/we were not able to determine whether any adjustments might be necessary.

In my/our opinion, except for the effect of adjustments, if any, which I/we might have determined to be necessary had I/we been able to satisfy myself/ourselves as to the completeness of the records as described in the preceding paragraph, these statements present fairly the information contained in the accounting records on which the statements are based in accordance with the accounting treatment prescribed by the Act and required by the Commission on Election Finances in its Guidelines for Chief Financial Officers.

The Act does not require me/us to report, nor was it practicable for me/us to determine that contributions reported include only those which may be retained in accordance with the Act.

CANDIDATE - APPLICATION FOR REGISTRATION

- .01 A candidate at a general election or by-election must be registered with the Commission before contributions may be accepted on the candidate's behalf or before the candidate's own funds may be used for the purposes of the candidate's campaign.

Act references 14(1), 14(2) and 19(3)

- .02 A candidate who files an application for registration, form C-1, with the Commission:

- (a) prior to the issue of a writ for an election is deemed to be registered effective from the issue of the writ.

Act reference 14(4)(a)

- (b) after the issue of a writ for an election is deemed to be registered the day the application is received at the offices of the Commission.

Act reference 14(4)(b)

An application for registration forwarded by registered mail to the Commission after the issue of a writ is deemed to have been filed on the day it is mailed.

Act reference 14(5)

- .03 All candidates must appoint a CFO and an auditor who is a licensed public accountant. The CFO of the constituency association is encouraged to serve as the CFO of the official candidate. However, completely separate banking arrangements and financial records must be established and maintained.

Act references 14(3)(e) and 41(1)

- .04 The Commission provides form C-1 for candidates applying for registration. It is important to submit complete information for all questions on the application. Application forms are available from the Commission or registered party headquarters.

- .05 Where the candidate has been nominated by a constituency association in an electoral district, the CFO of the association must attest to that fact in the space provided on the candidate's application for registration.

Act reference 14(3)(a)(ii)

- .06 It is not necessary to file any financial statements with the candidate's application for registration. However, it is the CFO's responsibility to ensure that all requirements of the Act are met, that the necessary financial records are kept and that the necessary audited financial statement is filed with the Commission. The Commission urges CFOs to work closely with the candidate's auditor to ensure that all requirements are met.

**Act reference 34(3)**

CANDIDATE - USE OF A CANDIDATE'S OWN FUNDS

- .01 When a candidate's own funds are used for that candidate's political campaign, the candidate's funds are deemed to be a contribution to that candidate's campaign and subject to the contribution limits.

Act references 19(1)(b)(ii) and 19(3)

- .02 Candidates may not contribute to their own campaign until registered with the Commission.

Act references 14(2) and 14(3)

- .03 As with all other contributions, any monies contributed by a candidate to the candidate's campaign must be deposited with the bank, trust company, or other financial institution on record with the Commission.

A contribution is also considered to have been made if a candidate is not reimbursed for campaign expenses paid out of the candidate's own funds. A statement of such disbursements with accompanying receipts and vouchers must be provided to the CFO within three months after polling day.

Act references 17(3) and 19(3)

- .04 Note that the following monies are not considered to be a candidate's own funds for the purposes of the Act:

- (a) contributions to a registered candidate, other than from the candidate, as permitted during a campaign period.

Act reference 19(1)(b)(ii)

- (b) loans to a registered candidate from a chartered bank or other recognized lending institution provided that all such loans and their terms are recorded by the candidate's CFO and reported to the Commission.

## Commission on Election Finances

CANDIDATE - RULES ON CONTRIBUTIONSGENERAL

- .01 The Act contains a number of important requirements regarding acceptance of contributions on behalf of a registered candidate. The CFO of a registered candidate should become completely familiar with these provisions. Particular note should be made of the recording requirements for contributions in Guidelines G10.20 to G10.26. Since it will be impossible to determine in advance whether or not the total contributions from any single source will exceed the limit prescribed by the Act, it will be necessary to record both the amount and name and address of the contributor for each and every contribution received.

Contributions may not be accepted on behalf of a candidate until the writ for an election has been issued and the candidate is registered with the Commission. Any contributions accepted prior to registration and not returned to the contributor must be paid to the Commission. The earliest date the candidate can become a registered candidate is the date the writ for an election is issued.

Act references 1(1), 14(2), 14(3) and 18

The Act does not apply to contributions for the purposes of campaigns or conventions carried on or held in relation to contested constituency nominations for endorsement of official party candidates. Further, such contributions are not eligible for an official receipt for provincial tax purposes.

Act reference 1(3)

WHO MAY CONTRIBUTE

- .02 Contributions may be accepted on behalf of a registered candidate only from the following individuals or organizations:
- a person who is normally resident in the Province of Ontario.
  - a corporation carrying on business in the Province of Ontario. Many corporations carry on business through subsidiaries and affiliated companies. Provided each carries on business as defined in Guideline G21, each corporation qualifies as a contributor.
  - a trade union as defined by the Labour Relations Act or the Canada Labour Code, that holds bargaining rights for employees in the Province of Ontario to whom those Acts apply, including central, regional or district labour councils located in the Province of Ontario.
  - a person serving in the armed forces, diplomatic service or similar type of employment abroad if that person's normal home was in the Province of Ontario.

There are notable exceptions to who may contribute. Care should be taken not to accept contributions from:

- charitable organizations

GUIDELINE G10  
JUNE 1990

GUIDELINES FOR  
CHIEF FINANCIAL OFFICERS

Commission on Election Finances

- an affiliated political organization even if endorsed by a political party or constituency association registered with the Commission
- corporations which do not qualify under Guideline G21
- Members of the House of Commons domiciled in Ontario but representing an electoral district outside of the Province of Ontario.

Act references 17(1) and 30(1)(a)

- .03 Contributions may be made to a registered candidate through an unincorporated association or organization provided the unincorporated association or organization meets the requirements specified in Guideline G37. Many small businesses such as retail and repair shops are unincorporated. Partnerships and joint ventures are also examples of unincorporated associations or organizations. In order for the contribution to be acceptable, the unincorporated association or organization must provide a written list of the name and address of each particular person, corporation or trade union who was the ultimate source of the contribution and the amount contributed by each.

Act references 20(1) and 27

For example, the Monday Afternoon Bridge Club, an unincorporated club, wishes to contribute \$1,500 to a registered candidate. This contribution must be broken down into its particular sources and amounts. For instance, \$500 may have come from Mr. A, \$500 from Mrs. B, \$300 from Mr. C and \$200 from Ms. D who are some or all of the club's members. The CFO of the registered candidate must have this information in writing before accepting the contribution and issuing individual official tax credit receipts to the named club members.

Another example would be a contribution from the partners of a professional partnership such as a firm of chartered accountants, lawyers, dentists etc. This contribution too must be broken down into its particular sources and amounts as in the first example. The CFO again must have the information in writing before accepting the contribution and issuing individual official tax credit receipts to the named partners.

A further example of an unincorporated organization is a business which is organized as a partnership and not as a limited company such as Bob and Joe's Garage which is a partnership of Bob X and Joe Z. The CFO must be very careful to determine that this is indeed an unincorporated business. As with the first example, the CFO must have the information regarding the partners and the amounts of their contributions in writing before accepting the contribution and issuing individual official tax credit receipts to the named partners.

- .04 Contributions may be made only in the contributor's own funds.

Act reference 20(1)

As outlined in the Income Tax Act, a political tax credit may be claimed by either the contributor or the contributor's spouse.

Commission on Election Finances

---

- .05 When the candidate's own funds are used for that candidate's political campaign, these funds are deemed to be a contribution to that campaign. The candidate is governed by the same limitations that apply to any other contributor. A candidate may use only up to \$750 of personal funds during the campaign period. For further information refer to Guideline G09.

Act references 14(2),  
14(3), 19(1)(b)(ii) and 19(3)

- .06 Anonymous contributions received by a candidate's CFO, with the exception of money collected at meetings as referred to in Guideline G10.11, may not be used or expended by the candidate, but must be returned to the contributor if the contributor can be identified. If the contributor cannot be identified, the funds must be paid to the Commission.

Act reference 18

- .07 An official candidate of a registered political party may receive funds, goods or services in any amount from a registered party, registered constituency association or registered candidate or from a trust fund registered with the Commission or from the foundation of the registered party. These funds, goods or services are not considered to be contributions to the registered candidate.

Act references 1(4), 28 and 40(2)

#### WHO MAY ACCEPT CONTRIBUTIONS

- .08 While the CFO or other authorized persons on record with the Commission may accept contributions for any registered candidate, only the CFO may issue official receipts in acknowledgement of contributions accepted. Therefore, any contributions which are collected by others, for example, by means of a door-to-door canvass, must be turned over immediately to the candidate's CFO or other persons on record with the Commission, along with a list of the names and addresses of the contributors and the amounts of their individual contributions.

While the Act permits other authorized persons on record to accept contributions, it is the CFO's responsibility to ensure that contributions in excess of \$25 are by way of a cheque drawn on the contributor's own bank account, a money order signed by the contributor or by way of a charge on the contributor's credit card, and that contributions by unincorporated associations or organizations as specified in Guideline G37 are accompanied by a list of those persons sharing in the contribution and the amount contributed by each.

Act references 17(2) and 33

- .09 Where the candidate's CFO learns that any contribution has been made or accepted in contravention of any provisions of the Act, such as, but not limited to:

- contributions prior to the issue of the writ for an election and the registration of the candidate with the Commission,

GUIDELINE G10  
JUNE 1990

GUIDELINES FOR

---

- contributions outside the campaign period,
- contributions from unidentifiable or anonymous sources except as permitted in Guideline G10.11,
- contributions from sources other than those permitted under Guideline G10.02,
- contributions in excess of the limitations mentioned in Guideline G10.19,
- cash contributions in excess of \$25,
- contributions of funds not belonging to the contributor except as mentioned in Guideline G10.03, or
- contributions of funds from a federal political party or its organizations,

the CFO shall, within thirty days after so learning, return to the contributor the contribution or an amount equal to the sum contributed where an official receipt in acknowledgement of the contribution has not been issued.

If an official receipt has been issued and the contributor fails to return the receipt for cancellation, an amount equal to the sum contributed must be paid to the Commission.

Act reference 18

TYPES OF CONTRIBUTIONS

- .10 If a contribution to a registered candidate consists of money and if the amount of the contribution exceeds \$25, it must be made in one of the following ways:
- (a) by cheque having the name of the contributor legibly printed thereon, signed by the contributor and drawn on an account in the contributor's name,
  - (b) by money order signed by the contributor or
  - (c) in the case of monies contributed by an individual, by credit card having the name of the individual imprinted or embossed thereon.

Act reference 17(2)

- .11 Where funds are raised for a registered candidate at a general meeting, amounts of \$10 or less may be given anonymously and are not considered to be contributions to the registered candidate.

Act reference 25

- .12 There is considerable flexibility for a registered candidate to allocate funds raised at a fund-raising activity between contributions and expenses. However, there is a point at which some portion of the charge must be treated as a contribution. The tests are as follows:

GUIDELINES FOR  
CHIEF FINANCIAL OFFICERSGUIDELINE G10  
JUNE 1990

---

Commission on Election Finances

---

- (a) Where the charge is \$25 or less, it may be considered entirely to cover expenses, entirely a contribution or any combination of contribution and expense allocation.
- (b) Where the charge is \$25 or more, any amount up to \$25 may be considered to cover expenses but the remainder must be considered a contribution.

If the charge is considered entirely a contribution, an official receipt must be issued for the full amount.

For each activity the original allocation of the charge between contribution and expense should be consistent.

Should the contribution component of any charge exceed \$25, the entire amount must be paid for by cheque, money order or credit card.

Other income earned at a fund-raising event, for example refreshment sales, must be recorded and reported to the Commission.

**Act references 24(2) and 24(3)**

- .13 Goods or services, other than those referred to in Guidelines G10.14 and G10.15, provided by a supplier to a registered candidate in the campaign period are to be considered a contribution. However, where the aggregate value of all goods and services provided by the supplier in the period is \$100 or less, the supplier may indicate that such goods or services are not to be considered a contribution.

In every instance where goods or services have been provided, whether or not considered to be a contribution for the purposes of the Act, an expense in the equivalent value is considered to have been incurred.

The value of goods or services for purposes of the Act is deemed to be the lowest market price for similar goods or services at the time of their provision.

**Act reference 22**

For example, if a candidate pays \$150 for the printing of handbills, but the lowest market price available to other customers is \$275, then the difference of \$125 is deemed to be a contribution to the candidate by the printer.

- .14 Voluntary labour which is not paid for by the party, constituency association or candidate is not considered to be a contribution to the registered candidate.

**Act reference 1(1)**

GUIDELINE G10  
JUNE 1990

GUIDELINES FOR  
CHIEF FINANCIAL OFFICERS

---

Commission on Election Finances

---

For example, an auxiliary group voluntarily makes sandwiches for the candidate's workers and donates the sandwiches. While the raw materials themselves constitute a contribution, the added value of the voluntary unpaid labour in making the sandwiches is not a contribution. But if a catering firm makes a gift of sandwiches, this is a contribution to the registered candidate. However, where the total value of all gifts of sandwiches by the catering firm in the reporting period does not exceed \$100, the caterer may indicate that the value is not to be considered a contribution.

- .15 Any services performed voluntarily by an individual are not considered to be a contribution to the registered candidate provided the individual is not compensated by the party, constituency association or candidate nor receives from any source, pursuant to an arrangement with the individual's employer, compensation in excess of that normally received during the period this service is performed. Note that these must be services actually performed by the individual.

Act reference 1(1)

For example, if a volunteer offers to type letters on the volunteer's own typewriter, this is not a contribution to the registered candidate. Similarly, if employees are given time off from their jobs in order to work voluntarily for the candidate, this is not a contribution. But, if a person loans goods such as a typewriter or car or makes space available for the use of the candidate, the value of such use must be considered a contribution. However, where the total value does not exceed \$100, the person may indicate that the value is not to be considered a contribution. The difference between the last two examples is that in the latter instance these are not services that have been actually performed by the individual.

- .16 Advertising provided by any person, corporation or trade union on behalf of a registered candidate with the candidate's knowledge and consent and having a total aggregate cost exceeding \$100 from a single source is considered a contribution to the registered candidate. However, where broadcasting facilities are provided without charge in accordance with the provisions, regulations and guidelines of the Broadcasting Act (Canada), the provision of such free time does not have to be considered a contribution to those parties or candidates under the Act.

Act references 23(1) and 23(2)

- .17 The activity that constitutes a contribution in Guideline G10.16 is the promotion of the election of a candidate or political party or the opposition of any other registered candidate or political party by advertising on the facilities of any broadcasting undertaking or by publishing an advertisement in any newspaper, magazine, or other periodical publication, or printed leaflets, pamphlets, or other documents, or through the use of any outdoor advertising facility, and is therefore to be considered a campaign expense.

Act references 23(1) and 1(1)

LIMITS ON CONTRIBUTIONS

- .18 Contributions may be accepted on behalf of a candidate only if the writ for an election has been issued and the candidate is a registered candidate. Contributions may be accepted only during the candidate's campaign period. The earliest date the candidate can become a registered candidate is the date the writ for an election is issued. Therefore, the candidate's campaign period commences on the later of the dates namely the issue of the writ for an election, or the date the candidate is registered with the Commission. The candidate's campaign period ends three months after polling day.

Act references 1(1), 14(1) and 14(2)

- .19 In any campaign period a person, corporation or trade union may contribute up to a total of \$750 to any one registered candidate and up to a total of \$3,000 to registered candidates of each registered political party. Cash contributions are limited to \$25.

Act references 19(1)(b)(ii)

DEPOSITING, RECORDING AND REPORTING OF CONTRIBUTIONS

- .20 All monies accepted on behalf of a registered candidate, including the candidate's own funds to be used for the purposes of the candidate's campaign, must be deposited in the bank, trust company or other financial institution on record with the Commission. To facilitate audit examination of the records, duplicate deposit slips should be prepared for all bank deposits listing the names of the contributors from whom cheques and credit card vouchers were received.

Cheques received from credit card institutions for credit card contributions accepted will be supported by contributor details in accounts submitted to the institution for payment.

Act reference 17(3)

- .21 For the purposes of recording, reporting and issuing official receipts for contributions accepted by:
- (a) cash, cheque or money order are considered to have been accepted at the time such contributions are deposited in the bank account on record with the Commission.
  - (b) credit card vouchers are considered to have been accepted on the date the credit card voucher is deposited or submitted by the CFO to the credit card issuer for payment.

- .22 All contributions received during a campaign period on behalf of a registered candidate must be recorded by the candidate's CFO. In addition, where such contributions, including goods, services or advertising, have a total aggregate value exceeding \$100 from a single source, the CFO must also report the name and address of the contributor.

Act references 23(1) and 35(1)

- .23 All contributions which have been recorded during a campaign period must be reported in the financial statement to be filed with the Commission by the candidate's CFO within six months after polling day.

Act reference 35(1)

- .24 Where funds are raised for a registered candidate at a general meeting, the gross amount collected at such a meeting must be recorded by the candidate's CFO and must be reported to the Commission.

Act reference 25

- .25 Where funds are raised for a registered candidate at a function such as a supper, dance, garden party or any other social event, the gross income from such functions must be recorded by the candidate's CFO and must be reported to the Commission. See Guideline G31.

Act reference 24(2)

- .26 Where funds, goods or services are received by a registered candidate from the registered political party or registered constituency association, the amount and source of these funds, goods or services must be recorded by the candidate's CFO and these funds must be deposited in the named bank, trust company or other financial institution on record with the Commission.

Act references 28 and 40(2)

RECEIPTS FOR CONTRIBUTIONS

- .27 Official receipts for tax purposes must be issued for every contribution received by a candidate's campaign and the candidate's CFO is responsible for ensuring proper receipts are completed for every contribution accepted.

There is only one situation where a CFO does not actually prepare an official receipt for a contribution to the candidate, namely where party officials have provided the Commission with a signed Declaration of Trust in relation to agency contributions as explained in Guideline G19.

Act references 26 and 34(4)(c)

ACCEPTANCE OF CONTRIBUTIONS

- .28 If a cheque for a contribution is drawn on a joint personal bank account, the receipt should be issued only to the person who signed the cheque. Where two people have signed a cheque drawn on a joint personal bank account, the CFO should determine who made the contribution and prepare the receipt(s) accordingly.

- .29 The use of post-dated cheques is not prohibited because they are not negotiable before their effective date. Cheques, whether or not they are post-dated, are not considered as accepted contributions until deposited. A contribution by post-dated cheque must still comply with the contribution limits.

Act references 17(2), 17(3) and 19(1)

- .30 It is the Commission's policy that contributions solicited for a specific purpose not within the general purposes of the Act do not qualify for an official tax credit receipt.

Act references 1(1) and 17

- .31 Contributions may not be accepted which have conditions or restrictions attached. The only exceptions are funds given to registered political parties or constituency associations covering fees for meetings, seminars, workshops or conferences which may be considered to be contributions for which receipts may be given. However, delegate fees for attendance at a leadership contest may not be treated as a contribution. Nor may a contributor designate, other than as provided for agency contributions in Guideline G19, that funds equivalent to the contribution ultimately be transferred to the political party, to another constituency association or candidate as the case may be.

- .32 Under no circumstances may a party accept intended agency contributions as if they were for the benefit of the party itself. The contributions which are accepted on behalf of a particular constituency association or candidate's campaign as provided for in Guideline G19, must be receipted in the name of the particular constituency association or candidate's campaign as specified in writing by the contributor and remitted to the ultimate designated beneficiary.

- .33 Under no circumstances may a candidate's campaign accept contributions on behalf of or intended for another candidate's campaign, constituency association or for the party.

**SOLICITING CONTRIBUTIONS**

- .34 All literature and other communication used in connection with any solicitation of contributions by or on behalf of a registered candidate must clearly identify the candidate as being the recipient or beneficiary of such contributions.

CANDIDATE - CAMPAIGN PERIOD FINANCIAL STATEMENTSGENERAL

- .01 The CFO of every registered candidate must file campaign period financial statements no later than six months after polling day.

Act reference 43(1)

THE CAMPAIGN PERIOD FINANCIAL STATEMENTS FORM

- .02 The Commission requires that all financial statements be filed in the form prescribed or approved by the Commission.

Many CFOs maintain computerized records of the information required by the statutory disclosure provisions and generate the statements from computers.

CFOs who wish to use computer-generated information for the financial statements must have the format approved by the Commission prior to filing computer-generated statements.

Computer-generated statements must contain all the required information in a format substantially similar to the Commission's forms.

Act reference 47

FILING DATE

- .03 Campaign period financial statements of candidates are due six months after polling day.

Except where a registered candidate withdraws prior to polling day or fails to file nomination papers with the returning officer under the Election Act, 1984, or dies prior to polling day, the campaign period with respect to the candidate is deemed to expire on the day of the withdrawal of the candidacy, on nomination day or on the day of the candidate's death, whichever first occurs, and the CFO for that candidate shall file the campaign period statements within sixty days after the deemed expiration of the campaign period.

Act references 14(6) and 43(1)

- .04 Responsibility for filing complete and on time campaign period financial statements rests with the CFO. Since campaign period financial statements must be reported on by the auditor, it is necessary that the CFO and the auditor meet to discuss the audit and filing process. It is recommended that the two should meet well before filing date to determine cutoff and closing procedures and agree on a date when all books and records should be delivered to the auditor.

- financial statements without the signed attestation of the CFO,
  - financial statements without the signed auditor's report,
  - financial statements without the Commission's copies of receipts issued,
  - financial statements without the required completed schedules, or
  - financial statements submitted by facsimile or telecopier.

#### COMPLETING THE CAMPAIGN PERIOD FINANCIAL STATEMENTS - GENERAL

- .07 The campaign period financial statements have been designed to gather all the information required by the Act in a form that can be reported on by auditors. The form is set out as follows:
- address information of the candidate and the CFO,
  - attestations signed by the candidate and the CFO responsible for filing the financial statements,
  - statements of assets and liabilities and campaign period income and expenses which are reported on by the auditor,
  - various supporting schedules.
- .08 The supporting schedules are an integral part of the financial statements. It is important that each schedule agrees with the primary statement.
- .09 The form should be completed by typing or printing clearly. The financial statements as filed will be photocopied for display.

#### NAME AND ADDRESS INFORMATION

- .10 The name and mailing address of the candidate should be complete as this will be the address to which any campaign expenses reimbursement cheque will be mailed.

#### ATTESTATION OF CHIEF FINANCIAL OFFICER

- .11 This section must be completed by the CFO who is responsible for filing the campaign period financial statements. The Commission's staff may contact CFOs by telephone in order to process financial statements as quickly as possible. Therefore, be sure to include the full mailing address and, where possible, both business and residence telephone numbers.

ATTESTATION OF CANDIDATE

FINANCIAL STATEMENTS

**Reimbursement of Campaign Expenses Due from Commission** - Schedule 11 details what amount if any to be entered in this account. **Other Assets** - Include and provide details of any other assets which the candidate's campaign owns for which no other category has been specified.

The expense section of the Statement of Campaign Period Income and Expenses has been designed in a columnar format which clearly distinguishes between campaign expenses subject to limitation and those which are not subject to limitation. **Act reference 18(1)**

Donated or discounted goods or services are considered to be a contribution except:

- those provided by voluntary unpaid labour
- those valued at \$100 or less in total which the supplier considers not to be a contribution.

## Commission on Election Finances

SCHEDULE 9 - INVENTORY & PREPAID EXPENSES TRANSFERRED TO  
CANDIDATE'S CAMPAIGN ACCOUNT

- .30 This schedule requires information regarding description, acquisition date, supplier, quantity and value of all inventory of reusable campaign materials and prepaid expenses.

Market price will normally be used as the basis for determining the value of inventory transferred into the campaign accounts. Market price can be determined in several ways, the more prevalent being:

- (a) recent invoices or quoted price,
- (b) the lower of replacement or reproduction cost, or
- (c) the price of recent comparable sales.

In the case of acquisitions made within one year of the writ, the invoice price should be used. In valuing campaign materials available for the candidate's use and which were left from a previous campaign, replacement or quoted price should be used. All materials from a previous campaign should be included even if the material was not deducted from the previous campaign because of the provisions of G25.06. This price will vary across the province and is dependent upon local supply, competition and the constituency association's ability to produce its own signs or secure salvage material, for example, to construct signs. In all instances, proper documentation should be prepared to substantiate any inventory value.

SCHEDULE 10 - CLOSING INVENTORY TRANSFERRED FROM  
CANDIDATE'S CAMPAIGN ACCOUNT

- .31 Schedule 10 requires information on the ending inventory.

The CFO should determine carefully not only the quantity of reusable campaign materials not identifying a particular candidate but also the value to attach to each item. A detailed list should be made and the following criteria may be useful in determining the valuation of the closing inventory:

- (a) if on hand at the start of the campaign period, value at the same value as used at the start of the campaign, and
- (b) if acquired during the campaign, value at invoice price.

SCHEDULE 11 - COMPUTATION OF CANDIDATE'S CAMPAIGN EXPENSE  
LIMIT AND SUBSIDY ENTITLEMENT

- .32 The calculations in this schedule are complex. Care should be taken to ensure proper completion of the formula.

Line 1 - The number of votes cast in the electoral district will be available from the returning officer after polling day.

Line 2 - Calculate 15% of Line 1.

Line 3 - The number of votes received for the candidate will be available after polling day from the returning officer.

GUIDELINE G11  
JUNE 1990

GUIDELINES FOR  
CHIEF FINANCIAL OFFICERS

---

Commission on Election Finances

---

Line 4 - The candidate's campaign expenses subject to limitation and subsidy entitlement should be recorded on this line from the information summarized in the statement of campaign period income and expenses.

Line 5 - The campaign expenses subject to limitation incurred by the constituency association should be entered on this line. The information is available from the constituency association campaign period financial statement, form CR-3.

The constituency association must not incur campaign expenses in an aggregate amount in excess of the amount approved in writing by the candidate's CFO.

Act reference 39(5)

Line 6 - Is the total of lines 4 and 5.

Lines 7, 8, 9 - Only if the candidate received 15% or more of the votes cast in the electoral district is it necessary to calculate a subsidy. It should be noted that in those cases where the candidate is entitled to the subsidy, the formula does not allow for a subsidy greater than the campaign expenses, subject to limitation, actually incurred.

Line 8 - Is the lesser of two amounts. The first amount is the maximum subsidy entitlement as calculated by the Commission. The Commission will have sent out this information in advance. The second amount is the candidate's campaign expenditure as determined on Line 6 above.

Lines 10, 11, 12 - Where the campaign expenses of a candidate and the constituency association exceed the limit provided under the Act and the candidate qualifies for the candidate's campaign expense subsidy, the Act provides that the subsidy payable is to be reduced by \$1 for every \$1 the expense limitation is exceeded. The candidate may also be fined and in the event of an elected member the seat may be forfeited.

Act reference 39(4)

Enter the appropriate amounts from information found elsewhere on Schedule 11 to determine the reduction if any.

Line 13 - Compute the subsidy entitlement and report the amount on the statement of campaign period income and expenses as well as on the statement of assets and liabilities.

SCHEDULE 12 - LIST OF ACCOUNTS RECEIVABLE

- .33 Schedule 12 provides an analysis of the amount entered under accounts receivable on the statement of assets and liabilities.

These could include receivables from a variety of sources such as unrefunded deposits, agency contributions in transit or held by the party, etc.

Provide the original date of the transaction, the name of the debtor, the nature of the transaction and the amount.

Do not include in this account the reimbursement of campaign expenses due from the Commission nor the audit fee subsidy payable directly to the auditor by the Commission.

The total amount on Schedule 12 should agree with the amount entered in the statement of assets and liabilities.

**SCHEDULE 13 - LIST OF ACCOUNTS PAYABLE**

- .34 Schedule 13 provides an analysis of the amount entered on the statement of assets and liabilities under accounts payable.

Provide the original date of the charge, the name of the supplier, the nature of the charge and the amount.

The total amount on Schedule 13 should agree with the amount entered in the statement of assets and liabilities.

- .35 To ensure completeness, follow the check list below and confirm that:
- the financial statements are audited well in advance of the filing deadline
  - the name and address information box is complete
  - the financial statements have been signed by the candidate and the CFO
  - all required schedules have been completed and agree with the financial statements as appropriate

  - the total of valid receipts issued agrees to the contributions reported on Schedule 2
  - all agency contributions have been included and confirmed with party headquarters
  - all contributions over \$25 have been accepted by cheque, money order or credit card
  - where a charge at a fund-raising activity exceeds \$25, the amount in excess of \$25 has been considered to be a contribution in every instance
  - contributions of goods and services with a total value in excess of \$100 from a single source have been recorded both as a contribution and as an expense and official receipts have been issued

## AUDITOR'S REPORT

CANDIDATE  
CAMPAIGN PERIOD FINANCIAL STATEMENTSPursuant to section 41(4) of  
the Election Finances Act, 1986To: \_\_\_\_\_, Chief Financial Officer  
for \_\_\_\_\_ candidate.

I/we have examined the statement of assets and liabilities and income and expenses of \_\_\_\_\_ candidate, for the campaign period from \_\_\_\_\_ to \_\_\_\_\_ relating to the Ontario election held \_\_\_\_\_. My/our examination was made in accordance with generally accepted auditing standards and accordingly included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I/we considered necessary in the circumstances except as explained in the following paragraph.

Due to the nature of the types of transactions inherent in an election campaign, it is impracticable through auditing procedures to determine that the accounting records include all donations of goods and services, receipts and disbursements. Accordingly, my/our verification of these transactions was limited to ensuring that the financial statements reflect the amounts recorded in the accounting records of \_\_\_\_\_ candidate, in accordance with the accounting procedures established by the Commission on Election Finances and I was/we were not able to determine whether any adjustments might be necessary to receipts and disbursements.

In my/our opinion, except for the effect of adjustments, if any, which I/we might have determined to be necessary had I/we been able to satisfy myself/ourselves as to the completeness of the records as described in the preceding paragraph, these statements present fairly the information contained in the accounting records on which the statements are based in accordance with the accounting treatment prescribed by the Act and required by the Commission on Election Finances in its Guidelines for Chief Financial Officers.

The Act does not require me/us to report, nor was it practicable for me/us to determine that contributions reported include only those which may be properly retained in accordance with the provisions of the Act.

## Accounting Policies

The accounting policies and procedures are determined by the Act and the Commission on Election Finances through its Guidelines. These are considered appropriate for compliance with the Act.

## Contributions

- Individuals, corporations, trade unions and other organizations are limited by the Act in the amount which they may contribute in a year or an election;
- The Commission requires that official income tax receipts be issued for each contribution;
- Contributions of other than cash are recorded at their fair commercial value.

## Expenses

- The Act imposes spending limits on the campaign period expenses of candidates and political parties. Campaign period expenses are defined in the Act and the Guidelines;
- The Act requires all expenses be recorded at their fair commercial value.

Inventory of campaign material consists primarily (for example) of sign posts, signs and campaign promotional material and is valued at fair commercial value.

Inventory other than campaign material is valued at cost.

LEADERSHIP CONTESTANT - CHANGE IN REGISTRATION INFORMATION

- .01 Whenever a leadership contestant is required to provide any change of information or designation, written notice shall be provided to the Commission immediately and signed by the leadership contestant.
- .02 When the leadership contestant's CFO ceases for any reason to hold office, the leadership contestant shall forthwith appoint another CFO and shall immediately give notice in writing to the Commission of the name, address and telephone number(s) of the new CFO.

Act references 15(6) and 34(3)

- .03 Any other change in the registered information of a leadership contestant must be reported immediately in writing by the leadership contestant to the Commission. The change should be reported by filing a new Registration of a Leadership Contestant form LC-1.

Act reference 15(6)

- .04 Where there has been a change in CFO, the person accepting the appointment should receive the following documents from the retiring CFO:
- (a) the Commission Guidelines,
  - (b) the financial records of the leadership contestant,
  - (c) the complete supply of official receipt forms provided by the Commission, and
  - (d) a reconciliation of used and unused receipts up to the date the transfer of responsibility was effective.

If these documents are not provided, the new CFO should write and advise the Commission accordingly.

LEADERSHIP CONTESTANT - USE OF CONTESTANT'S OWN FUNDS

- .01 When a leadership contestant's own funds are used for a leadership contest, these funds are deemed to be a contribution to that leadership contest.

Act reference 15(1)

- .02 Leadership contestants may not contribute to their own contests before they are registered with the Commission. The earliest that a leadership contestant can become registered with the Commission is the day the registered political party files with the Commission a statement setting forth the date of the official call of the leadership convention.

Act references 15(1), 15(4) and 33

- .03 As with all other contributions, any monies contributed by a leadership contestant to that leadership contestant's contest must be deposited with the bank, trust company, or other financial institution on record with the Commission.

If a leadership contestant makes contributions of goods and services, a statement of such contributions must be provided to the CFO and a receipt must be issued for the fair market value of those goods and services.

Act references 17(3) and 22(3)

- .04 There may be situations where a potential leadership contestant must determine if success in a leadership contest may be financially or politically feasible. Notwithstanding the restriction in Guideline G14.02, the Commission has determined that certain expenses, detailed in Guideline G14.05, may be incurred prior to the commencement of a leadership contest, provided however, that those expenses are paid for entirely out of the leadership contestant's own funds or by borrowing as specified in Guideline G14.06, and eventually reported to the Commission in the financial statements described in Guideline G16. The corresponding contribution from the leadership contestant's own funds must also be subsequently reported in determining the final surplus or deficit of that leadership contestant.
- .05 Provided that no portion of the following expenditures is incurred for the purpose of soliciting support for a potential or registered leadership contestant or of opposing any other potential or registered leadership contestant, these expenses may be incurred by a potential leadership contestant prior to the official call and registration with the Commission:

- (a) auditor's and accounting fees,
- (b) interest on loans authorized under section 36, and
- (c) costs associated with research and polling.

The only permitted expenditures prior to the date of the official call for a leadership convention are those detailed above. The only contributions permitted prior to that date are those from the potential leadership contestant's own funds.

Act reference 4(1)(j)

- .06 A potential leadership contestant or registered leadership contestant may borrow from any chartered bank or other lending institution in Ontario, provided that all such loans and the terms thereof, including the name of any guarantor thereof are recorded by the potential leadership contestant or registered leadership contestant and reported to the Commission in the financial statements described in Guideline G16. Loans made prior to the date of registration by the potential leadership contestant with the Commission may be guaranteed only by that potential leadership contestant.

## Commission on Election Finances

LEADERSHIP CONTESTANT - RULES ON CONTRIBUTIONSGENERAL

- .01 The Act contains a number of important requirements regarding acceptance of contributions on behalf of a registered leadership contestant. The CFO of a registered leadership contestant should become completely familiar with these provisions. Particular note should be made of the recording requirements for contributions in Guidelines G15.16 to G15.22. It will be necessary to record both the amount and name and address of the contributor for each and every contribution received.

Contributions may not be accepted on behalf of a leadership contestant until a statement setting forth the date of the official call of the leadership contest is filed with the Commission and the leadership contestant is registered with the Commission except for the leadership contestant's own funds as provided for in Guideline G14. Any contributions accepted prior to registration and not returned to the contributor must be paid to the Commission. The earliest date the leadership contestant can become a registered leadership contestant is the day the registered political party files with the Commission a statement setting forth the day of the official call of the leadership contest.

## Act references 1(1), 15(1) and 18

Contributions to a registered leadership contestant made by individuals are not eligible for the tax credit and contributions made by a corporation are not deductible from Ontario income in computing Ontario taxable income. There is no limit to the amount which may be contributed to a registered leadership contestant.

WHO MAY CONTRIBUTE

- .02 Contributions may be accepted on behalf of a registered leadership contestant only from the following individuals or organizations:

- a person who is normally resident in the Province of Ontario
- a corporation carrying on business in the Province of Ontario. Many corporations carry on business through subsidiaries and affiliated companies. Provided each carries on business as defined in Guideline G21, each corporation qualifies as a corporation.
- a trade union as defined by the Labour Relations Act or the Canada Labour Code, that holds bargaining rights for employees in the Province of Ontario to whom those Acts apply, including central, regional or district labour councils located in the Province of Ontario.
- a person serving in the armed forces, diplomatic service or similar type of employment abroad if that person's normal home was in the Province of Ontario.

There are notable exceptions to who may contribute. Care should be taken not to accept contributions from:

- charitable organizations

GUIDELINE G15  
JUNE 1990GUIDELINES FOR  
CHIEF FINANCIAL OFFICERS

---

Commission on Election Finances

---

- an affiliated political organization even if endorsed by a political party or constituency association registered with the Commission
- corporations which do not qualify under Guideline G21
- Members of the House of Commons domiciled in Ontario but representing an electoral district outside of the Province of Ontario.

**Act references 17(1) and 30(1)(a)**

- .03 Contributions may be made to a registered leadership contestant through an unincorporated association or organization provided the unincorporated association or organization meets the requirements specified in Guideline G37. Many small businesses such as retail and repair shops are unincorporated. Partnerships and joint ventures are also examples of unincorporated associations or organizations. In order for the contribution to be acceptable, the unincorporated association or organization must provide a written list of the name and address of each particular person, corporation or trade union who was the ultimate source of the contribution and the amount contributed by each.

**Act references 20(1) and 27**

For example, the Monday Afternoon Bridge Club, an unincorporated club, wishes to contribute \$1,500 to a registered leadership contestant. This contribution must be broken down into its particular sources and amounts. For instance, \$500 may have come from Mr. A, \$500 from Mrs. B, \$300 from Mr. C and \$200 from Ms. D who are some or all of the club's members. The CFO of the registered leadership contestant must have this information in writing before accepting the contribution and issuing individual receipts to the named club members.

Another example would be a contribution from the partners of a professional partnership such as a firm of chartered accountants, lawyers, dentists etc. This contribution too must be broken down into its particular sources and amounts as in the first example. The CFO again must have the information in writing before accepting the contribution and issuing individual receipts to the named partners.

A further example of an unincorporated organization is a business which is organized as a partnership and not as a limited company such as Bob and Joe's Garage which is a partnership of Bob X and Joe Z. The CFO must be very careful to determine that this is indeed an unincorporated business. As with the first example, the CFO must have the information regarding the partners and the amounts of their contributions in writing before accepting the contribution and issuing individual receipts to the named partners.

- .04 Contributions may be made only in the contributor's own funds.

**Act reference 20(1)**

CHIEF FINANCIAL OFFICERSGUIDELINE G15

---

Commission on Election Finances

---

- .05 When the leadership contestant's own funds are used for that contestant's leadership contest, these funds are deemed to be a contribution to that contest. There are no limits on the amount of contributions accepted from any contributor. Therefore, a leadership contestant may use an unlimited amount of personal funds during the leadership contest period. For further information refer to Guideline G14.

Act reference 15(1)

- .06 Anonymous contributions received by a leadership contestant's CFO may not be used or expended by the leadership contestant, but must be returned to the contributor if the contributor can be identified. If the contributor cannot be identified, the funds must be paid to the Commission.

Act reference 18

- .07 A registered leadership contestant of a registered political party may receive funds, goods or services in any amount from the registered party. These funds, goods or services are not considered to be contributions to the registered leadership contestant. No constituency association shall directly or indirectly contribute or transfer funds to any registered leadership contestant.

Act references 30(1)(b) and 30(2)

WHO MAY ACCEPT CONTRIBUTIONS

- .08 While the CFO or other authorized persons on record with the Commission may accept contributions for any registered leadership contestant, only the CFO may issue receipts in acknowledgement of contributions accepted. Therefore, any contributions which are collected by others, for example, by means of a door-to-door canvass, must be turned over immediately to the leadership contestant's CFO or other persons on record with the Commission, along with a list of the names and addresses of the contributors and the amounts of their individual contributions.

While the Act permits other authorized persons on record to accept contributions, it is the CFO's responsibility to ensure that contributions in excess of \$25 are by way of a cheque drawn on the contributor's own bank account, a money order signed by the contributor or by way of a charge on the contributor's credit card, and that contributions by unincorporated associations or organizations as specified in Guideline G37 are accompanied by a list of persons sharing in the contribution and the amount contributed by each.

Act references 17(2) and 33

- .09 Where the CFO of a registered leadership contestant learns that any contribution has been made or accepted in contravention of any provisions of the Act, such as, but not limited to:

- contributions prior to the Commission receiving notice of the date of the official call of the leadership contest and registration of the leadership contestant with the Commission,

GUIDELINE G15  
JUNE 1990GUIDELINES FOR  
CHIEF FINANCIAL OFFICERS

## Commission on Election Finances

- contributions outside the leadership contest period,
- contributions from unidentifiable or anonymous sources,
- contributions from sources other than those permitted under Guideline G15.02,
- cash contributions in excess of \$25,
- contributions of funds not belonging to the contributor except as mentioned in Guideline G15.03,
- contribution of funds from a federal political party or its organizations, or
- contribution of funds from a registered constituency association,

The CFO shall, within thirty days after so learning, return to the contributor the contribution or an amount equal to the sum contributed where a receipt in acknowledgement of the contribution has not been issued.

If a receipt has been issued, and the contributor fails to return the receipt for cancellation an amount equal to the sum contributed must be paid to the Commission.

## Act reference 18

TYPES OF CONTRIBUTIONS

- .10 If a contribution to a registered leadership contestant consists of money and if the amount of the contribution exceeds \$25, it must be made in one of the following ways:
- (a) by cheque having the name of the contributor legibly printed thereon, signed by the contributor and drawn on an account in the contributor's name,
  - (b) by money order signed by the contributor, or
  - (c) in the case of monies contributed by an individual by credit card having the name of the individual imprinted or embossed thereon.

## Act reference 17(2)

- .11 There is considerable flexibility for a registered leadership contestant to allocate funds raised at a fund-raising activity between contributions and expenses. However, there is a point at which some portion of the charge must be treated as a contribution. The tests are as follows:
- (a) Where the charge is \$25 or less, it may be considered entirely a contribution or any combination of contribution and expense allocation.
  - (b) Where the charge is \$25 or more, any amount up to \$25 may be considered to cover expenses but the remainder must be considered a contribution.

If the charge is considered entirely a contribution, a receipt must be issued for the full amount.

GUIDELINES FOR  
CHIEF FINANCIAL OFFICERSGUIDELINE G15  
JUNE 1990

---

Commission on Election Finances

---

For each activity the original allocation of the charge between contribution and expense should be consistent.

Should the contribution component of any charge exceed \$25, the entire amount must be paid for by cheque, money order or credit card.

Other income earned in holding a fund-raising event, for example refreshment sales, must be recorded and reported to the Commission.

**Act references 24(2) and 24(3)**

- .12 Goods or services, other than those referred to in Guidelines G15.13 and G15.14, provided by a supplier to a registered leadership contestant in the leadership contest period are to be considered a contribution. However, where the aggregate value of all goods and services provided by the supplier in the period is \$100 or less, the supplier may indicate that such goods or services are not to be considered a contribution.

In every instance where goods or services have been provided, whether or not considered to be a contribution for the purposes of the Act, an expense in the equivalent value is considered to have been incurred.

The value of goods or services for purposes of the Act is deemed to be the lowest market price for similar goods or services at the time of their provision.

**Act reference 22**

For example, if a leadership contestant pays \$150 for the printing of handbills, but the lowest market price available to other customers is \$275, then the difference of \$125 is deemed to be a contribution to the leadership contestant by the printer.

- .13 Voluntary labour which is not paid for by the leadership contestant is not considered to be a contribution to the registered leadership contestant.

**Act reference 1(1)**

For example, an auxiliary group voluntarily makes sandwiches for the leadership contestant's workers and donates the sandwiches. While the raw materials themselves constitute a contribution, the added value of the voluntary unpaid labour in making the sandwiches is not a contribution. But if a catering firm makes a gift of sandwiches, this is a contribution to the registered leadership contestant. However, where the total value of all gifts of sandwiches by the catering firm in the reporting period does not exceed \$100, the caterer may indicate that the value is not to be considered a contribution.

GUIDELINE G15  
JUNE 1990

GUIDELINES FOR  
CHIEF FINANCIAL OFFICERS

---

Commission on Election Finances

---

- .14 Any services performed voluntarily by an individual are **not** considered to be a contribution to the registered leadership contestant provided the individual is not compensated by the party, constituency association or leadership contestant nor receives from any source, pursuant to an arrangement with the individual's employer, compensation in excess of that normally received during the period this service is performed. Note that these must be services actually performed by the individual.

#### Act reference 1(1)

For example, if a volunteer offers to type letters on the volunteer's own typewriter, this is not a contribution to the registered leadership contestant. Similarly, if employees are given time off from their jobs in order to work voluntarily for the leadership contestant, this is not a contribution. But, if a person loans goods such as a typewriter or car or makes space available for the use of the leadership contestant then the value of such use must be considered a contribution. However, where the total value does not exceed \$100, the person may indicate that the value is not to be considered a contribution. The difference between the last two examples is that in the latter instance these are not services that have been actually performed by the individual.

#### LIMITS ON CONTRIBUTIONS

- .15 In any leadership contest period a person, corporation or trade union may contribute any amount to any registered leadership contestant. **Cash contributions are limited to \$25.**

#### DEPOSITING, RECORDING AND REPORTING OF CONTRIBUTIONS

- .16 All monies accepted on behalf of a registered leadership contestant including the leadership contestant's own funds to be used for the purposes of the leadership contest must be deposited in the bank, trust company or other financial institution on record with the Commission. To facilitate audit examination of the records, duplicate deposit slips should be prepared for all bank deposits listing the names of the contributors from whom money orders, cheques and credit card vouchers were received.

Cheques received from credit card institutions for credit card contributions accepted will be supported by contributor details in accounts submitted to the institution for payment.

#### Act reference 17(3)

- .17 For the purposes of recording, reporting and issuing receipts for contributions accepted by:
- (a) cash, cheque or money order are considered to have been **accepted** at the time such contributions are deposited in the bank account on record with the Commission.
  - (b) credit card vouchers are considered to have been **accepted** on the date the credit card voucher is deposited or submitted by the CFO to the credit card issuer for payment.

- .18 All contributions received during a leadership contest period on behalf of a registered leadership contestant must be recorded by the leadership contestant's CFO. In addition, where such contributions, including goods, services or advertising have a total aggregate value exceeding \$100 from a single source, the CFO must also report the name and address of the contributor.

Act reference 35(1)

- .19 All contributions which have been recorded during a leadership contest period must be reported in the financial statement to be filed with the Commission by the leadership contestant's CFO within six months after the leadership vote.

Act reference 43(4)

- .20 Funds raised anonymously for a registered leadership contestant must be reported and paid to the Commission.

Act reference 18(2)

- .21 Where funds are raised for a registered leadership contestant at a function such as a supper, dance, garden party or any other social event, the gross income from such a function must be recorded by the leadership contestant's CFO and must be reported to the Commission. See Guideline G31.

Act reference 24(2)

- .22 Where funds, goods or services are received by a registered leadership contestant from the registered political party, the amount and source of these funds, goods or services must be recorded by the leadership contestant's CFO and these funds must be deposited in the bank, trust company or other financial institution on record with the Commission.

Act references 28 and 30(1)(b)

RECEIPTS FOR CONTRIBUTIONS

- .23 Receipts for recording purposes must be issued for every contribution received by a leadership contestant and the leadership contestant's CFO is responsible for ensuring proper receipts are completed for every contribution accepted.

Act references 26 and 34(4)(c)

ACCEPTANCE OF CONTRIBUTIONS

- .24 If a cheque for a contribution is drawn on a joint personal bank account, the receipt should be issued only to the person who signed the cheque. Where two people have signed a cheque drawn on a joint personal bank account, the CFO should determine who made the contribution and prepare the receipt(s) accordingly.

- .25 The use of post-dated cheques is not prohibited because they are not negotiable before their effective date. Cheques, whether or not they are post-dated, are not considered as accepted contributions until deposited. A contribution by post-dated cheque must still comply with the contribution limits.

#### SOLICITING CONTRIBUTIONS

- .26 All literature and other communication used in connection with any solicitation of contributions by or on behalf of a registered leadership contestant must clearly identify the leadership contestant as being the recipient or beneficiary of such contributions.

## Commission on Election Finances

LEADERSHIP CONTESTANT - CONTEST PERIOD FINANCIAL STATEMENTGENERAL

- .01 The CFO of every registered leadership contestant must file a contest period financial statement no later than six months after the date of the leadership vote.

Act reference 43(4)

THE CONTEST PERIOD FINANCIAL STATEMENT FORM

- .02 The Commission requires that the financial statement be filed on the forms provided or approved by the Commission.

Many CFOs maintain computerized records of the information required by the statutory disclosure provisions and generate the statements from computers.

CFOs who wish to use computer-generated information for the financial statement must have the format approved by the Commission prior to filing the computer-generated statement.

The computer-generated financial statement must contain all the required information in a format substantially similar to the Commission's forms.

Act reference 47

FILING DATE

- .03 Contest period financial statements of leadership contestants are due six months after the date of the leadership vote.

Act reference 43(4)

- .04 Responsibility for filing a complete and on time contest period financial statement rests with the CFO. Since the contest period financial statement must be reported on by the auditor, it is necessary that the CFO and the auditor meet to discuss the audit and filing process. It is recommended that the two should meet well before filing date to determine cutoff and closing procedures and agree on a date when all books and records should be delivered to the auditor.

Act reference 43(4)

- .05 The Commission will accept as on time contest period financial statements postmarked or courier receipted on or before the date that is six months after the date of the leadership vote.

- .06 The Commission will not accept as filed a financial statement which has any of the following deficiencies:

- financial statement without the signed attestation of the CFO,

GUIDELINE G16

---

- financial statement without the signed auditor's report,
- financial statement without the Commission's copies of receipts issued,
- financial statement without the required completed schedules, or
- financial statement submitted by facsimile or telecopier.

COMPLETING THE CONTEST PERIOD FINANCIAL STATEMENT - GENERAL

- .07 The contest period financial statement has been designed to gather all the information required by the Act in a form that can be reported on by auditors. The form is set out as follows:
- address information of the leadership contestant and the CFO,
  - attestations signed by the leadership contestant and the CFO responsible for filing the financial statement,

## AUDITOR'S REPORT

LEADERSHIP CONTESTANT  
CONTEST PERIOD FINANCIAL STATEMENTSPursuant to section 41 (4) of  
the Election Finances Act, 1986To: \_\_\_\_\_, Chief Financial Officer  
for \_\_\_\_\_ leadership contestant.

I/we have examined the statement of income and expenses of \_\_\_\_\_, leadership contestant for the leadership of the \_\_\_\_\_ held on \_\_\_\_\_. My/our examination was made in accordance with generally accepted auditing standards and accordingly included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I/we considered necessary in the circumstances except as explained in the following paragraph.

Due to the nature of the types of transactions inherent in a leadership contest, it is impracticable through auditing procedures to determine that the accounting records include all donations of goods and services, receipts and disbursements. Accordingly, my/our verification of these transactions was limited to ensuring that the financial statement reflects the amounts recorded in the accounting records of \_\_\_\_\_, leadership contestant, in accordance with the accounting procedures established by the Commission on Election Finances and I was/we were not able to determine whether any adjustments might be necessary to receipts and disbursements.

In my/our opinion, except for the effect of adjustments, if any, which I/we might have determined to be necessary had I/we been able to satisfy myself/ourselves as to the completeness of the records as described in the preceding paragraph, this statement presents fairly the information contained in the accounting records on which the statement is based in accordance with the accounting treatment prescribed by the Act and required by the Commission on Election Finances in its Guidelines for Chief Financial Officers.

The Act does not require me/us to report, nor was it practicable for me/us to determine that contributions reported include only those which may be properly retained in accordance with the provisions of the Act.

- (a) registered political party or registered constituency association are a statement of assets and liabilities and a statement of income and expenses,
  - (b) registered candidate or registered leadership contestant is a statement of income and expenses.
- .02 Where a registered party or registered constituency association applies to the Commission for deregistration, the CFO must at the same time file with the Commission financial statements of assets and liabilities and of income and expenses of the political party or constituency association for which the CFO acted. These statements together with the auditor's report must cover the period commencing with the day immediately following the most recent period for which a financial statement has been filed and ending on the last day upon which any financial activity has occurred.

**CONTRIBUTIONS TO PARTIES FOR TRANSMITTAL  
TO CONSTITUENCY ASSOCIATIONS OR CANDIDATES**

- .01 Registered political parties may collect contributions on behalf of their registered constituency associations or registered candidates and turn over the contributions to such associations or candidates provided that the procedures set out in this Guideline are observed. Contributions collected on behalf of registered candidates may be collected only during a campaign period which is defined in the Act as "the period commencing with the issue of a writ for an election and terminating three months after polling day".

- .02 Every registered political party employing this procedure must provide the Commission with a signed Declaration of Trust form and comply with the Commission's recording and reporting requirements set forth in Guideline PG03 available to party officials.

The signing of a Declaration of Trust by the party's CFO enables the party to accept contributions for its registered constituency associations and its candidates and requires the party's CFO to issue an official receipt on behalf of the constituency association or candidate for every contribution accepted. The CFO must then forward the contributions promptly to the CFO of the constituency association or candidate on whose behalf the contributions have been accepted with the instruction that the contributions remitted be recorded as contributions for recording and reporting requirements of the Commission. Contribution receipts must be prepared by the party's CFO indicating clearly the name of the constituency association or candidate's campaign which is the beneficiary and recipient of the contribution. The written instruction from the party CFO which accompanies the cheque for the agency contributions accepted shall specify the applicable period in which the contribution must be reported.

- .03 The CFO of every constituency association or candidate of the party that has participated in the agency contribution procedure is responsible for ensuring that:
- (a) the annual or campaign period audited financial statements filed with the Commission record in the proper annual or campaign reporting period not only the contributions received directly, but also the agency contributions accepted by the party for the constituency association or candidate,
  - (b) contributions received both directly and through the agency procedure from a single source do not in total exceed the maximum allowed under the Act, i.e. \$750 in a calendar year to the constituency association and \$750 to a candidate's campaign, and
  - (c) the List of Donors Totalling More Than \$100 which accompanies the annual or campaign audited financial statement records the aggregate of the direct and agency contributions from each source.
- .04 The contributions accepted by the party for a constituency association or a candidate are contributions of the association or candidate at the time they are deposited into the Party Trust Account. At the time financial statements are being prepared, it should be determined whether or not the party's CFO has agency contributions on hand that have not been forwarded.

- .05 Under no circumstances may a party accept such intended agency contributions as if they were for the benefit of the party itself. The agency contributions accepted on behalf of a particular constituency association or candidate's campaign must be receipted as such as specified in writing by the contributor and remitted to the ultimate designated beneficiary. Communication between the constituency association or candidate's campaign and the party is essential to ensure that the party is not inadvertently accepting a contribution which when aggregated with previous contributions in the relevant period would exceed the contributor's \$750 limit per constituency association or candidate and the \$3,000 overall limit.
- .06 Under no circumstances may a constituency association or candidate's campaign accept contributions on behalf of or intended for another constituency association or candidate of the party or the party itself.

CORPORATE CONTRIBUTIONS - CARRYING ON BUSINESS  
IN THE PROVINCE OF ONTARIO

- .01 A corporation, in order to be eligible to make a contribution to a registered political party, constituency association or candidate under the Act, must carry on business in the Province of Ontario. In determining this matter, the Commission will consider any of the following criteria as acceptable evidence that a corporation is carrying on business in the Province of Ontario for contribution purposes:
- (a) the corporation maintains an office or establishment in the Province of Ontario for the purpose of carrying on its business activities to which one or more employees report to work,
  - (b) the corporation enters into contracts in the Province of Ontario on a regular basis either through its officers, employees or agents having general authority to act on its behalf,
  - (c) the corporation is an extra-provincial corporation licensed to carry on business in the Province of Ontario pursuant to Part IX of the Corporations Act (Ontario), or
  - (d) the corporation is taxable in the Province of Ontario pursuant to the Corporations Tax Act (Ontario).

Where a corporation wishing to make a political contribution under the Act is unable to meet at least one of the criteria set out above, the onus shall be on that corporation to satisfy the Commission that the corporation is carrying on business in the Province of Ontario.

- .02 Corporations which otherwise meet the criteria in Guideline G21.01, but which have been established for charitable purposes, or are of a public character such as public hospitals, school boards, municipalities, crown agencies, boards or commissions, are, in general, prohibited by statute or by common law from making political contributions. CFOs should make reasonable efforts to satisfy themselves that the donor corporation is entitled under its governing laws to make a contribution.

## Commission on Election Finances

RECEIPTS FOR CONTRIBUTIONSGENERAL

- .01 The Province of Ontario allows individuals tax credits from Ontario income tax for contributions made to registered political parties, registered constituency associations and registered candidates. Corporations carrying on business in the Province of Ontario are permitted to make a deduction from their Ontario income for their contributions within the limits permitted by the Ontario Income Tax Act.

Contributions to a registered leadership contestant made by individuals are not eligible for the tax credit and contributions made by a corporation are not deductible from Ontario income in computing Ontario taxable income.

- .02 Both individuals and corporations must attach an official receipt to their tax returns in order to claim the benefits. Official receipt forms will be supplied by the Commission to CFOs. This Guideline outlines the responsibility of and procedures to be followed by CFOs with respect to official receipts. Receipts must be issued for all contributions accepted in cash or by cheque, money order or credit card. Contributions of goods and services, other than the provision of voluntary unpaid labour, must also be acknowledged by an official receipt except where their value is \$100 or less and the contributor indicates that the value is not to be considered a contribution. Cash contributions are limited to \$25.

Act references 22(2) and 26

SECURITY

- .03 Official receipt forms are valuable documents. These receipt forms should be stored in a secure place and proper records maintained by the CFO. The Commission strongly recommends that only CFOs on record with the Commission hold a supply of the forms. Only CFOs sign the form since it is their responsibility to ensure that all contributions allowed under the Act are acknowledged by the issuance of official receipts.

DISTRIBUTION

- .04 Following registration notification being received by the Commission, each CFO will:
- (a) receive from the previous CFO the unused supply of receipt forms issued by the Commission to that person, and
  - (b) receive a supply of receipt forms from the Commission where there has not been a previously registered CFO and when the Commission is notified that a new supply is required.

PROCEDURE

- .05 There are three types of receipt forms to be used by political parties and constituency associations, candidates or leadership contestants as the case may be. The forms are the same except that the candidate form has the prefix C in front of the serial number of each receipt and the word CANDIDATE in red at the foot of the form. The leadership contestant form has the prefix LC in front of the serial number and the words LEADERSHIP CONTESTANT in red at the foot of the form. The leadership contestant receipt form also states that the contribution by an individual is ineligible for the tax credit and by a corporation is not deductible from Ontario income in computing its Ontario taxable income.

If the same CFO is appointed for both a candidate and a constituency association at the time of an election, the CFO must ensure the proper receipt form is used to acknowledge each contribution.

- .06 The official receipt is a three-part form. Copy 1 is for the contributor. Copy 2 is for the Commission and Ministry of Revenue. Copy 3 is to be retained by the CFO.
- .07 The CFO should fill in the official receipt form by indicating:
- the date of acceptance of the contribution. Normally this is the date the contribution was deposited. Contributions made by a credit card having the name of the individual contributor imprinted or embossed thereon are to be considered as accepted on the date the credit card voucher is deposited or submitted by the CFO to the credit card issuer for payment.
  - the date of issue of the receipt,
  - the name and address of the contributor,
  - whether the contributor is an individual, corporation or trade union,
  - the amount of the contribution. A dollar sign "\$" should appear immediately to the left of the first digit in the amount received box.
  - whether the contribution is in the form of (a) cash, cheque, money order, credit card, or (b) goods, services or advertising,
  - the name of the party, constituency association, candidate's campaign, or leadership contestant.
- .08 The CFO shall manually sign every receipt.
- .09 The CFO preparing to issue a receipt for a contribution received in the form of a cheque:
- (a) should ensure that the cheque is honoured on presentation to the bank as any receipts issued for cheques which might be returned for lack of sufficient funds will have to be recovered for cancellation.

- (b) from an unincorporated organization or partnership as specified in Guideline G37 must first determine the names of the persons in the organization who shared in the contribution and the amount each contributed. The receipts must be issued to each person so named and not to the unincorporated organization or partnership.
  - (c) from an individual must ensure the contributor meets the requirement of being a resident in the Province of Ontario. Where the contribution is received from a business concern determined to be a sole proprietorship, the name of the owner must be determined and the receipt issued in the owner's name, not in the name of the business.
  - (d) from a corporation must ensure that it meets the requirement of carrying on business in the Province of Ontario as specified in Guideline G21.
  - (e) from a corporation, individual or trade union must ensure the receipt is made out in the contributor's name as it appears legibly printed on the contributor's cheque regardless of any other direction received with the cheque.
  - (f) from a trade union, including central, regional or district labour councils in the Province of Ontario, must ensure the union has bargaining rights in the Province of Ontario for its members.
- .10 Contributions received in an envelope postmarked prior to the end of the applicable reporting period, or received on the last day of the reporting period, which cannot be deposited because the financial institution where the account is held is closed, must be recorded in the accounting records as an outstanding bank deposit on the last day of the reporting period and receipts issued as of that date. Each outstanding deposit should be deposited on the next available banking day.
- .11 CFOs of parties, constituency associations, candidates and leadership contestants when filing financial statement(s) must forward to the Commission:
- (a) the second copy of all receipts for contributions accepted in the reporting period ensuring that the total agrees with the contributions reported in the financial statement(s). If the figures are not in agreement, and the source of the contribution is unknown, section 18 requires the payment of the anonymous contribution to the Commission.
  - (b) the original and second copy of all cancelled receipts relative to the period reported in the financial statement(s).
  - (c) an accounting of all receipts. Therefore, a reconciliation of all unused receipts at the commencement of the particular period, used receipts and those remaining on hand is to be filed with the Commission. The Commission must be informed of any situations where official receipts have been issued for contributions received by cheque, but the cheque has been returned N.S.F. and the contributor has not provided a replacement cheque which has been honoured by the bank.

Commission on Election Finances

---

- .12 The unused supply of candidate official receipt forms and leadership contestant receipt forms must be returned to the Commission not later than the filing date of the candidate's campaign period financial statement and the leadership contestant's contest period financial statement respectively.
- .13 Where the return of a contribution is necessary and:
- (a) the contributor fails to return the applicable receipt for cancellation, the contribution is to be paid to the Commission.
  - (b) the contributor returns the applicable receipt, the contributor's copy and the Commission's copy should be marked cancelled and both copies should be filed with the Commission with the audited financial statement(s).

## Act reference 18

- .14 When it is necessary to issue a replacement receipt, write the word "Replacing" and indicate the serial number of the original receipt on the replacement receipt issued. All details on the replacement receipt should be the same as those shown on the original receipt, i.e. date received, etc. In lieu of issuing another receipt, the CFO may provide the contributor with a photostatic copy of the CFO's copy of the original receipt issued, but the photostatic copy must have written on it the words "Certified True Copy" and bear a new signature of the CFO.

TAX CREDIT ON CONTRIBUTIONS TO POLITICAL PARTIES,  
CONSTITUENCY ASSOCIATIONS AND CANDIDATES

- .15 The allowable tax credits from Ontario income tax for an individual taxpayer are:

75% of the first \$200 of total contributions, and  
50% of the next \$600 of total contributions, and  
33 1/3% of total contributions exceeding \$800 up to \$1,700.

The maximum credit allowable is \$750.

Contributions to leadership candidates are not eligible for a tax credit.

- .16 An individual's Ontario income tax payable must be reduced by the total of the property tax credit, sales tax credit and pensioner tax credit before the political contribution tax credit may be claimed. If no provincial income tax is payable after claiming property, sales and pensioner credits, then the political contribution tax credit may not be claimed. In other words, there must be provincial income tax payable in order to be able to claim the political contribution tax credit and the credit claimed cannot exceed the amount of the Ontario tax payable.
- .17 Corporations may deduct up to \$7,000 from their Ontario income. Contributions in excess of \$7,000 may be carried forward for deduction in future taxable years.

GUIDELINES FOR  
CHIEF FINANCIAL OFFICERSGUIDELINE G22  
JUNE 1990Commission on Election Finances

---

- .18 A political contribution tax credit may be claimed by either the contributor or the contributor's spouse. That is, official receipts for political contributions are transferable between spouses. However, a single contribution for which one official receipt is issued cannot be divided between spouses. It must be claimed entirely by one spouse or the other.

**ACCEPTANCE OF CONTRIBUTIONS**

- .19 If a cheque for a contribution is drawn on a joint personal bank account, the receipt should be issued only to the person who signed the cheque. Where two people have signed a cheque drawn on a joint personal bank account, the CFO should determine who made the contribution and prepare the receipt(s) accordingly.
- .20 The use of post-dated cheques is not prohibited because they are not negotiable before their effective date. Cheques, whether or not they are post-dated, are not considered as accepted contributions until deposited. A contribution by post-dated cheque must still comply with the contribution limits.

Act references 17(2), 17(3) and 19(1)

- .21 It is the Commission's policy that contributions solicited for a specific purpose not within the general purposes of the Act do not qualify for an official tax credit receipt.

Act references 1(1) and 17

- .22 Contributions may not be accepted which have conditions or restrictions attached. The only exceptions are funds given to registered political parties or constituency associations covering fees for meetings, seminars, workshops or conferences which may be considered to be contributions for which receipts may be given. However, delegate fees for attendance at a leadership contest may not be treated as a contribution. Nor may a contributor designate, other than as provided for agency contributions in Guideline G19, that funds equivalent to the contribution ultimately be transferred to the political party, to another constituency association or candidate as the case may be.
- .23 Under no circumstances may a party accept intended agency contributions as if they were for the benefit of the party itself. The contributions which are accepted on behalf of a particular constituency association or candidate's campaign as provided for in Guideline G19, must be receipted in the name of the particular constituency association or candidate's campaign as specified in writing by the contributor and remitted to the ultimate designated beneficiary.
- .24 Under no circumstances may a constituency association or candidate's campaign accept contributions on behalf of or intended for another constituency association or for the party.

CAMPAIGN ADVERTISING LIMITATIONS - TIME AND RATES

- .01 The Act places certain limitations on campaign advertising carried on by a registered political party, constituency association and candidate during a campaign. First, there are restrictions on the times during which campaign advertising may be carried on. Second, there are restrictions on the rates that may be charged by broadcasting or publishing facilities for such advertising.

LIMITS ON TIME

- .02 During a campaign period, campaign advertising may be carried on only by a registered political party, constituency association or candidate or by any person, corporation, or trade union acting with the knowledge and consent of the political party, constituency association or candidate. The time period begins twenty-two days before polling day and ends at midnight on the day which is two days before polling day. For example, if polling day were May 28, then campaign advertising could be done only during the period from May 6 through May 26 inclusive.

The prohibition for the publication of a campaign advertisement does not apply to:

- (a) the publication of a campaign advertisement on the day immediately preceding polling day by a newspaper which is published in the Province of Ontario only once a week and whose day of regular publication falls on the day before polling day, and
- (b) a campaign advertisement on the day immediately preceding polling day and on polling day through the use of any commercial billboard advertising facility, or in a public bus shelter or on a bus, street car or at a subway station forming part of a publicly-operated transit system.

**Act references 38(1) and 38(3)**

- .03 Campaign advertising is defined as advertising on the facilities of any broadcasting undertaking, the publication of an advertisement in a newspaper, magazine, or other periodical publication or through the use of outdoor advertising facilities, for the purpose of promoting or opposing any registered political party or the election of or opposing a registered candidate.

**Act reference 38(1)**

- .04 Outdoor advertising facilities are defined as facilities, other than radio, television and newspapers, magazines and other periodical publications, of any person or corporation in the business of providing such facilities on a commercial basis for advertising purposes. For example, campaign advertising by a registered candidate through the use of a commercial billboard cannot commence prior to the twenty-one day period, whereas campaign advertising by way of individual signs made up by the candidate or the candidate's organization would not be so limited. Note that this twenty-one day time limitation also applies to the use of commercial sound trucks for the purpose of campaign advertising.

- .05 However, this twenty-one day time limitation does not apply to:
- (a) advertising of public meetings in constituency associations,
  - (b) announcing candidate or constituency association headquarters' locations,
  - (c) advertising for volunteer campaign workers,
  - (d) announcing services for electors by candidates or constituency associations respecting enumeration and revision of lists of electors,
  - (e) announcing services for electors on polling day, or
  - (f) any other matter respecting administrative functions of constituency associations, provided that such advertisements, announcements and other matters are done in accordance with the Guidelines of the Commission.

**Act reference 38(2)**

The Commission has determined, therefore, that while it is permissible for such an advertisement or announcement to contain the name of the candidate and/or the political party, and to include a picture of the candidate and/or the logo of the political party, a reference to the particular exempt service or activity listed in section 38(2) must constitute the dominant feature of such advertisement or announcement. Further, such advertisement or announcement must not contain any slogan, motto or other wording promoting the candidate or registered party, or opposing another candidate or registered party, such as "join the winning team", "work for continued good government", "our candidate is best qualified", etc.

Note that the twenty-one day limitation on advertising does not apply to fund-raising functions or campaigns and conventions carried on or held in relation to contested constituency nominations for endorsement of official party candidates provided the advertisement content conforms with this Guideline.

**LIMITS ON RATES TO BE CHARGED**

- .06 During the twenty-one day period referred to in Guideline G23.02, no person or corporation may charge a rate for broadcasting time for campaign advertising that exceeds the lowest rate charged by the broadcasting facility to any other person in that period for an equal amount of equivalent time on that broadcasting facility. This means that a registered political party, a registered constituency association, or a registered candidate, or anyone acting with the knowledge and consent of the political party, constituency association or candidate, is entitled to the lowest rate for television or radio time that is available to any other customer of the broadcasting facility for the same amount of air time in an equivalent time slot during the twenty-one day period.

**Act reference 38(4)(a)**

- .07 During the twenty-one day period referred to in Guideline G23.02, no person or corporation may charge for campaign advertising space a rate exceeding the publishing facility's lowest rate charged to any other person in that period for an equal amount of equivalent advertising space in its publication. This means that a registered political party, constituency association or candidate, or anyone acting with the knowledge and consent of the political party, constituency association or candidate, is entitled to the publishing facility's lowest rate for advertising space available to any other customer for the equivalent amount of space and location value in the publication published or distributed and made public during the twenty-one day period.

**Act reference 38(4)(b)**

- .08 It is recognized that, in certain media, advertising rates may depend upon the volume of time or space purchased over the year. For the purposes of the Act, the lowest rate shall refer to the lowest rate available to any other customer purchasing advertising equivalent to the total volume of campaign advertising carried on by or on behalf of a registered political party, constituency association or candidate during the twenty-one day period.

**OTHER MATTERS**

- .09 A broadcasting facility may provide time without charge to registered political parties and candidates in accordance with the provisions of and Regulations and Guidelines under the Broadcasting Act (Canada). The provision of such free time to political parties or candidates shall not be considered to be a contribution or an election expense for the purposes of the Act.

**Act reference 23(2)**

- .10 Where any person, corporation or trade union, with the knowledge and consent of a political party or candidate registered under the Act, promotes the political party or the election of the candidate or opposes any other registered political party or the election of any other registered candidate by advertising on the facilities of any broadcasting undertaking or by publishing an advertisement in any newspaper, magazine or other periodical publication or printed leaflets, pamphlets or other documents or through the use of any outdoor advertising facility and the amount of the cost thereof:

- (a) in the case of any single such political advertisement is more than \$100; and
- (b) in the case of any such political advertisements from a single source broadcast or published in any year, excluding any campaign period or part thereof in that year, or in any campaign period in the aggregate exceeds \$100,

such amount shall be considered to be a contribution and, if done during the relevant period, a campaign expense for the purposes of the Act to the political party or candidate with whose knowledge and consent the political advertising was done.

- .11 A publisher may publish any bona fide news stories including interviews, commentaries, or other works prepared for and published by any newspaper, magazine or other periodical publication without charge to any political party, constituency association, or candidate. The publication of such material is not considered to be political advertising under the Act.

A broadcasting facility may similarly broadcast bona fide news stories subject, however, to the provisions of and Regulations and Guidelines under the Broadcasting Act (Canada).

Act references 23(6) and 38(3)(c)

- .12 Pre-campaign advertising literature purchased by a constituency association for the use of a registered candidate after the issue of a writ for an election must be accounted for as an expense of the campaign either by the candidate or the constituency association as explained in Guideline G25.

but campaign expenses are deemed to include the value of any goods held in inventory or any fees or expenses for services for any candidate or political party, and any contribution of goods and services to the political party, constituency association or candidate registered under the Act, for use in whole or in part during the period commencing with the issue of the writ for an election and terminating on polling day.

**Act reference 1(1)**

- .02 Advertisements paid for by any person, corporation or trade-union which promote or oppose a political party or candidate and costing either individually or in aggregate in excess of \$100 are considered a contribution to the party or candidate with whose knowledge and consent the political advertising was done and, if done during the relevant period, a campaign expense.

**Act reference 23(1)**

- .03 Every payment of a campaign expense shall be made by the CFO of the registered party, constituency association or candidate that incurred the campaign expense. Except where the campaign expense is less than \$25, such campaign expense shall be vouched for by a statement setting forth the particulars and proof of payment.

**Act reference 39(7)**

- .04 Any monies used for a political campaign by a registered candidate out of the candidate's own funds shall be considered to be a contribution for the purposes of this Act. Every registered candidate shall submit to the candidate's CFO a statement in writing setting forth all campaign expenses paid or to be paid out of the candidate's own funds, together with all receipts and claims therefor within three months after polling day.

**Act reference 19(3)**

- .05 Where goods or services have been provided, whether or not considered to be a contribution for the purposes of the Act, an expense in the equivalent value is considered to have been incurred except advertising valued at \$100 or less arranged by a person, corporation or trade union with the knowledge and consent of the political party, constituency association or candidate.

**Act references 22(2) and 23(1)**

- .06 With the exception of goods held in inventory for any candidate for use during a campaign period, funds, goods or services transferred between a political party, a constituency association and the campaign account of a registered candidate are not considered either a contribution or campaign expense.

- .07 No constituency association shall incur campaign expenses greater in total than the amount previously approved in writing by the CFO of the candidate endorsed by that constituency association.

Act reference 39(5)

- .08 Where total campaign expenses exceed the limitation provided in the Act, the campaign expense subsidy to which a political party may be entitled will be reduced by \$1 for every \$1 the campaign expenses exceed the maximum allowed.

Act reference 46(6)

A similar penalty is provided in relation to the expense subsidy to which a candidate may be entitled.

Act references 46(1) and 46(2)

An elected member of the Assembly may incur an even greater penalty. Should the campaign expenses of the member exceed the maximum amount allowed and the Assembly find no mitigating reason for non-compliance, the member shall forthwith vacate the seat.

Act references 39(4) and 44(2)

- .09 (a) The campaign expenditure of a political party shall not exceed the aggregate amount determined by multiplying 40 cents by:
- (i) in relation to a general election, the number of electors entitled to vote, as certified by the Chief Election Officer, in the electoral districts in which there is an official candidate of that party, and
  - (ii) in relation to a by-election in an electoral district the number of electors entitled to vote, as certified by the Chief Election Officer, in that electoral district.
- (b) The joint campaign expenditure limit of a candidate together with that of the candidate's constituency association shall not exceed the amount that is the aggregate of:
- (i) \$2 for each of the first 15,000 of the number of electors entitled to vote, as certified by the Chief Election Officer, in the candidate's electoral district and \$1 for each of the number of such electors in excess of 15,000 but not more than 25,000, and 25 cents for each of the number of electors in excess of 25,000, and

- .11 Within three months after polling day invoices for goods or services must be submitted by their suppliers to the CFO of the political party, constituency association, or candidate that incurred the campaign expense. Such invoices or accounts must be retained until authorization to destroy them is obtained in writing from the Commission.

- .12 Where a CFO disputes or refuses to pay an account, such account shall be considered to be a disputed claim and the claimant may bring an action for payment. CAMPAIGN MATERIALS INVENTORY  
AND PREPAID CAMPAIGN EXPENSES

- .01 The Act defines campaign expenses to include the value of any goods held in inventory for any candidate or political party for use during a campaign period.

Act reference 1(1)

- .02 The Act also provides that transfers of goods held in inventory for any candidate for use during a campaign period will be considered to be a campaign expense.

Act reference 28

- .03 What constitutes inventory of campaign materials and prepaid campaign expenses may cause some concern. The Commission considers that inventory will normally consist of such things as lawn stakes, sign supports, usable literature, signs and other campaign materials.

Prepaid campaign expenses will consist of such things as the cost of consulting services, production costs of advertising for use during the campaign and deposits for campaign offices and equipment. These will not include pre-writ media production expenses incurred in connection with the ongoing activities of the political party or constituency association, but will include:

- (a) product which is created thereby and used in the election, and
- (b) expenses incurred with the predominant purpose of creating product for use in the election.

Information is available from the statement of expenses, i.e. an analysis of the nature of the expense, to determine what is properly inventory and prepaid expense. At the end of the reporting period this amount should not be left in the expense total but should be deducted and shown as an asset adjustment. In a campaign period it is important to display the value of such inventory and prepaid campaign expense as part of the total campaign expenditure. The overall campaign expenses are affected by the inventory adjustment.

- .04 Prior to the issue of a writ for an election, all expenses relating to a potential campaign should be accumulated and transferred to an inventory account. Once there has been a writ for an election, the value of all expenses and materials in the inventory account should be transferred to the campaign period accounts, to a candidate's accounts or, in the case of the party, to its campaign period accounts or as transfers to constituency associations' or candidates' campaign accounts.

Market price will normally be used as the basis for determining the value of inventory transferred into the campaign accounts. Market price can be determined in several ways, the more prevalent methods being:

- (a) recent invoices or quoted price

GUIDELINE G25  
JUNE 1990

GUIDELINES FOR  
CHIEF FINANCIAL OFFICERS

---

Commission on Election Finances

---

- (b) the lower of replacement or reproduction cost, or
- (c) the price of recent comparable sales.

In the case of acquisitions made within one year of the writ, the invoice price should be used. In valuing campaign materials available for the candidate's use which were left from a previous campaign, replacement or quoted price should be used. All materials from a previous campaign should be included even if the material was not deducted from the previous campaign because of the provisions of Guideline G25.06. This price will vary across the province and is dependent upon local supply, competition and the constituency association's ability to produce its own signs or secure salvage material, for example, to construct signs. In all instances, proper documentation should be prepared to substantiate any opening inventory value.

- .05 If at the end of a reporting period a writ for an election has not been issued, the value of inventory of campaign materials and prepaid campaign expenses should be shown as an asset on the statement of assets and liabilities.
- .06 The inventory of reusable campaign materials remaining on hand at the end of a campaign, not including any material which identifies a particular candidate, should be transferred from the campaign period accounts back to the regular accounts of the constituency association or party, as the case may be. The value of such materials shall be deducted from the total of opening inventory value plus additional purchases to provide a cost of materials consumed. This cost will be reported as a campaign expense. It is important that the CFOs of all the organizations involved make corresponding entries in their respective accounts.

The candidate's CFO should determine carefully not only the quantity of reusable campaign materials but the value to attach to each item. A detailed list should be made of all reusable campaign materials on hand at the end of the campaign and the valuation thereof. Guideline G25.04 provides guidance on valuation. Reusable materials on hand at the end of the campaign should be valued as follows:

- (a) if on hand at the start of the campaign, value at the same value used at the start of the campaign, and
- (b) if acquired during the campaign, value at invoice price.

Exclusion of items from ending inventory does not preclude their inclusion at the start of any subsequent campaign.

- .07 Transfers of inventory between the candidate's campaign account and the constituency association can be handled most easily by allowing the constituency association to handle all inventory related expense items. As campaign expenses are incurred by the association prior to the writ of election, they should be accumulated in an inventory account. As of the date of the writ of election, the accumulated amount in the inventory account should be transferred to the campaign expenses account at fair market value. At the end of the campaign, any value of reusable campaign materials which must not include any material identifying a particular candidate, should be transferred back to the inventory at the same value. To avoid the possibility of over-expenditure of campaign expenses the candidate's CFO, if not the same as the constituency association's CFO, should be consulted and should approve all expenditures and transfers related to inventory.
- .08 In the case of a candidate transfers of inventory between the constituency association and the candidate's campaign account can also be handled by transferring both campaign expenses prepaid prior to the writ of election and the value of inventory using the account "transfers received from constituency association". In the case of a constituency association campaign expenses and current purchases of campaign materials can be handled by using the account "transfers paid out to the candidate's campaign". This method will involve some extra bookkeeping. In order to keep track of the total campaign expenses, the related transfer entries in the accounts and in the preparation of the required forms to be filed with the Commission, close communication between the candidate's and constituency association's CFOs will be essential.
- .09 Transfers of inventory from the party and back again involving the constituency association's or the candidate's campaign account should be monitored closely by all the CFOs involved. Failure to do so could result in over-expenditure of campaign expenses or in a failure to report all transfers on the required reporting forms. The accounting method followed can be either of those outlined in Guidelines G25.07 and G25.08.
- .10 Every audited annual financial statement of each registered party and constituency association must be accompanied by a detailed list of reusable campaign materials inventory, prepaid campaign expenses and current purchases of campaign materials in support of the total value of such items shown in the statement of assets and liabilities. The prescribed schedule form for the listing is included with each financial statement form required to be filed.
- .11 Every campaign period financial statement of each registered party, constituency association and candidate must be accompanied by a detailed list of opening reusable campaign materials, prepaid campaign expenses and current purchases of campaign materials in support of the total of the value of such items transferred into the party, constituency association or candidate's campaign accounts. In addition, a separate list of reusable campaign materials inventory at the close of the campaign, which must not include any material identifying a particular candidate, is to be provided in support of the value recorded as a reduction of the campaign expense incurred. The prescribed schedule form for the listing is included with each financial statement form required to be filed.

ACCOUNTING METHODS TO BE FOLLOWED

- .01 The accounting methods set out below have been prescribed by the Commission for use in preparation of all financial statements to be filed by political parties, constituency associations, candidates and leadership contestants pursuant to the Act:

(a) Accrual Basis

The accrual basis of accounting is to be used to the extent that expenses are recorded when they are incurred. Contributions, however, should be recorded when actually deposited because of the uncertainty of collecting amounts pledged.

(b) Marketable Securities

Bonds, stocks and other marketable securities owned should be valued at quoted market value on the date of the initial statement of assets and liabilities. Securities purchased subsequently should be valued at cost. When securities are sold any resulting profit or loss (difference between carrying value and proceeds on sale) should be reflected in the statement of income and expenses.

(c) Furniture and Other Equipment

Furniture, fixtures, printing equipment, etc. should be charged to expenses when purchased. The existence of such assets should be indicated by showing them at the nominal value of \$1 in any statement of assets and liabilities.

- .02 All figures contained in financial statements to be filed with the Commission may be rounded to the nearest dollar.
- .03 The instructions for preparing the reporting forms are contained elsewhere in the Guidelines and are designed to assist you in applying these accounting methods.
- .04 The Commission has issued Guideline G27 - Hints on Record Keeping, to facilitate preparation of the financial statements to be submitted to the Commission.

HINTS ON RECORD KEEPING - BOOKS OF ACCOUNT

.01 The following hints on record keeping have been prepared to give practical guidance on the maintenance of good accounting records:

- (a) The CFO for an association is required to file financial statements with the Commission that segregate campaign income and expenses from annual income and expenses. Accordingly, it is strongly recommended that two sets of accounting records are kept, one for campaign period transactions and the other for annual transactions or a new page in the books of account can be started the day the writ for an election is issued. The campaign period is the period commencing with the issue of the writ for an election and terminating three months after polling day. The annual financial statements will cover transactions for the calendar year, other than campaign period transactions.

Act references 1(1) and 35(2)

- (b) A record must be kept of all amounts received and all amounts paid out. This can be accomplished most effectively by observing the following practices:
- (i) Ensure that all bank or similar accounts to be used for cash disbursements are the type where a monthly statement and cancelled cheques are received.
- (ii) Make up duplicate deposit slips for every deposit listing the names of the persons, corporations or trade unions from whom cheques, money orders or credit card vouchers are received.
- (iii) Make all payments, except petty cash payments, by cheque.
- (iv) Retain invoices from suppliers and other documentation relating to expenses. The auditor will want to see these when making the audit examination. Expenses must be supported by a voucher or statement where the disbursement exceeds \$25.

Act reference 39(7)

- (v) Keep a petty cash fund to handle minor expenses normally paid in cash. Obtain invoices supporting all payments out of the fund. At any point in time the cash on hand plus the total of the amount of invoices should equal the original amount of the petty cash fund. The fund can be replenished periodically by a cheque drawn on an authorized bank account in an amount equal to the total of the invoices. The auditor will wish to examine the invoices.

GUIDELINE G27  
JUNE 1990

GUIDELINES FOR  
CHIEF FINANCIAL OFFICERS

---

Commission on Election Finances

---

- (vi) All amounts accepted must be deposited intact in an authorized bank account. If any contribution is unacceptable for any reason, the contribution must be returned before it is deposited; otherwise the contribution must be recorded and reported. See Guidelines G04, G10, G15, and PGO5 - Rules on Contributions. Undeposited cash contributions received must not be used to pay off debts or to pay for purchases. Any departure from this rule is a breach of the Act. Cash contributions from any one contributor in excess of \$25 are prohibited.
- (c) A copy of each bank deposit slip must be kept. The name and amount on each cheque, money order or credit card voucher being deposited, should be noted on the deposit slip or in some other document which can be cross-referenced to the deposit slip.
- (d) It is not necessary to keep a complicated set of accounting records. To comply with the Act, to report to the Commission and to satisfy the auditor, the following should be all that is needed:
- (i) deposit slips for all deposits showing contributors' names
  - (ii) a record of all donations of goods and services and their fair value
  - (iii) a list of names and addresses of all contributors and their status as to individual, corporation or trade union
  - (iv) a record of all contributions returned
  - (v) cancelled cheques and bank statements
  - (vi) cheque stubs on which will be recorded the particulars of all payments made
  - (vii) invoices, petty cash slips and other vouchers supporting all payments made and goods and services contributions accepted
  - (viii) contribution receipt records as specified by the Commission
  - (ix) a membership list of all memberships sold which lists the name, address and membership fee paid. If the membership fee is \$25 or less it may be considered not to be a contribution.

Act reference 31

- (e) In addition to records of cash actually received and disbursed, for financial statements on an accrual basis, the following should be taken into account:
- expenses incurred but not paid (accounts payable),
  - expenses incurred for which bills have not yet been received,
  - income on amounts on deposit or other investments, which has been earned but not yet received,

- contributions received prior to the end of the period but not deposited until after the end of the period, including contributions received in the mail after the end of the period in envelopes postmarked in the reporting period,
  - agency contributions received by the party, subject to compliance with Guideline G19, which although received by the party in the annual or campaign period have not been forwarded until after the expiration date of the reporting period, and
  - transfer payments not yet received but in transit.
- .02 The Act does not define what is meant by proper records and the Commission does not require any particular accounting system to be used. Whatever accounting system suits the CFO's requirements should be used. For example, bank deposit slips may be used as the primary record of contributions, a file of thank you letters to contributors as the record of their names and addresses and cheque stubs as the record for payments of expenses.
- .03 Consulting with the auditor of the candidate or constituency association is advisable. This will ensure that the bookkeeping procedures to be followed are satisfactory to the auditor so that the audit work can be carried out at minimum cost. The Commission will subsidize the cost of the auditor's services in the audit of the records and financial statements.
- Act reference 41**
- .04 A standard multi-column accounting book should be purchased at a stationery or office supply store. One section of the book should be used for recording funds received, another for funds disbursed and a third section for recording all donations of goods, services and advertising. A computerized accounting system may be used.
- .05 It is very important to make a clear distinction between annual transactions and campaign period transactions. A candidate's records should include transactions during the campaign period only. As mentioned above, a constituency association is strongly advised to start new pages in its cash receipts book, its cash disbursements book and its record of all donations of goods, services and advertising to keep annual transactions separated from campaign period transactions.
- .06 Note that pre-campaign period income and expenses received or incurred by a constituency association on behalf of a candidate are not to be recorded in the candidate's records except to the extent that they have been transferred to the candidate after the campaign period begins. For example, campaign literature may have been purchased by the constituency association prior to the campaign period. This may be transferred to the candidate at cost after the campaign period begins. Also, campaign funds may have been raised by the constituency association for the candidate. These funds may be transferred to the registered candidate when the campaign period begins.

If a constituency association has purchased campaign materials prior to the date of the writ for an election the association must not report the money spent as an expenditure but instead record the amount spent as inventory of such materials and report the actual cost of the material in the asset section of the balance sheet. When the materials are given over to the candidate's campaign at the date of the writ, the constituency association should record the value of the inventory materials as a transfer payment to the candidate's campaign and the candidate's CFO must record the inventory value both as a transfer payment received and a campaign expense. Refer to Guideline G25 for specific information.

.07 It is very important to make a clear distinction between transactions that are campaign period income or expenses that are to be reported to the Commission and those that are not. For example:

- (a) campaign expenses do not include repayment of bank borrowings, contributions returned, transfers to the party or other candidates and constituency associations or amounts paid to the Commission, and
- (b) campaign income does not include proceeds from bank loans or the principal of investments sold.

## Commission on Election Finances

UNREGISTERED POLITICAL ORGANIZATIONS

- .01 The Act provides for registration by the Commission of political parties, constituency associations, candidates for election to the Legislative Assembly of Ontario and leadership contestants for the leadership of a registered party.

There are, however, many political organizations active in the support of provincial political activity and this Guideline's purpose is to clarify the financial participation allowed by each.

- .02 The Act provides that no political party, constituency association, candidate or leadership contestant registered with the Commission may transfer funds or make a contribution to any:

- (a) candidate at a municipal election under the Municipal Elections Act, or
- (b) federal political party registered under the Canada Elections Act or any federal constituency association or any federal constituency association's affiliated organizations, for example youth groups, women's groups, etc., or candidate at a federal election endorsed by such federal political party except that during an election as defined in the Canada Elections Act a registered party may transfer to a federal political party registered under the Election Expenses Act (Canada), an amount not exceeding in the aggregate, \$100 for each candidate at a federal election in a federal electoral district in the Province of Ontario who is endorsed as a candidate by that federal political party.

**Act reference 30(1)**

- .03 No political party, constituency association, candidate or leadership contestant registered with the Commission may accept funds from a federal political party registered under the Election Expenses Act (Canada), a federal constituency association or a federal constituency association's affiliated organization, for example youth groups, women's groups, etc., except that during a campaign period a registered party may accept from such a federal political party only an amount not exceeding, in the aggregate, \$100 for each registered candidate endorsed by that registered party.

**Act reference 21**

- .04 Since a loan requires the transfer of funds, any prohibition in the Act for transfer payments also applies to the making or receiving of a loan.
- .05 A political organization affiliated with and endorsed by a registered political party or one or more registered constituency associations may make a contribution in any year to the political party or any constituency association with which it is affiliated as if it were a person for the purposes of clause 19(1)(a) of the Act. The Act does not permit an affiliated political organization to make a contribution to a registered candidate or an additional contribution to the political party in a campaign period.

- .06 Although contributions cannot be accepted from organizations supporting political parties or candidates unless the prerequisites contained in Guideline G28.05 are met, such organizations may hold specific fund-raising functions under the sponsorship of a party, constituency association or candidate provided that the entire proceeds inclusive of a statement of income and expense of each function are turned over to the appropriate CFO.

The CFO in such circumstances will record the financial information in the accounting records and include such data in the financial statements to be filed with the Commission. The CFO also has the ultimate responsibility for ensuring the \$25 cash contribution limit is not exceeded and full details of the tickets sold are made available where part or all of the ticket price is to be considered a contribution.

- .07 The auditor of a leadership contestant is required to report on the leadership contestant's leadership contest financial statement.

Act references 41(4) and 43(4)

- .08 The auditor is required to make an examination that will enable the auditor to report whether the financial statement presents fairly the information contained in the accounting records on which the financial statement is based.

Act reference 41(4)

- .09 The auditor's report shall also include such comments as the auditor considers necessary where the CFO has not provided all the information and explanation that is required or where proper accounting records have not been kept by the CFO.

Act reference 41(5)

- .10 At all reasonable times the auditor is to have access to all records, documents, books, accounts and vouchers of the candidate, leadership contestant, political party or constituency association that appointed the auditor. The auditor is also entitled to require from the CFO such information and explanation as may be necessary in the auditor's opinion to enable the making of the report.

Act reference 41(6)

- .11 The CFO of every registered political party and constituency association must file annual audited financial statements with the Commission no later than May 31st of the following year.

Act reference 42(1)

- .12 The CFO of every registered political party, constituency association and candidate must file an audited campaign period financial statement with the Commission no later than six months after polling day. Accordingly, it will be necessary for the auditor to make a report to the CFO prior to that date.

Act reference 43(1)

- .13 The CFO of every registered leadership contestant must file an audited leadership contest financial statement with the Commission no later than six months after the date of the leadership vote.

AUDITOR

- .01 This section of the Guidelines is intended to provide information specifically related to the auditor. By inclusion with the general set of Guidelines the Commission hopes it will also be informative to the CFO and make the CFO aware of the problems and needs of the auditor in the completion of the audit work. Knowing in advance what information the auditor is likely to require and having it readily available, should result in a more efficient audit and a more timely audit report.
- .02 The Act contains a number of references to the auditor. While the auditor should be aware of all provisions of the Act, the Institute of Chartered Accountants of Ontario has prepared a Guideline available to all auditors outlining specific sections of the Act of importance in completion of the audit.
- .03 Every registered party and every registered constituency association must appoint an auditor within thirty days of registration. Every candidate and every leadership contestant must appoint an auditor at the time of appointment of the CFO. The Commission, however, suggests that the auditor be appointed before the application to register a constituency association is filed so that the auditor may be called upon to advise the CFO on the preparation of the initial Statement of Assets and Liabilities. Auditors must be persons licensed under the **Public Accountancy Act** or a firm whose partners resident in the Province of Ontario are licensed under that act. Where an auditor previously appointed ceases for any reason to hold office as such, the political party, constituency association, candidate or leadership contestant, as the case may be, must appoint another auditor and immediately advise the Commission.

**Act references 41(1) and 41(2)**

- .04 No returning officer, deputy returning officer, election clerk, or CFO of a registered party, constituency association, candidate or leadership contestant may act as the auditor for a registered candidate, party, constituency association or leadership contestant.

**Act reference 41(3)**

- .05 The auditor of a political party and of a constituency association is required to report on both the annual and campaign period financial statements of the political party and of the constituency association.

**Act references 41(4), 42(1) and 43(1)**

- .06 The candidate's auditor is required to make a report to the CFO on the candidate's campaign period financial statement.

- .14 Where a registered party or constituency association applies to the Commission for deregistration under subsection 13(1), the CFO of the registered party or constituency association must, at the same time, file with the Commission audited financial statements for the period commencing with the day immediately following the most recent period for which a financial statement has been filed with the Commission and ending on the last day upon which any financial activity has occurred.

Act reference 13(8)

- .15 Where a registered candidate withdraws prior to polling day, fails to file nomination papers or dies prior to polling day, the campaign period with respect to that candidate is deemed to expire on the day of the withdrawal of the candidacy, on nomination day or on the day of the candidate's death, whichever first occurs. The CFO must file with the Commission the audited financial statement within sixty days after the expiration of that candidate's campaign period.

Act reference 14(6)

- .16 The Act provides for payment directly to the auditor of an audit fee subsidy for the examination of and reporting on the financial records and statements. The auditor's account, which must be submitted to the Commission with the audited financial statements, must clearly indicate the audit fee separately from the fee for any other services provided. The audit fee subsidies are \$400 for constituency association financial statements, \$800 for a candidate's financial statements and \$600 for a leadership contestant's financial statement. Should the audit fee be less than the subsidy, then the lesser amount will be paid. There is no subsidy for the audit of any party statement of income and expenses.

FUND-RAISING ACTIVITIES

- .01 Fund-raising activities are all organized activities held for the purpose of raising monies for a political party, constituency association, candidate or leadership contestant registered under the Act by whom or on whose behalf the activity is held. Such organized activities include dinners, dances, garden parties, etc., for which an admission charge is made as well as auctions, button sales, car washes, mail solicitations, etc. for which no admission charge is made. Seminars, workshops, annual meetings, conventions, policy conferences, candidate rallies and similar events are not considered to be fund-raising activities for the purposes of the Act.

Act reference 24(1)

- .02 The gross income from each fund-raising activity must be recorded in the period held and reported in the appropriate financial statement(s) to be filed by the CFO with the Commission. It is also required that in reporting the gross income for each activity the income from ticket sales be shown separately from other income, for example refreshments sold.

Act reference 24(2)

- .03 Where a charge is made for a fund-raising activity, a portion of the charge will, in certain instances, be deemed to be a contribution to the registered political party, constituency association, candidate or leadership contestant by whom or on whose behalf the activity is held. The tests are as follows:

- (a) Where the charge is \$25 or less, it may be considered entirely to cover expenses, entirely a contribution or any combination of contribution and expense allocation.
- (b) Where the charge is \$25 or more, any amount up to \$25 may be considered to cover expenses but the remainder must be considered a contribution.

If the charge is considered entirely a contribution, an official receipt must be issued for the full amount.

For each activity the original allocation of the charge between contribution and expense should be consistent.

Should the contribution component of any charge exceed \$25, the entire amount must be paid for by cheque, money order or credit card.

Act reference 24(3)

For example, books are sold to raise funds. They are purchased from the publisher for \$10 each and are sold by the fund-raising body for \$50 each. In this case either \$50 or \$40 may be considered to be a contribution.

## Commission on Election Finances

- .04 Any amount paid for goods or services offered for sale during any fund-raising activity in excess of their fair market values shall be considered to be a contribution for the purposes of the Act. To determine fair market value see Guideline G25.04.

## Act reference 24(4)

For example, an auction is held to raise funds. Ms. A donates a painting valued at \$130 which is bought by Mr. X at the auction for \$350. Official tax credit receipts must be issued to Ms. A for \$130 and to Mr. X for \$220, the latter amount being the difference between the value of the painting and the price for which it was purchased by Mr. X.

- .05 Whatever the fund-raising activity, gross income and gross expenses must be recorded and reported in the appropriate schedules and financial statements.
- .06 In some cases, a constituency association or a candidate will act as the agent for a political party or another constituency association or candidate for the purpose of selling tickets to a fund-raising activity. In such situations, the agent should turn over all proceeds of the ticket sales to the CFO of the sponsoring party, constituency association or candidate together with a certified list of the ticket purchasers, their addresses and the amounts paid for the tickets. The CFO of the sponsoring party, constituency association or candidate, upon receipt of this certified list, should record the gross income received and, where applicable, issue receipts to each ticket purchaser for the contribution portion of the ticket price.
- .07 In the event that a joint fund-raising activity should be contemplated the net proceeds of which are to be shared by a registered candidate or constituency association and a federal candidate or constituency association, the following procedures apply:
- (a) There should be an initial agreement between the sharing bodies providing for the sharing of revenues and expenses on an equitable basis. Any question as to whether a proposed arrangement is equitable in the circumstances shall be reviewed with Commission staff.
  - (b) A special bank account should be established solely for the purpose of financial transactions related to this event and the Commission must be notified of the establishment of the account.

## Act references 11(2) and 14(3)

- (c) The CFO of the registered candidate or constituency association must:
- (i) ensure that proper accounting records are established for the recording of all receipts and disbursements of the activity to ensure fulfilment of the CFO's responsibilities.

## Act reference 34(4)

- (ii) not issue any official receipts supplied by the Commission for the contribution portion of any tickets sold until the total ticket sales are known. Only then should official receipts be issued in respect to the quantity of tickets accruing to the benefit of the provincial candidate or constituency association. The CFO must further ensure that the receipt issued for the deemed contribution portion of each ticket sold is consistent with the original determination for the splitting of the per person admission charge as outlined in Guideline G31.03.
- (d) The federal constituency association's share of total tickets sold for which a contribution is deemed to have been made is a matter which must be arranged directly between the federal association and the federal party.
- (e) The audited financial statement(s) of the registered candidate or constituency association for the reporting period in which the event was held should be accompanied by a separate financial statement which clearly indicates the following:
  - (i) the ticket quantity and related revenue accruing to the benefit of each organization that is to share in the proceeds,
  - (ii) other revenues that are to be shared, for example refreshment sales,
  - (iii) a listing of all expenditures which indicates the name, address and amount paid to each supplier receiving an amount which in aggregate exceeds \$100, with the payments made to suppliers of \$100 or less shown as a single figure, and
  - (iv) the net profit from the event and the amount accruing to the benefit of each organization. In addition, the auditor of the registered candidate or constituency association involved in the event must be given access to the accounting records and supporting documents of the event for audit verification purposes.

The pertinent financial details of the event related to the participation in the activity of the registered candidate or constituency association should be brought forward from this statement and recorded in the appropriate sections of the Commission's reporting form.

- .08 All literature and other communication used in connection with the sale of tickets to a fund-raising activity and any other solicitation of contributions in connection therewith must clearly identify the registered political party, constituency association or candidate, on whose behalf the fund-raising activity is being held.
- .09 The limitation on campaign expenses in the period commencing with the writ for an election and terminating on polling day does not apply to expenses incurred in holding a fund-raising activity.

However, mail solicitation to potential contributors must be a genuine solicitation of funds and must not be a disguised form of campaigning.

ACTIVITIES OUTSIDE THE PURPOSES OF THE ACT

- .01 The Act does not apply to campaigns and conventions relating to contested constituency nominations for endorsement of official party candidates. Accordingly, neither monies given by supporters to a person contesting the constituency nomination nor any fees paid by persons attending such conventions are contributions for purposes of the Act.

Similarly expenses incurred by a person seeking the nomination are not expenses which the contestant must report to the Commission.

To avoid being considered a campaign expense and not restricted by the twenty-one day allowable advertising period, the content of any advertisements placed by a person seeking the nomination in the period between the issue of a writ for an election and polling day must be non-partisan in conformity with the Commission's Guideline G23.05.

Act reference 1(3)

- .02 Contributions to a registered political party, constituency association or candidate which are expressly solicited for purposes other than the purposes of the Act, while not prohibited under the Act, do not qualify for the tax credit under the Income Tax Act (Ontario) or the deduction under the Corporations Tax Act (Ontario).
- .03 No official tax receipts are to be issued for such contributions.

However, all such contributions must be recorded separately in the financial records of the political party, constituency association or candidate and reported to the Commission. No such funds may be used for purposes under the Act.

TRANSFERS RECEIVED AND PAID OUT

- .01 A political party, constituency associations of that party or official candidates of that party registered with the Commission may transfer to or accept funds, goods (other than goods held in inventory for any candidate for use during a campaign period) and services from each other and all such funds, goods and services accepted shall be considered not to be contributions for the purposes of the Act but shall be recorded as to source. Any funds accepted shall be deposited into the appropriate depository. Refer to Guideline G25 for the accounting treatment for goods held in inventory for campaign purposes.

## Act reference 28

- .02 Transfers received or paid out should be clearly recorded as such, showing the name of the transferor or the transferee, as the case may be. Funds which are paid out for a specific expense, such as the purchase of materials or services, should be recorded as an expense of the payer and not as a transfer to the party, constituency association or candidate on whose behalf such payment may have been made. Similarly, collections made on behalf of a party, constituency association or candidate, such as registration fees, should be recorded as income of the party, constituency association or candidate on whose behalf the collection was made and not as a transfer to that party, constituency association or candidate.
- .03 Where goods or services are transferred from the party to a candidate or to a constituency association, the transaction in the recipient's records should reflect the value of the goods or services received as a transfer received with the same amount also being shown as an expense.
- .04 When a transfer of funds or goods and services occurs the transferor should indicate to the recipient that the transaction is to be treated as a transfer. This will ensure uniformity of treatment for Commission reporting purposes.
- .05 When auditing financial statements to be filed with the Commission, the auditor should seek confirmation of transfers received and paid out following the same procedure for confirmation of accounts receivable and payable. This will ensure that the audited financial statements include as receivables or payables transfer payments in the mail.
- .06 The transfer of funds, including the lending of money, between a political party, constituency association, candidate or leadership contestant not registered with the Commission is prohibited under the Act except that:

CAMPAIGN PERIOD FINANCIAL STATEMENTS AND BY-ELECTIONS

- .01 This Guideline provides clarification of the application of the provisions of the Act to the calling of by-elections.
- .02 Where a candidate proposes to stand for election in the riding in which a by-election has been called, the relevant sections of the Act apply as in the case of a general election.
- .03 A constituency association in an electoral district in which a by-election is called is required to file a campaign period financial statement. A political party which has accepted contributions or made expenditures in relation to a by-election is similarly required to file a campaign period financial statement. The Act provides for a limitation on campaign expenses of parties and constituency associations jointly with the endorsed candidate in the same manner stipulated for a general election.

**Act references 43(1) and 43(2)**

- .04 Where a campaign period financial statement by a political party
- (a) is not required to be filed, a declaration in writing is required from the association or party's CFO stating that neither were contributions received nor expenditures made in relation to the by-election, or
  - (b) is to be filed, the financial reporting requirements are to be in keeping with the Commission's Guideline PG02 - Registered Political Parties - Campaign Period Financial Statement.
- .05 Where a campaign period financial statement is required to be filed by a constituency association, the financial reporting requirements are to be in keeping with the Commission's Guideline G05 - Constituency Association - Campaign Period Financial Statement.
- .06 Where writs for a general election are issued during a campaign period relating to a by-election, the campaign period relating to such by-elections shall be deemed to have terminated on the day before the day the writs for the general election were issued. The required party, constituency association and candidate campaign period audited statements are to be filed within three months after the deemed termination date of the campaign period.

The Act differentiates between this type of activity and contributions of goods and services by any supplier of goods and services in that it is only when the value of a single advertisement is more than \$100 or the value of a number of advertisements by a single source exceeds \$100 that a contribution is considered to have been made and the coincident expense is considered to have been incurred. See Guideline G35.06.

## Act reference 23

UNPAID AMOUNTS

- .10 If suppliers of goods or services are not paid or have agreed not to accept payment, such non-payment will constitute a contribution of a good or service and must be receipted as such within the limitations prescribed by the Act. All suppliers should be paid promptly within the normal credit terms as provided by the supplier. Any delay in payment could give rise to treatment as a deemed contribution.

EXEMPTION FOR TRANSFERS BETWEEN PARTY,  
CONSTITUENCY ASSOCIATION AND CANDIDATE

- .11 The Act provides that funds, goods and services transferred between registered constituency associations, political parties and candidates are not to be considered contributions or campaign expenses but shall be recorded as to source and any funds accepted shall be deposited in the appropriate depository on record with the Commission.

However, where a party purchases campaign signs, campaign literature and other campaign materials specifically for the candidate's campaign which otherwise the candidate would be expected to acquire, the value of this partisan material must be considered a campaign expense.

In the case of funds received, the amount is to be recorded as a transfer payment received and where funds are paid out, the amount is to be recorded as a transfer payment paid.

In the case of services such as staff support between a party and its candidates or constituency associations, it is unnecessary to place a value on these services for recording purposes of the Commission.

BORROWINGGENERAL

- .01 A registered political party, constituency association, candidate or leadership contestant may borrow only from any chartered bank or other recognized lending institution in Ontario, provided that all such loans and the terms thereof, including the name of any guarantor thereof, are recorded by the political party, constituency association, candidate or leadership contestant and reported to the Commission. However, any registered political party, constituency association, candidate, or leadership contestant may borrow from any registered political party or constituency association.

Act references 36(1) and 36(2)

- .02 No registered political party, constituency association, candidate or leadership contestant shall receive any support in the form of a loan except as provided in the Act.

Act references 36(1) and 36(2)

- .03 Any delay in paying suppliers or other liabilities could be construed as receiving a loan not in accordance with the intent of the Act. For example, suppliers accounts must be paid within the credit terms normally imposed by the supplier. Similarly, any contributions received in contravention of any provision of the Act must be returned to the contributor upon obtaining the contributor's copy of the receipt issued in respect of that contribution. Any contribution which cannot be returned to the contributor must be paid to the Commission.

Act references 18(1), 26 and 36(2)

GUARANTEES & FORGIVENESS

- .04 Only persons, corporations or trade unions eligible to make contributions under the Act may guarantee any loan.

Act references 36(1) and 37(2)

- .05 Any payment made by a guarantor or forgiveness by the lending institution of a loan where the guarantor or lending institution forgives or waives all or any part of the borrower's indebtedness, shall be considered to be a contribution for the purposes of the Act and may be forgiven or waived only to the extent of contribution limits permitted.

Act references 19, 36(1) and 37(3)

- .06 In effect, when the borrower has defaulted on a loan, and a guarantor is required to make payment to the lending institution, the guarantor may choose to treat the payment as a contribution subject to the limitations imposed by the Act. It is possible, therefore, for the guarantor to forgive the indebtedness over several years. A lending institution which agrees to forgive all or part of a loan may choose to treat the forgiveness as a contribution subject to the limitations imposed by the Act. The lending institution may forgive the loan over several years.

TIMING RESTRICTIONS

- .07 A registered political party or constituency association may borrow at any time from any chartered bank or other recognized lending institution in Ontario, subject to the restrictions imposed by sections 36 and 37, as part of its ongoing regular operations.
- .08 Candidates may borrow from any chartered bank or other recognized lending institution in Ontario, subject to the restrictions imposed by sections 36 and 37, only during the campaign period as defined in subsection 1(1) of the Act and after registration with the Commission.
- .09 A potential leadership contestant or registered leadership contestant may borrow from any chartered bank or other lending institution in Ontario, subject to the restrictions imposed by sections 36 and 37. Loans made prior to the date of registration by the potential leadership contestant with the Commission may only be guaranteed by that potential leadership contestant and for use only as specified in Guideline G14.

Act reference 36

RESPONSIBILITY FOR PAYMENT OF CANDIDATE'S DEFICIT

- .10 The Act requires that the registered constituency association assume any deficit remaining from a campaign of the candidate endorsed as the official candidate of the registered constituency association. The registered constituency association is therefore responsible for ensuring that any borrowing is repaid.

Act reference 46(4)

DISCLOSURE

- .11 The Commission has prescribed forms for reporting financial activity either on an annual, a campaign or a contest period basis. Contained within these forms are schedules on which full details must be provided of the name and address of the financial institution, the amount borrowed, the name and address of each guarantor and the amount guaranteed, and the amount outstanding at the end of the reporting period.

UNINCORPORATED ASSOCIATIONS OR ORGANIZATIONSGROUP CONTRIBUTIONS

- .01 When a contribution to a registered political party, constituency association, candidate or leadership contestant is made through an unincorporated association or organization, except a trade union or an affiliated political organization, the unincorporated association or organization shall indicate in writing the individual sources and amounts making up such contribution.

Act reference 27(1)

- .02 The amounts making up a contribution from an unincorporated association or organization that are attributable to any such person, corporation or trade union are contributions of such person, corporation or trade union.

Act references 27(1) and 27(2)

- .03 An unincorporated association or organization is any association or organization not incorporated under any corporation act or special act which gives the association or organization the status of a legal entity. The unincorporated association or organization must have an ongoing reason for existence such as business, professional, social, social action, fraternal, cultural or other similar purposes and not be formed simply for the purpose of making political contributions. Examples could be business and professional partnerships, clubs and societies.

FORM OF CONTRIBUTION

- .04 The unincorporated association or organization must provide a written list of which members or partners of the unincorporated association or organization participated in the contribution. The list must provide the name, address and amount applicable to each contributor. If over \$25, the contribution must be a cheque drawn on the unincorporated association's or organization's own bank account with the name of the unincorporated association or organization legibly printed thereon.

Act reference 17(2)

USE OF CUSTOM OR FREE-FORMAT FORMSGENERAL

- .01 All applications, financial statements, schedules and other documents required to be filed with the Commission shall be filed in the form prescribed or approved by the Commission.

Act reference 47

- .02 CFOs who prefer to use computer-generated information for the financial statements must have the free-format or custom form approved by the Commission prior to filing.
- .03 Computer-generated statements, in order to be acceptable, must contain all the required information in a format substantially similar to the Commission's preprinted forms.

RECEIPT FORMS

- .04 Every political party, constituency association, candidate or leadership contestant registered under the Act shall issue or cause to be issued receipts, as required by the Commission, for every contribution accepted.

Act reference 26

- .05 The only receipts which may be used are those provided by the Commission. As the receipt forms require specific information in a precise format, little digression is possible. Proposals for alternate receipt design will be considered only for high volume users such as registered political parties. Any proposal for modification to the existing format must be submitted to the Commission in writing. Because of extensive negotiations required with Revenue Canada, Taxation and the Ministry of Revenue, any proposal should allow sufficient time to complete these negotiations and to prepare preprinted receipt forms.

FACSIMILE SIGNATURES ON RECEIPTS

- .06 Facsimile signatures are acceptable on receipts subject to approval by Revenue Canada, Taxation, the Ministry of Revenue and the Commission and provided the following procedures are adhered to:
- (a) The CFO must institute an adequate system of internal control over the signature stamps and signature plates and provide the Commission with details of the system in effect.
  - (b) The CFO must accept full personal responsibility for the issuance of documents on which facsimile signatures appear in the same way as the CFO accepts responsibility for documents signed manually.
  - (c) Samples of stamp or plate signatures must be provided to the Commission for authorization in advance of their use.

REGISTERED POLITICAL PARTIES - ANNUAL FINANCIAL STATEMENTSGENERAL

- .01 Every registered political party must file annual financial statements for the year ended December 31.

Act reference 42

THE ANNUAL FINANCIAL STATEMENTS

- .02 The Commission requires that all financial statements be filed in the form prescribed or approved by the Commission.

A political party may maintain computerized records of the information required by the statutory disclosure provisions and generate the statements from computers.

CFOs who wish to use computer-generated information for the financial statements must have the format approved by the Commission prior to filing the computer-generated statements.

Computer-generated statements must contain all the required information in a format substantially similar to the Commission's forms.

Act reference 47

FILING DATE

- .03 Annual financial statements for the year ended December 31 are due on or before May 31st in the following year.
- .04 Responsibility for filing complete and on time annual financial statements rests with the CFO. Since the annual financial statements must be reported on by the auditor, it is necessary that the CFO and the auditor meet to discuss the audit and filing process. It is recommended that the two should meet before December 31 to determine cutoff and closing procedures and agree on a date when all the books and records should be delivered to the auditor.
- .05 The Commission will accept as on time financial statements postmarked or courier receipted on or before May 31.

The Commission will not accept as filed financial statements submitted which have any of the following deficiencies:

- financial statements without the signed attestation of the CFO,
- financial statements without the signed auditor's report,
- financial statements without the Commission's copies of receipts issued,
- financial statements without the required schedules completed, or

**SCHEDULE 8 - CANDIDATES' AND LEADERSHIP CONTESTANTS' SURPLUS FUNDS RECEIVED AND CANDIDATES' DEFICIT PAID**

- .25** Schedule 8, Part I requires information on the receipt by the political party of candidates' surplus funds. The surplus received should be as reported on the candidate's CR-1 campaign period financial statement. If only part or some other amount is reported as received, an explanation must be provided.

Also to be entered on Schedule 8, Part II is the receipt by the political party of leadership contestants' surplus funds. The surplus received should be as reported on the leadership contestants' CR-5 contest period financial statement. If only part or some other amount is reported as received, an explanation must be provided.

There may be instances where a political party will resolve a candidate's deficit. Enter on Schedule 8 any such resolution. The amount of the deficit paid should be as reported on the candidate's CR-1 campaign period financial statement. If only part or some other amount is paid, an explanation must be provided.

**SCHEDULE 9 - OPENING INVENTORY & PREPAID EXPENSES**

- .26** Schedule 9 should be identical to the schedule of closing inventory and prepaid expenses prepared at the end of the previous fiscal year. The schedule is designed both to remind CFOs what should be included in inventory and to ensure continuity and control over the inventory. This is especially important during a campaign period where such items affect campaign expenses subject to limitation.

The schedule requires information regarding description, acquisition date, supplier, quantity and value. Guideline G25 provides more information on inventory.

**SCHEDULE 10 - CLOSING INVENTORY & PREPAID EXPENSES**

- .27** Schedules 9, 10 and 11 are related in determining the increase or decrease in inventory and prepaid expenses.

Schedule 10 requires information on the ending inventory and prepaid expenses. This information is used in Schedule 11 and is also reported on the statement of assets and liabilities.

SCHEDULE 11 - CHANGES TO INVENTORY AND PREPAID EXPENSES

- .28 Schedule 11 provides the calculation of change in inventory and prepaid expenses by using the information provided in Schedules 9 and 10. The amount of the increase or decrease should be entered on the expense section of the statement of income and expenses.

SCHEDULE 12 - CAMPAIGN PERIOD INCOME STATEMENT

- .29 If a campaign period or any portion thereof falls in the annual reporting period, it will be necessary to complete Schedule 12. This schedule will only include the net financial results for the portion of the campaign period falling in the annual reporting period. The statement of assets and liabilities will not balance without a figure for the campaign period surplus or deficit.

SCHEDULE 13 - LIST OF ACCOUNTS RECEIVABLE

- .30 Schedule 13 provides an analysis of the amount entered under accounts receivable on the statement of assets and liabilities.

Provide the original date of the transaction, the name of the debtor, the nature of the transaction and the amounts.

The total amount on Schedule 13 should agree with the amount entered in the statement of assets and liabilities.

SCHEDULE 14 - LIST OF ACCOUNTS PAYABLE

- .31 Schedule 14 provides an analysis of the amount entered on the statement of assets and liabilities under accounts payable.

Provide the original date of the charge, the name of the supplier, the nature of the charge and the amount.

The total amount on Schedule 14 should agree with the amount entered in the statement of assets and liabilities.

SCHEDULE 15 - CONTRIBUTIONS COLLECTED ON BEHALF OF  
CONSTITUENCY ASSOCIATIONS IN THE PERIOD

- .32 While agency contributions for registered constituency associations may be accepted at any time during each calendar year, there remains the requirement that the constituency association's CFO must report details of all contributions in the annual reporting period ensuring no contributor made a contribution in excess of the \$750 calendar year maximum and, in the case of an election being held in the calendar year, a separate listing of the contributions accepted in the campaign period.

Consequently, the party must forward contribution details and money promptly to the constituency associations' CFOs to enable these responsibilities to be met.

## AUDITOR'S REPORT

POLITICAL PARTY  
ANNUAL FINANCIAL STATEMENTSPursuant to section 41 (4) of  
the Election Finances Act, 1986To: \_\_\_\_\_, Chief Financial Officer  
of the \_\_\_\_\_

I/we have examined the statement of assets and liabilities of \_\_\_\_\_ as at December 31, 19 \_\_\_\_\_ and the statement of income and expenses for the year then ended. My/our examination was made in accordance with generally accepted auditing standards and accordingly included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as I/we considered necessary in the circumstances except as explained in the following paragraph.

Due to the nature of the types of transactions inherent in organizations of this type, it is impracticable through auditing procedures to determine that the accounting records include all donations of goods and services, receipts and disbursements. Accordingly, my/our verification of these transactions was limited to ensuring that the financial statement reflects the amounts recorded in the accounting records of the party, in accordance with the accounting procedures established by the Commission on Election Finances and I was/we were not able to determine whether any adjustments might be necessary.

In my/our opinion, except for the effect of adjustments, if any, which I/we might have determined to be necessary had I/we been able to satisfy myself/ourselves as to the completeness of the records as described in the preceding paragraph, the statement presents fairly the information contained in the accounting records on which the statement is based in accordance with the accounting treatment prescribed by the Act and required by the Commission on Election Finances in its Guidelines for Chief Financial Officers.

The Act does not require me/us to report, nor was it practicable for me/us to determine that contributions reported include only those which may be retained in accordance with the Act.

POLITICAL PARTY - CAMPAIGN PERIOD FINANCIAL STATEMENTGENERAL

- .01 Every registered political party must file a campaign period financial statement no later than six months after polling day.

Act reference 43(1)

THE CAMPAIGN PERIOD FINANCIAL STATEMENT FORM

- .02 The Commission requires that the financial statement be filed in the form prescribed or approved by the Commission.

Many political parties maintain computerized records of the information required by the statutory disclosure provisions and generate the statements from computers.

CFOs who wish to use computer-generated information for the financial statement must have the format approved by the Commission prior to filing the computer-generated statement.

The computerized financial statement must contain all the required information in a format substantially similar to the Commission's forms.

Act reference 47

FILING DATE

- .03 The campaign period financial statement of a political party is due six months after polling day.

Act reference 43(1)

- .04 Responsibility for filing a complete and on time campaign period financial statement rests with the CFO. Since the campaign period financial statement must be reported on by the auditor, it is necessary that the CFO and the auditor meet to discuss the audit and filing process. It is recommended that the two should meet well before filing date to determine cutoff and closing procedures and agree on a date when all books and records should be delivered to the auditor.

Act reference 43(1)

- .05 The Commission will accept as on time a campaign period financial statement postmarked or courier receipted on or before the date that is six months after polling day.

- .06 The Commission will not accept as filed a financial statement which has any of the following deficiencies:

- financial statement without the signed attestation of the CFO,

GUIDELINE PG02

- financial statement without the signed auditor's report,
- financial statement without the Commission's copies of receipts issued,
- financial statement without the required schedules completed, or
- financial statement submitted by facsimile or telecopier.

**COMPLETING THE CAMPAIGN PERIOD FINANCIAL STATEMENT - GENERAL**

- .07 The campaign period financial statement has been designed to gather all the information required by the Act in a form that can be reported on by auditors. The form is set out as follows:
- address information of the Party,
  - an attestation signed by the CFO responsible for filing the financial statement,
  - a statement of campaign period income and expenses which is reported on by the auditor,
  - various supporting schedules.
- .08 The supporting schedules are an integral part of the financial statement. It is important that each schedule agrees with the primary statement.
- .09 The form should be completed by typing or printing clearly. The financial statement as filed will be photocopied for display.

**ADDRESS INFORMATION**

- .10 The mailing address should be completed fully as this will be the address used if any contact is required.

**ATTESTATION OF CHIEF FINANCIAL OFFICER**

- .11 This section must be completed by the CFO who is responsible for filing the campaign period financial statement. The Commission's staff may contact CFOs by telephone in order to process financial statements for approval as quickly as possible. If possible, include both business and residence telephone numbers.

**FINANCIAL STATEMENT**

- .12 The financial statement consists of a statement of campaign period income and expenses together with supporting schedules. Information on the financial statement must agree with or be derived from the information entered on the schedules.

As well, review Guideline G25 to ensure that inventory of campaign materials and other prepaid campaign expenses have been properly accounted for in the statement.

All expenses incurred in the campaign period whether paid for, owing to suppliers or contributed should be categorized on the statement of campaign period income and expenses.

Contributions may only be returned to the contributor where no receipt has yet been issued or if the original receipt has been recovered. If the original receipt cannot be recovered, the contribution must be paid to the Commission.

**Act reference 18(1)**

Donated or discounted goods or services are considered to be a contribution except:

- those provided by voluntary unpaid labour
- those valued at \$100 or less in total which the supplier considers not to be a contribution.

In every instance where goods or services have been provided, whether or not considered to be a contribution for the purposes of the Act, an expense in the equivalent value is considered to have been incurred. Guideline G35 provides information on contributed goods and services.

**Act reference 22**

The CFO must ensure that no contributor makes contributions exceeding in total the \$4,000 campaign period limit.

**Act reference 19(1)(b)(ii)**

Total contributions should be carried to the statement of campaign period income and expenses.

**PART II - LIST OF DONORS TOTALLING MORE THAN \$100**

- .18 Part II illustrates the format for listing the name and address of donors who have made contributions totalling more than \$100. If insufficient space is provided, attach a list using this format.

**Act reference 35(2)****PART III - RECEIPT FORM RECONCILIATION**

- .19 Blank receipt forms are valuable documents which must be accounted for. The CFO must provide a list of all receipts used for the campaign period. The Commission's copy of valid receipts issued for the campaign period along with the contributor's and the Commission's copy of all cancelled receipts are to be forwarded to the Commission.

#### **Act reference 24(3)**

The portion of revenue actually treated as contributions must be reported on Schedule 2 and must be acknowledged by official receipts.

The total revenue not treated as contributions should be carried to the statement of campaign period income and expenses.

Expenses should not be netted against revenue but should be accumulated and reported in the appropriate account in the expense section of the statement of campaign period income and expenses.

#### **Act reference 24(2)**

### SCHEDULE 4 - SOCIAL FUNCTIONS AND GENERAL COLLECTIONS AT MEETINGS

- .21 A separate Schedule 4 should be submitted for each social function and meeting. Provide complete details of the date, type of function, location and gross revenue. The total revenue should be carried to the statement of campaign period income and expenses.

#### **Act reference 25**

### SCHEDULE 5 - TRANSFERS RECEIVED

- .22 Schedule 5 requires information on the date, source and amount of transfers of funds, inventory of reusable campaign materials and prepaid campaign expenses received from constituency associations, candidate's campaign fund, trust funds or the party foundation. Only payments received for the general purposes of the political party should be reported as a transfer. Any payment received for a specific purpose such as the recovery of expenses or refunds should be reported with details as other income in the income section of the statement of campaign period income and expenses.

A political organization that is affiliated with and endorsed by a political party or one or more constituency associations registered with the Commission may make a contribution to the political party or any constituency association with which it is affiliated as if it were a person for the purpose of clause 19(1)(a) of the Act. Such amounts should not be reported on Schedule 5 but should be receipted and reported on Schedule 2.

Commission on Election Finances

**SCHEDULE 8 - COMPUTATION OF POLITICAL PARTY'S CAMPAIGN EXPENSE  
LIMIT AND SUBSIDY ENTITLEMENT**

- .28 The calculations in this Schedule are complex. Care should be taken to ensure proper application of the formula.
- Line 1** - Enter the number of electors entitled to vote in the electoral districts in which the political party has nominated a candidate.
- Line 2** - Calculate the campaign expense limitation by multiplying the Line 1 number by \$.40.
- Line 3** - Enter the number of electors entitled to vote in the electoral districts in which the candidate endorsed by the political party has obtained at least 15% of the popular vote.
- Line 4, 5, 6** - Only if candidates of the political party received 15% or more of the votes cast is it necessary to calculate a subsidy. It should be noted that in the case where a political party is entitled to a subsidy, the formula does not allow for a subsidy greater than the actual expenses subject to limitation actually incurred.
- Line 5** - This is the lesser of the maximum subsidy entitlement (Line 4) or the actual campaign expenses subject to the limitation.
- Line 7, 8, 9** - Where the campaign expenses of a political party exceed the limit provided under the Act and the political party qualifies for the campaign expense subsidy, the Act provides that in addition to any other penalties, the subsidy payable is to be reduced by \$1 for every \$1 the expense limitation is exceeded.

**Act reference 39(4)**

Enter the appropriate amounts from information found elsewhere on Schedule 8 to determine the reduction if any.

- Line 10** - Compute the subsidy entitlement and report the amount on the statement of campaign period income and expenses.

**SCHEDULE 9 - OPENING INVENTORY & PREPAID EXPENSES**

- .29 This schedule requires information regarding description, acquisition date, supplier, quantity and value of all inventory of reusable campaign materials and prepaid expenses.

Market price will normally be used as the basis for determining the value of inventory transferred into the campaign accounts. Market price can be determined in several ways, the more prevalent being:

- (a) recent invoices or quoted price,
- (b) the lower of replacement or reproduction cost, or
- (c) the price of recent comparable sales.

GUIDELINES FOR  
CHIEF FINANCIAL OFFICERSGUIDELINE PG02  
JUNE 1990

---

Commission on Election Finances

---

In the case of acquisitions made within one year of the writ, the invoice price should be used. In valuing campaign materials available for the party's use and which were left from a previous campaign, replacement or quoted price should be used. All materials from a previous campaign should be included even if the material was not deducted from the previous campaign because of the provisions of G25.06. In all instances, proper documentation should be prepared to substantiate any opening inventory value.

**SCHEDULE 10 - CLOSING INVENTORY & PREPAID EXPENSES**

- .30 Schedule 10 requires information on the ending inventory and prepaid expenses.

The CFO should determine carefully not only the quantity of reusable campaign materials not identifying a particular candidate and the prepaid campaign expenses not used but the value to attach to each item. A detailed list should be made and the following criteria may be useful in determining the valuation of the closing inventory and prepaid expenses:

- a) if on hand at the start of the campaign period, value at the same value as used at the start of the campaign, and
- b) if acquired during the campaign, value at invoice price.

**SCHEDULE 11 - CONTRIBUTIONS COLLECTED ON BEHALF OF REGISTERED CANDIDATES**

- .31 The Commission's Guideline PG03 sets forth the requirements with which each registered political party must comply before the political party accepts contributions for its registered candidates.

The acceptance of contributions by the party for its registered candidates does not relieve the candidate's CFO of the responsibility of:

- (1) reporting the contributions accepted by the party in the campaign period financial statement covering the period in which the party accepted the contribution.
- (2) ensuring no contributor made contributions which in total exceed the limits allowed under section 19, and
- (3) ensuring the over \$100 listing of contributions which accompanies the campaign period financial statement includes the total contributions from each source, that is, Agency Contributions plus contributions remitted directly from the contributor.

Schedule 11 provides full details of all contributions collected by the political party on behalf of its registered candidates.

These contributions should be forwarded to each candidate's CFO with all relevant details on a frequency which will enable the recording and reporting of the contribution before the candidate's financial statements are filed with the Commission.

GUIDELINE PG02  
JUNE 1990

GUIDELINES FOR  
CHIEF FINANCIAL OFFICERS

---

Commission on Election Finances

---

No contributions may be accepted on behalf of a candidate prior to the issue of the writ for an election and the candidate's registration with the Commission.

The CFO of the political party must complete and sign the certification on the schedule.

**SCHEDULE 12 - CONTRIBUTIONS COLLECTED ON BEHALF OF  
REGISTERED CONSTITUENCY ASSOCIATIONS**

- .32 The Commission's Guideline PG03 sets forth the requirements with which each registered political party must comply before the political party accepts contributions for its registered constituency associations.

The acceptance of contributions by the party for its registered constituency associations does not relieve the constituency association's CFO of the responsibility of:

- (1) reporting the contributions accepted by the party in the annual or campaign period financial statements covering the period in which the party accepted the contribution.
- (2) ensuring no contributor made contributions which in total exceed the limits allowed under section 19, and
- (3) ensuring the over \$100 listing of contributions which accompanies the annual or campaign financial statements includes the total contributions from each source, that is, agency contributions plus contributions remitted directly from the contributor.

Schedule 12 provides full details of all contributions collected by the political party on behalf of its constituency associations during the campaign period.

These contributions should be forwarded to the constituency associations' CFOs on a frequency which will enable contributions accepted in the campaign period to be recorded and reported separately from those of the annual reporting period.

**CHECK LIST**

- .33 To ensure completeness, follow the check list below and confirm that:
- the financial statement is audited well in advance of the filing deadline
  - the address information box is complete
  - the financial statement had been signed by the CFO
  - all required schedules have been completed and agree with the statement of campaign period income and expenses as appropriate
  - the auditor's report has been signed
  - attached to the financial statement are the Commission's copy of all issued receipts and the contributor's copy of all cancelled receipts

- the total of valid receipts issued agrees to the contributions reported on Schedule 2
- all contributions over \$25 have been accepted by cheque, money order or credit card
- where the charge at a fund-raising activity exceeds \$25, the amount in excess of \$25 has been considered to be a contribution in every instance
- contributions of goods and services with a total value in excess of \$100 from a single source have been recorded both as contributions and as expenses and official receipts have been issued
- contributions of goods and services with a total value of less than \$100 from a single source have been recorded both as a contribution and as an expense whether or not an official receipt has been issued
- contributions accepted from a single source do not exceed \$4,000 in total
- where contributions have been accepted from a single source exceeding \$4,000 in total, the excess has been refunded to the contributor upon recovery of the official receipt or paid to the Commission if the receipt could not be recovered
- contributions have been accepted only from persons resident in Ontario, from corporations carrying on business in Ontario and from trade unions with bargaining rights in Ontario
- all contributions have been made from the contributor's own funds
- each replacement receipt contains exactly the same information as the original receipt and states the number of the receipt it is replacing
- all loans, overdrafts or other forms of indebtedness are received only from a bank or other recognized financial institution
- transfer payments received or paid are in agreement with the records of the transferor or transferee respectively and any discrepancy explained
- contributions made through an unincorporated association including a partnership but excepting a trade union or an affiliated political organization, have been acknowledged by official receipts issued to each individual member of the association or partnership sharing in the contribution and in the amount each contributed
- the value of all inventory and prepaid expenses has been included
- all vouchers for expenses have been retained until permission is received from the Commission for their destruction. The Commission may request that vouchers be submitted for detailed examination

AUDITOR'S REPORT

POLITICAL PARTY  
CAMPAIGN PERIOD FINANCIAL STATEMENT

Pursuant to section 41 (4) of  
the Election Finances Act, 1986

To: \_\_\_\_\_, Chief Financial Officer  
of the \_\_\_\_\_

I/we have examined the statement of income and expenses for the \_\_\_\_\_  
for the campaign period from \_\_\_\_\_ to \_\_\_\_\_ relating to the Ontario election held on \_\_\_\_\_.  
My/our examination was made in accordance with generally accepted auditing standards and accordingly included a  
general review of the accounting procedures and such tests of accounting records and other supporting evidence as I/we  
considered necessary in the circumstances except as explained in the following paragraph.

Due to the nature of the types of transactions inherent in organizations of this type, it is impracticable through auditing  
procedures to determine that the accounting records include all donations of goods and services, receipts and disburse-  
ments. Accordingly, my/our verification of these transactions was limited to ensuring that the financial statement reflects  
the amounts recorded in the accounting records of the party, in accordance with the accounting procedures established  
by the Commission on Election Finances and I was/we were not able to determine whether any adjustments might be  
necessary.

In my/our opinion, except for the effect of adjustments, if any, which I/we might have determined to be necessary had  
I/we been able to satisfy myself/ourselves as to the completeness of the records as described in the preceding paragraph,  
the statement presents fairly the information contained in the accounting records on which the statement is based in  
accordance with the accounting treatment prescribed by the Act and required by the Commission on Election Finances  
in its Guidelines for Chief Financial Officers.

The Act does not require me/us to report, nor was it practicable for me/us to determine that contributions reported include  
only those which may be retained in accordance with the Act.

NOTES TO FINANCIAL STATEMENT  
FOR THE CAMPAIGN PERIOD FROM \_\_\_\_\_ TO \_\_\_\_\_  
Accounting Policies

The accounting policies and procedures are determined by the Act and the Commission on Election Finances through its  
Guidelines. These are considered appropriate for compliance with the Act.

Contributions

- Individuals, corporations, trade unions and other organizations are limited by the Act in the amount which  
they may contribute in a year or an election;
- The Commission requires that official income tax receipts be issued for each contribution;
- Contributions of other than cash are recorded at their fair commercial value.

Expenses

- The Act imposes spending limits on the campaign period expenses of candidates and political parties.  
Campaign period expenses are defined in the Act and the Guidelines;
- The Act requires all expenses be recorded at their fair commercial value.

Inventory of campaign material consists primarily (for example) of sign posts, signs and campaign promotional material  
and is valued at fair commercial value.

Inventory other than campaign material is valued at cost.

Fixed assets, consisting primarily of \_\_\_\_\_, are expensed in the year of  
acquisition and are included in the statement of assets and liabilities at a nominal amount.

**REGISTERED POLITICAL PARTIES - CONTRIBUTIONS FOR TRANSMITTAL TO  
CONSTITUENCY ASSOCIATIONS OR CANDIDATES**

- .01 Registered political parties may collect contributions on behalf of their registered constituency associations or registered candidates and forward on such contributions to such associations or candidates provided the procedures set out in this Guideline are observed. It is of note that contributions collected on behalf of candidates may only be accepted:
- (1) during the campaign period, and
  - (2) provided the candidate has complied with the registration requirements of the Election Finances Act.
- .02 Registered political parties employing this procedure, and prior to any contributions being accepted on behalf of any constituency association or candidate registered with the Commission, must:
- (a) Complete and deliver to the Commission a signed "Declaration of Trust" in the form attached to this Guideline.
  - (b) Establish a general trust account with a Canadian chartered bank or trust company licensed to carry on business in the Province of Ontario into which all Agency Contributions are to be deposited and provide the Commission with the name and address of the financial institution, and the names of the signing officers.
- .03 Clause 3 of the "Declaration of Trust" provides for the party chief financial officer's issuance of official receipts to contributors in respect to all Agency Contributions accepted.

The Commission will accordingly provide the party chief financial officer with:

- (a) a standing supply of constituency association official receipt forms, and
- (b) at the time of the issue of a writ for an election a supply of candidate official receipt forms, which bear the prefix "C" before the receipt number and the word "Candidate" printed on the form, and at the end of the campaign period the unused supply is to be returned to the Commission.

The party C.F.O. must ensure each receipt is properly completed for every contribution accepted including that part of the receipt which indicates the name of the constituency association or candidate on whose behalf the contribution is acknowledged.

The party C.F.O. is accountable to the Commission for each supply of receipts as follows:

**CONSTITUENCY ASSOCIATION RECEIPT FORMS**

A statement is to be provided to the Commission listing the particulars of the receipts used (receipt numbers and quantity) under the following captions:

- .04 Under clause 2 of the "Declaration of Trust" the party undertakes to instruct the chief financial officer of the constituency association or candidate to record the Agency Contributions received in their accounting records as "Agency Contributions Accepted by the Party". This requirement is to facilitate the verification by the auditor of the constituency association or candidate of the Agency Contributions received with party officials.

It remains the responsibility of the constituency association or candidate's C.F.O. to:

- (a) Ensure every Agency Contribution accepted by the party of his or her constituency association or candidate is recorded in the audited statements of his or her constituency association or candidate encompassing the date in which the contribution is received by the party.
  - (b) Correlate the Agency Contribution details with details of contributions received directly in compiling the "Over \$100 Listing of Contributions From a Single Source" which accompanies the audited statement filed with the Commission.
  - (c) Ensure that contributions received from a single source do not exceed the contribution limit provided under the Act.
- .05 Under clause 4 of the "Declaration of Trust" the party chief financial officer is to provide the constituency association or candidate's C.F.O. with full details of the Agency Contributions accepted and remitted.

Copies of these lists are to be provided to the Commission in the case of:

- (a) Constituency association Agency Contributions not later than the deadline date for the filing of the annual or campaign period returns, and
- (b) Candidate Agency Contributions as soon as possible following polling day to facilitate the examination of the candidate returns that might be filed earlier than the deadline date of six (6) months after polling day but in any event not later than the filing deadline date.

**NOTE:** In the absence of the party listing being received, candidate returns which reflect Agency Contributions received cannot be cleared for Commission approval resulting in a delay in the payment of the candidate expense subsidy to which the candidate may be entitled.

In the event that an interim audited statement has to be filed upon a constituency association or candidate's C.F.O. resigning or otherwise ceasing to hold office, party officials will be required to provide full details of Agency Contributions accepted in the reporting period of the interim audited statement.

The (NAME OF REGISTERED PARTY) (the "party") hereby declares that any and all monies received by it ("Agency Contributions") which are given on the condition that the party disburse such funds to a named constituency association or a political candidate ("candidate") or which are given on the condition that the party will disburse such funds amongst its constituency associations or candidates in such proportions as it in its sole discretion may decide, are and will be held in trust by it upon the following terms and conditions:

- (1) All Agency Contributions received as aforesaid shall be deposited in a general trust bank account created for that purpose with a Canadian chartered bank or trust company licensed to do business in the Province of Ontario for the accounts of the constituency association or candidates, as the case may be, for and in respect of whom such Agency Contributions were received.
- (2) The party shall remit the Agency Contributions received to:
  - (a) Constituency association's chief financial officer ("C.F.O.")

  - (b) Candidate C.F.O.s in the campaign period ensuring that no Agency Contributions are accepted for a candidate prior to his or her registration with the Commission, that no Agency Contributions are accepted for a candidate after the expiration of the campaign period and that the Agency Contributions accepted are remitted to the candidate's C.F.O. before the candidate's campaign return is filed with the Commission; and the party shall with each remittance to a constituency association's or candidate's C.F.O. instruct such person to record the Agency Contributions received in their accounting records as "Agency Contributions Accepted by the Party".
- (3) The party chief financial officer will, in respect of all Agency Contributions, issue official receipts to contributors on behalf of constituency associations or candidates, as the case may be, and shall be responsible for filing with the Commission its copies of all such official receipts.

REGISTERED POLITICAL PARTIES - BY-ELECTIONS

- .01 Since the Act defines an election to mean an election to elect a member or members to serve in the Legislative Assembly of Ontario, the issue of a writ calling for a by-election in any one electoral district constitutes the commencement of a campaign period within the meaning of the Act. Accordingly, the provisions of the Act apply to acceptance of contributions, advertising limitations, campaign expense limitations and reporting requirements.

The Act permits acceptance of contributions during a by-election campaign in addition to those permitted as annual contributions.

**Act references 19(1)(a) and 19(1)(b)**

- .02 Where writs for two or more by-elections bear the same date and provide for the same polling day, all such by-elections shall be deemed one election for purposes of the campaign contribution provisions.

**Act references 19(1)(b) and 19(2)**

- .03 In the case of a by-election, the relevant sections of the Act apply as in the case of a general election.

- .04 A political party which has accepted contributions or made expenditures in relation to a by-election is required to file a campaign period financial statement.

**Act references 43(1) and 43(2)**

- .05 Where a campaign period financial statement by a political party
- (a) is not to be filed, a declaration in writing is required from the CFO of the party stating that neither were contributions received nor expenditures made in relation to the by-election.
  - (b) is to be filed, the financial reporting requirements are to be in keeping with the Commission's Guideline PG02 - Registered Political Parties - Campaign Period Financial Statement.

GUIDELINES FOR  
CHIEF FINANCIAL OFFICERSGUIDELINE PG05  
JUNE 1990Commission on Election FinancesREGISTERED POLITICAL PARTIES - RULES ON CONTRIBUTIONSGENERAL

- .01 The Act contains a number of important requirements regarding acceptance of contributions by a registered political party. The CFO of a registered political party should become completely familiar with these provisions. Particular note should be made of the recording requirements for contributions in Guidelines PG05.18 to PG05.27. Since it will be impossible to determine in advance whether or not the total contributions from any single source will exceed the limit prescribed by the Act, it will be necessary to record both the amount and name and address of the contributor for each and every contribution received.

WHO MAY CONTRIBUTE

- .02 Contributions may be made to a registered political party only by the following individuals or organizations:
- a person who is normally resident in the Province of Ontario
  - an affiliated political organization endorsed by a political party or constituency association registered with the Commission
  - a corporation carrying on business in the Province of Ontario. Many corporations carry on business through subsidiaries and affiliated companies. Provided each carries on business as defined in Guideline G21, each corporation qualifies as a contributor.
  - a trade union as defined by the Labour Relations Act or the Canada Labour Code, that holds bargaining rights for employees in the Province of Ontario to whom those Acts apply, including central, regional or district labour councils located in the Province of Ontario.
  - a person serving in the armed forces, diplomatic service or similar type of employment abroad if that person's normal home was in the Province of Ontario.
  - from a deceased person's estate if as a result of a specific bequest in the last will and testament.

There are notable exceptions to who may contribute. Care should be taken not to accept contributions from:

- charitable organizations
- corporations which do not qualify under Guideline G21
- Members of the House of Commons domiciled in Ontario but representing an electoral district outside of the Province of Ontario.

Act references 17(1) and 30(1)(a)

- .03 Contributions may be made to a registered political party through an unincorporated association or organization provided the unincorporated association or organization meets the requirements specified in Guideline G37. Many small businesses such as retail and repair shops are unincorporated. Partnerships and joint ventures are also examples of unincorporated associations or organizations. In order for the contribution to be acceptable, the unincorporated association or organization must provide a written list of the name and address of each particular person, corporation or trade union who was the ultimate source of the contribution and the amount contributed by each.

Act references 20(1) and 27

For example, the Monday Afternoon Bridge Club, an unincorporated club, wishes to contribute \$1,500 to a registered political party. This contribution must be broken down into its particular sources and amounts. For instance, \$500 may have come from Mr. A, \$500 from Mrs. B, \$300 from Mr. C and \$200 from Ms. D who are some or all of the club's members. The CFO of the registered political party must have this information in writing before accepting the contribution and issuing individual official tax credit receipts to the named club members.

Another example would be a contribution from the partners of a professional partnership such as a firm of chartered accountants, lawyers, dentists etc. This contribution too must be broken down into its particular sources and amounts as in the first example. The CFO again must have the information in writing before accepting the contribution and issuing individual official tax credit receipts to the named partners.

A further example of an unincorporated organization is a business which is organized as a partnership and not as a limited company such as Bob and Joe's Garage which is a partnership of Bob X and Joe Z. The CFO must be very careful to determine that this is indeed an unincorporated business. As with the first example, the CFO must have the information regarding the partners and the amounts of their contributions in writing before accepting the contribution and issuing individual official tax credit receipts to the named partners.

- .04 Contributions may be made only in the contributor's own funds.

Act reference 20(1)

As outlined in the Income Tax Act, a political tax credit may be claimed by either the contributor or the contributor's spouse.

- .05 Anonymous contributions received by a registered political party, with the exception of money collected at meetings as referred to in Guideline PG05.10, may not be used or expended by the party, but must be returned to the contributor if the contributor can be identified. If the contributor cannot be identified, the funds must be paid to the Commission.

Act reference 18

- .06 A registered political party may receive funds, goods or services in any amount from any registered constituency association, the campaign account of a registered candidate of that party, the leadership contest account of any registered leadership contestant of that party, from a trust fund registered with the Commission or from the foundation of the party. These funds, goods or services are not considered to be contributions to the registered political party.

Act references 1(4), 28 and 40(2)

WHO MAY ACCEPT CONTRIBUTIONS

- .07 While the CFO or other authorized persons on record with the Commission may accept contributions for any registered political party, only the CFO may issue official receipts in acknowledgement of contributions accepted. Therefore, any contributions which are collected by others, for example, by means of a door-to-door canvass, must be turned over immediately to the party's CFO or other persons on record with the Commission, along with a list of the names and addresses of the contributors and the amounts of their individual contributions.

While the Act permits other authorized persons on record to accept contributions, it is the CFO's responsibility to ensure that contributions in excess of \$25 are by way of a cheque drawn on the contributor's own bank account, a money order signed by the contributor or by way of a charge on the contributor's credit card, and that contributions by unincorporated associations or organizations as specified in Guideline G37 are accompanied by a list of those persons sharing in the contribution and the amount contributed by each.

Act references 17(2) and 34(4)

- .08 Where the CFO learns that any contribution had been made or accepted in contravention of any provisions of the Act, such as, but not limited to:
- contributions from unidentifiable or anonymous sources except as permitted in Guideline PG05.10,
  - contributions from sources other than those permitted under Guideline PG05.02,
  - contributions in excess of the limitations mentioned in Guideline PG05.17,
  - cash contributions in excess of \$25,
  - contributions of funds not belonging to the contributor except as mentioned in Guideline PG05.03, or
  - contributions of funds from a federal political party or its organizations,
- the CFO shall, within thirty days after so learning, return to the contributor the contribution or an amount equal to the sum contributed where an official receipt in acknowledgement of the contribution has not been issued.

GUIDELINE PG05

GUIDELINES FOR  
CHIEF FINANCIAL OFFICERS

Commission on Election Finances

If an official receipt has been issued and the contributor fails to return the receipt for cancellation, an amount equal to the sum contributed must be paid to the Commission.

Act reference 18

TYPES OF CONTRIBUTIONS

- .09 If a contribution to a registered political party consists of money and if the amount of the contribution exceeds \$25, it must be made in one of the following ways:
- (a) by cheque, having the name of the contributor legibly printed thereon, signed by the contributor and drawn on an account in the contributor's name,
  - (b) by money order signed by the contributor, or
  - (c) in the case of monies contributed by an individual, by credit card having the name of the individual contributor imprinted or embossed thereon.

Act reference 17(2)

- .10 Where funds are raised for a registered political party at a general meeting, amounts of \$10 or less may be given anonymously and are not considered to be contributions to the registered political party.

Act reference 25

- .11 There is considerable flexibility for a registered political party to allocate funds raised at a fund-raising activity between contributions and expenses. However, there is a point at which some portion of the charge must be treated as a contribution. The tests are as follows:
- (a) Where the charge is \$25 or less, it may be considered entirely to cover expenses, entirely a contribution or any combination of contribution and expense allocation.
  - (b) Where the charge is \$25 or more, any amount up to \$25 may be considered to cover expenses but the remainder must be considered a contribution.

If the charge is considered entirely a contribution, an official receipt must be issued for the full amount.

For each activity the original allocation of the charge between contribution and expense should be consistent.

Should the contribution component of any charge exceed \$25, the entire amount must be paid for by cheque, money order or credit card.

Other income earned at a fund-raising activity, for example refreshment sales, must be recorded and reported to the Commission.

Act references 24(2) and 24(3)

- .12 Annual membership fees can be paid to a registered constituency association or, in combination, to a registered political party and a registered constituency association. Where the registered constituency association and registered political party maintain a membership list indicating the amount and allocation of each annual fee paid by a member and where the total of the individual membership fee is \$25 or less, that fee need not be treated as a contribution.

**Act reference 31**

In the case of family memberships, the total family membership fee divided by the family members included in the fee must not exceed \$25 per individual in order not to be considered a contribution.

- .13 Goods or services, other than those referred to in Guidelines PG05.14 and PG05.15, provided by a supplier to a registered political party in any year, excluding a campaign period, or in any campaign period are to be considered a contribution. However, where the aggregate value of all goods and services provided by the supplier in a calendar year is \$100 or less, the supplier may indicate that the value is not to be considered a contribution.

In every instance where goods or services have been provided, whether or not considered to be a contribution for the purposes of the Act, an expense in the equivalent value is considered to have been incurred.

The value of goods and services for purposes of the Act is deemed to be the lowest market price for similar goods or services at the time of their provision.

**Act reference 22**

For example, if a registered political party pays \$150 for the printing of handbills, but the lowest market price available to other customers is \$275, then the difference of \$125 is deemed to be a contribution to the party by the printer.

- .14 Voluntary labour which is not paid for by the registered political party, constituency association or candidate is not considered to be a contribution to the registered political party.

**Act reference 1(1)**

For example, an auxiliary group voluntarily makes sandwiches for the party's workers and donates the sandwiches. While the raw materials themselves constitute a contribution, the added value of the voluntary unpaid labour in making the sandwiches is not a contribution. But if a catering firm makes a gift of sandwiches this is a contribution to the registered political party. However, where the total value of all gifts of sandwiches by the catering firm in the reporting period does not exceed \$100, the caterer may indicate that the value is not to be considered a contribution.

---

Commission on Election Finances

---

- .15 Any services performed voluntarily by an individual are not considered to be a contribution to the registered political party provided the individual is not compensated by the party, constituency association or candidate nor receives from any source, pursuant to an arrangement with the individual's employer, compensation in excess of that normally received during the period this service is performed. Note that these must be services actually performed by the individual.

Act reference 1(1)

For example, if a volunteer offers to type letters on the volunteer's own typewriter, this is not a contribution to the registered political party. Similarly, if employees are given time off from their jobs in order to work voluntarily for the registered political party, this is not a contribution. But, if a person loans goods such as a typewriter or car or makes space available for the use of the party, the value of such use must be considered a contribution. However, where the total value does not exceed \$100, the person may indicate that the value is not to be considered a contribution. The difference between the last two examples is that in the latter instance these are not services that have been actually performed by the donor.

LIMITS ON CONTRIBUTIONS

- .16 A political party may accept contributions only if it is a registered political party.

Act references 1(1) and 11(1)

- .17 In any year, not including any campaign period, a person, corporation, or trade union may contribute by way of cash, cheque, money order, credit card or goods and services up to a total of \$4,000 to any registered political party. In any campaign period a person, corporation or trade union may contribute to each registered party by way of cash, cheque, money order, credit card or goods and services up to an additional \$4,000 in relation to the election in such period. Cash contributions are limited to \$25. Where writs for two or more by-elections bear the same date and provide for the same polling day all such by-elections shall be deemed to be one election.

Act references 19(1)(a)(ii),  
19(1)(b)(ii) and 19(2)

DEPOSITING, RECORDING AND REPORTING OF CONTRIBUTIONS

- .18 All monies accepted on behalf of a registered political party must be deposited in the bank, trust company, or other financial institution on record with the Commission. To facilitate audit examination of the records, prepare duplicate deposit slips for all bank deposits listing the names of the contributors from whom money orders, cheques and credit card vouchers were received.

Cheques received from credit card institutions for credit card contributions accepted will be supported by contributor details in accounts submitted to the institution for payment.

- .19 For the purposes of recording, reporting and issuing official receipts, contributions accepted by:
- (a) cash, cheque or money order are considered to have been accepted at the time such contributions are deposited in the bank account on record with the Commission.
  - (b) credit card vouchers are considered to have been accepted on the date the credit card voucher is deposited or submitted by the CFO to the credit card issuer for payment.

- .20 All contributions received during any year, excluding a campaign period, on behalf of a registered political party must be recorded by the CFO. In addition, where such contributions, including goods, services or advertising have a total aggregate value exceeding \$100 from a single source, the CFO must also report the name and address of the contributor.

Act references 23(1) and 35(1)

- .21 All the recorded information referred to in Guideline PG05.20 must be reported in the annual financial statements to be filed by the registered political party with the Commission on or before May 31st of the year next following the year to which such information relates.

Act reference 35(2)

- .22 All contributions received during a campaign period on behalf of a registered political party must be recorded by the party's CFO. In addition, where such contributions, including goods, services or advertising have a total aggregate value exceeding \$100 from a single source, the CFO must also record the name and address of the contributor.

Act references 23(1) and 35(1)

- .23 All the recorded information referred to in Guideline PG05.22 must be reported in the campaign period financial statements to be filed by the registered political party with the Commission within six months after polling day.

Act reference 35(2)

- .24 Those contributions which are received during any year, excluding a campaign period, are to be recorded separately from those contributions received during a campaign period.

Act reference 35(2)

- .25 Where funds are raised on behalf of a registered political party at a general meeting, the gross amount collected at such a meeting must be recorded by the party's CFO and must be reported to the Commission.

- .26 Where funds are raised on behalf of a registered political party at a function such as a supper, dance, garden party, or any other social event, the gross income from such functions must be recorded by the party's CFO and must be reported to the Commission.

Act reference 24(2)

- .27 Where funds, goods or services are received by a registered political party from a registered constituency association, registered official candidate of that party, a registered leadership contestant of that party, from a trust fund registered with the Commission or from the foundation of the registered party, the amount and source of these funds, goods or services must be recorded by the party's CFO and these funds must be deposited in the named bank or trust company, or other financial institution on record with the Commission.

Act references 1(4), 28 and 40(2)

RECEIPTS FOR CONTRIBUTIONS

- .28 Official receipts for tax purposes must be issued for every contribution received by a registered political party and the political party's CFO is responsible for ensuring proper receipts are completed for every contribution accepted.

Act references 26 and 34(4)(c)

ACCEPTANCE OF CONTRIBUTIONS

- .29 If a cheque for a contribution is drawn on a joint personal bank account, the receipt should be issued only to the person who signed the cheque. Where two people have signed a cheque drawn on a joint personal bank account, the CFO should determine who made the contribution and prepare the receipt(s) accordingly.
- .30 The use of post-dated cheques is not prohibited because they are not negotiable before their effective date. Cheques, whether or not they are post-dated, are not considered as accepted contributions until deposited. A contribution by post-dated cheque must still comply with the contribution limits.

Act references 17(2), 17(3) and 19(1)

- .31 It is the Commission's policy that contributions solicited for a specific purpose not within the general purposes of the Act do not qualify for an official tax credit receipt.

Act references 1(1) and 17

- .32 Contributions may not be accepted which have conditions or restrictions attached. The only exceptions are funds given to registered political parties or constituency associations covering fees for meetings, seminars, workshops or conferences which may be considered to be contributions for which receipts may be given. However, delegate fees for attendance at a leadership contest may not be treated as a contribution. Nor may a contributor designate, other than as provided for agency contributions in Guideline G19, that funds equivalent to the contribution ultimately be transferred to the political party, to another constituency association or candidate as the case may be.
- .33 Under no circumstances may a party accept intended agency contributions as if they were for the benefit of the party itself. The contributions which are accepted on behalf of a particular constituency association or candidate's campaign as provided for in Guideline G19, must be receipted in the name of the particular constituency association or candidate's campaign as specified in writing by the contributor and remitted to the ultimate designated beneficiary.
- .34 Under no circumstances may a constituency association or candidate's campaign accept contributions on behalf of or intended for another constituency association or for the party.

**SOLICITING CONTRIBUTIONS**

- .35 All literature and other communication used in connection with any solicitation of contributions by or on behalf of a registered political party must clearly identify the political party as being the recipient or beneficiary of such contributions.

ABRÉVIATIONS ET TERMINOLOGIE UTILISÉES

- .04 Les définitions inscrites dans la Loi de 1986 sur le financement des élections gardent la même signification dans les présentes Lignes directrices.
- .05 Le tableau suivant indique les abréviations utilisées dans les Lignes directrices :
- a) Par «la loi», on entend la Loi de 1986 sur le financement des élections (L.O. 1986, chap. 33, modifiée par L.O. 1987, chap. 5 et L.O. 1988, chap. 16) à moins qu'il ne s'agisse d'une autre loi expressément désignée.
  - b) Par «renvoi à la loi», on entend le renvoi à un article, à un paragraphe, à un alinéa ou à un sous-alinéa de la Loi sur le financement des élections.
  - c) Par «DF», on entend le directeur des finances.
  - d) Par «Commission», on entend la Commission sur le financement des élections.
  - e) Par «états financiers», on entend les états financiers qu'il y a lieu de déposer pour :
    - (1) les partis politiques inscrits - annuels - AR10  
- période de campagne électorale - CR4
    - (2) les associations de circonscription inscrites  
- annuels - AR1  
- période de campagne électorale - CR3
    - (3) les candidats inscrits - période de campagne électorale - CR1
    - (4) les candidats inscrits à la direction d'un parti - période de campagne à la désignation du chef - CR5
  - f) Par «candidat inscrit», on entend un candidat inscrit auprès de la Commission.
  - g) Par «association de circonscription inscrite», on entend une association de circonscription inscrite auprès de la Commission.

h) Par «candidat inscrit à la direction d'un parti», on entend un candidat à la direction d'un parti inscrit auprès de la Commission.

i) Par «parti inscrit», on entend un parti inscrit auprès de la Commission.

.06 Les renvois internes aux Lignes directrices indiquent d'abord la Ligne directrice précise, suivie d'un point, suivi de la mention du paragraphe. Par exemple, G24 signifie Ligne directrice G24 - Restrictions imposées aux dépenses liées à la campagne électorale. Un renvoi à G24.07 indique que l'intéressé doit se reporter au paragraphe .07 de la Ligne directrice G24.

.07 Les renvois à la Loi de 1986 sur le financement des élections mentionnent un article, un paragraphe, un alinéa ou un sous-alinéa. Prenons l'article 19 par exemple.

19.--(1) Les contributions qu'une personne, une personne morale ou un syndicat font à des partis politiques, des associations de circonscription et des candidats inscrits aux termes de la présente loi sont limitées à ce que précisent les alinéas a) et b). Ces montants ne dépassent pas :

a) au cours d'une même année :

(i) 4 000 \$ à l'intention de chaque parti inscrit,

(ii) 750 \$ à l'intention d'une association de circonscription inscrite; toutefois, en ce qui concerne les associations de circonscription inscrites d'un parti inscrit, la limite est portée à un total de 3 000 \$ à l'intention des associations de circonscription de chaque parti inscrit;

b) lors d'une période de campagne électorale, outre les contributions autorisées aux termes de l'alinéa a) :

(i) 4 000 \$ à l'intention de chaque parti inscrit en ce qui concerne l'élection tenue au cours de cette période,

(ii) 750 \$ à l'intention d'un candidat inscrit en ce qui concerne l'élection tenue au cours de cette période; toutefois, en ce qui concerne les candidats parrainés par un parti inscrit, le plafond est porté à un total de 3 000 \$ à l'intention des candidats inscrits de chaque parti inscrit.

(2) Pour l'application de l'alinéa (1) b), sont réputées constituer une seule élection deux ou plusieurs élections partielles auxquelles s'appliquent des décrets de convocation des électeurs qui portent la même date et qui prévoient un même jour de scrutin.

La totalité du texte 19 est un article.

19 (1) est un paragraphe de l'article 19.

19 (1) a) est un alinéa du paragraphe 19 (1).

19 (1) a) (i) est un sous-alinéa de l'alinéa 19 (1) a).

- .07 Déposer auprès de la Commission, au plus tard 6 mois après le jour du scrutin, un état financier vérifié avec les annexes correspondantes couvrant les activités de la période de campagne électorale du candidat, formule CR-1, et/ou de l'association, formule CR-3, selon le cas.
- .08 Annexer aux états financiers l'exemplaire de la Commission de tous les récépissés officiels utilisés pendant la période couverte par le rapport.

- .01 On peut se procurer auprès de la Commission la formule A-1 de demande d'inscription d'une association de circonscription. Seules les associations de circonscription parrainées par un parti politique inscrit peuvent présenter une demande d'inscription. Veiller à donner des renseignements complets.
- .02 Dans le cadre de la demande d'inscription, la loi exige que le DF de l'association fournisse à la Commission un état de l'actif et du passif de l'association qui ne peut remonter à plus de quatre-vingt-dix jours avant la date de la demande d'inscription.

Renvoi à la loi 11 (2)

- .03 Cet état initial n'a pas besoin d'être vérifié, il suffit qu'il soit certifié par le DF de l'association. Comme les futurs états financiers basés sur cette situation d'ouverture devront être vérifiés, il est essentiel que le vérificateur examine cet état initial avant son dépôt auprès de la Commission. Son contenu pourrait en effet influencer sur l'opinion du vérificateur sur les états financiers suivants.
- .04 Se reporter à la Ligne directrice G26 où sont décrites les méthodes comptables que doivent suivre les associations de circonscription.

ORIENTATION SUR DES POSTES PARTICULIERS DE L'ÉTAT DE L'ACTIF ET DU PASSIF

- .05 Cette Ligne directrice vise à faciliter l'établissement de l'état initial de l'actif et du passif. La lire attentivement. Tous les chiffres peuvent être arrondis au dollar le plus proche.

- Ligne 1 -** Inscrire le solde net total pour tous les comptes. Les dépôts, les certificats de placement garantis doivent être comptabilisés comme fonds en dépôt.
- Ligne 2 -** Inscrire seulement les créances de bonne foi de l'association, par exemple les dépôts remboursables. Ne pas inscrire les contributions promises mais non encore reçues; elles ne devront être inscrites qu'une fois reçues et déposées.
- Ligne 4 -** Inscrire la valeur à la cote des obligations, actions et autres valeurs négociables possédées par l'association à la date de cet état financier. Un courtier en valeurs mobilières ou un directeur de banque devrait pouvoir donner ces renseignements.
- Ligne 5 -** Si l'association possède des meubles, des agencements, du matériel d'imprimerie ou des éléments d'actif du même genre, inscrire à cette ligne la valeur nominale de 1 \$.
- Ligne 6 -** Inscrire la valeur du stock de matériel de la campagne électorale et autres dépenses liées à la campagne électorale payées d'avance. Pour de plus amples renseignements, voir la Ligne directrice G25.
- Ligne 7 -** Inscrire le coût d'autres éléments d'actif appartenant à l'association de circonscription comme les biens immeubles, etc., et donner les détails.
- Ligne 8 -** Annexer à l'état de l'actif et du passif une liste donnant les renseignements suivants pour chaque emprunt :
- a) le nom de l'établissement de crédit;

- b) le solde dû à la date de l'état financier; et
  - c) les conditions de chaque emprunt, notamment les conditions de remboursement, les garanties données, le nom des garants, etc.
- Ligne 10 - Inscrire ici le coût des biens reçus par l'association ou des services qui lui ont été rendus et relativement auxquels l'association n'a pas reçu de facture à la date de l'état de l'actif et du passif.
- Ligne 11 - Inscrire les éléments de passif non comptabilisés à d'autres lignes et donner les détails.
- Ligne 12 - Le chiffre du surplus (du déficit) est la différence entre l'actif total et le passif total. Lorsque le chiffre du surplus (du déficit) est inscrit, l'état est soldé.

## FORMULE DE DEMANDE D'INSCRIPTION ET AVIS DE CHANGEMENT

(VEUILLEZ ÉCRIRE EN LETTRES MAJUSCULES OU TAPER À LA MACHINE ET DÉTACHER CES LIGNES DIRECTRICES AVANT DE METTRE LA FORMULE À LA POSTE)

UTILISER CETTE FORMULE POUR :

- Aviser la Commission de toute modification apportée à l'information déjà déposée à propos d'une association déjà inscrite.

### SIGNALER IMMÉDIATEMENT TOUT CHANGEMENT AU POSTE DE DIRECTEUR DES FINANCES ET TOUS AUTRES CHANGEMENTS DANS LES 30 JOURS

Il incombe à l'association de circonscription de faire appliquer le paragraphe 11 (4) de la Loi sur le financement des élections, et la Commission peut s'en remettre à l'information fournie par le président et le directeur des finances de l'association inscrite et agir en conséquence.

### EN CAS DE CHANGEMENT AU POSTE DE DIRECTEUR DES FINANCES

Le directeur des finances qui cesse d'exercer ses fonctions doit s'assurer que les registres de l'association et la totalité des reçus d'impôt de la Commission afférents à des contributions soient remis au nouveau directeur des finances.

La Commission fera parvenir au nouveau directeur des finances l'information nécessaire pour lui permettre de s'acquitter des responsabilités de l'association de circonscription.

- Demander l'inscription d'une nouvelle association parrainée par un parti politique inscrit.

## MÉTHODES DE COMPTABILITÉ

Prière de suivre les méthodes de comptabilité énoncées ci-dessous lors de la préparation de tous les états de l'actif et du passif, ainsi que de tous les états des recettes et des dépenses qu'il faut déposer auprès de la Commission, conformément à la Loi sur le financement des élections.

### • COMPTABILITÉ D'EXERCICE

Il y a lieu d'observer la méthode de comptabilité d'exercice selon laquelle on comptabilise les dépenses dans les livres de l'association au moment où elles sont engagées. De même, on comptabilise les recettes au moment où elles sont gagnées. Cependant, on ne comptabilisera les contributions à titre de recettes que lorsque le directeur des finances les acceptera comme telles. Cette exception est due à l'incertitude qui entoure le recouvrement des montants promis.

### • VALEURS NÉGOCIABLES

Les obligations, actions et autres valeurs négociables sont évaluées à la valeur marchande telle qu'elle est cotée à la date de l'état initial de l'actif et du passif. Les valeurs acquises par la suite sont évaluées au prix coûtant. Lorsque ces valeurs sont liquidées, tout profit ou perte en résultant est comptabilisé dans l'état des recettes et des dépenses.

### • AMEUBLEMENT ET AUTRE ÉQUIPEMENT

L'ameublement, les agencements, le matériel d'imprimerie et le matériel informatique, etc., sont passés en charges au moment de l'achat. On peut comptabiliser l'existence de ces éléments d'actif à l'état de l'actif et du passif à la valeur nominale de 1 \$.

- .01 Chaque fois qu'une association de circonscription est tenue de communiquer un changement de renseignement ou de désignation, elle remet à la Commission un avis par écrit portant la signature du président et du DF dont le nom figure aux dossiers de la Commission.
- .02 Si le DF d'une association de circonscription cesse, pour quelque motif que ce soit, d'exercer ses fonctions, l'association de circonscription nomme sans délai un autre DF et communique immédiatement par écrit à la Commission le nom, l'adresse et le(s) numéro(s) de téléphone du nouveau DF.

**Renvoi à la loi 34 (3)**

- .03 Il y a lieu de faire rapport à la Commission, dans les trente jours, de toute autre modification des renseignements renfermés dans la demande d'inscription de l'association de circonscription, en produisant une nouvelle demande d'inscription d'association de circonscription et un avis de modification A-1.

**Renvoi à la loi 11 (4)**

- .04 C'est à l'association de circonscription qu'il incombe de se conformer à l'article 11 (4) de la loi. La Commission peut s'en remettre aux renseignements fournis par le président et agir en conséquence ou par l'agent désigné selon les derniers registres.
- .05 En cas de changement de DF, la personne qui accepte la nomination doit recevoir les documents suivants du DF sortant :
- a) les Lignes directrices de la Commission,
  - b) les dossiers financiers de l'association,
  - c) le stock complet de récépissés officiels fournis par la Commission, et
  - d) un rapprochement des récépissés utilisés et non utilisés entre la date de dépôt du dernier état financier de l'association de circonscription auprès de la Commission et la date de la passation des pouvoirs.

Si ces documents ne lui sont pas remis, le nouveau directeur des finances doit écrire à la Commission pour l'en informer en conséquence.

- .06 Toute modification de détail des états financiers d'une association de circonscription doit être consignée non pas sur cette formule, mais sur les états financiers annuels.

ASSOCIATION DE CIRCONSCRIPTION - RÈGLES CONCERNANT LES CONTRIBUTIONSGénéralités

- .01 La loi renferme un certain nombre d'exigences importantes en matière d'acceptation des cotisations par une association de circonscription inscrite. Le DF d'une association de circonscription inscrite devrait connaître parfaitement ces diverses dispositions. Il y a lieu de signaler en particulier l'obligation d'enregistrer les contributions selon les Lignes directrices G04.18 à G04.27. Étant donné qu'il est impossible de déterminer à l'avance si le total des contributions d'une seule et même source dépassera ou ne dépassera pas le plafond prescrit par la loi, il sera nécessaire d'enregistrer à la fois le montant et le nom et l'adresse du donateur en ce qui concerne toute contribution reçue.

QUI PEUT VERSER DES CONTRIBUTIONS

- .02 Seules les personnes ou organisations suivantes peuvent verser des contributions à une association de circonscription inscrite :

- Toute personne qui réside ordinairement en Ontario.
- Toute organisation politique affiliée parrainée par un parti politique ou une association de circonscription inscrite auprès de la Commission.
- Toute personne morale qui exerce des activités en Ontario. De nombreuses personnes morales exercent des activités par l'intermédiaire de filiales et sociétés affiliées. Pourvu que chacune exploite activement une entreprise selon la définition donnée de cette expression, dans la Ligne directrice G21, chaque personne morale remplit les conditions requises pour être donatrice.
- Tout syndicat, selon la définition qu'en donne la Loi sur les relations de travail ou le Code canadien du travail, titulaire de droits de négociation pour le compte de travailleurs en Ontario auxquels ces lois s'appliquent, notamment les conseils du travail de district, régionaux ou centraux situés en Ontario.
- Une personne qui sert dans les Forces armées, le service diplomatique ou un genre analogue d'emploi à l'étranger si son domicile normal est situé en Ontario.
- La succession d'une personne décédée s'il s'agit d'un legs précis inscrit dans le testament.

Il existe de notables exceptions. Il faut se garder d'accepter des contributions en provenance :

- d'oeuvres de charité
- de personnes morales qui ne réunissent pas les conditions requises selon la Ligne directrice G21
- de députés à la Chambre des communes, domiciliés en Ontario mais représentant une circonscription électorale située à l'extérieur de l'Ontario.

**Renvois à la loi 17 (1) et 30 (1) a)**

- .03 Il est possible de verser des contributions à une association de circonscription inscrite par l'intermédiaire d'une association ou organisation sans personnalité morale si celle-ci réunit les conditions requises dans la Ligne directrice G37. De nombreuses petites entreprises comme les magasins de détail et ateliers de réparation n'ont pas de personnalité morale. Les sociétés de personnes et les coentreprises sont aussi des exemples d'associations ou organisations sans personnalité morale. Pour que la contribution soit acceptable, l'association ou organisation sans personnalité morale doit fournir

LIGNE DIRECTRICE G04  
JUN 1990

LIGNES DIRECTRICES À L'INTENTION DES  
DIRECTEURS DES FINANCES

Page 2 de 8

Commission sur le financement des élections

une liste écrite précisant le nom et l'adresse de chaque personne particulière, personne morale ou syndicat qui a été, en fin de compte, la source de la contribution et consigner le montant versé par chacun.

#### Renvois à la loi 20 (1) et 27

Par exemple, le club de bridge du lundi après-midi, non constitué en personne morale, désire verser une contribution de 1 500 \$ à une association de circonscription inscrite. Cette contribution doit être ventilée selon les sources et montants particuliers. Par exemple, parmi les membres du club, M. A. peut avoir versé 500 \$, M<sup>me</sup> B. 500 \$, M. C. 300 \$ et M<sup>me</sup> D. 200 \$. Le DF de l'association de circonscription inscrite doit consigner ces données par écrit avant d'accepter la contribution et de délivrer des reçus officiels aux fins de l'impôt à chacun des membres du club qui a versé une contribution.

Un autre exemple concerne une contribution des associés d'une société de personnes de profession libérale, comme un cabinet de comptables agréés, d'avocats, de dentistes, etc. Cette contribution doit, elle aussi, être ventilée selon les sources et montants comme dans le premier exemple. Le DF doit, cette fois encore, disposer de toutes les données par écrit avant d'accepter la contribution et de délivrer un reçu officiel aux fins de l'impôt aux associés nommés dans la liste.

Encore un autre exemple d'organisation sans personnalité morale est une entreprise organisée en société de personnes, sans être une société commerciale, comme le garage de Bernard et Jean qui est une société de personnes entre Bernard X et Jean Z. Le DF doit bien faire attention pour déterminer s'il s'agit en fait d'une entreprise sans personnalité morale. Comme dans le premier exemple, le DF doit avoir par écrit les renseignements concernant les associés et le montant de chaque contribution avant d'accepter la contribution et de délivrer aux associés nommés le reçu officiel aux fins de l'impôt.

- .04 Les contributions ne peuvent provenir que de fonds appartenant au donateur.

#### Renvoi à la loi 20 (1)

Comme indiqué dans la Loi de l'impôt sur le revenu, le crédit d'impôt pour contribution politique peut être réclamé soit par le donateur, soit par son conjoint.

- .05 L'association de circonscription inscrite ne peut ni utiliser ni dépenser les contributions anonymes qu'elle reçoit, sauf dans le cadre d'une collecte de fonds lors d'assemblées visée à la Ligne directrice G04.10. Elle doit retourner les fonds au donateur si celui-ci peut être identifié, sinon les verser à la Commission.

#### Renvoi à la loi 18

- .06 Toute association de circonscription inscrite peut recevoir une quantité quelconque de fonds, biens ou services de son parti politique ou du compte de campagne électorale d'un candidat inscrit de ce parti, ou d'un fonds en fiducie inscrit auprès de la Commission ou de la fondation du parti. Ces fonds, biens ou services **ne sont pas** considérés comme des contributions à l'association de circonscription inscrite.

#### Renvois à la loi 1 (4), 28 et 40 (2)

#### QUI PEUT ACCEPTER DES CONTRIBUTIONS

- .07 Alors que le DF ou d'autres personnes autorisées dont le nom figure aux dossiers de la Commission peuvent accepter des contributions au nom d'une association de circonscription inscrite, seul le DF peut délivrer des récépissés officiels accusant réception des contributions acceptées. Donc, toutes les contributions recueillies par d'autres - par exemple, dans le cadre d'une collecte de porte en porte -

DIRECTEURS DES FINANCESLIGNE DIRECTRICE G04  
JUIN 1990

doivent être immédiatement remises au DF de l'association ou à d'autres personnes dont le nom figure aux dossiers de la Commission, ainsi que la liste des noms et adresses des donateurs et du montant de chaque contribution.

Bien que la loi permette à d'autres personnes autorisées dont le nom figure aux dossiers de la Commission d'accepter des contributions, c'est au DF qu'il incombe de veiller à ce que les contributions supérieures à 25 \$ soient versées au moyen d'un chèque tiré sur le propre compte de banque du donateur, d'un mandat signé par le donateur ou d'un bordereau de la carte de crédit du donateur, et que les contributions d'associations ou organisations sans personnalité morale (comme précisé à la Ligne directrice G37) soient accompagnées d'une liste des personnes ayant participé à la contribution et du montant de chaque contribution.

**Renvois à la loi 17 (2) et 34 (4)**

08 Si le DF apprend qu'une contribution a été faite ou acceptée contrairement à une des dispositions de la loi, comme, entre autres :

- des contributions de source non identifiable ou anonyme, sauf ce qui est permis dans la Ligne directrice G04.10,
- des contributions de sources autres que celles permises aux termes de la Ligne directrice G04.02,
- des contributions supérieures aux plafonds mentionnés dans la Ligne directrice G04.17,
- des contributions supérieures à 25 \$,
- des contributions provenant de fonds n'appartenant pas au donateur sauf ce qui est mentionné dans la Ligne directrice G04.03, ou
- des contributions de fonds provenant d'un parti politique fédéral ou de ses organismes,

le DF rend au donateur la contribution ou un montant équivalent dans les trente jours qui suivent le moment où il prend connaissance de ce fait, si un récépissé officiel accusant réception de la contribution n'a pas été délivré.

Si un récépissé officiel a été délivré et que le donateur ne retourne pas le récépissé aux fins d'annulation, il faut verser à la Commission un montant égal à la contribution versée.

**Renvoi à la loi 18****GENRES DE CONTRIBUTIONS**

09 Si une contribution à une association de circonscription inscrite est versée en une somme d'argent dont le montant est supérieur à 25 \$, elle doit se faire selon l'une des formes suivantes :

- a) par chèque, portant lisiblement imprimé le nom du donateur signé par celui-ci et tiré sur un compte au nom du donateur,
- b) par un mandat signé par le donateur, ou
- c) dans le cas de contributions faites par une personne en son nom, par une carte de crédit sur laquelle le nom du donateur est imprimé ou gravé en relief.

**Renvoi à la loi 17 (2)**

- .10 Dans le cadre d'une collecte de fonds pour une association de circonscription inscrite lors d'une assemblée générale, des dons ne dépassant pas 10 \$ peuvent être effectués de manière anonyme et ne sont pas considérés comme étant des contributions à l'association de circonscription inscrite.

**Renvoi à la loi 25**

- .11 L'association de circonscription inscrite jouit d'une latitude considérable en matière de ventilation des fonds recueillis au cours d'une activité de financement entre contributions et dépenses. Il existe toutefois un point à partir duquel une part des frais doit être considérée comme une contribution. Les critères sont les suivants :

- a) Lorsque les frais ne sont pas supérieurs à 25 \$, il est possible de les considérer, dans leur totalité, comme des dépenses ou comme une contribution, ou encore comme une combinaison quelconque de contribution et de dépenses.
- b) Lorsque les frais sont supérieurs à 25 \$, tout montant jusqu'à concurrence de 25 \$ peut être considéré comme des dépenses. Le reste doit être considéré comme une contribution.

Si les frais sont considérés, dans leur totalité, comme une contribution, il faut produire un récépissé officiel libellé pour la somme intégrale.

Dans le cadre d'une seule et même activité, la ventilation originale des frais entre contribution et dépenses doit être constante.

Si l'élément de contribution des frais est supérieur à 25 \$, la somme totale doit être payée par chèque, mandat ou carte de crédit.

Toute recette obtenue dans le cadre d'une activité de financement, par exemple les ventes de rafraîchissements, doit être consignée et communiquée à la Commission.

**Renvois à la loi 24 (2) et 24 (3)**

- .12 Une cotisation annuelle de membre peut être versée à une association de circonscription inscrite ou, en combinaison, à un parti politique inscrit et à une association de circonscription inscrite. Si l'association de circonscription inscrite et le parti politique inscrit tiennent une liste de membres qui indique le montant et la ventilation de chaque cotisation annuelle versée par un membre et si le montant total de la cotisation individuelle ne dépasse pas 25 \$, il n'y a pas lieu de traiter la cotisation comme une contribution.

**Renvoi à la loi 31**

Dans le cas de cotisations familiales, la cotisation familiale totale divisée par le nombre de membres de la famille visés ne doit pas dépasser 25 \$ pour ne pas être considérée comme une contribution.

- .13 Les biens et les services autres que ceux mentionnés aux Lignes directrices G04.14 et G04.15 fournis à une association de circonscription inscrite par un fournisseur au cours d'une année quelconque à l'exclusion d'une période de campagne électorale ou au cours d'une période de campagne électorale doivent être considérés comme une contribution. Si toutefois la valeur globale des biens et services fournis par le fournisseur au cours d'une année civile ne dépasse pas 100 \$, le fournisseur peut indiquer qu'il ne considère pas cette valeur comme une contribution.

Chaque fois que sont fournis des biens ou des services, si ceux-ci sont considérés comme une contribution pour l'application de la loi, on considère qu'une dépense d'une valeur équivalente a été engagée.

Aux fins de la loi, la valeur des biens et services est réputée être la somme la moins élevée exigée au détail pour des biens ou services semblables au moment où ils sont fournis.

#### Renvoi à la loi 22

Par exemple, si une association de circonscription paie 150 \$ pour l'impression de prospectus alors que le prix le plus bas exigé d'autres clients est de 275 \$, la différence de 125 \$ est réputée constituer une contribution de l'imprimeur à l'association de circonscription.

- 14 Si une association de circonscription inscrite reçoit des biens produits par un travail bénévole non rémunéré et que ces biens ne soient pas payés par le parti, l'association de circonscription ou le candidat, ces biens ne sont pas considérés comme une contribution à l'association de circonscription inscrite.

#### Renvoi à la loi 1 (1)

Par exemple, si un groupe auxiliaire prépare bénévolement des sandwiches pour les travailleurs de l'association et leur en fait don à titre gratuit, les éléments eux-mêmes représentent une contribution, mais le temps passé n'est pas une contribution. Toutefois, si un particulier qui possède un service de traiteur fait don de sandwiches produits par des employés rémunérés, cela constitue une contribution à l'association de circonscription inscrite. En revanche, si la valeur des sandwiches donnés par le service de traiteur ne dépasse pas 100 \$, le traiteur peut indiquer que cette valeur ne doit pas être considérée comme une contribution.

- 15 Les services fournis bénévolement par une personne ne sont pas considérés comme une contribution à l'association de circonscription inscrite si la personne n'est pas rémunérée par le parti, l'association de circonscription ou le candidat et ne reçoit pas d'une source quelconque, conformément à une entente avec son employeur, une rémunération supérieure à celle qu'elle recevrait normalement durant la période pendant laquelle elle a fourni ces services. Il est à noter qu'il doit s'agir de services effectivement fournis par la personne.

#### Renvoi à la loi 1 (1)

Par exemple, si un bénévole offre de dactylographier des lettres sur sa propre machine à écrire, ce n'est pas une contribution à l'association de circonscription inscrite. De même, si des employés bénéficient de temps libre à leur lieu de travail pour travailler bénévolement pour l'association de circonscription, ce n'est pas une contribution. Mais si une personne prête des biens comme une machine à écrire ou une voiture et met un local à la disposition de l'association, la valeur de cet usage peut être considérée comme une contribution. Toutefois, si la valeur totale ne dépasse pas 100 \$, la personne peut indiquer que la valeur ne doit pas être considérée comme une contribution. La différence entre les deux derniers exemples réside dans le fait que, dans le dernier cas, il n'y a pas de services effectivement fournis par le donateur.

### RESTRICTIONS AUX CONTRIBUTIONS

- 16 Toute association de circonscription ne peut accepter de contributions que si elle est une association de circonscription inscrite d'un parti politique inscrit.

#### Renvois à la loi 1 (1) et 11 (1)

- 17 Au cours d'une année quelconque, y compris une période de campagne électorale, toute personne, personne morale ou tout syndicat peut verser en espèces, par chèque, mandat, carte de crédit ou sous forme de biens et services une contribution jusqu'à concurrence de 750 \$ à une association de

### **DÉPÔT, ENREGISTREMENT ET DÉCLARATION DES CONTRIBUTIONS**

- .18 Les sommes d'argent acceptées au nom d'une association de circonscription inscrite doivent être déposées à la banque, société de fiducie ou autre institution financière dont le nom figure aux dossiers de la Commission. Pour faciliter la vérification des documents, il y a lieu de remplir des duplicata de bordereaux de dépôt pour tous les dépôts en banque dans lesquels sont consignés les noms des donateurs dont on a reçu les chèques, mandats ou bordereaux de carte de crédit. Les chèques reçus d'institutions de cartes de crédit pour des contributions acceptées effectuées à l'aide d'une carte de crédit auront à l'appui les particularités du donateur inscrites dans les comptes soumis à l'institution aux fins de paiement.

Renvoi à la loi 17 (3)

- .19 Aux fins d'enregistrement, de déclaration et de délivrance de récépissés officiels, les contributions acceptées :
- a) en espèces, par chèque ou par mandat sont considérées comme **acceptées** au moment où les contributions sont déposées dans le compte de banque inscrit auprès de la Commission.
  - b) par bordereau de carte de crédit, sont considérées comme **acceptées** à la date à laquelle le bordereau de carte de crédit est déposé ou remis par le DF à l'émetteur de la carte aux fins de paiement.
- .20 Le directeur des finances doit enregistrer toutes les contributions reçues au cours d'une année quelconque **à l'exclusion d'une période de campagne électorale** pour le compte d'une association de circonscription inscrite. En outre, si lesdites contributions, y compris les biens et services ou la publicité en provenance d'une même source, ont une valeur globale supérieure à 100 \$, le DF doit aussi **consigner** le nom et l'adresse du donateur.

Renvois à la loi 23 (1) et 35 (1)

- .21 Tous les renseignements visés à la Ligne directrice G04.20 doivent être déclarés dans un état financier que l'association de circonscription inscrite doit déposer auprès de la Commission au plus tard le 31 mai de l'année suivant celle à laquelle se rapportent lesdits renseignements.

Renvoi à la loi 35 (2)

- .22 Le DF doit enregistrer toutes les contributions reçues **pendant une période de campagne électorale** pour le compte d'une association de circonscription inscrite. En outre, si lesdites contributions, y compris les biens et services et la publicité en provenance d'une même source, ont une valeur globale supérieure à 100 \$, le DF doit aussi **consigner** le nom et l'adresse du donateur.

Renvoi à la loi 35 (1)

- .23 Tous les renseignements consignés visés à la Ligne directrice G04.22 doivent être déclarés dans l'état financier que l'association de circonscription doit déposer auprès de la Commission au plus tard six mois après le jour du scrutin.

- .24 Les contributions reçues durant une année à l'exception d'une période de campagne électorale et les contributions reçues durant une période de campagne électorale doivent être consignées séparément.

**Renvoi à la loi 35 (2)**

- .25 Si l'on recueille des fonds pour le compte d'une association de circonscription inscrite au cours d'une assemblée générale, le DF de l'association doit consigner le montant brut recueilli lors de cette assemblée et le communiquer à la Commission.

**Renvoi à la loi 25**

- .26 Si l'on recueille des fonds pour le compte d'une association de circonscription inscrite lors d'une activité comme un souper, une danse, une réception en plein air, ou tout autre événement récréatif, le DF de l'association doit consigner le montant des revenus bruts provenant de cette activité et le communiquer à la Commission.

**Renvoi à la loi 24 (2)**

- .27 Si l'on reçoit, pour le compte d'une association de circonscription inscrite d'un parti politique inscrit, des fonds, des biens ou des services en provenance de ce parti ou d'un candidat officiel inscrit de ce parti, le DF de l'association doit consigner le montant et la source de ces fonds, biens et services et les fonds doivent être déposés à la banque, société de fiducie ou autre institution financière dont le nom figure aux dossiers de la Commission.

**Renvois à la loi 28 et 40 (2)**

**RÉCÉPISSÉS DE CONTRIBUTIONS**

- .28 Il faut délivrer des reçus officiels aux fins de l'impôt pour toute contribution acceptée par une association de circonscription et il incombe au DF de l'association de circonscription de s'assurer que l'on remplit un reçu en bonne et due forme pour chaque contribution acceptée.

Il n'y a qu'un cas où le DF ne remplit pas de reçu officiel pour une contribution versée à son association de circonscription, à savoir lorsque les représentants du parti ont remis à la Commission une «déclaration de fiducie» signée relativement aux contributions pour mandat, comme il est expliqué à la Ligne directrice G19.

**Renvois à la loi 26 et 34 (4) c)**

**ACCEPTATION DES CONTRIBUTIONS**

- .29 Si un chèque représentant une contribution est tiré sur un compte de banque personnel en commun, le récépissé doit être délivré seulement à la personne qui a signé le chèque. Si deux personnes ont signé un chèque tiré sur un compte de banque personnel en commun, le DF doit déterminer qui a fait la contribution et rédiger le récépissé en conséquence.

- .30 L'usage de chèques postdatés n'est pas interdit parce qu'ils ne sont pas négociables avant la date d'effet. Les chèques, postdatés ou non, ne sont pas considérés comme des contributions acceptées tant qu'ils n'ont pas été déposés. Toute contribution effectuée par chèque postdaté n'échappe pas aux restrictions imposées aux contributions.

- .31 La Commission a pour politique que les contributions sollicitées à une fin particulière et non aux fins générales de la loi ne remplissent pas les conditions requises pour la délivrance d'un reçu officiel aux fins de l'impôt.

**Renvois à la loi 1 (1) et 17**

- .32 On ne peut accepter de contributions grevées de conditions ou de restrictions. Les seules exceptions sont les fonds donnés à des partis politiques ou associations de circonscription inscrits pour couvrir les frais afférents à des rencontres, séminaires, ateliers ou conférences qui peuvent être considérés comme étant des contributions pouvant faire l'objet de récépissés. On ne peut toutefois pas traiter comme une contribution les frais d'un délégué reliés à l'assistance à une campagne à la désignation du chef. Un donateur ne peut pas non plus spécifier, sous réserve des dispositions de la Ligne directrice G19 visant les contributions pour mandat, que des fonds équivalant à la contribution soient transférés en fin de compte au parti politique, à une autre association de circonscription ou à un candidat, selon le cas.
- .33 En aucun cas, le parti ne peut accepter des contributions voulues pour mandat dans l'intention du donateur comme si elles étaient effectuées au profit du parti lui-même. Les contributions acceptées pour le compte d'une association de circonscription ou de la campagne d'un candidat déterminées, comme prévu à la Ligne directrice G19, doivent donner lieu à un reçu au nom de ladite association de circonscription ou campagne du candidat comme le donateur l'a précisé par écrit, et remises en fin de compte au bénéficiaire ainsi désigné.
- .34 En aucun cas, le compte de campagne électorale d'une association de circonscription ne peut accepter de contributions faites pour le compte ou à l'intention du compte de campagne d'une autre association de circonscription, d'un candidat ou du parti.

**SOLLICITATION DE CONTRIBUTIONS**

- .35 Toute la documentation et les autres moyens de communication utilisés dans le cadre d'une sollicitation de contributions par une association de circonscription inscrite ou pour son compte doivent clairement préciser que l'association de circonscription est le bénéficiaire de ces contributions.

ASSOCIATION DE CIRCONSCRIPTION - ÉTAT FINANCIER POUR LA PÉRIODE DE CAMPAGNE ÉLECTORALEGÉNÉRALITÉS

- .01 Toute association de circonscription inscrite doit déposer un état financier relatif à la période de campagne électorale au plus tard six mois après le jour du scrutin.

FORMULE D'ÉTAT FINANCIER RELATIF À LA PÉRIODE DE CAMPAGNE ÉLECTORALE

- .02 La Commission exige que tous les états financiers soient déposés sur les formules fournies ou approuvées par la Commission :

De nombreuses associations de circonscription tiennent les dossiers exigés par les dispositions de divulgation d'origine législative dans des ordinateurs, et produisent leurs états financiers à partir d'ordinateurs.

Les DF qui désirent utiliser des données produites par ordinateur pour composer leurs états financiers doivent faire approuver leur format par la Commission avant de déposer les états financiers produits par ordinateur.

Les états financiers produits par ordinateur doivent renfermer tous les renseignements requis selon une présentation analogue en substance à celle des formules de la Commission.

Renvoi à la loi 47

DATE DE DÉPÔT

- .03 Les états financiers relatifs à la période de campagne électorale des associations de circonscription doivent être déposés dans les six mois suivant le jour du scrutin.

Renvoi à la loi 43 (1)

- .04 C'est au DF qu'il incombe de présenter un état financier complet relatif à la période de campagne électorale en temps voulu. Étant donné que l'état financier relatif à la période de campagne électorale doit faire l'objet d'un rapport du vérificateur, il est nécessaire que le DF et le vérificateur se rencontrent pour discuter du processus de vérification et de dépôt. Il est recommandé qu'ils se rencontrent bien avant la date de dépôt pour déterminer les méthodes d'arrêt des comptes et de clôture et qu'ils s'entendent sur la date à laquelle tous les livres et documents devront être remis au vérificateur.

Renvoi à la loi 43 (1)

- .05 La Commission acceptera comme tombant dans le délai prescrit les états financiers relatifs à la période de campagne électorale portant le cachet de la poste ou reçues par messagerie au plus tard six mois après le jour du scrutin.

- .06 La Commission n'acceptera pas le dépôt d'états financiers s'ils comportent l'une des lacunes suivantes :

- états sans l'attestation signée par le DF;

- états sans le rapport signé du vérificateur;
- états sans les copies des récépissés de la Commission qui ont été délivrés;
- états sans les tableaux requis dûment remplis; ou
- états remis par télécopieur.

#### FAÇON DE REMPLIR L'ÉTAT FINANCIER RELATIF À LA PÉRIODE DE CAMPAGNE ÉLECTORALE

- .07 L'état financier relatif à la période de campagne électorale est conçu de façon à recueillir tous les renseignements exigés par la loi sur une formule qui peut faire l'objet d'un rapport du vérificateur. La formule est composée comme suit :
- indication de l'adresse pour contacter le DF;
  - attestation signée par le DF responsable du dépôt de l'état financier;
  - état des recettes et des dépenses accompagné du rapport du vérificateur;
  - divers tableaux à l'appui des états.
- .08 Les tableaux à l'appui des états font partie intégrante des états financiers. Il est important que chaque tableau concorde avec l'état financier principal.
- .09 La formule doit être dactylographiée ou remplie clairement en caractères d'imprimerie. L'état financier, une fois déposé, sera photocopié pour être affiché.

#### INDICATION DU NOM ET DE L'ADRESSE

- .10 Il faut indiquer le nom et l'adresse postale au complet, car c'est cette adresse que la Commission utilisera pour prendre contact.

#### ATTESTATION DU DIRECTEUR DES FINANCES

- .11 Le DF à qui il incombe de déposer l'état financier relatif à la période de campagne électorale doit remplir cette section. Le personnel de la Commission peut contacter les DF par téléphone pour assurer le traitement le plus rapide possible des états financiers. Indiquer si possible les numéros de téléphone du bureau et celui de la résidence.

#### ÉTAT FINANCIER

- .12 L'état financier consiste en un état des recettes et des dépenses de la période de campagne électorale accompagné de tableaux à l'appui. Les données renfermées dans l'état des recettes et des dépenses doivent concorder avec celles des tableaux ou en dériver.

ÉTAT DES RECETTES ET DES DÉPENSES DE LA PÉRIODE DE CAMPAGNE ÉLECTORALE

.13 Cette Ligne directrice précise et définit les postes qu'il y a lieu d'inscrire dans chaque compte de l'état des recettes et des dépenses de la période de campagne électorale.

Cet état doit comprendre toutes les recettes encaissées et les dépenses engagées, notamment les comptes impayés et les débiteurs, au cours de la période comprise entre l'émission du décret de convocation des électeurs et le troisième mois qui suit le jour du scrutin. Voir aussi les Lignes directrices G24 et G25.

**Renvoi à la loi 43 (1)****RECETTES**

**Remboursement du dépôt du candidat** - Montant du remboursement, le cas échéant, à l'association du dépôt du candidat exigé aux termes de la Loi électorale de 1984.

**Surplus du candidat** - Surplus du candidat déclaré dans les états financiers CR-1 relatifs à la période de campagne électorale du candidat. Le montant peut être consigné comme à recevoir ou reçu du fonds de campagne électorale du candidat. Si l'on déclare comme reçu une part seulement ou tout autre montant, il faut joindre à l'état un tableau pour expliquer l'écart.

**Contributions** - Toutes les contributions dont des récépissés officiels ont accusé réception, y compris les contributions pour mandat. Cela comprend les sommes d'argent ainsi que les contributions en biens ou services. Le tableau 2 indique le traitement approprié des contributions et les remboursements de contributions excédentaires ou indues. Les cotisations de membres, si des récépissés officiels en accusent réception, doivent être déclarées dans les contributions.

**Renvois à la loi 17, 22 et 26**

**Activités de financement** - Montant consigné au tableau 3. Cela devrait représenter seulement les recettes d'activités de financement qui ne sont pas traitées comme des contributions.

**Intérêts créditeurs** - Tout intérêt gagné sur des dépôts ou des placements.

**Cotisations de membres** - Ne consigner dans ce compte que les cotisations de membres dont aucun récépissé officiel n'accuse réception. Toutes les cotisations de membres dont un récépissé officiel accuse réception doivent être déclarées comme contributions. Toute cotisation de membre dépassant 25 \$ doit être déclarée comme contribution et il faut délivrer un récépissé officiel. Il n'y a pas lieu de traiter comme contributions les cotisations ne dépassant pas 25 \$, pourvu que l'on tienne une liste de membres indiquant le nom, l'adresse du membre et le montant de sa cotisation.

**Renvoi à la loi 31**

Dans le cas de cotisations familiales, la cotisation familiale totale divisée par le nombre de membres de la famille visée ne doit pas dépasser 25 \$ pour ne pas être considérée comme une contribution.

**Activités récréatives et collecte de fonds** - Le tableau 4 précise ce qu'il faut déclarer dans ce compte.

**Transferts reçus** - Le tableau 5 précise ce qu'il faut déclarer dans ce compte.

**Autres recettes** - Toute recette qui ne pourrait pas être classée ailleurs, comme les recouvrements, la valeur des biens et services donnés pour lesquels il n'est pas nécessaire de délivrer de récépissé officiel, les gains de disposition de placements ou d'immobilisations, etc. Donner tous les détails pertinents. Ne pas inscrire le produit de prêts reçus.

### DÉPENSES

Avant de remplir cette partie de l'état financier, se reporter à la Ligne directrice G24 pour vérifier si les dépenses sont dûment classifiées entre celles qui sont assujetties à un plafond et celles qui ne le sont pas.

Examiner de même la Ligne directrice G25 pour vérifier si l'on a dûment comptabilisé dans l'état financier les stocks de matériel de campagne électorale et autres dépenses liées à la campagne électorale payées d'avance.

L'association de circonscription ne doit pas engager des dépenses liées à une campagne électorale, qui sont assujetties à un plafond, dont le montant total est supérieur à la somme autorisée par écrit par le DF du candidat.

### **Renvoi à la loi 39 (5)**

Toutes les dépenses engagées pendant la période de campagne électorale, qu'elles soient payées, dues ou considérées comme une contribution, doivent être inscrites par catégorie dans l'état des recettes et des dépenses relatif à la période de campagne électorale.

La section «dépenses» de l'état des recettes et des dépenses a été conçue selon une présentation par colonnes qui distingue clairement les dépenses assujetties à un plafond de celles qui ne le sont pas. Bien que la loi et nombre de lignes directrices envisagent le traitement des dépenses, la Ligne directrice G24 donne des indications précises sur la façon de classer les dépenses liées à la campagne électorale.

Si des dépenses liées à la campagne électorale ont été classées comme non assujetties à un plafond et que la Ligne directrice G24 ne permette pas de les traiter comme telles, le DF doit être prêt à fournir, sur demande, une explication du traitement comptable.

**Honoraires de comptabilité et de vérification** - Le tableau 8 précise ce qu'il faut déclarer dans ce compte.

**Publicité** - Tous les paiements relatifs à la publicité dans les médias, sauf celle qui est considérée comme faisant partie d'autres dépenses comme celles des activités de financement, d'assemblées ou de mise en candidature.

**Avis de remerciement** - Tous les paiements relatifs à une publicité dans les médias après le jour du scrutin.

**Frais bancaires** - Tous les frais de service, les frais de location de coffre-fort, les frais d'impression de chèques, etc.

**Prospectus** - Tous les paiements relatifs à des prospectus, notamment les frais de conception d'art graphique, d'impression et de distribution, sauf si les brochures sont considérées comme faisant partie d'autres dépenses comme celles d'activités de financement, d'assemblées ou de mise en candidature. Il n'y a pas lieu de redresser ce compte par suite de modification des stocks.

**Frais de garde d'enfant d'un(e) candidat(e)** - Tous les frais liés à la garde d'enfants d'un(e) candidat(e).

**Paiement du déficit du candidat** - Ce montant doit être celui du déficit du candidat consigné dans l'état financier CR-1 relatif à la période de campagne électorale du candidat. On peut le déclarer comme à payer ou payé au fonds de campagne électorale du candidat. Si l'on déclare tout autre montant, il faut annexer à l'état un tableau pour expliquer l'écart.

**Paiement du dépôt du candidat** - Paiement, le cas échéant, par l'association du dépôt exigé du candidat aux termes de la Loi électorale de 1984.

**Paiement du salaire perdu du candidat** - Tous les paiements effectués au candidat en remplacement du salaire perdu pendant un congé sans solde autorisé par son employeur.

**Frais personnels du candidat** - Tout candidat inscrit doit remettre au DF un état par écrit indiquant toutes les dépenses liées à la campagne électorale payées ou à payer à même le fonds particulier du candidat, accompagné de tous les récépissés et demandes de règlement. Inscrire ce montant et annexer l'état du candidat à l'état financier.

**Loyers liés au séjour du candidat dans une résidence temporaire** - Tous les paiements de loyer d'une résidence liés au séjour dans une résidence temporaire dans la circonscription électorale lorsque le candidat n'y a pas de résidence permanente.

**Assistance à des congrès, ateliers et rencontres** - Tous les montants payés à titre de frais d'inscription, de repas, de déplacement et d'hébergement relativement à des activités auxquelles on a assisté à l'extérieur.

**Frais d'adhésion à une carte de crédit** - Tous les montants payés relativement au service d'une carte de crédit.

**Activités de financement** - Toutes les dépenses directement reliées aux activités de financement, notamment la publicité, les prospectus, l'impression de textes, le service de traiteur, les spectacles, l'affranchissement, les boissons, la location de la salle, etc. Ne pas déduire les dépenses des recettes. Toutes les recettes doivent être consignées au tableau 3.

**Ameublement et équipement** - La Commission recommande de déclarer comme dépenses dans la période de l'achat toutes les acquisitions d'articles d'ameublement ou de matériel de bureau.

**Assurance et services publics** - Primes d'assurance sur les immobilisations, les affiches, primes d'assurance de la responsabilité civile. Services publics relatifs au fonctionnement du bureau de l'association de circonscription.

**Intérêts** - Tout l'intérêt payé sur des emprunts, découverts, marges de crédit, etc.

**Stock de matériel de campagne électorale réutilisable** - Seulement la partie du stock de matériel de campagne électorale qui est distribuée, consommée, perdue, détruite et non réutilisable constitue une dépense liée à la période de campagne électorale.

Pour déterminer la valeur de l'utilisation du stock de matériel de campagne électorale réutilisable, suivre les calculs indiqués dans la formule. À noter que tout matériel restant à la fin de la période de campagne électorale et identifiant un candidat précis est réputé non réutilisable.

Tous les transferts de stock de matériel de campagne électorale réutilisable en provenance ou à destination de l'association doivent également être déclarés dans les tableaux 5 et 6 respectivement.

**Dépenses des déclarations de candidature** - Toutes les dépenses reliées au processus de mise en candidature. Par exemple, la publicité, l'impression de textes, l'affranchissement, la location de la salle, les rafraîchissements, etc.

**Loyer et location de matériel** - Loyer et location de matériel de l'association de circonscription et toutes les dépenses d'entreposage du mobilier, de matériel et du stock.

**Fournitures de bureau** - Tous les frais généraux comme les dépenses de bureau, de fournitures, de petits instruments et de matériel, etc.

**Affranchissement** - Toutes les dépenses relatives à des services postaux ou de messagerie autres que celles qui sont liées à des postes comme les activités de financement, les assemblées, la mise en candidature et les activités récréatives.

**Dépenses liées à la campagne électorale payées d'avance** - Seules les dépenses payées d'avance pour des biens consommés ou perdus durant la période de campagne électorale constituent une dépense liée à la campagne électorale.

Pour déterminer la valeur à l'utilisation des dépenses liées à la campagne électorale, suivre les calculs indiqués dans la formule.

Tous les transferts de dépenses liées à la campagne électorale en provenance ou à destination de l'association doivent également être déclarés dans les tableaux 5 et 6 respectivement. À noter que tout matériel restant à la fin de la période de campagne électorale et identifiant un candidat précis est réputé non réutilisable.

**Dépouillement judiciaire** - Toutes les dépenses relatives à un dépouillement judiciaire relatif à l'élection.

**Recherche et sondages** - Toutes les dépenses relatives à la recherche et aux sondages.

**Affiches** - Tous les paiements relatifs à la conception, l'impression, la distribution d'affiches, etc. Il n'y a pas lieu de redresser ce compte par suite de modifications des stocks.

**Activités récréatives** - Toutes les dépenses directement reliées à des activités récréatives, comme la publicité, les prospectus, l'impression de textes, le service de traiteur, les spectacles, l'affranchissement, les boissons, la location de la salle, etc. Ne pas déduire les dépenses des recettes. Toutes les recettes doivent être consignées au tableau 4.

**Papeterie** - Coût de toute la papeterie qui n'est pas relié à des postes précis comme les activités de financement, les assemblées, la mise en candidature, les activités récréatives, etc.

**Téléphone** - Dépenses relatives aux moyens de télécommunication.

**Transferts payés** - Le tableau 6 précise ce qu'il faut déclarer dans ce compte.

**Célébration de la victoire** - Toutes les dépenses relatives à une manifestation organisée après la clôture des bureaux de vote le jour du scrutin, notamment toutes les dépenses directement en rapport avec la manifestation, comme la publicité, l'impression de textes, le service de traiteur, les spectacles, les boissons, la location de la salle, etc.

**Autres dépenses** - Toute dépense qu'il est impossible de classer ailleurs, comme une perte subie lors de la disposition de placements ou d'immobilisations. Donner tous les détails pertinents.

Renvoi à la loi 36

#### TABLEAU 2 - CONTRIBUTIONS ET RAPPROCHEMENT DES RÉCÉPISSÉS

#### PARTIE I - CONTRIBUTIONS

- .17 Les contributions doivent être réparties en deux totaux distincts :

- d'une source unique supérieures à 100 \$
- d'une source unique de 100 \$ au maximum

Il faut également déclarer le détail des contributions retournées au donateur ou des cotisations payées ou à payer à la Commission.

Les contributions anonymes sont déclarées à part et doivent être versées à la Commission.

Une contribution ne peut être retournée au donateur que si aucun récépissé n'a été délivré ou si l'on a obtenu le récépissé original. Sinon, la contribution doit être versée à la Commission.

**Renvoi à la loi 18 (1)**

Les biens ou services donnés ou vendus au-dessous du prix réel sont considérés comme une contribution, sauf :

- les biens ou services fournis par un travail bénévole non rémunéré;
- les biens ou services évalués en tout à 100 \$ ou moins, si le fournisseur estime qu'ils ne constituent pas une contribution.

Chaque fois que sont fournis des biens ou des services, si ceux-ci sont considérés comme une contribution pour l'application de la loi, on considère qu'une dépense d'une valeur équivalente a été engagée. La Ligne directrice G35 donne des renseignements sur les biens et services fournis.

**Renvoi à la loi 22**

Le DF doit s'assurer qu'aucun donateur ne fait de contributions dépassant en tout le plafond annuel de 750 \$.

**Renvoi à la loi 19 (1) a) (ii)**

Le total des contributions doit être reporté dans l'état des recettes et des dépenses relatif à la période de campagne électorale.

**PARTIE II - LISTE DES DONATEURS AYANT VERSÉ UNE CONTRIBUTION SUPÉRIEURE À 100 \$**

- .18 La partie II montre comment dresser la liste en indiquant le nom et l'adresse des donateurs qui ont versé une contribution supérieure à 100 \$. Si la place est insuffisante, joindre une liste selon le même format.

**Renvoi à la loi 35 (2)**

**PARTIE III - RAPPROCHEMENT DES RÉCÉPISSÉS OFFICIELS**

- .19 Les récépissés en blanc sont de précieux documents à comptabiliser. Le directeur des finances doit dresser une liste de tous les récépissés utilisés pendant la période de campagne électorale. Il faut remettre à la Commission l'exemplaire de la Commission de tous les récépissés valides émis pendant la période de campagne électorale, ainsi que l'exemplaire du donateur et celui de la Commission de tous les récépissés annulés.

**TABLEAU 3 - ACTIVITÉS DE FINANCEMENT**

- .20 Il y a lieu de présenter un tableau 3 distinct pour chaque activité de financement.

Donner avec tous les détails pertinents la date, le genre d'activité, les frais exigés, la partie des frais considérée comme étant une contribution et autres recettes. Il est possible de ne pas considérer comme étant une contribution une partie des frais jusqu'à concurrence de 25 \$.

**Renvoi à la loi 24 (3)**

La partie des recettes effectivement considérée comme une contribution doit être déclarée sur le tableau 2 et un récépissé officiel doit en accuser réception.

Le total des recettes non considéré comme étant une contribution doit être reporté dans l'état des recettes et des dépenses relatif à la période de campagne électorale.

Ne pas déduire les dépenses des recettes, mais les additionner et les déclarer dans le compte pertinent de la section «dépenses» de l'état des recettes et des dépenses relatif à la période de campagne électorale.

**Renvoi à la loi 24 (2)****TABLEAU 4 - ACTIVITÉS RÉCRÉATIVES - COLLECTE DE FONDS LORS D'ASSEMBLÉES**

- .21 Il faut remettre un tableau 4 distinct pour chaque activité récréative ou assemblée et y donner, avec tous les détails pertinents, la date, le genre d'activité, l'emplacement et les recettes brutes. Le total des recettes doit être reporté dans l'état des recettes et des dépenses relatif à la période de campagne électorale.

Ne pas déduire les dépenses des recettes, mais les additionner et les déclarer dans le compte pertinent de la section «dépenses» de l'état des recettes et des dépenses relatif à la période de campagne électorale.

**Renvoi à la loi 25****TABLEAU 5 - TRANSFERTS REÇUS - FONDS, STOCKS ET DÉPENSES PAYÉES D'AVANCE**

- .22 Le tableau 5 exige des renseignements sur la date, la source et le montant des transferts de fonds, de stock de matériel de campagne électorale réutilisable et de dépenses liées à la campagne électorale payées d'avance reçus du parti, d'autres associations de circonscription, du fonds de campagne électorale du candidat, d'un fonds en fiducie ou de la fondation du parti. Seuls les paiements reçus aux fins générales de l'association de circonscription doivent être déclarés comme transferts. Tout paiement reçu à une fin précise comme le recouvrement de dépenses ou des remboursements doit être déclaré dans le compte pertinent de la section «recettes» de l'état des recettes et des dépenses.

Une organisation politique affiliée à un parti politique ou à une ou plusieurs associations de circonscription inscrites auprès de la Commission, ou endossée par le parti ou par une ou plusieurs associations, peut verser une contribution à une association de circonscription à laquelle elle est affiliée comme si elle était une personne aux fins de l'alinéa 19 (1) a) de la loi. Les montants doivent être déclarés au tableau 2 et non au tableau 5.

TABLEAU 6 - TRANSFERTS PAYÉS - FONDS, STOCKS ET DÉPENSES PAYÉES D'AVANCE

- .23 Le tableau 6 exige des renseignements sur la date, le bénéficiaire et le montant des transferts de fonds, de stock de matériel de campagne électorale réutilisable et de dépenses liées à la campagne électorale payées d'avance au parti, à d'autres associations de circonscription et au fonds de campagne électorale du candidat. Seuls les paiements effectués aux fins générales du bénéficiaire doivent être déclarés comme transferts. Tout paiement effectué à une fin précise comme l'assistance à une activité ou à titre de participation aux dépenses doit être déclaré dans le compte pertinent de la section «dépenses» de l'état des recettes et des dépenses relatif à la période de campagne électorale.

TABLEAU 7 - DÉPENSES LIÉES À LA CAMPAGNE ÉLECTORALE

- .24 La personne, la personne morale ou le syndicat qui demande le remboursement de dépenses liées à la campagne électorale doit présenter sa demande au DF de l'association de circonscription dans les trois mois qui suivent le jour du scrutin.

Renvoi à la loi 39 (6)

PARTIE I

- .25 Cette partie donne des renseignements relativement aux paiements totalisant plus de 100 \$ à des fournisseurs particuliers. Donner le nom du fournisseur, la nature des dépenses et leur montant. La nature des dépenses doit correspondre à la description qui en est faite à l'état des recettes et des dépenses relatif à la période de campagne électorale.

PARTIE II

- .26 En cas de contestation ou de refus de payer une demande de paiement de dépenses liées à la campagne électorale, la demande constitue une demande contestée et l'auteur de la demande peut intenter une action en recouvrement de ce paiement devant un tribunal compétent.

Renvoi à la loi 39 (8)

Inscrire le nom et l'adresse de toute personne ou organisation à laquelle on a acheté des biens ou des services et qui n'a pas été payée parce que le compte est contesté. Il y a lieu de fournir tous les détails sur le motif de la contestation. Il ne faut inclure dans les dépenses que la partie des demandes contestées qui a été payée ou que l'on s'attend à payer. Il y a lieu de rapporter à la Commission la résolution définitive de toute demande contestée.

PARTIE III

- .27 Cette partie donne des renseignements sur toutes les dépenses engagées qui n'ont pas été payées au fournisseur. Indiquer la date à laquelle la dépense a été engagée, le nom du fournisseur, la nature de la dépense et le montant.

**TABLEAU 8 - HONORAIRES DE COMPTABILITÉ ET DE VÉRIFICATION**

- .28 Le tableau 8 fournit une analyse des honoraires de comptabilité et de vérification et sert à réclamer la subvention pour le vérificateur. La note des honoraires de ce dernier doit être envoyée à la Commission avec les états financiers.

Les honoraires de comptabilité et de vérification comprennent les honoraires versés aux vérificateurs, les honoraires versés pour des services de comptabilité dispensés par des sources externes ou par le DF, s'il s'agit d'un poste rémunéré.

**TABLEAU 9 - STOCKS ET DÉPENSES PAYÉES D'AVANCE AU DÉBUT DE LA PÉRIODE DE LA CAMPAGNE ÉLECTORALE**

- .29 Ce tableau exige des renseignements concernant la description, la date d'acquisition, le fournisseur, la quantité et la valeur de tout le stock de matériel de campagne électorale réutilisable et des dépenses payées d'avance.

On recourra ordinairement au prix du marché comme base du calcul de la valeur du stock transféré dans les comptes de la campagne électorale. On peut déterminer le prix du marché de plusieurs façons, les principales étant :

- a) des factures récentes ou le prix fixé,
- b) le moins élevé du coût de remplacement et du coût de reproduction,
- c) le prix auquel des ventes comparables ont été conclues.

Dans le cas d'acquisitions réalisées dans l'année du décret de convocation, on devrait utiliser le prix inscrit sur la facture. Dans l'évaluation de matériel de campagne électorale destiné à l'usage du candidat, qui provient d'une campagne électorale antérieure, il y a lieu d'utiliser le prix de remplacement ou le prix fixe. Il y a lieu de déclarer tout le matériel provenant d'une campagne électorale antérieure, même si le matériel n'a pas été déduit de la campagne électorale antérieure en raison des dispositions du paragraphe G25.06. Ce prix varie selon les endroits de la province et dépend de l'approvisionnement local, de la concurrence et de l'aptitude de l'association de circonscription à produire ses propres enseignes ou à se procurer du matériel de récupération pour construire des enseignes. Dans tous les cas, il y a lieu de réunir la documentation pertinente à l'appui de la valeur d'ouverture du stock.

**TABLEAU 10 - STOCKS ET DÉPENSES PAYÉES D'AVANCE À LA FIN DE LA PÉRIODE**

- .30 Le tableau 10 exige des renseignements concernant les biens gardés en stock et les dépenses payées d'avance à la fin de la période.

Le DF détermine avec soin non seulement la quantité du matériel de campagne électorale réutilisable n'identifiant pas un candidat précis et les dépenses liées à la campagne électorale payées d'avance non utilisées, mais aussi la valeur à assigner à chaque article. Il y a lieu de dresser une liste détaillée et de recourir aux critères suivants pour déterminer la valeur des stocks et des dépenses payées d'avance à la fermeture de la période.

- a) si l'article était en main au début de la période de campagne électorale, l'évaluer à la même valeur utilisée au début de la campagne;

LIGNE DIRECTRICE G05

DIRECTEURS DES FINANCES

- b) si l'article a été acquis durant la campagne électorale, l'évaluer au prix de la facture.

### LISTE DE CONTRÔLE

.31 Pour vérifier si le rapport est entièrement rempli, suivre la liste de contrôle suivante et confirmer chaque point :

- Le rapport est vérifié bien avant la date limite de dépôt.
- La case réservée aux renseignements sur le nom et l'adresse est remplie.
- Le DF a signé les états financiers.
- Tous les tableaux exigés ont été remplis et sont conformes à l'état des recettes et des dépenses relatif à la période de campagne électorale.
- Le rapport du vérificateur est signé et accompagné de la note des honoraires du vérificateur.
- L'exemplaire de la Commission de tous les récépissés émis et l'exemplaire du donateur de tous les récépissés annulés sont annexés aux états financiers.
- Le total des récépissés émis est conforme au total des contributions déclaré au tableau 2.
- Toutes les contributions pour mandat ont été comptabilisées et l'on a obtenu la confirmation du bureau central.
- Toutes les contributions supérieures à 25 \$ ont été acceptées par chèque, mandat ou carte de crédit.
- Lorsque les frais exigés pour une activité de financement dépassent 25 \$, la fraction supérieure à 25 \$ a été, dans tous les cas, considérée comme étant une contribution.
- Les contributions en biens et services dont la valeur est supérieure à 100 \$ en provenance d'une source unique ont été comptabilisées à la fois comme recette et comme dépense et un récépissé officiel a été émis.
- Les contributions en biens et services dont la valeur totale **est inférieure à 100 \$** en provenance d'une source unique ont été comptabilisées à la fois comme contribution et comme dépense, qu'un récépissé officiel ait été émis ou non.
- Les contributions acceptées d'une source unique ne dépassent pas en tout 750 \$.
- Lorsque des contributions acceptées d'une source unique dépassent en tout 750 \$, la différence a été remboursée au donateur contre remise du récépissé officiel, ou versée à la Commission si l'on n'a pas récupéré le récépissé officiel.
- On n'a accepté de contributions que de personnes résidant en Ontario, de personnes morales exerçant des activités en Ontario et de syndicats titulaires de droits de négociation en Ontario.
- Toutes les contributions ont été versées à même les fonds appartenant au donateur.
- Chaque récépissé de remplacement renferme exactement les mêmes renseignements que le récépissé original et porte le numéro du récépissé qu'il remplace.

- Lorsqu'un récépissé officiel n'accuse pas réception d'une cotisation de membre (25 \$ ou moins), une liste de membres existe indiquant la cotisation annuelle payée par chaque membre.
- Tous les emprunts, découverts ou autres formes de dette sont reçus uniquement d'une banque, d'une institution financière reconnue ou d'un parti politique inscrit.
- Il a été confirmé que les paiements de transfert reçus ou versés sont conformes aux dossiers du cédant ou du cessionnaire respectivement, et toute divergence a été expliquée.
- Le surplus ou le déficit du candidat a été résolu, sinon, une explication a été fournie.
- Lorsque les contributions ont été versées par l'intermédiaire d'une association sans personnalité morale, notamment une société de personnes, mais à l'exclusion d'un syndicat ou d'une organisation politique affiliée, on a accusé réception de la contribution par des récépissés officiels délivrés au nom de chaque membre de l'association pour le montant versé par lui.
- On a déclaré la valeur des stocks et des dépenses payées d'avance.
- On a conservé les pièces justificatives des dépenses tant que la Commission n'a pas donné la permission de les détruire. La Commission peut demander que ces pièces lui soient remises aux fins d'examen.

RENSEIGNEMENTS SUPPLÉMENTAIRES

- 32 Le personnel de la Commission est toujours disposé à prêter assistance. La Commission accepte les appels à frais virés de numéro à numéro.

## RAPPORT DU VÉRIFICATEUR

ÉTAT FINANCIER POUR LA PÉRIODE DE LA CAMPAGNE ÉLECTORALE  
ASSOCIATION DE CIRCONSCRIPTION

Conformément au paragraphe 41 (4) de la  
Loi de 1986 sur le financement des élections

À : \_\_\_\_\_, directeur des finances de l'association de circonscription  
de \_\_\_\_\_.

J'ai/nous avons examiné l'état des recettes et des dépenses de l'association de circonscription de \_\_\_\_\_ pour la période de la campagne électorale du \_\_\_\_\_ au \_\_\_\_\_ relatif à l'élection en Ontario qui s'est tenue le \_\_\_\_\_.  
Mon/notre examen a été effectué conformément aux normes de vérification généralement reconnues et à l'exception des explications fournies dans le paragraphe suivant, a compris un examen général des méthodes de comptabilité et les tests des registres comptables et autres pièces justificatives à l'appui jugées nécessaires dans les circonstances.

Étant donné la nature des transactions propres aux organisations de ce genre, il est impossible au moyen des normes de vérification de déterminer si les registres comptables englobent tous les dons de biens et services, ainsi que les recettes et débours. Par conséquent, ma/notre vérification de ces transactions se borne à assurer que les états financiers indiquent fidèlement les sommes inscrites dans les registres comptables de l'association, conformément aux méthodes comptables établies par la Commission sur le financement des élections et j'étais/nous étions incapable(s) de déterminer si des ajustements quelconques sont nécessaires.

À mon/à notre avis, sauf en ce qui concerne l'effet des ajustements, le cas échéant, que j'aurais/nous aurions pu déterminer comme étant nécessaires si j'avais/nous avions pu me/nous satisfaire que les registres comptables de l'association étaient complets, conformément à la description du paragraphe précédent, ces états présentent fidèlement les renseignements contenus dans les registres comptables sur lesquels ils sont basés conformément au traitement comptable exigé par la loi et requis par la Commission sur le financement des élections dans ses Lignes directrices au directeur des finances.

La loi ne m'/nous oblige pas à signaler, et cela n'était pas pratique à déterminer non plus, si les contributions déclarées ne comprennent que celles qui sont acceptées conformément à la loi.

NOTES À L'ÉTAT FINANCIER  
POUR LA PÉRIODE DE CAMPAGNE ÉLECTORALE  
DU \_\_\_\_\_ AU \_\_\_\_\_  
Conventions de comptabilité

Les conventions et méthodes de comptabilité sont fixées par la loi et la Commission sur le financement des élections par le biais de ses Lignes directrices. L'observation de ces Lignes directrices est considérée suffisante pour respecter la loi.

## Contributions

- Au cours d'une année, ou au cours de la campagne électorale, la loi impose un plafond aux sommes que peuvent verser à titre de contribution les particuliers, les compagnies, les syndicats et autres organismes.
- La Commission exige de remettre un reçu d'impôt sur le revenu officiel pour chaque contribution.
- Les contributions autres qu'en espèces sont comptabilisées à leur juste valeur marchande.

## Dépenses

- La loi impose aux candidats et aux partis politiques un plafond aux sommes qu'ils peuvent dépenser au cours de la campagne électorale. La définition de ce que l'on entend par dépenses liées à la campagne électorale se trouve dans la loi et les Lignes directrices.
- La loi exige que toutes les dépenses soient comptabilisées à leur juste valeur marchande.

Les stocks du matériel de la campagne comprennent surtout (par exemple) les pieux d'affichage, les affiches et le matériel de promotion pour la campagne, et ils sont évalués à leur juste valeur marchande.

Les stocks autres que le matériel de la campagne sont évalués au prix coûtant.

Les immobilisations, qui comprennent surtout \_\_\_\_\_, sont passées en charges au cours de l'année d'acquisition et figurent à l'état de l'actif et du passif à leur valeur nominale.

ASSOCIATION DE CIRCONSCRIPTION - ÉTATS FINANCIERS ANNUELSGÉNÉRALITÉS

- .01 Toute association de circonscription inscrite doit déposer des états financiers annuels pour l'exercice terminé le 31 décembre.

Renvoi à la loi 42

FORMULE D'ÉTATS FINANCIERS ANNUELS

- .02 La Commission exige que tous les états financiers soient déposés sur les formules fournies ou approuvées par la Commission.

De nombreuses associations de circonscription tiennent les dossiers exigés par les dispositions de divulgation d'origine législative dans des ordinateurs, et produisent leurs états financiers à partir d'ordinateurs.

Les DF qui désirent utiliser des données produites par ordinateur pour composer leurs états financiers doivent faire approuver leur format par la Commission avant de déposer les états financiers produits par ordinateur.

Les états financiers produits par ordinateur doivent renfermer tous les renseignements requis selon une présentation analogue en substance à celle des formules de la Commission.

Renvoi à la loi 47

DATE DE DÉPÔT

- .03 Le dépôt des états financiers annuels de l'exercice terminé le 31 décembre doit avoir lieu au plus tard le 31 mai de l'exercice suivant.
- .04 C'est au DF qu'il incombe de présenter des états financiers annuels en temps voulu. Étant donné que les états financiers annuels doivent faire l'objet d'un rapport du vérificateur, il est nécessaire que le DF et le vérificateur se rencontrent pour discuter du processus de vérification et de dépôt. Il est recommandé qu'ils se rencontrent avant le 31 décembre pour déterminer les méthodes d'arrêt des comptes et de clôture et qu'ils s'entendent sur la date à laquelle tous les livres et documents devront être remis au vérificateur.

Renvoi à la loi 42

- .05 La Commission acceptera comme tombant dans le délai prescrit les états financiers portant le cachet de la poste ou reçus par messagerie au plus tard le 31 mai.

La Commission n'acceptera pas le dépôt d'états financiers s'ils comportent l'une des lacunes suivantes :

- états sans l'attestation signée par le DF;
- états sans le rapport signé du vérificateur;
- états sans les copies des récépissés de la Commission qui ont été délivrés;
- états sans les tableaux requis dûment remplis; ou

- états remis par télécopieur.

#### FAÇON DE REMPLIR LES ÉTATS FINANCIERS ANNUELS - GÉNÉRALITÉS

- .06 L'état financier annuel est conçu de façon à recueillir tous les renseignements exigés par la Loi sur le financement des élections sur une formule qui peut faire l'objet d'un rapport du vérificateur. La formule est composée comme suit :
- indication de l'adresse pour contacter le DF;
  - attestation signée par le DF responsable du dépôt du rapport;
  - état de l'actif et du passif et état des recettes et des dépenses accompagnés du rapport du vérificateur;
  - divers tableaux à l'appui des états.
- .07 Les tableaux à l'appui des états font partie intégrante des états financiers. Il est important que chaque tableau concorde avec l'état financier principal.
- .08 La formule doit être dactylographiée ou remplie clairement en caractères d'imprimerie. L'état financier, une fois déposé, sera photocopié pour être affiché.

#### INDICATION DU NOM ET DE L'ADRESSE

- .09 Il faut indiquer le nom et l'adresse postale au complet, car c'est cette adresse que la Commission utilisera pour prendre contact.

#### ATTESTATION DU DIRECTEUR DES FINANCES

- .10 Le DF à qui il incombe de déposer les états financiers annuels doit remplir cette section. Le personnel de la Commission peut contacter les DF par téléphone pour assurer le traitement le plus rapide possible des états financiers. Indiquer si possible le numéro de téléphone du bureau et celui de la résidence.

#### ÉTATS FINANCIERS

- .11 Les états financiers comprennent un état de l'actif et du passif et un état des recettes et des dépenses accompagnés de tableaux à l'appui. Les données renfermées dans les états financiers doivent concorder avec celles des tableaux ou en dériver.

#### ÉTAT DE L'ACTIF ET DU PASSIF

- .12 Cette Ligne directrice précise et définit les postes qui doivent être inscrits dans chaque compte de l'état de l'actif et du passif.

**Encaisse** - Tout l'argent en caisse et en dépôt.

**Débiteurs** - Toutes les sommes dues à l'association de circonscription à la fin de l'exercice. Cela comprend les débiteurs de toutes sortes de sources, notamment les contributions pour mandat en transit ou détenues par le parti, mais non les contributions promises. Le montant des contributions pour

mandat doit être confirmé de la part du parti. On ne peut consigner et recevoir des contributions que lorsqu'elles sont acceptées.

**Stocks et dépenses payées d'avance** - Le tableau 10 précise les stocks et les dépenses payées d'avance à la fin de l'exercice.

**Actions, obligations et autres valeurs mobilières** - Si l'association de circonscription possède des placements, elle doit les déclarer au prix coûtant. Tous gains ou pertes de disposition doivent être déclarés comme autre recette ou autre dépense.

**Immobilisations, etc.** - La Commission recommande de déclarer une somme symbolique de 1 \$ si l'association de circonscription possède des immobilisations. Toute acquisition d'ameublement ou de matériel de bureau doit être déclarée comme dépense dans l'année de l'achat.

**Autres éléments d'actif** - Particularités de tout autre élément d'actif que possède l'association et qui n'entre pas dans l'une des catégories ci-dessus.

**Créditeurs** - Total des factures impayées à la fin de l'exercice.

**Emprunts, découvert, etc.** - Le tableau 1 précise ce qu'il faut déclarer.

**Autres éléments de passif** - Estimation de toutes les dépenses engagées pour lesquelles l'association n'a pas reçu de factures et charges à payer pour des dépenses courantes comme le loyer, les contrats de financement de matériel, etc.

**Surplus (déficit)** - Ce montant doit correspondre à celui de la dernière ligne de l'état des recettes et des dépenses.

ÉTAT DES RECETTES ET DES DÉPENSES

.13 Cette Ligne directrice précise et définit les postes qu'il y a lieu d'inscrire dans chaque compte de l'état des recettes et des dépenses.

Cet état doit comprendre toutes les recettes encaissées et toutes les dépenses engagées, notamment les comptes impayés et les débiteurs, par l'association de circonscription au cours de la période couverte par le rapport à l'exception de toutes les recettes encaissées ou de toutes les dépenses engagées pendant une période de campagne électorale.

RECETTES

**Surplus du candidat** - Surplus du candidat déclaré dans l'état financier relatif à la période de campagne électorale du candidat, CR-1. Le montant peut être consigné comme à recevoir ou reçu du fonds de campagne électorale du candidat. Si l'on déclare comme reçu une part seulement ou tout autre montant, il faut joindre à la déclaration un tableau pour expliquer l'écart.

**Contributions** - Toutes les contributions dont des récépissés officiels ont accusé réception, y compris les contributions pour mandat. Cela comprend les sommes d'argent ainsi que les contributions en biens ou services. Le tableau 2 indique le traitement approprié des contributions et les remboursements de contributions excédentaires ou indues. Les cotisations de membres, si des récépissés officiels en accusent réception, doivent être déclarées dans les contributions.

**Activités de financement** - Montant consigné au tableau 3. Cela devrait représenter seulement les recettes d'activités de financement qui ne sont pas traitées comme des contributions.

**Intérêts créditeurs** - Tout intérêt gagné sur des dépôts ou des placements.

**Cotisations de membres** - Ne consigner dans ce compte que les cotisations de membres dont aucun récépissé officiel n'accuse réception. Toutes les cotisations de membres dont un récépissé officiel accuse réception doivent être déclarées comme contributions. Toute cotisation de membre dépassant 25 \$ doit être déclarée comme contribution et il faut délivrer un récépissé officiel. Il n'y a pas lieu de traiter comme contributions les cotisations ne dépassant pas 25 \$, pourvu que l'on tienne une liste de membres indiquant le nom, l'adresse du membre et le montant de sa cotisation.

#### Renvoi à la loi 31

Dans le cas de cotisations familiales, la cotisation familiale totale divisée par le nombre de membres de la famille visée ne doit pas dépasser 25 \$ pour ne pas être considérée comme une contribution.

**Activités récréatives et collecte de fonds** - Le tableau 4 précise ce qu'il faut déclarer dans ce compte.

**Transferts reçus** - Le tableau 5 précise ce qu'il faut déclarer dans ce compte.

**Autres recettes** - Toute recette qui ne pourrait pas être classée ailleurs, comme les recouvrements, la valeur des biens et services donnés pour lesquels il n'est pas nécessaire de délivrer de récépissé officiel, les gains de disposition de placements ou d'immobilisations, etc. Donner tous les détails pertinents. Ne pas inscrire le produit de prêts reçus.

#### DÉPENSES

**Honoraires de comptabilité et de vérification** - Le tableau 8 précise ce qu'il faut déclarer dans ce compte.

**Publicité** - Tous les paiements relatifs à la publicité dans les médias, sauf celle qui est considérée comme faisant partie d'autres dépenses comme celles des activités de financement, d'assemblées ou de mise en candidature.

**Frais bancaires** - Tous les frais de service, les frais de location de coffre-fort, les frais d'impression de chèques, etc.

**Prospectus** - Tous les paiements relatifs à des prospectus, notamment les frais de conception d'art graphique, d'impression et de distribution, sauf si les brochures sont considérées comme faisant partie d'autres dépenses comme celles d'activités de financement, d'assemblées ou de mise en candidature. Il n'y a pas lieu de redresser ce compte par suite de modification des stocks.

**Paiement du déficit du candidat** - Ce montant doit être celui du déficit du candidat consigné dans les états financiers CR-1 relatifs à la période de campagne électorale du candidat. On peut le déclarer comme à payer ou payé au fonds de campagne électorale du candidat. Si l'on déclare tout autre montant, il faut joindre à l'état un tableau pour expliquer l'écart.

**Assistance à des congrès, ateliers et rencontres** - Tous les montants payés à titre de frais d'inscription, de repas, de déplacement et d'hébergement relativement à des activités auxquelles on a assisté à l'extérieur.

**Activités de financement** - Toutes les dépenses directement reliées aux activités de financement, notamment la publicité, les prospectus, l'impression de textes, le service de traiteur, les spectacles,

**(Augmentation) réduction des stocks** - Le tableau 11 précise ce qu'il faut déclarer dans ce compte. Il n'y a pas lieu de redresser les dépenses déclarées ailleurs par suite de modification des stocks, mais le redressement lui-même doit être indiqué dans ce compte.

**Tenue de rencontres** - Toutes les dépenses reliées à des rencontres qui ont eu lieu, à l'exception des assemblées de mise en candidature. Par exemple, la publicité, l'impression de textes, l'affranchissement, la location de la salle, les rafraîchissements, etc.

**Dépenses des déclarations de candidature** - Toutes les dépenses reliées au processus de mise en candidature. Par exemple, la publicité, l'impression de textes, l'affranchissement, la location de la salle, les rafraîchissements, etc.

**Affranchissement** - Toutes les dépenses relatives à des services postaux ou de messagerie autres que celles qui sont liées à des postes comme les activités de financement, les assemblées, la mise en candidature et les activités récréatives.

**(Augmentation) réduction des dépenses payées d'avance** - Le tableau 11 précise ce qu'il faut déclarer dans ce compte. **Recherche et sondages** - Toutes les dépenses relatives à la recherche et aux sondages.

**Activités récréatives** - Toutes les dépenses directement reliées à des activités récréatives, comme la publicité, les prospectus, l'impression de textes, le service de traiteur, les spectacles, l'affranchissement, les boissons, la location de la salle, etc. Ne pas déduire les dépenses des recettes. Toutes les recettes doivent être consignées au tableau 4.

**Papeterie** - Coût de toute la papeterie qui n'est pas relié à des postes précis comme les activités de financement, les assemblées, la mise en candidature, les activités récréatives, etc.

**Transferts payés** - Le tableau 6 précise ce qu'il faut déclarer dans ce compte.

#### RAPPORT DU VÉRIFICATEUR

- .14 Le vérificateur de l'association de circonscription remplit le rapport normalisé du vérificateur, sauf s'il désire présenter un rapport avec réserve ou refuse de donner son opinion.

Renvoi à la loi 41 (4)

#### NOTES AFFÉRENTES AUX ÉTATS FINANCIERS

- .15 Les notes proposées ci-dessous peuvent être utilisées telles quelles ou être modifiées.

#### TABLEAU 1 - EMPRUNTS, DÉCOUVERT, ETC.

- .16 Il y a lieu de remplir le tableau 1 si l'association de circonscription a eu, durant la période de campagne électorale, une dette envers une banque ou un autre établissement de crédit reconnu.

Renvoi à la loi 36

#### TABLEAU 2 - CONTRIBUTIONS ET RAPPROCHEMENT DES RÉCÉPISSÉS

##### PARTIE I - CONTRIBUTIONS

- .17 Les contributions doivent être réparties en deux totaux distincts :

- d'une source unique supérieures à 100 \$
- d'une source unique de 100 \$ au maximum

Il faut également déclarer le détail des contributions retournées au donateur ou des cotisations payées ou à payer à la Commission.

Les contributions anonymes sont déclarées à part et doivent être versées à la Commission.

Renvoi à la loi 18 (2)

Une contribution ne peut être retournée au donateur que si aucun récépissé n'a été délivré ou si l'on a obtenu le récépissé original. Sinon, la contribution doit être versée à la Commission.

**Renvoi à la loi 18 (1)**

Les biens ou services donnés ou vendus au-dessous du prix réel sont considérés comme une contribution, sauf :

- les biens ou services fournis par un travail bénévole non rémunéré;
- les biens ou services évalués en tout à 100 \$ ou moins, si le fournisseur estime qu'ils ne constituent pas une contribution.

Chaque fois que sont fournis des biens ou des services, si ceux-ci sont considérés comme une contribution pour l'application de la loi, on considère qu'une dépense d'une valeur équivalente a été engagée. La Ligne directrice G35 donne des renseignements sur les biens et services fournis.

**Renvoi à la loi 22**

Il ne faut pas consigner dans ce rapport les contributions reçues pendant une période de campagne électorale. Le DF doit s'assurer qu'aucun donateur ne fait de contributions dépassant en tout le plafond annuel de 750 \$.

**Renvois à la loi 19 (1) a) (ii)**

Le total des contributions doit être reporté dans l'état des recettes et des dépenses.

**PARTIE II - LISTE DES DONATEURS AYANT VERSÉ UNE CONTRIBUTION SUPÉRIEURE À 100 \$**

- .18 La partie II montre comment dresser la liste en indiquant le nom et l'adresse des donateurs qui ont versé des cotisations totalisant plus de 100 \$. Si la place est insuffisante, annexer une liste selon le même format.

**Renvoi à la loi 35 (2)****PARTIE III - RAPPROCHEMENT DES RÉCÉPISSÉS OFFICIELS**

- .19 Les récépissés en blanc sont de précieux documents à comptabiliser. La Commission fournit un tableau où l'on doit indiquer les récépissés en main au début de l'exercice et l'approvisionnement reçu en cours d'exercice. Le DF doit dresser une liste de tous les récépissés utilisés pendant l'exercice et préciser ceux qui restent en main à la fin de l'exercice. Il faut expliquer toutes les divergences.

Il faut remettre à la Commission l'exemplaire de la Commission de tous les récépissés valides émis pendant l'exercice, ainsi que l'exemplaire du donateur et celui de la Commission de tous les récépissés annulés.

**TABLEAU 3 - ACTIVITÉS DE FINANCEMENT**

- .20 Il y a lieu de présenter un tableau 3 distinct pour chaque activité de financement.

Donner avec tous les détails pertinents la date, le genre d'activité, les frais exigés, la partie des frais considérée comme étant une contribution et les autres revenus. Il est possible de ne pas considérer comme étant une contribution une partie des frais jusqu'à concurrence de 25 \$.

**Renvoi à la loi 24 (3)**

La partie des recettes effectivement considérée comme une contribution doit être déclarée sur le tableau 2 et un récépissé officiel doit en accuser réception.

Le total des recettes non considérées comme étant une contribution doit être reporté dans l'état des recettes et des dépenses.

Ne pas déduire les dépenses des recettes, mais les additionner et les déclarer dans le compte pertinent de la section «dépenses» de l'état des recettes et des dépenses.

**Renvoi à la loi 24 (2)**

**TABLEAU 4 - ACTIVITÉS RÉCRÉATIVES - COLLECTE DE FONDS LORS D'ASSEMBLÉES**

- .21 Il faut remettre un tableau 4 distinct pour chaque activité récréative ou assemblée et y donner, avec tous les détails pertinents, la date, le genre d'activité, l'emplacement et les recettes brutes. Le total des recettes doit être reporté dans l'état des recettes et des dépenses.

Ne pas déduire les dépenses des recettes, mais les additionner et les déclarer dans le compte pertinent de la section «dépenses» de l'état des recettes et des dépenses.

**Renvoi à la loi 25**

**TABLEAU 5 - TRANSFERTS RECUS**

- .22 Le tableau 5 exige des renseignements sur la date, la source et le montant des transferts reçus du parti, d'autres associations de circonscription, du fonds de campagne électorale du candidat, d'un fonds en fiducie ou de la fondation du parti. Seuls les paiements reçus aux fins générales de l'association de circonscription doivent être déclarés comme transferts. Tout paiement reçu à une fin précise comme le recouvrement de dépenses ou des remboursements doit être déclaré dans le compte pertinent de la section «recettes» de l'état des recettes et des dépenses.

Une organisation politique affiliée à un parti politique ou à une ou plusieurs associations de circonscription inscrites auprès de la Commission, ou endossée par le parti ou par une ou plusieurs associations, peut verser une contribution à une association de circonscription à laquelle elle est affiliée comme si elle était une personne aux fins de l'alinéa 19 (1) a) de la loi. Les montants doivent être déclarés au tableau 2 et non au tableau 5.

**Renvois à la loi 27 (3) et 27 (4)**

**TABLEAU 6 - TRANSFERTS PAYÉS**

- .23 Le tableau 6 exige des renseignements sur la date, le bénéficiaire et le montant des transferts payés au parti, à d'autres associations de circonscription et au fonds de campagne électorale du candidat. Seuls les paiements effectués aux fins générales du bénéficiaire doivent être déclarés comme transferts. Tout paiement effectué à une fin précise comme l'assistance à une activité ou à titre de participation aux dépenses doit être déclaré dans le compte pertinent de la section «dépenses» de l'état des recettes et des dépenses.

TABLEAU 7 - LISTE DES FOURNISSEURS SI LES DÉPENSES DE LA PÉRIODE COURANTE  
SONT SUPÉRIEURES À 100 \$

- .24 Toutes les dépenses engagées pendant l'exercice, qu'elles aient été payées, qu'elles soient dues aux fournisseurs ou reçues à titre de contributions doivent être indiquées dans l'état des recettes et des dépenses.

En outre, le tableau 7 donne des renseignements relativement aux paiements totalisant plus de 100 \$ à des fournisseurs particuliers. Donner le nom du fournisseur, la nature des dépenses et leur montant. La nature des dépenses doit correspondre à la description qui en est faite à l'état des recettes et des dépenses.

TABLEAU 8 - HONORAIRES DE COMPTABILITÉ ET DE VÉRIFICATION

- .25 Le tableau 8 fournit une analyse des honoraires de comptabilité et de vérification et sert à réclamer la subvention pour le vérificateur. La note des honoraires de ce dernier doit être envoyée à la Commission avec les états financiers.

Les honoraires de comptabilité et de vérification comprennent les honoraires versés aux vérificateurs, les honoraires versés pour des services de comptabilité dispensés par des sources externes ou par le DF, s'il s'agit d'un poste rémunéré.

TABLEAU 9 - STOCKS ET DÉPENSES PAYÉES D'AVANCE AU DÉBUT DE LA PÉRIODE

- .26 Le tableau 9 doit être identique au tableau des stocks et dépenses payées d'avance à la fin de la période établie au terme de l'exercice financier précédent. Le tableau est conçu à la fois pour rappeler aux DF ce qu'ils doivent inclure dans le stock, et pour assurer la continuité et le contrôle des stocks. Cela est particulièrement important pendant une période de campagne électorale, car ces postes touchent les dépenses liées à la campagne électorale et assujetties à des restrictions.

Le tableau exige des renseignements concernant la description, la date d'achat, le fournisseur, la quantité et la valeur. La Ligne directrice G25 donne plus de renseignements en matière de stock.

TABLEAU 10 - STOCKS ET DÉPENSES PAYÉES D'AVANCE À LA FIN DE LA PÉRIODE

- .27 Les tableaux 9, 10 et 11 sont liés entre eux du fait qu'ils déterminent l'augmentation ou la diminution des stocks et des dépenses payées d'avance.

Le tableau 10 exige des renseignements concernant les stocks et les dépenses payées d'avance à la fin de l'exercice. Ces renseignements sont utilisés au tableau 11 et sont également reportés dans l'état de l'actif et du passif.

TABLEAU 11 - CHANGEMENTS DANS LES STOCKS ET LES DÉPENSES PAYÉES D'AVANCE

- .28 Le tableau 11 sert à calculer les changements touchant les stocks et les dépenses payées d'avance en utilisant les données des tableaux 9 et 10. Le montant de l'augmentation ou de la diminution doit être inscrit dans l'état des recettes et des dépenses.

Ce tableau vise uniquement les résultats financiers nets de la partie de la période de campagne électorale qui tombe pendant la période couverte par les états financiers annuels. L'état des recettes et des dépenses ne sera pas équilibré sans le chiffre du surplus ou du déficit correspondant à la période de campagne électorale.

- Toutes les contributions supérieures à 25 \$ ont été acceptées par chèque, mandat ou carte de crédit.
- Lorsque les frais exigés pour une activité de financement dépassent 25 \$, la fraction supérieure à 25 \$ a été, dans tous les cas, considérée comme étant une contribution.
- Les contributions en biens et services dont la valeur est supérieure à 100 \$ en provenance d'une source unique ont été déclarées à la fois comme contribution et comme dépense et un récépissé officiel a été émis.
- Les contributions en biens et services dont la valeur totale n'est pas supérieure à 100 \$ en provenance d'une source unique ont été déclarées à la fois comme recette et comme dépense, que l'on ait émis ou non un récépissé officiel.
- Les contributions acceptées d'une source unique ne dépassent pas en tout 750 \$.
- Lorsque des contributions acceptées d'une source unique dépassent en tout 750 \$, la différence a été remboursée au donateur contre remise du récépissé officiel, ou versée à la Commission si l'on n'a pas récupéré le récépissé officiel.
- On n'a accepté de contributions que de personnes résidant en Ontario, de personnes morales exerçant des activités en Ontario et de syndicats titulaires de droits de négociation en Ontario.
- Toutes les contributions ont été versées à même les fonds appartenant au donateur.
- Chaque récépissé de remplacement renferme exactement les mêmes renseignements que le récépissé original et porte le numéro du récépissé qu'il remplace.
- Lorsqu'un récépissé officiel accuse réception d'une cotisation de membre (25 \$ ou moins), une liste de membres existe indiquant la cotisation annuelle payée par chaque membre.
- Tous les emprunts, découverts ou autres formes de dette sont reçus uniquement d'une banque, d'une institution financière reconnue ou d'un parti politique inscrit.
- Il a été confirmé que les paiements de transfert reçus ou versés sont conformes aux dossiers du cédant ou du cessionnaire respectivement, et toute divergence a été expliquée.
- Le surplus ou le déficit du candidat a été résolu, sinon, une explication a été fournie.
- Lorsque les contributions ont été versées par l'intermédiaire d'une association sans personnalité morale, notamment une société de personnes, mais à l'exclusion d'un syndicat ou d'une organisation politique affiliée, on a accusé réception de la contribution par des récépissés officiels délivrés au nom de chaque membre de l'association pour le montant versé par lui.
- On a déclaré la valeur des stocks et des dépenses payées d'avance.

## RAPPORT DU VÉRIFICATEUR

ÉTATS FINANCIERS ANNUELS  
ASSOCIATION DE CIRCONSCRIPTIONConformément au paragraphe 41 (4) de la  
Loi de 1986 sur le financement des électionsÀ : \_\_\_\_\_, directeur des finances  
de l'association de circonscription de \_\_\_\_\_.

J'ai/nous avons examiné l'état de l'actif et du passif de l'association de circonscription de \_\_\_\_\_ au 31 décembre 19\_\_\_\_ ainsi que l'état des recettes et des dépenses afférent à la période se terminant le même jour. Mon/notre examen a été effectué conformément aux normes de vérification généralement reconnues, et à l'exception des explications fournies dans le paragraphe suivant, a compris un examen général des méthodes de comptabilité et les tests des registres comptables et autres pièces justificatives à l'appui jugées nécessaires dans les circonstances.

Étant donné la nature des transactions propres aux organisations de ce genre, il est impossible au moyen des normes de vérification de déterminer si les registres comptables englobent tous les dons de biens et services, ainsi que les recettes et les débours. Par conséquent, ma/notre vérification de ces transactions se borne à assurer que les états financiers indiquent fidèlement les sommes inscrites dans les registres comptables de l'association, conformément aux méthodes comptables établies par la Commission sur le financement des élections et j'étais/nous étions incapables de déterminer si des ajustements quelconques sont nécessaires.

À mon/à notre avis, sauf en ce qui concerne l'effet des ajustements, le cas échéant, que j'aurais/nous aurions pu déterminer comme étant nécessaires si j'avais/nous avions pu me/nous satisfaire que les registres comptables de l'association étaient complets, conformément à la description du paragraphe précédent, ces états présentent fidèlement les renseignements contenus dans les registres comptables sur lesquels ils sont basés conformément au traitement comptable exigé par la loi et requis par la Commission sur le financement des élections dans ses Lignes directrices aux directeurs des finances.

La loi ne m'/nous oblige pas à signaler, et cela n'était pas pratique à déterminer non plus, si les contributions déclarées ne comprennent que celles qui sont acceptées conformément à la loi.

NOTES AUX ÉTATS FINANCIERS  
POUR L'ANNÉE SE TERMINANT LE 31 DÉCEMBRE 19\_\_\_\_  
Conventions de comptabilité

Les conventions et méthodes de comptabilité sont fixées par la loi et la Commission sur le financement des élections par le biais de ses Lignes directrices. L'observation de ces Lignes directrices est considérée suffisante pour respecter la loi.

## Contributions

- Au cours d'une année, ou au cours de la campagne électorale, la loi impose un plafond aux sommes que peuvent verser à titre de contribution les particuliers, les compagnies, les syndicats et autres organismes.
- La Commission exige de remettre un reçu d'impôt sur le revenu officiel pour chaque contribution.
- Les contributions autres qu'en espèces sont comptabilisées à leur juste valeur marchande.

## Dépenses

- La loi impose aux candidats et aux partis politiques un plafond aux sommes qu'ils peuvent dépenser au cours de la campagne électorale. La définition de ce que l'on entend par dépenses liées à la campagne électorale se trouve dans la loi et les Lignes directrices.
- La loi exige que toutes les dépenses soient comptabilisées à leur juste valeur marchande.

Les stocks du matériel de la campagne comprennent surtout (par exemple) les pieux d'affichage, les affiches et le matériel de promotion pour la campagne, et ils sont évalués à leur juste valeur marchande.

Les stocks autres que le matériel de la campagne sont évalués au prix coûtant. Les immobilisations, qui comprennent surtout \_\_\_\_\_, sont passées en charge au cours de l'année d'acquisition et figurent à l'état de l'actif et du passif à leur valeur nominale.

CANDIDAT - DEMANDE D'INSCRIPTION

- .01 Tout candidat à une élection générale ou à une élection partielle doit être inscrit auprès de la Commission avant que des contributions puissent être acceptées pour le compte du candidat ou que le fonds particulier du candidat puisse être utilisé aux fins de sa campagne.

**Renvois à la loi 14 (1), 14 (2) et 19 (3)**

- .02 Le candidat qui dépose une demande C-1 d'inscription auprès de la Commission :

- a) avant l'émission du décret de convocation des électeurs est réputé inscrit à compter de l'émission du décret;

**Renvoi à la loi 14 (4) a)**

- b) après l'émission du décret de convocation des électeurs est réputé inscrit à la date de réception de sa demande aux bureaux de la Commission.

**Renvoi à la loi 14 (4) b)**

La demande d'inscription envoyée à la Commission par courrier recommandé est réputée déposée à la date de sa mise à la poste.

**Renvoi à la loi 14 (5)**

- .03 Tout candidat doit nommer un DF et un vérificateur qui soit un expert-comptable titulaire d'un permis. On encourage le DF de l'association de circonscription à jouer le rôle de DF du candidat officiel. Il faut toutefois établir et maintenir des ententes bancaires et des dossiers financiers complètement distincts.

**Renvois à la loi 14 (3) e) et 41 (1)**

- .04 La Commission procure des formules C-1 à l'intention des candidats qui présentent une demande d'inscription. Il est important de répondre à toutes les questions de la demande d'inscription. Les formules de demande sont à la disposition des candidats auprès de la Commission ou du bureau central d'un parti inscrit.

- .05 Si le candidat a été nommé par une association de circonscription dans une circonscription électorale, le DF de l'association doit attester le fait à l'endroit prévu dans la demande d'inscription du candidat.

**Renvoi à la loi 14 (3) a) (ii)**

- .06 Il n'est pas nécessaire de déposer des états financiers avec la demande d'inscription du candidat. Toutefois, il incombe au DF de s'assurer que toutes les exigences de la loi sont satisfaites, que des dossiers financiers sont tenus et que l'état financier nécessaire vérifié est déposé auprès de la Commission. La Commission prie les DF de travailler en étroite collaboration avec le vérificateur du candidat pour faire en sorte que toutes les exigences soient satisfaites.

CANDIDAT - MODIFICATION DES DONNÉES D'INSCRIPTION

- .01 Chaque fois qu'un candidat est tenu de communiquer une modification touchant des renseignements ou une désignation, un avis par écrit, signé par le candidat, doit être communiqué à la Commission.
- .02 Si le DF du candidat cesse d'exercer ses fonctions pour quelque motif que ce soit, le candidat nomme sans délai une autre DF et communique immédiatement, par écrit, à la Commission le nom, l'adresse et le(s) numéro(s) de téléphone du nouveau DF.

## Renvoi à la loi 34 (3)

- .03 Le candidat doit communiquer immédiatement, par écrit, à la Commission toute autre modification des données d'inscription. Il doit le faire en produisant une nouvelle demande d'inscription d'un candidat, formule C-1.

## Renvoi à la loi 14 (7)

- .04 Le DF du candidat doit informer immédiatement, par écrit, la Commission si un candidat inscrit retire sa candidature ou ne dépose pas de déclaration de candidature auprès du directeur du scrutin ou décède avant le jour du scrutin. La période de campagne électorale à l'égard du candidat prend fin le jour de son retrait, le jour de la déclaration de candidature ou le jour de son décès, et il y a lieu de déposer dans les soixante jours un état financier vérifié.

## Renvoi à la loi 14 (6)

- .05 En cas de changement de DF, la personne qui accepte la nomination doit recevoir les documents suivants du DF sortant :
- a) les Lignes directrices de la Commission,
  - b) tous les dossiers financiers du candidat,
  - c) le stock complet de récépissés officiels fournis par la Commission, et
  - d) un rapprochement des récépissés utilisés et non utilisés jusqu'à la date de passation des pouvoirs.

Si le nouveau DF ne reçoit pas ces documents, il doit écrire à la Commission pour l'informer en conséquence.

CANDIDAT - UTILISATION DES PROPRES FONDS D'UN CANDIDAT

- .01 Lorsque les propres fonds d'un candidat sont utilisés dans le cadre de la campagne électorale du candidat, ces fonds sont considérés comme une contribution à la campagne électorale de ce candidat et assujettis au plafond fixé pour les contributions.

**Renvois à la loi 19 (1) b) (ii) et 19 (3)**

- .02 Les candidats ne peuvent verser de contribution à leur propre campagne électorale à moins d'être inscrits auprès de la Commission.

**Renvois à la loi 14 (2) et 14 (3)**

- .03 Comme c'est le cas de toutes les autres contributions, les sommes versées par le candidat à titre de contribution à sa propre campagne électorale **doivent être déposées** à la banque, société de fiducie ou autre institution financière dont le nom figure aux dossiers de la Commission.

Sont également considérées comme une contribution les dépenses liées à la campagne électorale qui ont été payées à même les propres fonds du candidat et qui n'ont pas été remboursées à ce dernier. Un état de ces dépenses, accompagné des récépissés et pièces comptables, doit être remis au DF dans les trois mois qui suivent le jour du scrutin.

**Renvois à la loi 17 (3) et 19 (3)**

- .04 À noter que les sommes suivantes **ne** sont **pas** considérées comme les propres fonds du candidat aux fins de la loi :

- a) les contributions à un candidat inscrit, sauf les siennes, permises au cours d'une période de campagne électorale;

**Renvoi à la loi 19 (1) b) (ii)**

- b) les prêts consentis à un candidat inscrit par une banque à charte ou un autre établissement de crédit, pourvu que le DF du candidat consigne le montant et les modalités de ces emprunts et les communique à la Commission;

**Renvoi à la loi 36**

- c) les transferts de fonds à un candidat officiel inscrit d'un parti politique inscrit en provenance de son parti ou de son association de circonscription;

**Renvoi à la loi 28**

- d) les transferts de fonds à un candidat officiel inscrit d'un parti politique inscrit en provenance de la fondation de ce parti ou d'un fonds en fiducie dont le nom figure aux dossiers de la Commission.

**Renvois à la loi 1 (4) et 40 (2)**

- .05 Le dépôt de 200 \$ qui doit être payé au directeur général des élections aux termes de la **Loi électorale de 1984** n'est **pas** considéré comme une contribution aux termes de la loi, pas plus qu'il n'est considéré comme :

CANDIDAT - RÈGLES CONCERNANT LES CONTRIBUTIONSGÉNÉRALITÉS

- .01 La loi stipule un certain nombre d'exigences visant l'acceptation de contributions pour le compte d'un candidat inscrit. Le DF du candidat inscrit devrait connaître parfaitement ces dispositions. Il y a lieu de signaler en particulier les formalités d'enregistrement des contributions exposées dans les Lignes directrices G10.20 à G10.26. Comme il est impossible de déterminer à l'avance si le total des contributions d'une source unique dépassera ou non le plafond prescrit par la loi, il est nécessaire de consigner à la fois le montant, le nom et l'adresse du donateur relativement à chaque contribution reçue.

On ne peut accepter de contributions pour le compte d'un candidat avant l'émission du décret de convocation des électeurs et l'inscription du candidat auprès de la Commission. Toutes les contributions acceptées avant l'inscription du candidat et non retournées au donateur doivent être versées à la Commission. Le candidat peut s'inscrire au plus tôt à la date d'émission du décret de convocation des électeurs.

Renvois à la loi 1 (1), 14 (2), 14 (3) et 18

La loi ne s'applique pas aux contributions versées en vue de campagnes électorales organisées ou de congrès tenus dans une circonscription relativement aux déclarations de candidature contestées en ce qui concerne le parrainage des candidats officiels d'un parti. En outre, ces contributions ne sont pas admissibles à un récépissé officiel aux fins de l'impôt.

Renvoi à la loi 1 (3)

QUI PEUT VERSER DES CONTRIBUTIONS

- .02 Seules les personnes ou organisations suivantes peuvent verser des contributions pour le compte d'un candidat inscrit :

- Toute personne qui réside ordinairement en Ontario.
- Toute personne morale qui exerce des activités en Ontario. De nombreuses personnes morales exercent des activités par l'intermédiaire de filiales et sociétés affiliées. Pourvu que chacune «exploite activement une entreprise» selon la définition que la Ligne directrice G21 donne de cette expression, chacune remplit les conditions requises pour être donatrice.
- Un syndicat, selon la définition qu'en donne la Loi sur les relations de travail ou le Code canadien du travail, titulaire de droits de négociation pour le compte de travailleurs en Ontario auxquels ces lois s'appliquent, notamment les conseils du travail de district, régionaux ou centraux situés en Ontario.
- Toute personne qui sert dans les Forces armées, le service diplomatique ou un genre analogue d'emploi à l'étranger si le domicile normal de cette personne est situé en Ontario.

Il existe de notables exceptions. Il faut se garder d'accepter des contributions en provenance :

- d'oeuvres de charité
- d'une organisation politique affiliée, même si elle est parrainée par un parti politique ou une association de circonscription inscrite auprès de la Commission

- de personnes morales qui ne réunissent pas les conditions requises selon la Ligne directrice G21
- de députés à la Chambre des communes, domiciliés en Ontario mais représentant une circonscription électorale située à l'extérieur de l'Ontario.

**Renvois à la loi 17 (1) et 30 (1) a)**

- .03 Il est possible de verser des contributions à un candidat inscrit par l'intermédiaire d'une association ou organisation sans personnalité morale si celle-ci réunit les conditions requises dans la Ligne directrice G37. De nombreuses petites entreprises comme des magasins de détail et ateliers de réparation n'ont pas de personnalité morale. Les sociétés de personnes et les coentreprises sont aussi des exemples d'associations ou organisations sans personnalité morale. Pour que la contribution soit acceptable, l'association ou organisation sans personnalité morale doit fournir une liste écrite précisant le nom et l'adresse de chaque personne particulière, personne morale ou syndicat qui a été, en fin de compte, la source de la contribution et consigner le montant contribué par chacun.

**Renvois à la loi 20 (1) et 27**

Par exemple, le club de bridge du lundi après-midi, non constitué en personne morale, désire verser une contribution de 1 500 \$ à un candidat inscrit. Cette contribution doit être ventilée selon les sources et montants particuliers. Par exemple, parmi les membres du club, M. A. peut avoir versé 500 \$, M<sup>me</sup> B. 500 \$, M. C. 300 \$ et M<sup>me</sup> D. 200 \$. Le DF du candidat inscrit doit consigner ces données par écrit avant d'accepter la contribution et de délivrer des récépissés officiels aux fins de l'impôt à chacun des membres du club qui a versé une contribution.

Un autre exemple concerne une contribution des associés d'une société de personnes de profession libérale, comme un cabinet de comptables agréés, d'avocats, de dentistes, etc. Cette contribution doit, elle aussi, être ventilée selon les sources et montants comme dans le premier exemple. Le DF doit, cette fois encore, disposer de toutes les données par écrit avant d'accepter la contribution et de délivrer un récépissé officiel aux fins de l'impôt aux associés nommés dans la liste.

Encore un autre exemple d'organisation sans personnalité morale est une entreprise organisée en société de personnes, sans être une société commerciale, comme le garage de Bernard et Jean qui est une société de personnes entre Bernard X et Jean Z. Le DF doit être très attentif pour constater qu'il s'agit en fait d'une entreprise sans personnalité morale. Comme dans le premier exemple, le DF doit avoir par écrit les renseignements concernant les associés et le montant de chaque contribution avant d'accepter la contribution et décerner aux associés nommés le récépissé officiel aux fins de l'impôt.

- .04 Les contributions ne peuvent provenir que de fonds appartenant au donateur.

**Renvoi à la loi 20 (1)**

Comme indiqué dans la Loi de l'impôt sur le revenu, le crédit d'impôt pour contribution politique peut être réclamé soit par le donateur, soit par son conjoint.

- .05 Lorsque les propres fonds du candidat sont utilisés dans le cadre de la campagne électorale de celui-ci, ces fonds sont réputés constituer une contribution à cette campagne électorale. Le candidat est assujéti aux mêmes limites qui s'appliquent à tout donateur. Il ne peut utiliser que jusqu'à concurrence de 750 \$ de ses propres fonds durant la période de campagne électorale. Pour plus de renseignements, se reporter à la Ligne directrice G09.

**Renvois à la loi 14 (2), 14 (3), 19 (1) b) (ii) et 19 (3)**

- .06 Le candidat inscrit ne peut ni utiliser ni dépenser les contributions anonymes reçues par son DF, sauf dans le cadre d'une collecte de fonds lors d'assemblées visée à la Ligne directrice G10.11. Il doit les retourner au donateur si celui-ci peut être identifié, sinon les verser à la Commission.

**Renvoi à la loi 18**

- .07 Tout candidat officiel d'un parti politique inscrit peut recevoir une quantité quelconque de fonds, biens ou services d'un parti inscrit, d'une association de circonscription inscrite, d'un candidat inscrit, d'un fonds en fiducie inscrit auprès de la Commission ou de la fondation du parti inscrit. Ces fonds, biens ou services ne sont pas considérés comme des contributions au candidat inscrit.

**Renvois à la loi 1 (4), 28 et 40 (2)**QUI PEUT ACCEPTER DES CONTRIBUTIONS

- .08 Alors que le DF ou d'autres personnes autorisées dont le nom figure aux dossiers de la Commission peuvent accepter des contributions pour le compte d'un candidat inscrit, seul le DF peut délivrer des récépissés officiels accusant réception des contributions acceptées. Donc, toutes les contributions recueillies par d'autres, par exemple dans le cadre d'une collecte de porte en porte, doivent être immédiatement remises au DF du candidat ou à d'autres personnes dont le nom figure aux dossiers de la Commission, ainsi que la liste des noms et adresses des donateurs et du montant de chaque contribution.

Bien que la loi permette à d'autres personnes autorisées dont le nom figure aux dossiers de la Commission d'accepter des contributions, c'est au DF qu'il incombe de veiller à ce que les contributions supérieures à 25 \$ soient versées au moyen d'un chèque tiré sur le propre compte de banque du donateur, d'un mandat signé par le donateur ou d'un bordereau de la carte de crédit du donateur et que les contributions d'associations ou organisations sans personnalité morale, comme le précise la Ligne directrice G37, soient accompagnées d'une liste des personnes ayant participé à la contribution et du montant de chaque contribution.

**Renvois à la loi 17 (2) et 33**

- .09 Si le DF d'un candidat apprend qu'une contribution a été versée ou acceptée en violation d'une des dispositions de la loi, comme notamment :
- des contributions versées avant l'émission du décret de convocation des électeurs et l'inscription du candidat auprès de la Commission,
  - des contributions versées en dehors de la période de campagne électorale,
  - des contributions provenant de sources non identifiables ou anonymes (sauf celles permises en vertu de la Ligne directrice G10.11),
  - des contributions de sources non permises en vertu de la Ligne directrice G10.02,
  - des contributions dépassant les plafonds mentionnés dans la Ligne directrice G10.19,
  - des contributions en argent dépassant 25 \$,
  - des contributions de fonds n'appartenant pas au donateur sauf celles mentionnées dans la Ligne directrice G10.03, ou
  - des contributions d'un parti politique fédéral ou de ses organisations,

le DF doit retourner au donateur la contribution ou une somme équivalente dans les trente jours qui suivent le moment où il prend connaissance du fait, si aucun récépissé officiel n'a été délivré accusant réception de la contribution.

Si un récépissé officiel a été délivré et que le donateur ne retourne pas le récépissé aux fins d'annulation, il faut verser à la Commission une somme équivalente à la contribution.

**Renvoi à la loi 18**

**GENRE DE CONTRIBUTIONS**

- .10 Si une contribution à un candidat inscrit est versée en une somme d'argent dont le montant est supérieur à 25 \$, elle doit se faire selon l'une des formes suivantes :
- a) par chèque, portant lisiblement imprimé le nom du donateur, signé par celui-ci et tiré sur un compte au nom du donateur, ou
  - b) par un mandat signé par le donateur, ou
  - c) dans le cas de contributions faites par une personne en son nom, par une carte de crédit sur laquelle le nom du donateur est imprimé ou gravé en relief.

**Renvoi à la loi 17 (2)**

- .11 Dans le cadre d'une collecte de fonds pour un candidat inscrit, lors d'une assemblée générale, des dons ne dépassant pas 10 \$ peuvent être effectués anonymement et ne sont pas considérés comme des contributions au candidat inscrit.

**Renvoi à la loi 25**

- .12 Le candidat inscrit jouit d'une latitude considérable en matière de ventilation des fonds recueillis au cours d'une activité de financement entre contribution et dépense. Il existe toutefois un point à partir duquel une partie des frais imposés doit être traitée comme une contribution :
- a) Lorsque les frais sont d'au plus 25 \$, il est possible de les considérer, dans leur totalité, comme une contribution ou une combinaison quelconque de contribution et de dépense.
  - b) Lorsque les frais sont d'au moins 25 \$, toute somme jusqu'à concurrence de 25 \$ peut être considérée comme des dépenses, mais le reste doit être considéré comme une contribution.

Si les frais sont considérés, dans leur totalité, comme une contribution, il faut délivrer un récépissé officiel libellé au montant complet des frais.

Pour chaque événement, la ventilation originale des frais entre contribution et dépense doit être la même.

Si l'élément de contribution des frais est supérieur à 25 \$, le montant complet des frais doit être payé par chèque, mandat ou carte de crédit.

Toute recette recueillie dans le cadre d'une activité de financement, par exemple les ventes de rafraîchissements, doit être consignée et communiquée à la Commission.

**Renvois à la loi 24 (2) et 24 (3)**

- 13 Les biens et les services, autres que ceux mentionnés dans les Lignes directrices G10.14 et G10.15, fournis à un candidat inscrit par un fournisseur au cours d'une période de campagne électorale doivent être considérés comme une contribution. Si toutefois la valeur globale des biens et services fournis par le fournisseur pendant la période ne dépasse pas 100 \$, le fournisseur peut indiquer qu'il ne considère pas ces biens et services comme une contribution.

Chaque fois que sont fournis des biens ou des services, si ceux-ci sont considérés comme une contribution pour l'application de la loi, on considère qu'une dépense d'une valeur équivalente a été engagée.

La valeur des biens et services aux fins de la loi est censée être la valeur marchande la plus basse pour des biens ou services semblables au moment où ils sont fournis.

## Renvoi à la loi 22

Par exemple, si le candidat paie 150 \$ pour l'impression de prospectus, alors que le prix au détail le plus bas exigé d'autres clients est de 275 \$, la différence de 125 \$ est réputée constituer une contribution de l'imprimeur au candidat.

- 14 Si un candidat inscrit reçoit des biens produits par un travail bénévole non rémunéré et que ces biens ne soient pas payés par le parti, l'association de circonscription ou le candidat, ces biens ne sont pas considérés comme une contribution au candidat inscrit.

## Renvoi à la loi 1 (1)

Prenons le cas d'un groupe auxiliaire qui fait bénévolement des sandwiches pour les travailleurs du candidat et leur en fait don. La matière première constitue une contribution, mais la valeur ajoutée représentée par la préparation des sandwiches n'en est pas une. Cela constitue une contribution au candidat inscrit. Toutefois, si la valeur des sandwiches donnés par le service de traiteur ne dépasse pas 100 \$, le traiteur peut préciser que cette valeur ne doit pas être considérée comme une contribution.

- 15 Les services fournis bénévolement par une personne ne sont pas considérés comme une contribution au candidat inscrit si la personne n'est pas rémunérée par le parti, l'association de circonscription ou le candidat et ne reçoit pas d'une source quelconque, conformément à une entente avec son employeur, une rémunération supérieure à celle qu'elle recevrait normalement durant la période pendant laquelle elle a fourni ces services. Il est à noter qu'il doit s'agir de services effectivement fournis par la personne.

## Renvoi à la loi 1 (1)

Par exemple, si un bénévole s'offre à dactylographier des lettres sur sa propre machine à écrire, ce n'est pas une contribution au candidat inscrit. De même, si des employés bénéficient de temps libre à leur lieu de travail pour travailler bénévolement pour le candidat de circonscription, ce n'est pas une contribution. Mais si une personne prête des biens comme une machine à écrire ou une voiture et met un local à la disposition du candidat, la valeur de cet usage doit être considérée comme une contribution. Toutefois, si la valeur totale ne dépasse pas 100 \$, la personne peut indiquer que la valeur ne doit pas être considérée comme une contribution. La différence entre les deux derniers exemples réside dans le fait que, dans le dernier cas, il n'y a pas de services effectivement fournis par le donateur.

- 16 Une publicité dont le coût total est supérieur à 100 \$ en provenance d'une source unique, fournie par une personne, une personne morale ou un syndicat pour le compte d'un candidat inscrit qui en a connaissance et y donne son consentement, est considérée comme une contribution au candidat inscrit. Toutefois, si des installations de radiotélédiffusion sont offertes gratuitement conformément aux

dispositions, règlements et directives de la Loi sur la radiodiffusion (Canada), la prestation de ce temps d'antenne ne doit pas être considérée comme une contribution aux partis ou aux candidats aux termes de la loi.

**Renvois à la loi 23 (1) et 23 (2)**

- .17 L'activité qui constitue une contribution aux termes de la Ligne directrice G10.16 est la promotion de l'élection d'un candidat ou d'un parti politique ou la manifestation d'une opposition à l'élection d'un autre candidat ou parti politique inscrits en faisant transmettre une publicité grâce aux installations d'une entreprise de radiodiffusion ou en faisant passer une annonce dans un journal, une revue ou une autre publication périodique, ou dans des imprimés, des brochures ou d'autres écrits, ou par le truchement d'un moyen de publicité extérieure. Elle doit donc être considérée comme une dépense liée à la campagne électorale.

**Renvois à la loi 23 (1) et 1 (1)**

**RESTRICTIONS AUX CONTRIBUTIONS**

- .18 On ne peut accepter de contributions pour le compte d'un candidat que lorsque le décret de convocation des électeurs a été émis et que le candidat est un candidat inscrit. On ne peut accepter de contributions que durant la période de campagne électorale du candidat. La date à laquelle le candidat peut devenir au plus tôt un candidat inscrit est la date d'émission du décret de convocation des électeurs. La période de campagne électorale du candidat commence donc à la plus tardive des dates suivantes à savoir l'émission du décret de convocation et l'inscription du candidat auprès de la Commission. Cette période prend fin trois mois après la date du scrutin.

**Renvois à la loi 1 (1), 14 (1) et 14 (2)**

- .19 Au cours d'une période de campagne électorale, une personne, une personne morale ou un syndicat peut verser une contribution jusqu'à concurrence de 750 \$ à l'intention d'un candidat inscrit, et jusqu'à concurrence de 3 000 \$ à l'intention des candidats inscrits de chaque parti politique inscrit. Les contributions en espèces ne doivent pas dépasser 25 \$.

**Renvoi à la loi 19 (1) b) (ii)**

**DÉPÔT, ENREGISTREMENT ET DÉCLARATION DES CONTRIBUTIONS**

- .20 Les sommes d'argent acceptées pour le compte d'un candidat inscrit, y compris les fonds personnels du candidat, à utiliser aux fins de la campagne électorale du candidat, doivent être déposées à la banque, société de fiducie ou autre institution financière dont le nom figure aux dossiers de la Commission. Pour faciliter l'examen des documents, il y a lieu de remplir des duplicata de bordereaux de dépôt pour tous les dépôts en banque dans lesquels sont consignés les noms des donateurs dont on a reçu des chèques ou des bordereaux de carte de crédit.

Les chèques reçus d'institutions qui émettent des cartes de crédit pour des contributions versées par carte de crédit et acceptées seront accompagnés de détails sur le donateur dans les comptes rendus à l'institution aux fins de paiement.

**Renvoi à la loi 17 (3)**

- .21 Aux fins d'enregistrement, de déclaration et de délivrance de récépissés officiels, les contributions versées :

- a) en espèces, par chèque ou par mandat sont considérées comme «acceptées» au moment où les contributions sont déposées dans le compte de banque inscrit auprès de la Commission;
- b) moyennant un bordereau de crédit sont considérées comme «acceptées» à la date à laquelle le bordereau de carte de crédit est déposé ou remis par le DF à l'émetteur de la carte aux fins de paiement.

- 22 Le DF du candidat doit enregistrer toutes les contributions reçues pendant une période de campagne électorale pour le compte d'un candidat inscrit. En outre, si lesdites contributions, y compris les biens, les services et la publicité, en provenance d'une source unique ont une valeur globale supérieure à 100 \$, le DF doit aussi consigner le nom et l'adresse du donateur.

## Renvois à la loi 23 (1) et 35 (1)

- 23 Toutes les contributions qui ont été consignées durant une période de campagne électorale doivent être déclarées dans l'état financier que le DF du candidat doit déposer auprès de la Commission au plus tard six mois après le jour du scrutin.

## Renvoi à la loi 35 (1)

- 24 Si l'on recueille des fonds pour le compte d'un candidat inscrit au cours d'une assemblée générale, le DF du candidat doit consigner le montant brut recueilli lors de cette assemblée et le communiquer à la Commission.

## Renvoi à la loi 25

- 25 Si l'on recueille des fonds pour le compte d'un candidat inscrit lors d'une activité comme un souper, une danse, une réception en plein air, ou tout autre événement récréatif, le DF du candidat doit consigner le revenu brut provenant de cette activité et le communiquer à la Commission. Voir Ligne directrice G31.

## Renvoi à la loi 24 (2)

- 26 Si un candidat inscrit reçoit des fonds, des biens ou des services en provenance du parti politique ou d'une association de circonscription inscrite, le DF du candidat doit consigner le montant et la source de ces fonds, biens ou services et les fonds doivent être déposés à la banque, société de fiducie ou autre institution financière dont le nom figure aux dossiers de la Commission.

## Renvois à la loi 28 et 40 (2)

RÉCÉPISSÉS DE CONTRIBUTIONS

- 27 Il faut délivrer des reçus officiels aux fins de l'impôt pour toute contribution reçue dans le cadre de la campagne électorale du candidat, et il incombe au DF du candidat de s'assurer que l'on remplit un reçu en bonne et due forme pour chaque contribution acceptée.

Il n'y a qu'un cas où le DF ne remplit pas de reçu officiel pour une contribution versée au candidat, à savoir lorsque les représentants du parti ont remis à la Commission une «déclaration de fiducie» signée relativement aux contributions pour mandat, comme il est expliqué à la Ligne directrice G19.

### ACCEPTATION DE CONTRIBUTIONS

- .28 Si un chèque représentant une contribution est tiré sur un compte de banque personnel en commun, le récépissé doit être délivré seulement à la personne qui a signé le chèque. Si deux personnes ont signé un chèque tiré sur un compte de banque personnel en commun, le DF doit déterminer qui a fait la contribution et rédiger le récépissé en conséquence.
- .29 L'usage de chèques postdatés n'est pas interdit parce qu'ils ne sont pas négociables avant la date d'effet. Les chèques, postdatés ou non, ne sont pas considérés comme des contributions acceptées tant qu'ils n'ont pas été déposés. Une contribution effectuée par un chèque postdaté n'échappe pas aux plafonds imposés aux contributions.

#### **Renvois à la loi 17 (2), 17 (3) et 19 (1)**

- .30 La Commission a pour politique que les contributions sollicitées à une fin particulière et non aux fins générales de la loi ne remplissent pas les conditions requises pour la délivrance d'un récépissé officiel aux fins de l'impôt.

#### **Renvois à la loi 1 (1) et 17**

- .31 On ne peut accepter de contributions grevées de conditions ou de restrictions. Les seules exceptions sont les fonds donnés à des partis politiques ou associations de circonscription inscrits pour couvrir les frais afférents à des rencontres, séminaires, ateliers ou conférences qui peuvent être considérés comme étant des contributions pouvant faire l'objet de récépissés. On ne peut toutefois pas traiter comme une contribution les frais d'un délégué reliés à l'assistance à une campagne à la désignation du chef. Un donateur ne peut pas non plus spécifier, sous réserve des dispositions de la Ligne directrice G19 visant les contributions pour mandat, que des fonds équivalant à la contribution soient transférés en fin de compte au parti politique, à une autre association de circonscription ou à un candidat, selon le cas.
- .32 En aucun cas, le parti ne peut accepter des contributions voulues pour mandat dans l'intention du donateur comme si elles étaient effectuées au profit du parti lui-même. Les contributions acceptées pour le compte d'une association de circonscription ou de la campagne d'un candidat déterminées, comme prévu à la Ligne directrice G19, doivent donner lieu à un récépissé au nom de ladite association de circonscription ou campagne du candidat comme le donateur l'a précisé par écrit, et remises en fin de compte au bénéficiaire ainsi désigné.
- .33 En aucun cas, le compte de campagne électorale d'un candidat ne peut accepter de contributions faites pour le compte ou à l'intention du compte de campagne d'un autre candidat, d'une autre association de circonscription ou du parti.

### SOLLICITATION DE CONTRIBUTIONS

- .34 Toute la documentation et les autres moyens de communication utilisés dans le cadre d'une sollicitation de contributions par un candidat inscrit ou pour son compte doivent clairement préciser que le candidat est le bénéficiaire de ces contributions.

CANDIDAT - ÉTATS FINANCIERS POUR LA PÉRIODE DE CAMPAGNE ÉLECTORALEGÉNÉRALITÉS

Renvoi à la loi 43 (1)

FORMULE D'ÉTAT FINANCIER RELATIF À LA PÉRIODE DE CAMPAGNE ÉLECTORALE

- 02 La Commission exige que tous les états financiers soient déposés sur les formules fournies ou approuvées par la Commission :

De nombreux DF tiennent les dossiers exigés par les dispositions de divulgation d'origine législative dans des ordinateurs et produisent leurs états financiers à partir d'ordinateurs.

Les DF qui désirent utiliser des données produites par ordinateur pour composer leurs états financiers doivent faire approuver leur format par la Commission avant de déposer les états financiers produits par ordinateur.

Les états financiers produits par ordinateur doivent renfermer tous les renseignements requis selon une présentation analogue en substance à celle des formules de la Commission.

Renvoi à la loi 47

DATE DE DÉPÔT

- 03 Les états financiers relatifs à la période de campagne électorale des candidats doivent être déposés dans les six mois suivant le jour du scrutin.

Si un candidat inscrit retire sa candidature ou décède avant le jour du scrutin ou ne dépose pas de déclaration de candidature auprès du directeur du scrutin aux termes de la Loi électorale de 1984, la période de campagne électorale à l'égard de ce candidat est réputée prendre fin le jour de son retrait de candidature, le jour de la déclaration de sa candidature ou le jour de son décès, selon le premier de ces événements à se réaliser. Le DF de ce candidat dépose les états relatifs à la période de campagne électorale dans les soixante jours qui suivent l'expiration présumée de la période de campagne électorale.

Renvois à la loi 14 (6) et 43 (1)

- 04 C'est au DF qu'il incombe de présenter un état financier complet en temps voulu. Étant donné que l'état financier relatif à la période de campagne électorale doit faire l'objet d'un rapport du vérificateur, il est nécessaire que le DF et le vérificateur se rencontrent pour discuter du processus de vérification et de dépôt. Il est recommandé qu'ils se rencontrent bien avant la date de dépôt pour déterminer les méthodes d'arrêt des comptes et de clôture et qu'ils s'entendent sur la date à laquelle tous les livres et documents devront être remis au vérificateur.

Renvoi à la loi 43 (1)

- 05 La Commission acceptera comme tombant dans le délai prescrit les états financiers relatifs à la période de campagne électorale portant le cachet de la poste ou reçus par messagerie au plus tard six mois après le jour du scrutin.

Commission sur le financement des élections

.06 La Commission n'acceptera pas le dépôt des états financiers s'ils comportent l'une des lacunes suivantes :

- états sans l'attestation signée par le DF;
- états sans le rapport signé du vérificateur;
- états sans les copies des récépissés de la Commission qui ont été délivrés;
- états sans les tableaux requis dûment remplis; ou
- états remis par télécopieur.

#### FAÇON DE REMPLIR LES ÉTATS FINANCIERS RELATIFS À LA PÉRIODE DE CAMPAGNE ÉLECTORALE

.07 Les états financiers relatifs à la période de campagne électorale sont conçus de façon à recueillir tous les renseignements exigés par la loi sur une formule qui peut faire l'objet d'un rapport du vérificateur. La formule est composée comme suit :

- indication de l'adresse du candidat et du DF;
- attestations signées par le candidat et le DF responsable du dépôt des états financiers;
- état de l'actif et du passif et état des recettes et des dépenses accompagnés du rapport du vérificateur;
- divers tableaux à l'appui des états.

.08 Les tableaux à l'appui des états font partie intégrante des états financiers. Il est important que chaque tableau concorde avec l'état financier principal.

.09 La formule doit être dactylographiée ou remplie clairement en caractères d'imprimerie. Les états financiers, une fois déposés, seront photocopiés pour être affichés.

#### INDICATION DU NOM ET DE L'ADRESSE

.10 Il faut indiquer le nom et l'adresse postale du candidat au complet, car c'est à cette adresse que le chèque éventuel de remboursement des dépenses sera expédié.

#### ATTESTATION DU DIRECTEUR DES FINANCES

.11 Le DF à qui il incombe de déposer les états financiers relatifs à la période de campagne électorale doit remplir cette section. Le personnel de la Commission peut contacter les DF par téléphone pour assurer le traitement le plus rapide possible des états financiers. Veillez donc à inscrire l'adresse postale complète et, si possible, les numéros de téléphone du bureau et du domicile.

#### ATTESTATION DU CANDIDAT

.12 Le candidat doit remplir et signer cette section.

ÉTATS FINANCIERS

- 13 Les états financiers comprennent un état de l'actif et du passif et un état des recettes et des dépenses de la période de campagne électorale. Les données renfermées dans les états financiers doivent concorder avec celles des tableaux ou en dériver.

ÉTAT DE L'ACTIF ET DU PASSIF

- 14 Cette Ligne directrice précise et définit les postes qui devraient être inscrits dans chaque compte de l'état de l'actif et du passif.

**Encaisse** - Tout l'argent en caisse et en dépôt.

**Débiteurs** - Toutes les sommes dues à la campagne électorale du candidat à la fin de la période de campagne électorale. Cela comprend les débiteurs de toutes sortes de sources, notamment les contributions pour mandat en transit ou détenues par le parti. Le montant des contributions pour mandat doit être confirmé de la part du parti. N'inscrivez pas les contributions promises. On ne peut consigner et recevoir des contributions que lorsqu'elles sont acceptées.

**Remboursement par la Commission de dépenses liées à la campagne électorale dues** - Le tableau 11 précise le montant à inscrire éventuellement dans ce compte. Ne pas tenir compte de la subvention du vérificateur, car elle lui sera envoyée directement par la Commission. La subvention n'est ni un élément d'actif ni un élément de passif du compte de campagne électorale du candidat.

**Stocks et dépenses payées d'avance** - Le tableau 10 précise les stocks et les dépenses payées d'avance à la fin de la période de campagne électorale.

**Autres éléments d'actif** - Particularités de tout autre élément d'actif que possède le candidat et qui n'entre pas dans l'une des catégories ci-dessus.

**Créditeurs** - Total des factures payées à la fin de la période de campagne électorale.

**Emprunts, découvert, etc.** - Le tableau 1 précise ce qu'il faut déclarer.

**Autres éléments de passif** - Estimation de toutes les dépenses engagées pour lesquelles le candidat n'a pas reçu de factures et charges à payer pour des dépenses courantes comme le loyer, les contrats de financement de matériel, etc.

**Surplus (déficit) de campagne électorale** - Ce montant doit correspondre à celui de la dernière ligne de l'état des recettes et des dépenses.

ÉTAT DES RECETTES ET DES DÉPENSES DE LA PÉRIODE DE CAMPAGNE ÉLECTORALE

- 15 Cette Ligne directrice précise et définit les postes qu'il y a lieu d'inscrire dans chaque compte de l'état des recettes et des dépenses de la période de campagne électorale.

Cet état doit comprendre toutes les recettes encaissées et toutes les dépenses engagées, notamment les comptes payés et les débiteurs, au cours de la période comprise entre l'émission du décret de convocation des électeurs et le troisième mois suivant le jour du scrutin. Voir aussi les Lignes directrices G24 et G25.

Ne pas inscrire le produit de prêts reçus.

### DÉPENSES

Avant de remplir cette partie de l'état financier, se reporter à la Ligne directrice G24 pour vérifier si les dépenses sont dûment classifiées entre celles qui sont assujetties à des restrictions et celles qui ne le sont pas.

Examiner de même la Ligne directrice G25 pour vérifier si l'on a dûment comptabilisé dans l'état financier le stock de matériel de campagne électorale et autres dépenses liées à la campagne électorale payées d'avance.

La section «dépenses» de l'état des recettes et des dépenses a été conçue selon une présentation par colonnes qui distingue clairement les dépenses assujetties à des restrictions de celles qui ne le sont pas. Bien que la loi et nombre de lignes directrices envisagent la façon de considérer les dépenses, la Ligne directrice G24 donne des indications précises sur la façon de classer les dépenses liées à la campagne électorale.

Si des dépenses liées à la campagne électorale ont été classées comme non assujetties à des restrictions et que la Ligne directrice G24 ne permet pas de les considérer comme telles, le DF doit être prêt à fournir, sur demande, une explication du traitement comptable.

Toutes les dépenses engagées pendant la période de campagne électorale, qu'elles soient payées, dues ou considérées comme une contribution, doivent être inscrites par catégorie dans l'état des recettes et des dépenses relatif à la période de campagne électorale.

**Stock de matériel de campagne électorale réutilisable** - Seulement la partie du stock de matériel de campagne électorale qui est distribuée, consommée, perdue, détruite et non réutilisable constitue une dépense liée à la période de campagne électorale.

Pour déterminer la valeur de l'utilisation du stock de matériel de campagne électorale réutilisable, suivre les calculs indiqués dans la formule. **À noter que tout matériel restant à la fin de la période de campagne électorale et identifiant un candidat précis est réputé non réutilisable.**

Tous les transferts de stock de matériel de campagne électorale réutilisable en provenance ou à destination de l'association doivent également être déclarés dans les tableaux 5 et 6 respectivement.

Pour déterminer la valeur à l'utilisation des dépenses liées à la campagne électorale, suivre les calculs indiqués dans la formule.

Tous les transferts de dépenses liées à la campagne électorale payées d'avance en provenance de l'association sont également déclarés au tableau 5. À noter que tout matériel restant à la fin de la période de campagne électorale et identifiant un candidat précis est réputé non réutilisable.

- .19 Les contributions doivent être réparties en deux totaux distincts :

- d'une source unique supérieures à 100 \$

LIGNES DIRECTRICES À L'INTENTION DES  
DIRECTEURS DES FINANCES

- d'une source unique de 100 \$ au maximum

Il faut également déclarer le détail des contributions retournées au donateur ou des cotisations payées ou à payer à la Commission.

Les contributions anonymes sont déclarées à part et doivent être versées à la Commission.

#### Renvoi à la loi 18 (2)

Une contribution ne peut être retournée au donateur que si aucun récépissé n'a été délivré ou si l'on a obtenu le récépissé original. Sinon, la contribution doit être versée à la Commission.

#### Renvoi à la loi 18 (1)

Les biens ou services donnés ou vendus au-dessous du prix réel sont considérés comme une contribution, sauf :

- les biens ou services fournis par un travail bénévole non rémunéré;
- les biens ou services évalués en tout à 100 \$ ou moins, si le fournisseur estime qu'ils ne constituent pas une contribution.

Chaque fois que sont fournis des biens ou des services, si ceux-ci sont considérés comme une contribution pour l'application de la loi, on considère qu'une dépense d'une valeur équivalente a été engagée. La Ligne directrice G35 donne des renseignements sur les biens et services fournis.

#### Renvoi à la loi 22

Le DF doit s'assurer qu'aucun donateur ne fait de contributions dépassant en tout le plafond annuel de 750 \$.

#### Renvoi à la loi 19 (1) a) (ii)

Le total des contributions doit être reporté dans l'état des recettes et des dépenses relatif à la période de campagne électorale.

### PARTIE II - LISTE DES DONATEURS AYANT VERSÉ UNE CONTRIBUTION SUPÉRIEURE À 100 \$

- .20 La partie II montre comment dresser la liste en indiquant le nom et l'adresse des donateurs qui ont versé une contribution supérieure à 100 \$. Si la place est insuffisante, annexer une liste selon le même format.

#### Renvoi à la loi 35 (2)

### PARTIE III - RAPPROCHEMENT DES RÉCÉPISSÉS OFFICIELS

- .21 Les récépissés en blanc sont de précieux documents à comptabiliser. Le DF doit dresser une liste de tous les récépissés utilisés pendant la période de campagne électorale. En même temps que les états financiers, le DF doit remettre les récépissés suivants :

- l'exemplaire de la Commission des récépissés valides et doubles délivrés.

- l'exemplaire de la Commission et celui du donateur de tous les récépissés annulés.
- le stock inutilisé de récépissés.

Résultat : aucun récépissé de campagne électorale du candidat ne reste en main à la fin de la période de campagne électorale.

**TABEAU 3 - ACTIVITÉS DE FINANCEMENT**

.22

Il y a lieu de présenter un tableau 3 distinct pour chaque activité de financement.

Donner avec tous les détails pertinents la date, le genre d'activité, les frais exigés, la partie des frais considérée comme étant une contribution et les autres revenus. Il est possible de ne pas considérer comme étant une contribution une partie des frais jusqu'à concurrence de 25 \$.

**Renvoi à la loi 24 (3)**

La partie du revenu effectivement considérée comme une contribution doit être déclarée sur le tableau 2 et un récépissé officiel doit en accuser réception.

Le total des recettes non considérées comme étant une contribution doit être reporté dans l'état des recettes et des dépenses relatif à la période de campagne électorale.

Ne pas déduire les dépenses des recettes, mais les additionner et les déclarer dans le compte pertinent de la section «dépenses» de l'état des recettes et des dépenses relatif à la période de campagne électorale.

**Renvoi à la loi 24 (2)****TABEAU 4 - ACTIVITÉS RÉCRÉATIVES - COLLECTE DE FONDS LORS D'ASSEMBLÉES**

.23

Il faut remettre un tableau 4 distinct pour chaque activité récréative ou assemblée et y donner, avec tous les détails pertinents, la date, le genre d'activité, l'emplacement et les recettes brutes. Le total des recettes doit être reporté dans l'état des recettes et des dépenses relatif à la période de campagne électorale.

Ne pas déduire les dépenses des recettes, mais les additionner et les déclarer dans le compte pertinent de la section «dépenses» de l'état des recettes et des dépenses relatif à la période de campagne électorale.

**Renvoi à la loi 25****TABEAU 5 - TRANSFERTS REÇUS - FONDS, STOCKS ET DÉPENSES PAYÉES D'AVANCE**

.24

Le tableau 5 exige des renseignements sur la date, la source et le montant des transferts de fonds, de stock de matériel de campagne électorale réutilisable et de dépenses liées à la campagne électorale payées d'avance reçus du parti, d'autres associations de circonscription, du fonds de campagne électorale du candidat, d'un fonds en fiducie ou de la fondation du parti. Ne déclarer comme transferts que les paiements reçus aux fins générales de la campagne électorale du candidat. Tout paiement reçu à une fin précise comme le recouvrement de dépenses ou des remboursements doit être déclaré dans le compte pertinent de la section «recettes» de l'état des recettes et des dépenses.

#### **TABEAU 6 - TRANSFERTS PAYÉS - FONDS ET STOCKS**

- .25 Le tableau 6 exige des renseignements sur la date, le bénéficiaire et le montant des transferts de fonds, de stock de matériel de campagne électorale réutilisable au parti, à d'autres associations de circonscription et au fonds de campagne électorale du candidat. Ne déclarer comme transferts que les paiements effectués aux fins générales du bénéficiaire. Tout paiement effectué à une fin précise comme l'assistance à une activité ou à titre de participation aux dépenses doit être déclaré dans le compte pertinent de la section «dépenses» de l'état des recettes et des dépenses relatif à la période de campagne électorale.

#### **TABEAU 7 - DÉPENSES LIÉES À LA CAMPAGNE ÉLECTORALE**

- .26 La personne, la personne morale ou le syndicat qui demande le remboursement de dépenses liées à la campagne électorale doit présenter sa demande au DF du candidat dans les trois mois qui suivent le jour du scrutin.

**Renvoi à la loi 39 (6)**

#### **PARTIE I**

- .27 Cette partie donne des renseignements relativement aux paiements supérieurs à 100 \$ à des fournisseurs particuliers. Donner le nom du fournisseur, la nature des dépenses et leur montant. La nature des dépenses doit correspondre à la description qui en est faite à l'état des recettes et des dépenses relatif à la période de campagne électorale.

#### **PARTIE II**

- .28 En cas de contestation ou de refus de payer une demande de paiement de dépenses liées à la campagne électorale, la demande constitue une demande contestée et l'auteur de la demande peut intenter une action en recouvrement de ce paiement devant un tribunal compétent.

**Renvoi à la loi 39 (8)**

Inscrire le nom et l'adresse de toute personne ou organisation à laquelle on a acheté des biens ou des services et qui n'a pas été payée parce que le compte est contesté. Il y a lieu de fournir tous les détails sur le motif de la contestation. N'inclure dans les dépenses que la partie des demandes contestées qui a été payée ou que l'on s'attend à payer. Il y a lieu de rapporter à la Commission la résolution définitive de toute demande contestée.

#### **TABEAU 8 - HONORAIRES DE COMPTABILITÉ ET DE VÉRIFICATION**

- .29 Le tableau 8 fournit une analyse des honoraires de comptabilité et de vérification et sert à réclamer la subvention pour le vérificateur. Envoyer la facture de ce dernier à la Commission avec les états financiers.

Les honoraires de comptabilité et de vérification comprennent les honoraires versés aux vérificateurs, les honoraires versés pour des services de comptabilité dispensés par des sources externes ou par le DF, s'il s'agit d'un poste rémunéré.

**TABEAU 9 - STOCKS ET DÉPENSES PAYÉES D'AVANCE TRANSFÉRÉS AU COMPTE DE LA CAMPAGNE ÉLECTORALE DU CANDIDAT**

30 Ce tableau exige des renseignements concernant la description, la date d'acquisition, le fournisseur, la quantité et la valeur et tout le stock de matériel de campagne électorale réutilisable et des dépenses payées d'avance.

On recourra ordinairement au prix du marché comme base du calcul de la valeur du stock transféré dans les comptes de la campagne électorale. On peut déterminer le prix du marché de plusieurs façons, les principales étant :

- a) des factures récentes ou le prix fixé,
- b) le moins élevé du coût de remplacement et du coût de reproduction,
- c) le prix auquel des ventes comparables ont été conclues.

Dans le cas d'acquisitions réalisées dans l'année du décret de convocation, on devrait utiliser le prix de facture. Dans l'évaluation d'un matériel de campagne électorale destiné à l'usage du candidat, qui est resté d'une campagne électorale antérieure, on devrait utiliser le prix de remplacement ou le prix fixe. Déclarer tout le matériel provenant d'une campagne électorale antérieure, même si le matériel n'a pas été déduit de la campagne électorale antérieure en raison des dispositions du paragraphe G25.06. Ce prix varie selon les endroits de la province et dépend de l'approvisionnement local, de la concurrence et de l'aptitude de l'association de circonscription à produire ses propres enseignes ou à se procurer du matériel de récupération pour construire des enseignes. Dans tous les cas, il y a lieu de réunir la documentation pertinente à l'appui de la valeur du stock.

**TABEAU 10 - STOCKS À LA FIN DE LA PÉRIODE TRANSFÉRÉS DU COMPTE DE CAMPAGNE ÉLECTORALE DU CANDIDAT**

31 Le tableau 10 exige des renseignements concernant les stocks à la fin de la période.

Le DF devrait déterminer avec soin non seulement la quantité du matériel de campagne électorale réutilisable n'identifiant pas un candidat précis non utilisée mais aussi la valeur à assigner à chaque article. Il y a lieu de dresser une liste détaillée et de recourir aux critères suivants pour déterminer la valeur des stocks à la fermeture de la période.

- a) Si l'article était en main au début de la période de campagne électorale, l'évaluer à la même valeur utilisée au début de la campagne.
- b) Si l'article a été acquis durant la campagne électorale, l'évaluer au prix de la facture.

**TABEAU 11 - CALCUL DU PLAFOND DES DÉPENSES DE LA CAMPAGNE ÉLECTORALE DU CANDIDAT ET CALCUL DE LA SUBVENTION**

32 Les calculs à effectuer dans ce tableau sont complexes. Veiller à ce que la formule soit remplie comme il convient.

- Ligne 1 - On peut s'informer du nombre de suffrages exprimés dans la circonscription électorale auprès du directeur du scrutin le jour du scrutin.
- Ligne 2 - Calculer 15 pour 100 de la ligne 1.

- Ligne 3 - On peut s'informer du nombre de suffrages reçus par le candidat auprès du directeur du scrutin après le jour du scrutin.
- Ligne 4 - Reporter sur cette ligne le montant des dépenses liées à la campagne électorale du candidat assujetties à un plafond et le montant de la subvention éventuelle d'après les données résumées dans l'état des recettes et des dépenses de la période de campagne électorale.
- Ligne 5 - Inscrire sur cette ligne les dépenses liées à la campagne électorale assujetties à un plafond engagées par l'association de circonscription. On peut trouver ce renseignement dans l'état financier relatif à la période de campagne électorale de l'association de circonscription, CR-3.

L'association de circonscription ne doit pas engager des dépenses liées à une campagne électorale dont le montant total est supérieur à la somme approuvée par écrit par le DF du candidat.

#### Renvoi à la loi 39 (5)

- Ligne 6 - Total des lignes 4 et 5.
- Lignes 7, 8, 9 - Il n'y a lieu de calculer le montant d'une subvention que si le candidat a reçu au moins 15 pour 100 des suffrages exprimés dans la circonscription électorale. Il y a lieu de signaler que si le candidat a droit à une subvention, la formule ne permet pas que la subvention dépasse les dépenses liées à la campagne électorale, assujetties à un plafond effectivement engagées.
- Ligne 8 - La ligne 8 est le moins élevé des deux montants suivants : 1) le plafond de subvention calculé par la Commission qui communiquera ce renseignement à l'avance, 2) les dépenses liées à la campagne électorale du candidat déterminées à la ligne 6 ci-dessus.
- Lignes 10, 11, 12 - Si les dépenses liées à la campagne électorale d'un candidat et de l'association de circonscription dépassent le plafond visé dans la loi et que le candidat soit admissible à la subvention relative aux dépenses liées à sa campagne électorale, la loi stipule que la subvention doit être réduite de un dollar par dollar dépassant le plafond des dépenses. Le candidat peut aussi être passible d'une amende et, s'il a été élu député, il peut perdre son siège.

#### Renvoi à la loi 39 (4)

Inscrire les montants appropriés à l'aide des données que l'on trouve ailleurs dans le tableau 11 pour déterminer la réduction, si réduction il y a.

- Ligne 13 - Calculer le plafond de subvention et inscrire le montant dans l'état des recettes et des dépenses relatif à la période de campagne électorale ainsi que dans l'état de l'actif et du passif.

#### **TABLEAU 12 - LISTE DES DÉBITEURS**

- .33 Le tableau 12 fournit une analyse du montant inscrit dans l'état de l'actif et du passif à la rubrique «débiteurs».

- Les contributions en biens et services dont la valeur totale est supérieure à 100 \$ en provenance d'une source unique pour lesquelles un récépissé officiel a été délivré ont été déclarées à la fois comme une contribution et une dépense, et un récépissé officiel a été émis.
- Les contributions en biens et services dont la valeur totale **n'est pas supérieure à 100 \$** en provenance d'une source unique ont été déclarées à la fois comme recette et comme dépense, et un récépissé officiel a été émis.
- Les contributions acceptées d'une source unique ne dépassent pas en tout 750 \$.
- Lorsque des contributions acceptées d'une source unique dépassent en tout 750 \$, la différence a été remboursée au donateur contre remise du récépissé officiel, ou versée à la Commission si l'on n'a pas récupéré le récépissé officiel.
- On n'a accepté de contributions que de personnes résidant en Ontario, de personnes morales exerçant des activités en Ontario et de syndicats titulaires de droits de négociation en Ontario.
- Toutes les contributions proviennent uniquement des fonds appartenant au donateur.
- Chaque récépissé de remplacement renferme exactement les mêmes renseignements que le récépissé original et porte le numéro du récépissé qu'il remplace.
- Tous les emprunts, découverts ou autres formes de dette sont reçus uniquement d'une banque, d'une institution financière reconnue ou d'un parti politique inscrit.
- Il a été confirmé que les paiements de transfert reçus ou versés sont conformes aux dossiers du cédant ou du cessionnaire respectivement, et toute divergence a été expliquée.
- Lorsque les contributions ont été versées par l'intermédiaire d'une association sans personnalité morale, notamment une société de personnes, mais à l'exclusion d'un syndicat, on a accusé réception de la contribution par des récépissés officiels délivrés au nom de chaque membre de l'association pour le montant versé par lui. **En aucun cas, une organisation politique affiliée ne peut verser une contribution à un candidat.**
- On a déclaré la valeur des stocks et des dépenses payées d'avance.
- On a conservé les pièces justificatives des dépenses tant que la Commission n'a pas donné la permission de les détruire. La Commission peut demander que ces pièces lui soient remises aux fins d'examen.

## RAPPORT DU VÉRIFICATEUR

ÉTATS FINANCIERS POUR LA PÉRIODE DE LA CAMPAGNE  
ÉLECTORALE DU CANDIDATConformément au paragraphe 41 (4) de la  
Loi de 1986 sur le financement des élections

À : \_\_\_\_\_, directeur des finances,

pour \_\_\_\_\_, candidat.

J'ai/nous avons examiné l'état de l'actif et du passif ainsi que l'état des recettes et des dépenses de \_\_\_\_\_, candidat, pour la période de la campagne électorale du \_\_\_\_\_ au \_\_\_\_\_ relatifs à l'élection en Ontario qui s'est tenue le \_\_\_\_\_. Mon/notre examen a été effectué conformément aux normes de vérification généralement reconnues et à l'exception des explications fournies dans le paragraphe suivant, a compris un examen général des méthodes de comptabilité et les tests des registres comptables et autres pièces justificatives à l'appui jugées nécessaires dans les circonstances.

Étant donné la nature des transactions propres aux organisations de ce genre, il est impossible au moyen des normes de vérification de déterminer si les registres comptables englobent tous les dons de biens et services ainsi que les recettes et les débours. Par conséquent, ma/notre vérification de ces transactions se borne à assurer que l'état financier indique fidèlement les sommes inscrites dans les registres comptables de \_\_\_\_\_, candidat, conformément aux méthodes comptables établies par la Commission sur le financement des élections et l'états/nous étions incapable(s) de déterminer s'il y a lieu d'apporter des ajustements quelconques aux recettes et aux débours.

À mon/notre avis, sauf en ce qui concerne l'effet des ajustements, le cas échéant, que j'aurais/nous aurions pu déterminer comme étant nécessaires si j'avais/nous avions pu me/nous satisfaire que les registres comptables étaient complets, conformément à la description du paragraphe précédent, ces états présentent fidèlement les renseignements contenus dans les registres comptables sur lesquels ils sont basés conformément au traitement comptable exigé par la loi et requis par la Commission sur le financement des élections dans ses Lignes directrices aux directeurs des finances.

La loi ne m/nous oblige pas à signaler, et cela n'était pas pratique à déterminer non plus, si les contributions déclarées ne comprennent que celles qui sont acceptées conformément à la loi.

NOTES AUX ÉTATS FINANCIERS  
POUR LA PÉRIODE DE CAMPAGNE ÉLECTORALE  
DU \_\_\_\_\_ AU \_\_\_\_\_  
Conventions de comptabilité

Les conventions et méthodes de comptabilité sont fixées par la loi et la Commission sur le financement des élections par le biais de ses Lignes directrices. L'observation de ces Lignes directrices est considérée suffisante pour respecter la loi.

## Contributions

- Au cours d'une année, ou au cours d'une élection, la loi impose un plafond aux sommes que peuvent verser à titre de contribution les particuliers, les compagnies, les syndicats et autres organismes.
- La Commission exige de remettre un reçu d'impôt sur le revenu officiel pour chaque contribution.
- Les contributions autres qu'en espèces sont comptabilisées à leur juste valeur marchande.

## Dépenses

- La loi impose aux candidats et aux partis politiques un plafond aux sommes qu'ils peuvent dépenser au cours de la période de campagne, au cours de la campagne électorale. La définition de ce que l'on entend par dépenses liées à la campagne électorale se trouve dans la loi et les Lignes directrices.
- La loi exige que toutes les dépenses soient comptabilisées à leur juste valeur marchande.

Les stocks du matériel de la campagne comprennent surtout (par exemple) les pleux d'affichage, les affiches et le matériel de promotion pour la campagne, et ils sont évalués à leur juste valeur marchande.

Les stocks autres que le matériel de la campagne sont évalués au prix coûtant.

CANDIDAT À LA DIRECTION D'UN PARTI - UTILISATION DES PROPRES FONDS DU CANDIDAT

- .01 Lorsqu'un candidat à la direction d'un parti utilise ses propres fonds dans le cadre de la campagne à la désignation du chef, ces fonds sont considérés comme une contribution à ce candidat à la direction du parti.

**Renvoi à la loi 15 (1)**

- .02 Un candidat à la direction d'un parti ne peut verser de contributions à sa propre campagne à moins d'être inscrit auprès de la Commission. Le candidat ne peut être inscrit auprès de la Commission avant la date à laquelle le parti politique inscrit dépose auprès de la Commission une déclaration précisant la date de convocation officielle de la campagne à la désignation du chef.

**Renvois à la loi 15 (1), 15 (4) et 33**

- .03 Comme c'est le cas de toutes les autres contributions, les sommes versées par le candidat à la direction d'un parti à titre de contribution à sa propre campagne à la désignation du chef doivent être déposées à la banque, société de fiducie ou autre institution financière dont le nom figure aux dossiers de la Commission.

Si le candidat à la direction du parti fait une contribution sous forme de biens et services, il doit remettre un état de cette contribution au DF, qui doit délivrer un récépissé officiel pour la juste valeur marchande de ces biens et services.

**Renvois à la loi 17 (3) et 22 (3)**

- .04 Il peut y avoir des cas où un éventuel candidat à la direction d'un parti doit déterminer s'il est faisable, d'un point de vue financier ou politique, qu'il sorte vainqueur de la campagne à la désignation du chef. Nonobstant la restriction visée à la Ligne directrice G14.02, la Commission a décidé qu'il est possible d'engager certaines dépenses, décrites en détail à la Ligne directrice G14.05, avant le commencement de la campagne à la désignation du chef, pourvu toutefois que ces dépenses soient intégralement réglées à même les propres fonds du candidat à la direction du parti ou au moyen d'un emprunt selon les précisions fournies à la Ligne directrice G14.06, et que ces dépenses soient finalement déclarées à la Commission dans les états financiers décrits à la Ligne directrice G16. La contribution correspondante à même les propres fonds du candidat à la direction du parti doit aussi être ultérieurement déclarée au moment de déterminer le surplus ou le déficit final de ce candidat.

- .05 À la condition qu'aucune partie des dépenses suivantes ne soit engagée en vue de solliciter un appui à un candidat éventuel ou inscrit à la direction d'un parti, ou de faire opposition à un autre candidat éventuel ou inscrit à la direction du parti, un candidat éventuel à la direction du parti avant la convocation officielle et son inscription auprès de la Commission peut engager ces dépenses :

- a) les honoraires de vérification et de comptabilité;
- b) les intérêts sur les prêts autorisés aux termes de l'article 36; et
- c) les frais en rapport avec la recherche et le scrutin.

Les frais énoncés ci-dessus sont les seules dépenses permises avant la date de convocation officielle de la campagne à la désignation du chef. Les seules contributions permises avant cette date sont celles

qui proviennent des propres fonds du candidat à la direction du parti.

**Renvoi à la loi 4 (1) j)**

- .06 Un candidat éventuel ou inscrit à la direction d'un parti peut contracter un emprunt auprès d'une banque à charte ou d'un autre établissement de crédit en Ontario, pourvu que le candidat consigne le montant et les modalités de ces emprunts ainsi que le nom de la personne qui s'en porte caution, le cas échéant, et les communique à la Commission dans les états financiers décrits à la Ligne directrice G16. Les emprunts contractés avant la date d'inscription du candidat éventuel à la direction d'un parti auprès de la Commission ne peuvent être cautionnés que par le candidat éventuel à la direction du parti.

**Renvoi à la loi 36**

CANDIDAT À LA DIRECTION D'UN PARTI - RÈGLES CONCERNANT LES  
CONTRIBUTIONSGÉNÉRALITÉS

- .01 La loi stipule un certain nombre d'exigences visant l'acceptation de contributions pour le compte d'un candidat inscrit à la direction d'un parti. Le DF du candidat inscrit à la direction d'un parti devrait connaître parfaitement ces dispositions. Il y a lieu de signaler en particulier les formalités d'enregistrement des contributions exposées dans les Lignes directrices G15.16 à G15.22. Il est nécessaire de consigner à la fois le montant, le nom et l'adresse du donateur relativement à chaque contribution reçue.

On ne peut accepter de contributions pour le compte d'un candidat à la direction d'un parti avant le dépôt auprès de la Commission d'une déclaration précisant la date de convocation officielle de la campagne à la désignation du chef et avant l'inscription du candidat à la direction d'un parti auprès de la Commission, sauf en ce qui concerne les propres fonds du candidat comme prévu à la Ligne directrice G14. Toutes les contributions acceptées avant l'inscription et non remboursées au donateur doivent être versées à la Commission. Le candidat à la direction d'un parti peut s'inscrire au plus tôt le jour où le parti politique inscrit dépose auprès de la Commission une déclaration précisant la date de la convocation officielle de la campagne à la désignation du chef.

Renvois à la loi 1 (1), 15 (1) et 18

Les contributions à la campagne d'un candidat inscrit à la direction d'un parti versées par des personnes ne donnent pas droit au crédit d'impôt et les contributions versées par une personne morale ne sont pas déductibles du revenu aux fins de l'impôt de l'Ontario. Le montant des cotisations à un candidat inscrit à la direction d'un parti n'est pas assujéti à un plafond.

QUI PEUT VERSER DES CONTRIBUTIONS

- .02 Seules les personnes ou organisations suivantes peuvent verser des contributions pour le compte d'un candidat inscrit à la direction d'un parti :

- Toute personne qui réside ordinairement en Ontario.
- Toute personne morale qui exerce des activités en Ontario. De nombreuses personnes morales exercent des activités par l'intermédiaire de filiales et sociétés affiliées. Pourvu que chacune «exploite activement une entreprise» selon la définition que la Ligne directrice G21 donne de cette expression, chacune remplit les conditions requises pour être donatrice.
- Un syndicat, selon la définition qu'en donne la Loi sur les relations de travail ou le Code canadien du travail, titulaire de droits de négociation pour le compte de travailleurs en Ontario auxquels ces lois s'appliquent, notamment les conseils du travail de district, régionaux ou centraux situés en Ontario.
- Toute personne qui sert dans les Forces armées, le service diplomatique ou un genre analogue d'emploi à l'étranger si le domicile normal de cette personne est situé en Ontario.

Il existe de notables exceptions. Il faut se garder d'accepter des contributions en provenance :

- d'oeuvres de charité
- d'une organisation politique affiliée, même si elle est parrainée par un parti politique ou une association de circonscription inscrite auprès de la Commission

- de personnes morales qui ne réunissent pas les conditions requises selon la Ligne directrice G21
- de députés à la Chambre des communes, domiciliés en Ontario mais représentant une circonscription électorale située à l'extérieur de l'Ontario.

#### Renvois à la loi 17 (1) et 30 (1) a)

- .03 Il est possible de verser des contributions à un candidat inscrit à la direction d'un parti par l'intermédiaire d'une association ou organisation sans personnalité morale si celle-ci réunit les conditions requises dans la Ligne directrice G37. De nombreuses petites entreprises comme des magasins de détail et ateliers de réparation n'ont pas de personnalité morale. Les sociétés de personnes et les coentreprises sont aussi des exemples d'associations ou organisations sans personnalité morale. Pour que la contribution soit acceptable, l'association ou organisation sans personnalité morale doit fournir une liste écrite précisant le nom et l'adresse de chaque personne, personne morale ou syndicat qui a été, en fin de compte, la source de la contribution et consigner le montant versé par chacun.

#### Renvois à la loi 20 (1) et 27

Par exemple, le club de bridge du lundi après-midi, non constitué en personne morale, désire verser une contribution de 1 500 \$ à un candidat inscrit à la direction d'un parti. Cette contribution doit être ventilée selon les sources et montants particuliers. Par exemple, parmi les membres du club, M. A. peut avoir versé 500 \$, M<sup>me</sup> B. 500 \$, M. C. 300 \$ et M<sup>me</sup> D. 200 \$. Le DF du candidat inscrit à la direction d'un parti doit consigner ces données par écrit avant d'accepter la contribution et de délivrer des récépissés officiels aux fins de l'impôt à chacun des membres du club qui a versé une contribution.

Un autre exemple concerne une contribution des associés d'une société de personnes de profession libérale, comme un cabinet de comptables agréés, d'avocats, de dentistes, etc. Cette contribution doit, elle aussi, être ventilée selon les sources et montants comme dans le premier exemple. Le DF doit, cette fois encore, disposer de toutes les données par écrit avant d'accepter la contribution et de délivrer un récépissé aux associés nommés dans la liste.

Encore un autre exemple d'organisation sans personnalité morale est une entreprise organisée en société de personnes, sans être une société commerciale, comme le garage de Bernard et Jean qui est une société de personnes entre Bernard X et Jean Z. Le DF doit bien faire attention pour constater qu'il s'agit en fait d'une entreprise sans personnalité morale. Comme dans le premier exemple, le DF doit avoir par écrit les renseignements concernant les associés et le montant de chaque contribution avant d'accepter la contribution et de délivrer des récépissés aux associés nommés dans la liste.

- .04 Les contributions ne peuvent provenir que des propres fonds du donateur.

#### Renvoi à la loi 20 (1)

- .05 Lorsque les propres fonds du candidat inscrit à la direction d'un parti sont utilisés dans le cadre de la campagne de ce candidat, ces fonds sont réputés constituer une contribution à cette campagne. Il n'y a pas de plafond imposé aux contributions acceptées d'un donateur. Le candidat à la direction d'un parti peut donc utiliser un montant illimité de ses propres fonds durant la période de campagne à la désignation du chef. Pour plus de renseignements, se reporter à la Ligne directrice G14.

#### Renvoi à la loi 15 (1)

- .06 Le candidat inscrit à la direction d'un parti ne peut ni utiliser ni dépenser les contributions anonymes reçues par son DF. Il doit les rembourser au donateur si celui-ci peut être identifié, sinon les verser à la Commission.

#### Renvoi à la loi 18

- .07 Le candidat inscrit à la direction d'un parti politique inscrit peut recevoir une quantité quelconque de fonds, biens ou services du parti inscrit. Ces fonds, biens ou services ne sont pas considérés comme des contributions au candidat inscrit à la direction d'un parti. Nulle association de circonscription ne peut, directement ou indirectement, verser de contributions ni transférer de fonds à un candidat inscrit à la direction d'un parti.

## Renvois à la loi 30 (1) b) et 30 (2)

QUI PEUT ACCEPTER DES CONTRIBUTIONS

- .08 Alors que le DF ou d'autres personnes autorisées dont le nom figure aux dossiers de la Commission peuvent accepter des contributions pour le compte d'un candidat inscrit à la direction d'un parti, seul le DF peut délivrer des récépissés accusant réception des contributions acceptées. Donc, toutes les contributions recueillies par d'autres, par exemple dans le cadre d'une collecte de porte en porte, doivent être immédiatement remises au DF du candidat à la direction d'un parti ou à d'autres personnes dont le nom figure aux dossiers de la Commission, ainsi que la liste des noms et adresses des donateurs et du montant de chaque contribution.

Bien que la loi permette à d'autres personnes autorisées dont le nom figure aux dossiers de la Commission d'accepter des contributions, c'est au DF qu'il incombe de veiller à ce que les contributions supérieures à 25 \$ soient versées au moyen d'un chèque tiré sur le propre compte de banque du donateur, d'un mandat signé par le donateur ou d'un bordereau de la carte de crédit du donateur et que les contributions d'associations ou organisations sans personnalité morale, comme le précise la Ligne directrice G37, soient accompagnées d'une liste des personnes ayant participé à la contribution et du montant de chaque contribution.

## Renvois à la loi 17 (2) et 33

- .09 Si le DF d'un candidat à la direction d'un parti apprend qu'une contribution a été versée ou acceptée en violation d'une des dispositions de la loi, notamment :
- des contributions versées avant que la Commission ne reçoive l'avis de la date de la convocation officielle de la campagne à la désignation du chef et avant l'inscription du candidat à la direction d'un parti auprès de la Commission,
  - des contributions versées en dehors de la période de campagne à la désignation du chef,
  - des contributions provenant de sources non identifiables ou anonymes,
  - des contributions de sources non permises en vertu de la Ligne directrice G15.02,
  - des contributions en espèces dépassant 25 \$,
  - des contributions de fonds n'appartenant pas au donateur, sauf celles mentionnées dans la Ligne directrice G15.03,
  - des contributions de fonds d'un parti politique fédéral ou de ses organisations,
  - une contribution de fonds d'une association de circonscription inscrite,

le DF doit retourner au donateur la contribution ou une somme équivalente dans les trente jours qui suivent le moment où il prend connaissance du fait, si aucun récépissé n'a été délivré accusant réception de la contribution.

Si un récépissé a été délivré et que le donateur ne retourne pas le récépissé aux fins d'annulation, il faut verser à la Commission une somme équivalente à la contribution.

**Renvoi à la loi 18**

**GENRE DE CONTRIBUTIONS**

- .10 Si une contribution à un candidat inscrit à la direction d'un parti est versée en une somme d'argent dont le montant est supérieur à 25 \$, elle doit se faire selon l'une des formes suivantes :
- a) par chèque, portant lisiblement imprimé le nom du donateur, signé par celui-ci et tiré sur un compte au nom du donateur, ou
  - b) par un mandat signé par le donateur, ou
  - c) dans le cas de contributions faites par une personne en son nom, par une carte de crédit sur laquelle le nom du donateur est imprimé ou gravé en relief.

**Renvoi à la loi 17 (2)**

- .11 Le candidat inscrit à la direction d'un parti jouit d'une latitude considérable en matière de ventilation des fonds recueillis au cours d'une activité de financement entre contributions et dépenses. Il existe toutefois un point à partir duquel une partie des frais imposés doit être traitée comme une contribution :
- a) Lorsque les frais sont de 25 \$ au maximum, il est possible de les considérer, dans leur totalité, comme une contribution ou une combinaison quelconque de contribution et de dépense.
  - b) Lorsque les frais sont d'au moins 25 \$, toute somme jusqu'à concurrence de 25 \$ peut être considérée comme des dépenses, mais le reste doit être considéré comme une contribution.

Si les frais sont considérés, dans leur totalité, comme une contribution, il faut délivrer un récépissé libellé au montant complet des frais.

Pour chaque événement, la ventilation originale des frais entre contribution et dépense doit être la même.

Si l'élément de contribution des frais est supérieur à 25 \$, le montant intégral des frais doit être payé par chèque, mandat ou carte de crédit.

Toute recette recueillie dans le cadre d'une activité de financement, par exemple les ventes de rafraîchissements, doit être consignée et communiquée à la Commission.

**Renvois à la loi 24 (2) et 24 (3)**

- .12 Les biens et les services, autres que ceux mentionnés dans les Lignes directrices G15.13 et G15.14, fournis à un candidat inscrit à la direction d'un parti par un fournisseur au cours d'une période de campagne à la désignation du chef, doivent être considérés comme une contribution. Si toutefois la valeur globale des biens et services fournis par le fournisseur pendant la période ne dépasse pas 100 \$, le fournisseur peut indiquer qu'il ne considère pas ces biens et services comme une contribution.

Chaque fois que sont fournis des biens ou des services, si ceux-ci sont considérés comme une contribution pour l'application de la loi, on considère qu'une dépense d'une valeur équivalente a été engagée.

La valeur des biens et services aux fins de la loi est réputée être la valeur marchande la plus basse pour des biens ou services semblables au moment où ils sont fournis.

**Renvoi à la loi 22**

Par exemple, si le candidat à la direction d'un parti paie 150 \$ pour l'impression de prospectus, alors que le prix au détail le plus bas exigé d'autres clients est de 275 \$, la différence de 125 \$ est réputée constituer une contribution de l'imprimeur au candidat à la direction d'un parti.

- .13 Les biens produits par un travail bénévole qui ne sont pas payés par le candidat à la direction d'un parti ne sont pas considérés comme une contribution au candidat inscrit à la direction d'un parti.

**Renvoi à la loi 1 (1)**

Prenons le cas d'un groupe auxiliaire qui fait bénévolement des sandwiches pour les travailleurs du candidat à la direction d'un parti et leur en fait don. D'un côté la matière première elle-même constitue une contribution, mais la valeur ajoutée de la préparation des sandwiches n'en est pas une. Mais si un traiteur fait un don de sandwiches produits par des employés rémunérés, cela constitue une contribution au candidat inscrit à la direction d'un parti. Cependant, si la valeur des sandwiches donnés par le service de traiteur ne dépasse pas 100 \$, le traiteur peut préciser que cette valeur ne doit pas être considérée comme une contribution.

- .14 Les services fournis bénévolement par un particulier ne sont pas considérés comme une contribution au candidat inscrit à la direction d'un parti pourvu qu'il ne soit pas rémunéré par le parti, l'association de circonscription ou le candidat à la direction et qu'il ne reçoive pas d'une source quelconque, conformément à une entente avec son employeur, une rémunération supérieure à celle qu'il recevrait normalement durant la période pendant laquelle il a fourni ces services. Il est à noter qu'il doit s'agir de services effectivement fournis par le particulier.

**Renvoi à la loi 1 (1)**

Par exemple, si un bénévole s'offre à dactylographier des lettres sur sa propre machine à écrire, ce n'est pas une contribution au candidat inscrit à la direction d'un parti. De même, si des employés bénéficient de temps libre à leur lieu de travail pour travailler bénévolement pour le candidat inscrit à la direction d'un parti, ce n'est pas une contribution. Mais si une personne prête des biens comme une machine à écrire ou une voiture et met un local à la disposition du candidat inscrit à la direction d'un parti, la valeur de cet usage peut être considérée comme une contribution. Toutefois, si la valeur totale ne dépasse pas 100 \$, la personne peut indiquer que la valeur ne doit pas être considérée comme une contribution. La différence entre les deux derniers exemples réside dans le fait que, dans le dernier cas, il n'y a pas de services effectivement fournis par le donateur.

**PLAFOND DES CONTRIBUTIONS**

- .15 Au cours d'une période de campagne à la désignation du chef, une personne, une personne morale ou un syndicat peut verser sans égard au montant, une contribution à n'importe quel candidat inscrit à la direction d'un parti. Les contributions en espèces sont limitées à 25 \$.

**DÉPÔT, ENREGISTREMENT ET DÉCLARATION DES CONTRIBUTIONS**

- .16 Les sommes d'argent acceptées pour le compte d'un candidat inscrit à la direction d'un parti, y compris les propres fonds du candidat à la direction d'un parti, à utiliser aux fins de la campagne à la désignation du chef doivent être déposées à la banque, société de fiducie ou autre institution financière dont le nom figure aux dossiers de la Commission. Pour faciliter l'examen des documents, il y a lieu de remplir des doubles de bordereaux de dépôt pour tous les dépôts en banque dans lesquels sont consignés les noms des donateurs dont on a reçu des chèques ou des bordereaux de carte de crédit.

Les chèques reçus d'institutions qui émettent des cartes de crédit pour des contributions versées par carte de crédit et acceptées seront accompagnés de détails sur le donateur dans les comptes rendus à l'institution aux fins de paiement.

**Renvoi à la loi 17 (3)**

- .17 Aux fins d'enregistrement, de déclaration et de délivrance de récépissés officiels, les contributions versées :
- a) en espèces, par chèque ou par mandat sont considérées comme acceptées au moment où les contributions sont déposées dans le compte de banque inscrit auprès de la Commission;
  - b) moyennant un bordereau de crédit sont considérées comme acceptées à la date à laquelle le bordereau de carte de crédit est déposé ou remis par le DF à l'émetteur de la carte aux fins de paiement.
- .18 Le DF du candidat inscrit à la direction d'un parti doit enregistrer toutes les contributions reçues pendant une période de campagne à la désignation du chef pour le compte d'un candidat inscrit à la direction d'un parti. En outre, si lesdites contributions, y compris les biens, les services et la publicité, en provenance d'une source unique ont une valeur globale supérieure à 100 \$, le DF doit aussi consigner le nom et l'adresse du donateur.

**Renvoi à la loi 35 (1)**

- .19 Toutes les contributions qui ont été consignées durant une période de campagne à la désignation du chef doivent être déclarées dans l'état financier que le DF du candidat à la direction d'un parti doit déposer auprès de la Commission au plus tard six mois après le scrutin tenu en vue de désigner le chef du parti.

**Renvoi à la loi 43 (4)**

- .20 Les contributions anonymes reçues pour le compte d'un candidat inscrit à la direction d'un parti doivent être déclarées et versées à la Commission.

**Renvoi à la loi 18 (2)**

- .21 Si l'on recueille des fonds pour le compte d'un candidat inscrit à la direction d'un parti lors d'une activité comme un souper, une danse, une réception en plein air, ou tout autre événement récréatif, le DF du candidat inscrit à la direction d'un parti doit consigner le revenu brut provenant de cette activité et le communiquer à la Commission. Voir Ligne directrice G31.

**Renvoi à la loi 24 (2)**

- .22 Si un candidat inscrit à la direction d'un parti reçoit des fonds, des biens ou des services en provenance du parti politique inscrit, le DF du candidat à la direction d'un parti doit consigner le montant et la source de ces fonds, biens ou services et les fonds doivent être déposés à la banque, société de fiducie ou autre institution financière dont le nom figure aux dossiers de la Commission.

- .23 Il faut délivrer des récépissés pour toute contribution reçue par un candidat à la direction d'un parti, en vue de les enregistrer et il incombe au DF du candidat inscrit à la direction d'un parti de s'assurer que l'on remplit un récépissé en bonne et due forme pour chaque contribution acceptée.

**Renvois à la loi 26 et 34 (4) c)**ACCEPTATION DE CONTRIBUTIONS

- .24 Si un chèque représentant une contribution est tiré sur un compte de banque personnel en commun, le récépissé doit être délivré seulement à la personne qui a signé le chèque. Si deux personnes ont signé un chèque tiré sur un compte de banque personnel en commun, le DF doit déterminer qui a fait la contribution et rédiger le récépissé en conséquence.
- .25 L'usage de chèques postdatés n'est pas interdit parce qu'ils ne sont pas négociables avant la date d'effet. Les chèques, postdatés ou non, ne sont pas considérés comme des contributions acceptées tant qu'ils n'ont pas été déposés. Une contribution effectuée par un chèque postdaté n'échappe pas aux plafonds imposés aux contributions.

SOLLICITATION DE CONTRIBUTIONS

- .26 Toute la documentation et les autres moyens de communication utilisés dans le cadre d'une sollicitation de contributions par un candidat inscrit à la direction d'un parti ou pour son compte doivent clairement préciser que le candidat à la direction d'un parti est le bénéficiaire de ces contributions.

CANDIDAT À LA DIRECTION D'UN PARTI - ÉTAT FINANCIER DE LA PÉRIODE DE CAMPAGNE À LA DÉSIGNATION DU CHEF

GÉNÉRALITÉS

- .01 Le DF de tout candidat inscrit à la direction d'un parti doit déposer un état financier de la période de campagne à la désignation du chef au plus tard six mois après la date du scrutin tenu en vue de désigner le chef du parti.

**Renvoi à la loi 43 (4)**

FORMULE D'ÉTAT FINANCIER RELATIF À LA PÉRIODE DE CAMPAGNE À LA DÉSIGNATION DU CHEF

- .02 La Commission exige que l'état financier soit déposé sur les formules fournies ou approuvées par la Commission.

De nombreux DF tiennent les dossiers exigés par les dispositions de divulgation d'origine législative dans des ordinateurs, et produisent leur état financier à partir d'ordinateurs.

Les DF qui désirent utiliser des données produites par ordinateur pour composer leur état financier doivent faire approuver leur format par la Commission avant de déposer l'état financier produit par ordinateur.

L'état financier produit par ordinateur doit renfermer tous les renseignements requis selon une présentation analogue en substance à celle des formules de la Commission.

**Renvoi à la loi 47**

DATE DE DÉPÔT

- .03 Les états financiers relatifs à la période de campagne à la désignation du chef des candidats à la direction d'un parti doivent être déposés dans les six mois qui suivent la date du scrutin tenu en vue de désigner le chef du parti.

**Renvoi à la loi 43 (4)**

- .04 C'est au DF qu'il incombe de présenter un état financier complet et en temps voulu relatif à la période de campagne à la désignation du chef. Étant donné que cet état financier doit faire l'objet d'un rapport du vérificateur, il est nécessaire que le DF et le vérificateur se rencontrent pour discuter du processus de vérification et de dépôt. Il est recommandé qu'ils se rencontrent bien avant la date de dépôt pour déterminer les méthodes d'arrêt des comptes et de clôture et qu'ils s'entendent sur la date à laquelle tous les livres et documents devront être remis au vérificateur.

**Renvoi à la loi 43 (4)**

- .05 La Commission acceptera comme tombant dans le délai prescrit les états financiers relatifs à une période de campagne à la désignation du chef portant le cachet de la poste ou reçus par messagerie au plus tard six mois après la date du scrutin tenu en vue de désigner le chef du parti.
- .06 La Commission n'acceptera pas le dépôt d'un état financier s'il comporte l'une des lacunes suivantes :
- état financier sans l'attestation signée par le DF;
  - état financier sans le rapport signé du vérificateur;

- état financier remis par télécopieur.

FAÇON DE REMPLIR L'ÉTAT FINANCIER RELATIF À LA PÉRIODE DE CAMPAGNE À LA  
DÉSIGNATION DU CHEF - GÉNÉRALITÉS

- .07 L'état financier relatif à la période de campagne à la désignation du chef est conçu de façon à recueillir tous les renseignements exigés par la loi sur une formule qui peut faire l'objet d'un rapport du vérificateur. La formule est composée comme suit :
- indication de l'adresse du candidat à la direction d'un parti et du DF;
  - attestations signées par le candidat à la direction d'un parti et le DF responsable du dépôt de l'état financier;
  - état des recettes et des dépenses de la période de campagne à la désignation du chef accompagné du rapport du vérificateur;
  - divers tableaux à l'appui de l'état financier.
- .08 Les tableaux à l'appui de l'état financier font partie intégrante de l'état financier. Il est important que chaque tableau concorde avec l'état financier principal.
- .09 La formule doit être dactylographiée ou remplie clairement en caractères d'imprimerie. Les états financiers, une fois déposés, seront photocopiés pour être affichés.

INDICATION DE L'ADRESSE

- .10 Il faut indiquer au complet le nom et l'adresse postale du candidat à la direction d'un parti.

ATTESTATION DU DIRECTEUR DES FINANCES

- .11 Le DF à qui il incombe de déposer l'état financier de la période de campagne à la désignation du chef doit remplir cette section. Le personnel de la Commission peut contacter les DF par téléphone pour assurer le traitement le plus rapide possible des états financiers. Veuillez donc à inscrire l'adresse postale complète et, si possible, les numéros de téléphone du bureau et du domicile.

ATTESTATION DU CANDIDAT À LA DIRECTION D'UN PARTI

- .12 Le candidat à la direction d'un parti doit remplir et signer cette section.

ÉTATS FINANCIERS

- .13 L'état financier comprend un état des recettes et des dépenses relatif à la période de campagne à la désignation du chef accompagné de tableaux à l'appui. Les données renfermées dans l'état financier doivent concorder avec celles des tableaux ou en dériver.

ÉTAT DES RECETTES ET DES DÉPENSES RELATIF À LA PÉRIODE DE CAMPAGNE À LA  
DÉSIGNATION DU CHEF

- .14 Cette Ligne directrice précise et définit les postes qu'il y a lieu d'inscrire dans chaque compte de l'état des recettes et des dépenses de la période de campagne à la désignation du chef.

Cet état doit comprendre toutes les recettes encaissées et toutes les dépenses engagées, notamment les comptes impayés et les débiteurs au cours de la période comprise entre la date d'inscription du candidat à la direction d'un parti auprès de la Commission et le deuxième mois suivant la date du scrutin tenu en vue de désigner le chef.

**Renvois à la loi 17, 22 et 26**

**Activités de financement** - Montant consigné au tableau 3. Cela devrait représenter seulement les recettes d'activités de financement qui ne sont pas traitées comme des contributions.

**Intérêts créditeurs** - Tout intérêt gagné sur des dépôts ou des placements.

**Remboursement du dépôt du candidat à la direction d'un parti** - Montant que le parti a payé ou doit payer au fonds de campagne du candidat à la direction d'un parti, représentant le remboursement du dépôt versé par le candidat en vue de présenter sa candidature à la direction d'un parti.

Il faut également déclarer le détail des contributions retournées au donateur ou des contributions payées ou à payer à la Commission.

Les contributions anonymes sont déclarées à part et doivent être versées à la Commission.

**Renvoi à la loi 18 (2)**

Une contribution ne peut être retournée au donateur que si aucun récépissé n'a été délivré ou si l'on a obtenu le récépissé original. Sinon, la contribution doit être versée à la Commission.

**Renvoi à la loi 18 (1)**

Les biens ou services donnés ou vendus au-dessous du prix réel sont considérés comme une contribution, sauf :

- les biens ou services fournis par un travail bénévole non rémunéré;
- les biens ou services évalués en tout à 100 \$ ou moins, si le fournisseur estime qu'ils ne constituent pas une contribution.

Chaque fois que sont fournis des biens ou des services, si ceux-ci sont considérés comme une contribution pour l'application de la loi, on considère qu'une dépense d'une valeur équivalente a été engagée. La Ligne directrice G35 donne des renseignements sur les biens et services fournis.

**Renvoi à la loi 22**

Le total des contributions doit être reporté dans l'état des recettes et des dépenses relatif à la période de campagne à la désignation du chef.

**PARTIE II - LISTE DES DONATEURS AYANT VERSÉ UNE CONTRIBUTION SUPÉRIEURE À 100 \$**

- 19 La partie II montre comment dresser la liste en indiquant le nom et l'adresse des donateurs ayant versé une contribution supérieure à 100 \$. Si la place est insuffisante, annexer le cas échéant une liste supplémentaire du même format.

**Renvoi à la loi 35 (2)**

**PARTIE III - RAPPROCHEMENT DES RÉCÉPISSÉS**

- 20 Les récépissés en blanc sont de précieux documents à comptabiliser. Le DF doit dresser une liste de tous les récépissés utilisés pendant la période de campagne à la désignation du chef. En même temps que l'état financier, le DF doit remettre les récépissés suivants :

- l'exemplaire de la Commission des récépissés valides et doubles délivrés
- l'exemplaire de la Commission et celui du donateur de tous les récépissés annulés.
- le stock inutilisé de récépissés.

Résultat : aucun récépissé de campagne à la désignation du chef d'un candidat à la direction du parti ne reste en main à la fin de la période de campagne électorale.

Donner avec tous les détails pertinents la date, le genre d'activité, les frais exigés, la partie des frais considérée comme étant une contribution et autres recettes. Il est possible de ne pas considérer comme étant une contribution une partie des frais jusqu'à concurrence de 25 \$.

**Renvoi à la loi 24 (3)**

La partie des recettes effectivement considérée comme une contribution doit être déclarée sur le tableau 2 et un récépissé doit en accuser réception.

Le total des recettes non considérées comme étant une contribution doit être reporté dans l'état des recettes et des dépenses relatif à la période de campagne à la désignation du chef.

Ne pas déduire les dépenses des recettes, mais les additionner et les déclarer dans le compte pertinent de la section «dépenses» de l'état des recettes et des dépenses relatif à la période de campagne à la désignation du chef.

LISTE DE CONTRÔLE

- Tous les tableaux exigés ont été remplis et sont conformes à l'état financier.

## RAPPORT DU VÉRIFICATEUR

ÉTATS FINANCIERS POUR LA PÉRIODE DE LA CAMPAGNE  
À LA DIRECTION DU PARTIConformément au paragraphe 41 (4) de la  
Loi de 1986 sur le financement des élections

À : \_\_\_\_\_, directeur des finances,  
pour \_\_\_\_\_, candidat à la direction du parti.

J'ai/nous avons examiné l'état des recettes et des dépenses de \_\_\_\_\_, candidat à la direction du parti \_\_\_\_\_, relativement à la campagne qui s'est tenue \_\_\_\_\_. Mon/notre examen a été effectué conformément aux normes de vérification généralement reconnues et à l'exception des explications fournies dans le paragraphe suivant, a comporté par conséquent un examen général des méthodes de comptabilité et les tests des registres comptables et autres pièces justificatives jugées nécessaires dans les circonstances.

Étant donné la nature des transactions propres aux organisations de ce genre, il est impossible au moyen des normes de vérification de déterminer si les registres comptables englobent tous les dons de biens et services ainsi que les recettes et les débours. Par conséquent, ma/notre vérification de ces transactions se borne à assurer que l'état financier indique fidèlement les sommes inscrites dans les registres comptables de \_\_\_\_\_, candidat à la direction du parti, conformément aux méthodes comptables établies par la Commission sur le financement des élections, et j'étais/nous étions incapable(s) de déterminer si des ajustements quelconques étaient nécessaires.

À mon/notre avis, sauf en ce qui concerne l'effet des ajustements, le cas échéant, que j'aurais/nous aurions pu déterminer comme étant nécessaires si j'avais/nous avions pu me/nous satisfaire que les registres comptables étaient complets, conformément à la description du paragraphe précédent, cet état présente fidèlement les renseignements contenus dans les registres comptables sur lesquels il est basé conformément au traitement comptable exigé par la loi et requis par la Commission sur le financement des élections dans ses Lignes directrices aux directeurs des finances.

La loi ne m'/nous oblige pas à signaler, et cela n'était pas pratique à déterminer non plus, si les contributions déclarées ne comprennent que celles qui sont acceptées conformément à la loi.

.01 L'(les) état(s) financier(s) vérifié(s) à déposer dans le cas :

- (1) d'un parti politique ou d'une association de circonscription inscrits sont un état de l'actif et du passif et un état des recettes et des dépenses;

CONTRIBUTIONS AUX PARTIS À TRANSMETTRE  
AUX ASSOCIATIONS DE CIRCONSCRIPTION OU AUX CANDIDATS

.01 Les partis politiques inscrits peuvent recueillir des contributions pour le compte de leurs associations de circonscription inscrites ou de leurs candidats inscrits, et faire parvenir les contributions à ces associations ou candidats à condition d'observer les procédures énoncées dans la présente ligne directrice. Dans le cas de contributions recueillies pour le compte de candidats inscrits, ces contributions ne peuvent être recueillies que pendant une période de campagne électorale, que la Loi sur le financement des élections définit comme «la période comprise entre l'émission du décret de convocation des électeurs et le troisième mois qui suit le jour du scrutin».

.02 Tout parti politique inscrit qui recourt à cette procédure doit fournir à la Commission une «déclaration de fiducie» signée et satisfaisant aux exigences de la Commission en matière d'enregistrement et de déclaration énoncées dans la Ligne directrice spéciale PG3 à la disposition des porte-parole des partis.

La signature de cette «déclaration de fiducie» par le directeur des finances du parti, non seulement permet au parti d'accepter des contributions pour le compte de ses associations de circonscription et candidats inscrits, mais oblige également le directeur des finances du parti à délivrer un récépissé officiel pour chaque contribution acceptée et à faire parvenir sans retard la contribution au directeur des finances de l'association de circonscription ou du candidat pour le compte duquel la contribution a été acceptée avec l'ordre que les contributions remises soient consignées comme des contributions aux fins d'enregistrement et de déclaration de la Commission. Le DF du parti doit préparer les récépissés de contributions et indiquer clairement le nom de l'association de circonscription ou la campagne du candidat qui en est le bénéficiaire ainsi que le nom de celui qui reçoit la contribution. Les instructions écrites du directeur des finances du parti qui accompagnent le chèque relatif aux contributions pour mandat acceptées précisent la période pendant laquelle la contribution doit être déclarée.

.03 Il incombe au directeur des finances de chaque association de circonscription ou candidat du parti qui a pris l'initiative de la procédure de contribution pour mandat de s'assurer de ce qui suit :

- a) Les états vérifiés annuels ou relatifs à une période de campagne électorale déposés auprès de la Commission doivent enregistrer non seulement les contributions reçues directement, mais aussi les contributions pour mandat acceptées par le parti pour le compte de son association de circonscription ou candidat dans la période de déclaration de l'année ou de la campagne électorale.
- b) Les contributions (directes ou pour mandat) reçues d'une source unique ne doivent pas dépasser en tout le maximum permis par la loi (à savoir 750 \$ pendant une année civile pour une association de circonscription et 750 \$ pour la campagne électorale d'un candidat).
- c) La Liste des donateurs ayant versé une contribution supérieure à 100 \$, qui accompagne l'état financier vérifié annuel ou de campagne électorale, doit enregistrer le total des contributions directes et pour mandat en provenance de chaque source.

.04 Les contributions acceptées par le parti au nom d'une association de circonscription ou au nom d'un candidat sont des contributions de l'association ou d'un candidat au moment où elles sont déposées dans le compte en fiducie du parti. Au moment où les états financiers sont préparés, il faut décider si le DF du parti a des contributions pour mandat en main qui n'ont pas été envoyées.

- .05 Un parti ne saurait jamais accepter des contributions pour mandat comme si elles étaient dans l'intérêt du parti lui-même. Les contributions pour mandat acceptées au nom d'une association donnée de circonscription ou au nom de la campagne du candidat doivent donner lieu à des récépissés comme tels conformément aux instructions par écrit de celui qui verse la contribution, et elles doivent être remises au bénéficiaire désigné. Une bonne communication entre l'association de circonscription ou la campagne du candidat et le parti est essentielle pour garantir que le parti n'accepte pas par inadvertance une contribution et qui, ajoutée aux contributions précédentes de la période en cause, dépasserait le plafond de 750 \$ du donateur par association de circonscription ou par candidat et le plafond global de 3 000 \$.
- .06 L'association de circonscription ou la campagne du candidat ne sauraient nullement accepter des contributions au nom d'une autre association de circonscription ou au nom d'un autre candidat du parti ou au nom du parti lui-même, ou destinées à ces derniers.

TRANSMISSION DU SURPLUS/DÉFICIT D'UN CANDIDAT À  
UNE ASSOCIATION DE CIRCONSCRIPTION OU À UN PARTI POLITIQUE

- .01 La Loi exige le paiement immédiat des sommes d'argent qui constituent le surplus du candidat, y compris le remboursement des dépenses reçu de la Commission :
- a) s'il s'agit d'un candidat qu'un parti inscrit parraine en tant que candidat officiel, à ce parti ou à l'association de circonscription inscrite qui parraine ce candidat;

**CONTRIBUTIONS DE PERSONNES MORALES EXERÇANT DES ACTIVITÉS  
EN ONTARIO**

- .01 Pour être admise à verser une contribution à un parti politique, à une association de circonscription ou à un candidat inscrits aux termes de la loi, la personne morale doit exercer des activités en Ontario. Pour s'assurer que c'est le cas, la Commission considère que l'un quelconque des critères suivants est une preuve suffisante qu'une personne morale exerce des activités en Ontario, en ce qui concerne le versement de contributions :
- a) la personne morale maintient, en vue d'y exercer des activités, un bureau ou un établissement en Ontario dans lequel travaillent un ou plusieurs employés;
  - b) la personne morale conclut des contrats en Ontario de façon régulière par l'intermédiaire de cadres, employés ou mandataires habilités à agir pour son compte;
  - c) la personne morale extra-provinciale détient un permis d'exercer des activités en Ontario, conformément à la partie IX de la Loi sur les compagnies et associations (Ontario); ou
  - d) la personne morale paie des impôts à l'Ontario conformément à la Loi sur les compagnies et associations (Ontario).

Si la personne morale désireuse de verser une contribution politique en vertu de la loi n'est pas en mesure de satisfaire à au moins un des critères énoncés ci-dessus, il lui incombe de convaincre la Commission qu'elle est une personne morale exerçant des activités dans la province de l'Ontario.

- .02 La loi ou la common law interdit en général aux personnes morales qui, autrement, satisfont aux critères de la Ligne directrice G21.01, mais qui ont été constituées à des fins de bienfaisance ou ont un caractère public comme les hôpitaux publics, les conseils scolaires, les municipalités, les sociétés de la Couronne, les conseils ou commissions, de faire des contributions politiques. Les DF devraient faire des efforts sérieux pour se convaincre que la personne morale donatrice a le droit, en vertu des lois en vigueur, de faire une contribution.

RÉCÉPISSÉS DE CONTRIBUTIONSGÉNÉRALITÉS

- .01 La province de l'Ontario accorde aux particuliers des crédits d'impôt relativement à l'impôt sur le revenu de l'Ontario pour des contributions versées à des partis politiques, associations de circonscription et candidats inscrits. Les personnes morales exerçant des activités en Ontario ont la permission de déduire leurs contributions de leur revenu aux fins de l'impôt de l'Ontario dans le cadre de la Loi de l'impôt sur le revenu de l'Ontario.

Les contributions versées par un particulier à un candidat à la direction d'un parti ne sont pas admissibles à un crédit d'impôt et les contributions versées par une personne morale ne sont pas déductibles de son revenu aux fins de l'impôt sur le revenu de l'Ontario.

- .02 Les particuliers et les personnes morales doivent annexer un récépissé officiel à leur déclaration d'impôt pour avoir droit aux avantages fiscaux. La Commission fournit les formules de récépissé officiel aux DF. La présente Ligne directrice énonce les obligations du DF et les procédures qu'il doit suivre en matière de récépissés officiels. Il faut délivrer des récépissés pour toutes les contributions acceptées en espèces, par chèque, par mandat ou par carte de crédit. Il faut également accuser réception des biens et services autres que la prestation d'un travail bénévole non rémunéré par un récépissé officiel, sauf si leur valeur ne dépasse pas 100 \$ et que le donateur précise que cette valeur ne doit pas être considérée comme une contribution. Les contributions en espèces ne peuvent dépasser 25 \$.

**Renvois à la loi 22 (2) et 26**SÉCURITÉ

- .03 Les formules de récépissé officiel sont des documents précieux. Aussi doivent-elles être conservées en lieu sûr et le DF doit-il tenir les registres pertinents. La Commission recommande que seul le DF dont le nom figure aux dossiers de la Commission détienne une provision de formules. Seul le DF signe les récépissés étant donné qu'il lui incombe de faire en sorte que la délivrance d'un récépissé officiel accuse réception des contributions admises aux termes de la loi.

DISTRIBUTION

- .04 Une fois qu'il a reçu de la Commission la notification de son inscription, le DF :
- a) reçoit de son prédécesseur le stock non utilisé de récépissés que la Commission a remis à celui-ci;
  - b) reçoit de la Commission un stock de récépissés s'il n'y a pas eu auparavant de DF inscrit et lorsque la Commission est informée qu'une nouvelle provision de formules est nécessaire.

PROCÉDURE

- .05 Il existe trois genres de formules de récépissés à utiliser par les partis politiques et les associations de circonscription, les candidats et les candidats à la direction d'un parti. Les formules sont les mêmes, sauf que la formule réservée au candidat porte le préfixe C devant le numéro de série du récépissé et la mention CANDIDAT en rouge au bas du récépissé. La formule réservée au candidat à la direction d'un parti porte le préfixe «CD» devant le numéro de série du récépissé et la mention «CANDIDAT À LA DIRECTION DU PARTI» en rouge au bas du récépissé. La formule de récépissé réservée au candidat à la direction d'un parti précise que la contribution d'un particulier n'est pas admissible à un crédit d'impôt et que celle d'une personne morale n'est pas déductible du revenu aux fins de l'impôt sur le revenu de l'Ontario.

Si le même DF est nommé à la fois pour un candidat et pour une association de circonscription en temps d'élection, le DF doit veiller à utiliser le bon récépissé pour accuser réception de chaque contribution.

- .06 Le récépissé officiel se compose de trois parties. L'exemplaire n° 1 pour le donateur. L'exemplaire n° 2 pour la Commission et le ministère du Revenu. L'exemplaire n° 3 doit être conservé par le DF.
- .07 Le directeur des finances remplit le récépissé officiel en y indiquant ce qui suit :
- la date de réception de la contribution. C'est normalement la date du dépôt de la contribution. Les contributions versées moyennant une carte de crédit sur laquelle le nom du donateur est imprimé ou gravé en relief sont considérées comme reçues à la date à laquelle le bordereau de carte de crédit est déposé ou remis à l'émetteur de la carte de crédit aux fins de paiement;
  - la date de délivrance du récépissé;
  - le nom et l'adresse du donateur;
  - si le donateur est un particulier, une personne morale ou un syndicat;
  - le montant de la contribution;
  - si la contribution est versée a) en espèces, par chèque, mandat ou carte de crédit, ou b) en biens, services ou publicité;
  - le nom du parti, de son association de circonscription, du candidat ou du candidat à la direction d'un parti.
- .08 Le DF doit signer chaque récépissé de sa propre main.
- .09 Le DF qui s'apprête à délivrer un récépissé pour une contribution reçue sous forme de chèque :
- a) doit s'assurer que le chèque est payé lorsqu'il est présenté à la banque, car tout récépissé délivré pour un chèque qui est retourné pour insuffisance de fonds devra être récupéré pour être annulé.
  - b) d'une organisation sans personnalité morale ou d'une société de personnes, comme précisé dans la Ligne directrice G37, doit d'abord déterminer le nom des personnes concernées dans l'organisation et la part de chacun dans la contribution. Les récépissés doivent être délivrés au nom de chaque personne nommée et non pas au nom de l'organisation sans personnalité morale ou de la société de personnes.
  - c) d'un particulier, doit d'abord s'assurer que le donateur remplit les conditions requises pour être résident de l'Ontario. Si l'on reçoit une contribution d'une entreprise à propriétaire unique, il faut déterminer le nom du propriétaire, car le récépissé doit être délivré à son nom et non à celui de l'entreprise.
  - d) d'une personne morale, doit s'assurer qu'elle satisfait à l'exigence d'«exercer des activités en Ontario» précisée dans la Ligne directrice G21.
  - e) d'une personne morale, particulier ou syndicat, doit s'assurer que le récépissé est libellé au nom du donateur tel qu'il figure lisiblement imprimé sur le chèque du donateur, quelles que soient les instructions reçues avec le chèque.

- f) d'un syndicat, y compris des conseils du travail centraux, régionaux ou de district de l'Ontario, doit s'assurer que le syndicat détient des droits de négociation en Ontario pour ses membres.
- .10 Les contributions reçues dans une enveloppe dont le tampon de la poste indique une date antérieure à la fin de la période de déclaration applicable, ou reçues le dernier jour de la période de déclaration, et qui ne peuvent être déposées parce que l'institution financière qui détient le compte est fermée, doivent être consignées dans les livres comptables comme un dépôt bancaire en souffrance au dernier jour de la période de déclaration, et les récépissés doivent être délivrés à cette date. Chaque dépôt en souffrance doit être déposé le premier jour ouvrable suivant de la banque.
- .11 Les DF de partis, d'associations de circonscription, de candidats ou de candidats à la direction d'un parti qui déposent des états financiers doivent remettre à la Commission :
- a) Le deuxième exemplaire de tous les récépissés délivrés pour des contributions acceptées pendant la période qui fait l'objet de la déclaration, veillant à ce que le total concorde avec les contributions indiquées dans les états financiers. Si les chiffres sont incompatibles et que la source de la contribution est inconnue, l'article 18 exige le paiement de la contribution anonyme à la Commission.
  - b) L'original et le deuxième exemplaire de tous les récépissés annulés relativement à la période qui fait l'objet des états financiers.
  - c) Le compte rendu comptable de tous les récépissés. Il faut donc déposer à la Commission un rapprochement de tous les récépissés inutilisés au commencement de la période visée, des récépissés utilisés et de ceux qui restent en main. La Commission doit être informée de toute situation où des récépissés officiels ont été délivrés pour des contributions reçues par un chèque sans provision et que le donateur n'a pas remplacé par un chèque payé par la banque.
- .12 Le stock inutilisé de **formules de récépissé officiel réservées au candidat et de formules de récépissé réservées au candidat à la direction d'un parti** doit être retourné à la Commission au plus tard respectivement à la date de dépôt pour la période de campagne électorale du candidat et de l'état financier pour la période de campagne électorale du candidat à la direction d'un parti.
- .13 Si une contribution doit être retournée et
- a) que le donateur omet de retourner le récépissé pour qu'il soit annulé, la contribution doit être versée à la Commission;
  - b) que le donateur retourne le récépissé, l'exemplaire du donateur et celui de la Commission doivent porter la mention «annulé» et les deux exemplaires doivent être déposés auprès de la Commission avec les états financiers vérifiés.

**Renvoi à la loi 18**

- .14 S'il est nécessaire de délivrer un récépissé de remplacement, écrire la mention «REMPACEMENT» et **indiquer le numéro de série du récépissé original** sur le récépissé de remplacement ainsi délivré. Toutes les données du récépissé de remplacement doivent être les mêmes que celles du récépissé original, par ex. la date de réception, etc. Au lieu de délivrer un autre récépissé, le DF peut remettre au donateur une photocopie de l'exemplaire du récépissé qu'il détient, mais la photocopie doit porter la mention «Copie certifiée conforme» et une nouvelle signature du DF.

CRÉDIT D'IMPÔT POUR DES CONTRIBUTIONS AUX PARTIS POLITIQUES,  
ASSOCIATIONS DE CIRCONSCRIPTION ET CANDIDATS

- 15 Les crédits d'impôt admissibles au titre de l'impôt sur le revenu de l'Ontario pour un contribuable qui est un particulier sont les suivants :

75 pour 100 de la première tranche de 200 \$ du total des contributions;  
50 pour 100 de la tranche suivante de 600 \$ du total des contributions;  
33 1/3 pour 100 du total des contributions dépassant 800 \$ jusqu'à 1 700 \$.

Le crédit maximal admissible est de 750 \$.

Les contributions aux candidats à la direction d'un parti ne sont pas admissibles à un crédit d'impôt.

- 16 Avant de faire valoir un crédit d'impôt pour contribution politique, le particulier doit réduire l'impôt sur le revenu de l'Ontario qu'il doit payer du total de son crédit d'impôt foncier, du crédit de taxe de vente et du crédit d'impôt de pensionné. S'il n'a pas d'impôt provincial sur le revenu à payer après déduction des trois crédits mentionnés, il ne peut pas faire valoir le crédit d'impôt pour contribution politique. Autrement dit, il doit y avoir un impôt provincial sur le revenu à payer pour que l'on puisse faire valoir le crédit d'impôt pour contribution politique. Ce crédit ne peut dépasser le montant d'impôt de l'Ontario à payer.
- 17 Les personnes morales peuvent déduire jusqu'à concurrence de 7 000 \$ de leur revenu de l'Ontario. La tranche de contribution au-delà de 7 000 \$ peut être reportée aux fins de déduction dans les années d'imposition ultérieures.
- 18 Le donateur ou son conjoint peut se prévaloir d'un crédit d'impôt pour contribution politique. C'est-à-dire que les récépissés officiels pour contribution politique peuvent être transférés entre conjoints. Toutefois, une même contribution pour laquelle un seul récépissé officiel a été délivré ne peut être divisée entre conjoints. L'un ou l'autre conjoint doit faire valoir la totalité du montant de la contribution.

ACCEPTATION DE CONTRIBUTIONS

- 19 Si un chèque remis à titre de contribution est tiré sur un compte de banque conjoint, le récépissé doit être délivré seulement au nom de la personne qui a signé le chèque. Si deux personnes ont signé un chèque tiré sur un compte de banque conjoint, le DF doit déterminer qui a fait la contribution et rédiger le(s) récépissé(s) en conséquence.
- 20 Il n'est pas interdit d'utiliser des chèques postdatés étant donné qu'ils ne sont pas négociables avant leur date d'effet. Les chèques, postdatés ou non, ne sont considérés comme des contributions acceptées que lorsqu'ils sont déposés. Une contribution par chèque postdaté est toujours assujettie aux plafonds imposés aux contributions.

**Renvois à la loi 17 (2), 17 (3) et 19 (1)**

- 21 La Commission a pour politique que des contributions sollicitées à une fin particulière et non aux fins générales de la loi ne donnent pas droit à un récépissé officiel aux fins de l'impôt.

**Renvois à la loi 1 (1) et 17**

- 22 On ne peut accepter de contributions qui soient assujetties à des conditions ou à des restrictions. Les seules exceptions sont les fonds donnés à des partis politiques ou associations de circonscription inscrits pour couvrir les frais imposés pour des assemblées, séminaires, ateliers ou conférences que l'on peut

considérer comme des contributions donnant droit à un récépissé. On ne peut toutefois pas traiter comme une contribution les frais imposés aux délégués pour assister à une campagne à la désignation du chef. Un donateur ne peut pas non plus spécifier, à l'exception de ce qui est dit des contributions pour mandat à la Ligne directrice G19, que des fonds équivalant à la contribution soient en fin de compte transférés au parti politique, à une autre association de circonscription ou à un autre candidat, selon le cas.

- .23 En aucun cas, un parti ne peut accepter des contributions désignées comme contributions pour mandat comme si elles étaient versées au profit du parti lui-même. Les contributions qui sont acceptées pour le compte d'une association de circonscription particulière ou de la campagne électorale d'un candidat, comme prévu dans la Ligne directrice G19, doivent être reçues au nom de l'association de circonscription particulière ou de la campagne électorale du candidat comme cela est précisé par écrit par le donateur et remis en fin de compte au bénéficiaire désigné.
- .24 En aucun cas, une association de circonscription ou la campagne électorale d'un candidat ne peuvent accepter de contributions versées pour le compte ou à l'intention d'une autre association de circonscription et du parti.

**RESTRICTIONS IMPOSÉES À LA PUBLICITÉ RELIÉE À LA CAMPAGNE ÉLECTORALE**  
**- TEMPS ET TARIFS**

.01 Durant une campagne électorale, la loi impose certaines restrictions à la publicité reliée à la campagne électorale faite par un parti politique inscrit, une association de circonscription inscrite ou un candidat agissant à la connaissance et avec le consentement de ces derniers peuvent faire de la publicité reliée à la campagne électorale. La période commence vingt-deux jours avant le jour du scrutin et se termine à minuit l'avant-veille du scrutin. Par exemple, si le jour du scrutin est le 28 mai, la publicité reliée à la campagne ne peut avoir lieu que du 6 mai au 26 mai inclusivement.

**RESTRICTIONS RELATIVES AU TEMPS**

.02 Au cours d'une période de campagne électorale, seuls un parti politique inscrit, une association de circonscription inscrite ou un candidat inscrit ou toute personne, toute personne morale, tout syndicat agissant à la connaissance et avec le consentement de ces derniers peuvent faire de la publicité reliée à la campagne électorale. La période commence vingt-deux jours avant le jour du scrutin et se termine à minuit l'avant-veille du scrutin. Par exemple, si le jour du scrutin est le 28 mai, la publicité reliée à la campagne ne peut avoir lieu que du 6 mai au 26 mai inclusivement.

L'interdiction de publier une publicité reliée à la campagne électorale ne s'applique pas :

- (1) à la publication d'une publicité reliée à la campagne électorale la veille du jour du scrutin dans un journal publié en Ontario qui ne paraît qu'une fois par semaine et dont la date régulière de parution tombe la veille du jour du scrutin; et
- (2) à la publication d'une publicité reliée à la campagne électorale le jour et la veille du scrutin au moyen d'installations de panneaux-réclame ou dans un abri d'autobus public ou dans un autobus, un tramway ou dans une station de métro faisant partie d'un réseau public de transport en commun.

**Renvois à la loi 38 (1) et 38 (3)**

.03 La publicité reliée à la campagne électorale est définie comme la publicité faite grâce aux installations d'une entreprise de radiodiffusion, ou la publication d'une publicité dans un journal, une revue ou une autre publication périodique, ou par le truchement de moyens de publicité extérieure, dans le but de favoriser un parti inscrit ou l'élection d'un candidat inscrit ou de leur manifester de l'opposition.

**Renvoi à la loi 38 (1)**

.04 Par «moyens de publicité extérieure», on entend des moyens autres que la radio, la télévision, les journaux, les revues et autres publications périodiques de toute personne ou personne morale qui fait profession d'offrir ces moyens à titre commercial à des fins de publicité. Par exemple, une publicité reliée à la campagne électorale de la part d'un candidat inscrit grâce à des panneaux-réclame ne peut commencer avant la période de vingt et un jours, tandis que la publicité reliée à la campagne électorale au moyen d'affiches individuelles fabriquées par le candidat ou son organisation n'est pas limitée de la sorte. On notera que ce délai de vingt et un jours s'applique aussi aux camions commerciaux dotés de haut-parleurs à des fins de publicité reliée à la campagne électorale.

.05 La restriction de vingt et un jours ne s'applique toutefois pas aux activités suivantes, à condition qu'elles soient conformes aux lignes directrices de la Commission :

- a) l'annonce d'assemblées publiques dans les associations de circonscription;
- b) la communication de l'emplacement du bureau central d'un candidat ou d'une association de circonscription;

- c) l'annonce pour solliciter des travailleurs bénévoles pour la campagne électorale;
- d) la communication des services offerts aux électeurs par les candidats ou les associations de circonscription relativement au recensement et à la révision des listes électorales;
- e) la communication des services offerts aux électeurs le jour du scrutin;
- f) toute autre question reliée aux fonctions administratives des associations de circonscription.

#### Renvoi à la loi 38 (2)

La Commission a toutefois déterminé que, même s'il est permis qu'une publicité ou annonce de ce genre mentionne le nom du candidat et/ou du parti politique et montre une photo du candidat et/ou le logo du parti politique, la référence au service ou à l'activité visés par l'exception et énoncés au paragraphe 38 (2) doit constituer le caractère dominant de cette publicité ou annonce. En outre, cette publicité ou cette annonce ne doit renfermer aucun slogan ou autre terme favorisant le candidat ou le parti inscrits ou manifestant de l'opposition à un autre candidat ou parti inscrits, comme «venez grossir l'équipe gagnante», «travaillons pour le maintien d'un bon gouvernement», «notre candidat est le mieux qualifié», etc.

Il y a lieu de signaler que la restriction de vingt et un jours imposée à la publicité ne s'applique pas aux activités de financement ni aux campagnes électorales et congrès réalisés en rapport avec des candidatures disputées dans la circonscription en vue du parrainage des candidats officiels du parti, pourvu que le contenu de la publicité soit conforme à la présente Ligne directrice.

#### RESTRICTIONS RELATIVES AUX TARIFS EXIGÉS

- .06 Au cours de la période de vingt et un jours visée à la Ligne directrice G23.02 ci-dessus, une personne ou une personne morale ne peut pas exiger pour le temps d'antenne réservé à la publicité reliée à la campagne électorale un tarif supérieur au tarif minimal exigé par l'entreprise de radiodiffusion pour une même quantité de temps d'antenne équivalent mis à la disposition d'une autre personne pendant la même période. Autrement dit, un parti politique inscrit, une association de circonscription inscrite ou un candidat inscrit, ou quiconque agissant à leur connaissance et avec leur consentement, a droit au tarif minimal de temps d'antenne à la télévision ou à la radio qui est offert à tout autre client de l'entreprise de radiodiffusion pour la même quantité de temps d'antenne dans un créneau équivalent durant la période de vingt et un jours.

#### Renvoi à la loi 38 (4) a)

- .07 Au cours de la période de vingt et un jours visée à la Ligne directrice G23.02 ci-dessus, un particulier ou une personne morale peut exiger pour un espace publicitaire pour de la publicité reliée à la campagne électorale un tarif qui soit supérieur au tarif minimal exigé par l'entreprise d'édition pour une même quantité d'espace publicitaire équivalent dans sa publication. Autrement dit, un parti politique inscrit, une association de circonscription inscrite ou un candidat inscrit, ou quiconque agissant à leur connaissance et avec leur consentement, a droit au tarif minimal pour un espace publicitaire qui est offert à tout autre client de l'entreprise d'édition pour la même quantité d'espace publicitaire, à un endroit de valeur équivalente, dans la publication publiée ou distribuée et rendue publique au cours de la période de vingt et un jours.

#### Renvoi à la loi 38 (4) b)

- .08 C'est un fait reconnu que dans certains médias, les tarifs de publicité peuvent dépendre du volume de temps ou d'espace acheté pendant l'année. Aux fins de la loi, le tarif minimal renvoie au tarif minimal offert à tout autre client qui achète un volume de publicité équivalent à celui qui est acheté par le

parti politique inscrit, l'association de circonscription inscrite ou un candidat inscrit durant la période de vingt et un jours.

**AUTRES PRÉCISIONS**

- .09 Une entreprise de radiodiffusion peut offrir du temps gratuit aux partis politiques et candidats inscrits conformément aux dispositions, règlements et directives en vertu de la Loi sur la radiodiffusion (Canada). La prestation de ce temps gratuit ne doit pas être considérée comme une contribution ni une dépense électorale pour ces partis politiques ou candidats inscrits pour l'application de la loi.

**Renvoi à la loi 23 (2)**

- .10 Si une personne, une personne morale ou un syndicat, à la connaissance et avec le consentement d'un parti politique ou d'un candidat inscrits aux termes de la présente loi, favorise ce parti ou l'élection de ce candidat, ou manifeste de l'opposition à un autre parti politique inscrit ou à l'élection d'un autre candidat inscrit en faisant transmettre une publicité grâce aux installations d'une entreprise de radiodiffusion ou en faisant publier une publicité dans un journal, une revue ou une autre publication périodique, ou dans des imprimés, des brochures ou d'autres écrits, ou par le truchement d'un moyen de publicité extérieure, et que le montant des frais engagés à cet égard soit supérieur :

- a) à 100 \$ dans le cas d'une seule publicité politique;
- b) à une somme qui, au total, dépasse 100 \$ dans le cas de publicités politiques provenant d'une source unique et radiodiffusées ou publiées au cours d'une même année, à l'exclusion de la période de campagne électorale qui se déroule, en totalité ou en partie, pendant cette année, ou au cours d'une période de campagne électorale,

ce montant constitue, pour l'application de la loi, une contribution au parti politique ou au candidat qui avait connaissance de la publicité politique et y donnait son consentement. Si la publicité est publiée ou radiodiffusée au cours de la période pertinente, ce montant constitue également, pour l'application de la loi, une dépense liée à la campagne électorale.

**Renvoi à la loi 23 (1)**

- .11 Tout éditeur peut publier des reportages authentiques, notamment des interviews, des commentaires, ou d'autres travaux composés à l'intention d'un journal, d'une revue ou d'une autre publication périodique qui les publie sans frais pour le parti politique, l'association de circonscription ou le candidat. La publication de ces documents n'est pas considérée comme une publicité politique aux termes de la loi.

Une entreprise de radiodiffusion peut de même diffuser des reportages **authentiques** pourvu que ce soit en conformité avec les dispositions, règlements et directives en vertu de la Loi sur la radiodiffusion (Canada).

**Renvois à la loi 23 (6) et 38 (3) c)**

- .12 La documentation publicitaire antérieure à la campagne électorale achetée par une association de circonscription à l'intention d'un candidat inscrit après l'émission du décret de convocation des électeurs doit être comptabilisée comme une dépense liée à la campagne électorale, soit par le candidat, soit par l'association de circonscription selon l'explication de la Ligne directrice G25.

RESTRICTIONS IMPOSÉES AUX DÉPENSES LIÉES À LA CAMPAGNE ÉLECTORALE

- .01 La loi définit comme suit les dépenses liées à la campagne électorale, les dépenses qu'engage un parti politique, une association de circonscription ou un candidat inscrits aux termes de la loi, ou qui sont engagées pour son compte pendant la période comprise entre l'émission du décret de convocation des électeurs et le jour du scrutin, à l'exception de ce qui suit :
- a) les dépenses engagées par le candidat lorsqu'il sollicitait une candidature conformément à la Loi électorale de 1984;
  - b) le dépôt remis par le candidat tel que l'exige la Loi électorale de 1984;
  - c) les honoraires de vérification et de comptabilité;
  - d) les intérêts sur les prêts autorisés aux termes de l'article 36;
  - e) les dépenses engagées relativement à la tenue d'une activité de financement visée à l'article 24. Voir la Ligne directrice G31.08 touchant les restrictions relatives au contenu de la publicité;
  - f) les dépenses engagées relativement à la célébration de la victoire après la fermeture des bureaux de vote et à la publication de remerciements après le jour du scrutin;
  - g) les dépenses engagées relativement à l'administration du parti politique ou de l'association de circonscription, notamment :
    - (i) les coûts de personnel en rapport avec la rémunération du personnel permanent à temps plein ou à temps partiel au service du parti ou de l'association de circonscription,
    - (ii) les coûts de recherche,
    - (iii) les coûts du scrutin,
    - (iv) certains coûts de production de moyens de diffusion avant l'émission du décret de convocation, dont il est question dans la Ligne directrice G25.03;
  - h) les transferts autorisés aux termes de l'article 28;
  - i) les frais occasionnés par l'entretien d'un service de cartes de crédit;
  - j) les dépenses liées au dépouillement judiciaire relatif à l'élection;
  - k) les dépenses liées à la garde d'enfants d'un candidat;
  - l) les paiements versés au candidat en remplacement du salaire perdu pendant un congé sans solde autorisé par son employeur;
  - m) le loyer lié au séjour dans une résidence temporaire dans la circonscription électorale lorsque le candidat n'y a pas de résidence permanente.

Les dépenses liées à la campagne électorale sont réputées comprendre toutefois la valeur des articles gardés en stock ou des honoraires ou des dépenses liés à des services fournis à un candidat ou à un parti politique, ainsi que la valeur de tout article et tout service fournis au parti politique, à l'association de circonscription ou au candidat inscrits aux termes de la loi qui doivent être utilisés en

- .02 Les publicités payées par un particulier, une personne morale ou un syndicat qui favorisent un parti politique ou un candidat ou manifestent de l'opposition à un parti politique ou à un candidat et qui coûtent chacune ou globalement plus de 100 \$ sont considérées comme une contribution au parti ou au candidat à la connaissance et avec le consentement de qui la publicité politique est faite et, si elle est faite durant la période pertinente, comme une dépense liée à la campagne électorale.

**Renvoi à la loi 23 (1)**

- .03 Le DF du parti inscrit, de l'association de circonscription inscrite ou du candidat inscrit qui a engagé des dépenses liées à la campagne électorale effectue le paiement qui s'y rapporte. Sauf si le montant d'une dépense est inférieur à 25 \$, la dépense doit être appuyée d'un relevé détaillé qui inclut la preuve de paiement.

**Renvoi à la loi 39 (7)**

- .04 Pour l'application de la loi, sont considérées comme une contribution les sommes prélevées sur le fonds particulier d'un candidat inscrit que celui-ci affecte à sa campagne électorale. Chaque candidat inscrit présente à son DF, dans les trois mois du jour du scrutin, un relevé de toutes les dépenses liées à la campagne électorale qui ont été payées, ou qui le seront, grâce à ces sommes, ainsi que les récépissés et les demandes qui s'y rapportent.

**Renvoi à la loi 19 (3)**

- .05 En cas de fourniture de biens ou de services, si l'on considère qu'ils constituent une contribution pour l'application de la loi, on considère qu'une dépense équivalente a été engagée, sauf s'il s'agit d'une publicité évaluée à 100 \$ ou moins, commandée par une personne, une personne morale ou un syndicat à la connaissance et avec le consentement du parti politique, de l'association de circonscription ou du candidat.

**Renvois à la loi 22 (2) et 23 (1)**

- .06 À l'exception des biens gardés en stock à l'usage d'un candidat au cours d'une période de campagne électorale, les fonds, les biens et les services transférés entre un parti politique, une association de circonscription et le compte de la campagne électorale d'un candidat inscrit ne constituent ni une contribution ni une dépense liée à la campagne électorale.

**Renvoi à la loi 28**

- .07 L'association de circonscription ne doit pas engager des dépenses liées à une campagne électorale dont le montant total est supérieur à la somme préalablement approuvée par écrit par le DF du candidat que parraine cette association.

**Renvoi à la loi 39 (5)**

- .08 Si la somme totale des dépenses liées à une campagne électorale dépasse le plafond fixé par la loi, la subvention relative aux dépenses liées à une campagne électorale à laquelle le parti politique peut avoir droit sera réduite de un dollar par dollar dépassant le plafond des dépenses liées à une campagne électorale.

Un député élu à l'Assemblée est passible d'une peine encore plus sévère. Si le montant des dépenses liées à la campagne électorale qu'a engagées le député est supérieur au maximum permis et que l'Assemblée ne trouve aucune circonstance atténuante, le député quitte sans délai son siège à l'Assemblée.

**Renvois à la loi 39 (4) et 44 (2)**

- .09 a) Les dépenses liées à la campagne électorale d'un parti politique ne sont pas supérieures au produit obtenu en multipliant 0,40 \$ par :
- (i) en ce qui concerne une élection générale, le nombre d'électeurs ayant le droit de voter, selon l'attestation du directeur général des élections, dans les circonscriptions électorales où ce parti présente un candidat officiel, et
  - (ii) en ce qui concerne une élection partielle dans une circonscription électorale, le nombre d'électeurs ayant le droit de voter, selon l'attestation du directeur général des élections, dans cette circonscription.
- b) Le plafond des dépenses liées à la campagne électorale engagées par un candidat et réunies à celles qu'engage son association de circonscription n'est pas supérieur au montant qui comprend l'ensemble des éléments suivants :
- (i) 2 \$ à l'égard de chacun des 15 000 premiers électeurs ayant le droit de voter, selon l'attestation du directeur général des élections, dans la circonscription électorale du candidat; 1 \$ à l'égard de chacun des électeurs au-delà des 15 000 premiers, jusqu'à concurrence de 25 000, et 0,25 \$ pour chacun des électeurs au-delà des 25 000 premiers,  
**et**
  - (ii) la somme fixée ci-dessus est majorée de 5 000 \$ dans le cas des candidats des circonscriptions électorales de Cochrane Nord, Rainy River, Kenora, Lake Nipigon, Algoma et Nickel Belt.

**Renvois 39 (1), 39 (2) et 39 (3)**

- .10 Après le jour du scrutin et dès réception de la liste certifiée des électeurs communiquée par le directeur général des élections, la Commission informe le DF d'un parti politique et le candidat du nombre d'électeurs à propos duquel les restrictions aux dépenses doivent être déterminées.

Aux fins des prévisions budgétaires, toutefois, chaque DF doit se procurer une liste des électeurs auprès du directeur local du scrutin immédiatement après le recensement.

- .11 Dans les trois mois qui suivent le jour du scrutin, les fournisseurs doivent présenter leurs factures de biens et services au DF du parti politique, de l'association de circonscription ou du candidat qui a engagé la dépense liée à la campagne électorale. Il faut garder ces factures ou ces comptes jusqu'à ce qu'on obtienne par écrit de la Commission l'autorisation de les détruire.

**STOCK DE MATÉRIEL DE CAMPAGNE ÉLECTORALE ET DÉPENSES  
LIÉES À LA CAMPAGNE ÉLECTORALE PAYÉES D'AVANCE**

- .01 Dans sa définition des dépenses liées à la campagne électorale, la loi englobe la valeur des articles gardés en stock et destinés à l'usage d'un candidat ou d'un parti politique au cours d'une période de campagne électorale.

**Renvoi à la loi 1 (1)**

- .02 La loi stipule également que le transfert de biens gardés en stock et destinés à l'usage d'un candidat au cours d'une période de campagne électorale constitue une dépense liée à la campagne électorale.

**Renvoi à la loi 28**

- .03 On peut se demander avec une certaine inquiétude ce qui constitue un stock de matériel de campagne électorale et des dépenses liées à la campagne électorale payées d'avance. La Commission considère que le stock consiste normalement en des choses comme des piquets de pelouse, des panneaux d'affichage, de la documentation utilisable, des enseignes et d'autres articles de campagne électorale.

Les dépenses liées à la campagne électorale payées d'avance sont, entre autres, le coût de services de consultation, les coûts de production de la publicité à utiliser au cours de la campagne électorale et les dépôts versés relativement à des bureaux et du matériel en vue de la campagne électorale. Elles ne comprennent pas les frais de production de moyens de diffusion engagés avant l'émission du décret de convocation des électeurs, dans le cadre des activités courantes du parti politique ou de l'association de circonscription, mais elles comprennent :

- a) le produit qui en sort **et** est utilisé dans la campagne électorale;
- b) les dépenses engagées dans le but prédominant de créer un produit à utiliser dans la campagne électorale.

L'état des dépenses, qui est une analyse de la nature des dépenses, renferme des renseignements permettant de déterminer ce qui est à proprement parler un stock et une dépense payée d'avance. À la fin de la période de déclaration, ce montant ne doit pas rester dans le total des dépenses mais doit être déduit et indiqué comme redressement de l'actif. Dans une période de campagne électorale, il est important d'affecter la valeur de ce stock et des dépenses liées à la campagne électorale payées d'avance comme partie du total des dépenses liées à la campagne électorale. Le redressement du stock influe sur les dépenses globales liées à la campagne électorale.

- .04 Avant l'émission du décret de convocation des électeurs, toutes les dépenses en rapport avec la campagne électorale éventuelle doivent être accumulées et transférées à un compte de stock. Dès l'émission du décret de convocation des électeurs, la valeur de toutes les dépenses et du matériel consignés dans le compte de stock doit être transférée dans les comptes de la période de campagne électorale, dans les comptes du candidat ou, s'il s'agit du parti, dans ses comptes de la période de campagne électorale ou à titre de transferts dans les comptes de la campagne électorale des associations de circonscription ou des candidats.

On recourra ordinairement au prix du marché comme base du calcul de la valeur du stock transféré dans les comptes de la campagne électorale. On peut déterminer le prix du marché de plusieurs façons, les principales étant :

- a) des factures récentes ou le prix fixé;
- b) le moins élevé du coût de remplacement et du coût de reproduction;

LIGNE DIRECTRICE G25

DIRECTEURS DES FINANCES

Commission sur le financement des élections

- c) le prix de ventes récentes comparables.

Dans le cas d'acquisitions réalisées dans l'année du décret de convocation, utiliser le prix du devis. Dans l'évaluation d'un matériel de campagne électorale destiné à l'usage du candidat, qui provient d'une campagne électorale antérieure, utiliser le prix de remplacement ou le prix du devis. Déclarer tout le matériel provenant d'une campagne électorale antérieure même si le matériel n'a pas été déduit de la campagne électorale antérieure en raison des dispositions de la Ligne directrice G25.06. Ce prix varie selon les endroits de la province et dépend de l'approvisionnement local, de la concurrence et de l'aptitude de l'association de circonscription à produire ses propres enseignes ou à se procurer du matériel de récupération pour construire des enseignes. Dans tous les cas, il y a lieu de réunir la documentation pertinente à l'appui de la valeur d'ouverture du stock.

- .05 Si, à la fin d'une période de déclaration, un décret de convocation des électeurs n'a pas été émis, la valeur du stock de matériel de campagne électorale et des dépenses liées à la campagne électorale payées d'avance doit être indiquée comme élément d'actif dans l'état de l'actif et du passif.
- .06 Le stock de matériel de campagne électorale réutilisable en main à la fin de la campagne électorale, **non compris le matériel qui identifie un candidat particulier**, doit être transféré des comptes de la période de campagne électorale aux comptes ordinaires de l'association de circonscription ou du parti selon le cas. La valeur de ce matériel doit être déduite de la valeur totale du stock à l'ouverture, et des achats ultérieurs pour fournir le coût du matériel consommé. Ce coût sera déclaré comme une dépense liée à la campagne électorale. Il est important que les DF de toutes les organisations concernées procèdent aux inscriptions correspondantes dans leurs comptes respectifs.

Le directeur des finances du candidat doit déterminer avec soin non seulement la quantité du matériel de campagne électorale réutilisable, mais aussi la valeur à assigner à chaque article. Il y a lieu de dresser une liste détaillée de tout le matériel de campagne électorale réutilisable en main à la fin de la campagne électorale avec son évaluation. La Ligne directrice G25.04 donne une orientation sur cette évaluation. Évaluer comme suit le matériel réutilisable en main à la fin de la campagne électorale :

- a) si l'article était en main au début de la campagne électorale, l'évaluer à la même valeur utilisée au début de la campagne;
- b) si l'article a été acquis durant la campagne électorale, l'évaluer au prix de la facture.

**L'exclusion de certains articles du stock à la fin de la période n'empêche pas qu'ils soient inclus au début d'une campagne électorale ultérieure.**

- .07 Il est possible de faciliter considérablement les transferts de stock entre le compte de la campagne électorale du candidat et l'association de circonscription en permettant à l'association de circonscription de s'occuper de tous les postes de dépenses reliés au stock. À mesure que l'association engage des dépenses liées à la campagne électorale avant l'émission du décret de convocation des électeurs, elle les accumule dans un compte de stock. À la date de l'émission du décret de convocation des électeurs, transférer le montant accumulé dans le compte de stock dans le compte de dépenses liées à la campagne électorale à la juste valeur marchande. À la fin de la campagne électorale, transférer de nouveau la valeur du matériel de campagne électorale réutilisable (à l'exclusion du matériel identifiant un candidat précis) au stock à la même valeur. Pour éviter le risque de dépassement des dépenses liées à la campagne électorale, consulter le DF du candidat, s'il n'est pas le même que celui de l'association de circonscription, et lui demander d'approuver toutes les dépenses et transferts ayant trait au stock.
- .08 Dans le cas d'un candidat, on peut traiter les transferts de stock entre l'association de circonscription et le compte de la campagne électorale du candidat en transférant à la fois les dépenses liées à la

DIRECTEURS DES FINANCESLIGNE DIRECTRICE G25

campagne électorale payées d'avance avant l'émission du décret de convocation des électeurs et la valeur du stock à l'aide du compte «transferts reçus de l'association de circonscription». Dans le cas d'une association de circonscription, on peut traiter les dépenses liées à la campagne électorale et les achats courants de matériel de campagne électorale à l'aide du compte «transferts payés au compte de la campagne électorale du candidat». Cette méthode exigera une certaine dose de tenue de livres. Pour suivre la trace du total des dépenses liées à la campagne électorale, des entrées de transfert respectives dans les comptes, et pour préparer les formules requises à déposer auprès de la Commission, il est essentiel qu'existent d'étroites communications entre le DF du candidat et celui de l'association de circonscription.

- .09 Tous les DF concernés doivent surveiller de près les transferts de stock entre le parti, l'association de circonscription et le compte de la campagne électorale du candidat. Sinon, il pourrait en résulter un dépassement des dépenses liées à la campagne électorale et une lacune dans la déclaration des transferts sur les formules de déclaration requises. La méthode comptable choisie peut être l'une ou l'autre des méthodes exposées aux Lignes directrices G25.07 et G25.08.
- .10 Tout état financier annuel vérifié de chaque parti politique et association de circonscription inscrits doit être accompagné d'une liste détaillée du stock de matériel de campagne électorale réutilisable, des dépenses liées à la campagne électorale payées d'avance et des achats courants de matériel de campagne électorale à l'appui de la valeur totale desdits articles indiquée dans l'état de l'actif et du passif. Le tableau prescrit à cet effet est annexé à chaque formule.
- .11 Accompanyer tout état financier de la période de campagne électorale de chaque parti politique, association de circonscription et candidat inscrits d'une liste détaillée du matériel de campagne électorale réutilisable à l'ouverture, des dépenses liées à la campagne électorale payées d'avance et des achats courants de matériel de campagne électorale à l'appui de la valeur totale de ces articles transférés dans les comptes de la campagne du parti, de l'association de circonscription ou du candidat. En outre, il y a lieu de fournir une liste distincte du stock de matériel de campagne électorale réutilisable à la fermeture de la campagne électorale. Fournir cette liste, qui ne comprend aucun matériel identifiant un candidat précis, à l'appui de la valeur déclarée comme une réduction des dépenses liées à la campagne électorale qui ont été engagées. MÉTHODES COMPTABLES À SUIVRE

- .01 La Commission a prescrit l'utilisation des méthodes comptables décrites ci-dessous dans la préparation de tous les états financiers que les partis politiques, associations de circonscription, candidats et candidats à la direction d'un parti doivent déposer conformément à la loi.
- a) Comptabilité d'exercice
- On doit recourir à la comptabilité d'exercice dans la mesure où les dépenses sont consignées lorsqu'elles sont engagées. Par contre, les contributions doivent être consignées lorsqu'elles sont effectivement déposées en raison de l'incertitude inhérente au recouvrement des sommes promises.
- b) Titres négociables
- Les obligations, actions et autres titres négociables possédés doivent être évalués à la valeur marchande à la cote à la date de l'état initial de l'actif et du passif. Les titres achetés ultérieurement doivent être évalués au prix coûtant. Lors de la vente de titres, le profit ou la perte qui résulte de l'opération (soit la différence entre la valeur comptable et le produit de la vente) doit être reporté(e) dans l'état des recettes et des dépenses.
- c) Ameublement et autre équipement
- L'ameublement, les agencements, le matériel d'imprimerie, etc., doivent être passés en charges lors de leur achat. On doit indiquer l'existence de ces éléments d'actif, en leur accordant la valeur symbolique de 1 \$ dans tout état de l'actif et du passif.
- .02 Tous les chiffres renfermés dans les états financiers à déposer auprès de la Commission peuvent être arrondis au dollar le plus proche.
- .03 Les instructions sur la façon de remplir les formules de déclaration contenues ça et là dans les Lignes directrices visent à vous aider à appliquer ces méthodes comptables.
- .04 La Commission a émis la Ligne directrice G27 - Conseils en matière de tenue de registres, pour faciliter la préparation des états financiers à présenter à la Commission.

**CONSEILS EN MATIÈRE DE TENUE DE REGISTRES - LIVRES COMPTABLES**

.01 Les conseils suivants relatifs à la tenue des registres visent à donner une orientation pratique sur la façon de tenir de bons registres comptables :

- a) Le DF d'une association est tenu de déposer auprès de la Commission des états financiers qui comptabilisent séparément les recettes et les dépenses pour une campagne électorale et les recettes et dépenses de l'année. C'est pourquoi il est vivement recommandé de tenir deux jeux de registres comptables, l'un pour les opérations relatives à une période de campagne électorale et l'autre pour les opérations de l'année, et de commencer une nouvelle page des livres comptables le jour de l'émission du décret de convocation des électeurs. La période de campagne électorale est la période comprise entre l'émission du décret de convocation des électeurs et le troisième mois qui suit le jour du scrutin. Les états financiers annuels couvrent les opérations qui ont lieu au cours de l'année civile, mais non les opérations relatives à une période de campagne électorale.

**Renvois à la loi 1 (1) et 35 (2)**

- b) Il faut tenir un registre de tous les montants reçus et de tous les montants payés. La meilleure façon de le faire est d'adopter les habitudes suivantes :
- (i) S'assurer que tous les comptes de banque et autres à utiliser pour les sorties de fonds comportent l'envoi d'un relevé de compte mensuel accompagné des chèques annulés;
  - (ii) Faire des bordereaux de dépôt en double exemplaire pour chaque dépôt, indiquant le nom du particulier, de la personne morale ou du syndicat qui a remis le chèque, le mandat ou le bordereau de carte de crédit;
  - (iii) Faire tous les paiements, sauf ceux de la petite caisse, par chèque;
  - (iv) Conserver les factures des fournisseurs et tous autres documents ayant trait à des dépenses; le vérificateur tiendra à les voir lorsqu'il fera son examen de vérification. Les dépenses doivent être appuyées d'un relevé ou d'une autre pièce justificative, sauf si le montant d'une dépense est inférieur à 25 \$.

**Renvoi à la loi 39 (7)**

- (v) Garder un fonds de petite caisse pour régler les dépenses mineures ordinairement payées au comptant. Se procurer des factures à l'appui de tout paiement effectué à même le fonds. À tout moment, l'argent en main plus le total du montant des factures doit être égal au montant initial du fonds de petite caisse. Le fonds peut être réapprovisionné périodiquement au moyen d'un chèque tiré sur un compte de banque autorisé, dont le montant est égal au total des factures. Le vérificateur tiendra à examiner les factures dans le cadre de sa vérification.
- (vi) Il faut déposer intégralement tous les montants acceptés dans un compte de banque autorisé. Si une contribution ne peut être acceptée, quel qu'en soit le motif, retourner la contribution avant de la déposer, sinon il faudra consigner et déclarer la contribution (voir les Lignes directrices G04, G10 et G15 et PG05 - Règles concernant les contributions). Ne pas se servir de contributions en espèces reçues et non déposées pour payer des dettes ou régler des achats. Tout écart par rapport à cette règle est une violation de la loi. Il est interdit d'accepter d'un donateur des contributions en espèces supérieures à 25 \$.

- c) Il faut conserver un exemplaire de chaque bordereau de dépôt bancaire. Vérifier si le nom de chaque donateur et le montant du chèque, du mandat ou du bordereau de carte de crédit déposé sont inscrits sur le bordereau ou sur quelque autre document auquel le bordereau peut renvoyer.
- d) Il n'est pas nécessaire de tenir un jeu compliqué de registres comptables. Les documents suivants suffiront pour se conformer à la loi, permettre de faire les déclarations à la Commission et satisfaire le vérificateur.
  - (i) Les bordereaux de dépôt pour tous les dépôts, indiquant le nom des donateurs.
  - (ii) Un registre de toutes les donations en biens et services et de leur juste valeur.
  - (iii) Une liste des noms et adresses de tous les donateurs ainsi que leur qualité : particulier, personne morale ou syndicat.
  - (iv) Un registre de toutes les contributions retournées.
  - (v) Les chèques annulés et les relevés de banque.
  - (vi) Les talons de chèque sur lesquels sont consignés les détails de tous les paiements effectués.
  - (vii) Les factures, bordereaux de petite caisse et autres pièces justificatives à l'appui de tous les paiements effectués et des contributions en biens et services acceptées.
  - (viii) Les registres de récépissés de contribution comme l'exige la Commission.
  - (ix) Un registre à jour des cotisations de membres indiquant le nom, l'adresse et la cotisation versée. Si la cotisation est de 25 \$ au maximum, on peut ne pas la considérer comme une contribution.

#### Renvoi à la loi 31

- e) En plus des registres d'argent effectivement reçu et déboursé, pour dresser des états financiers selon la comptabilité d'exercice, il faut aussi tenir compte de ce qui suit :
  - les dépenses engagées mais impayées (crédateurs);
  - les dépenses engagées à propos desquelles on n'a pas encore reçu de facture;
  - les recettes sur des sommes en dépôt ou autres placements, qui ont été gagnées mais non encore touchées;
  - les contributions reçues avant la fin de la période, mais non déposées avant la fin de la période, notamment les contributions reçues par la poste avant la fin de la période dans des enveloppes portant sur le tampon de la poste une date antérieure à la fin de la période de déclaration;
  - les contributions pour mandat reçues par le parti, sous réserve de l'application de la Ligne directrice G19, qui, bien qu'elles aient été reçues par le parti pendant l'année ou la période de campagne électorale, n'ont été envoyées qu'après la date d'expiration de la période de déclaration; et
  - les paiements de transfert, non encore touchés, mais en route.

## Commission sur le financement des élections

.02 La loi ne définit pas l'expression registres appropriés et la Commission n'impose pas l'utilisation d'un système comptable particulier. On doit utiliser n'importe quel système qui réponde aux besoins du DF. On peut, par exemple, préférer utiliser des bordereaux de dépôt bancaire comme registre primaire de contributions, un fichier de lettres de remerciements aux donateurs comme registre de noms et adresses et des talons de chèque comme registre des paiements de dépenses.

.03 Il est à conseiller de consulter le vérificateur du candidat ou de l'association de circonscription dès qu'il est désigné. On s'assure ainsi que les méthodes de tenue de registres que l'on se propose de suivre lui donnent satisfaction, de sorte qu'il puisse réaliser son travail de vérification au moindre coût. La Commission verse une subvention en vue de réduire le coût des services du vérificateur quant à la vérification des registres et des états financiers.

## Renvoi à la loi 41

.04 Acheter un livre de comptabilité standard à colonnes multiples dans une papeterie ou un magasin de fournitures de bureau. Utiliser une section du livre pour consigner les recettes au comptant, une autre pour les sorties de fonds et une troisième pour y consigner toutes les donations en biens, services et publicité. On peut également utiliser un système comptable informatisé.

.05 Il est très important d'établir une distinction nette entre les opérations annuelles et les opérations pendant la campagne électorale. Les registres d'un candidat ne doivent comporter que des opérations effectuées pendant la période de campagne électorale. Comme on l'a mentionné ci-dessus, l'association de circonscription est fortement invitée à commencer de nouvelles pages dans son registre de recettes au comptant, son registre de sorties de fonds et son registre de toutes les donations en biens, services et publicité pour que ses opérations annuelles soient bien séparées des opérations liées à la période de campagne électorale.

.06 Remarquer qu'il n'y a pas lieu de consigner dans les registres du candidat les recettes qu'une association de circonscription encaisse et les dépenses qu'elle engage pour le compte d'un candidat pendant la période antérieure à la campagne électorale, sauf dans la mesure où elles sont transférées au candidat après le début de la période de campagne électorale. Par exemple, il se peut que l'association de circonscription ait acheté de la documentation de campagne électorale avant la période de campagne électorale. Cette documentation peut être transférée au candidat au prix coûtant après le début de la période de campagne électorale. De même, il est possible que l'association ait recueilli des fonds de campagne électorale pour le candidat. Ces fonds peuvent être transférés au candidat inscrit après le début de la période de campagne électorale.

Si une association de circonscription a acheté du matériel de campagne électorale avant la date d'émission du décret de convocation des électeurs, elle ne doit pas déclarer l'argent ainsi dépensé comme une dépense, mais bien plutôt le déclarer comme stock de ce genre de matériel et déclarer le coût réel du matériel dans la section «Actif» du bilan. Lorsque ce matériel est transféré à la campagne électorale du candidat à la date d'émission du décret de convocation des électeurs, l'association de circonscription doit consigner la valeur du stock de matériel comme un paiement de transfert à la campagne électorale du candidat, et le DF du candidat doit consigner la valeur du stock comme étant à la fois un paiement de transfert reçu et une dépense liée à la campagne électorale. Pour des renseignements précis, voir la Ligne directrice G25.

.07 Il est très important d'établir une distinction nette entre les opérations qui sont des recettes ou des dépenses de la période de campagne électorale qu'il faut déclarer à la Commission et les opérations qui ne le sont pas. Par exemple :

- a) les dépenses liées à la campagne électorale ne comprennent pas le remboursement d'emprunts bancaires, les contributions retournées, les transferts à votre parti, à d'autres candidats ou à des associations de circonscription, ou les sommes versées à la Commission; et
- b) les recettes de campagne électorale ne comprennent pas les sommes provenant d'emprunts bancaires ni le principal de placements vendus.

ORGANISATIONS POLITIQUES NON INSCRITES

- .01 La loi prévoit l'inscription par la Commission des partis politiques, associations de circonscription et candidats à une élection à l'Assemblée législative de l'Ontario ainsi que l'inscription des candidats à la direction d'un parti inscrit.

Il y a toutefois de nombreuses organisations politiques qui appuient vigoureusement l'activité politique provinciale. Cette ligne directrice vise à éclaircir la participation financière qui leur est permise.

- .02 La loi stipule qu'aucun parti politique, aucune association de circonscription, aucun candidat ou candidat à la direction d'un parti inscrits auprès de la Commission ne peuvent transférer des fonds ni verser de contribution :

- a) à un candidat à une élection municipale aux termes de la Loi sur les élections municipales, ou
- b) à un parti politique fédéral enregistré aux termes de la Loi électorale du Canada ou à une association de circonscription fédérale, ou à des organisations affiliées à une association de circonscription fédérale, par exemple, groupes de jeunes, groupes de femmes, etc., ou à un candidat à une élection fédérale que parraine ce parti politique fédéral. Un parti inscrit peut toutefois, durant une élection, en vertu de la Loi électorale du Canada, transférer à un parti politique fédéral enregistré aux termes de la Loi sur les dépenses d'élection (Canada) un montant qui ne dépasse pas en tout 100 \$ à l'égard de chaque candidat à une élection fédérale dans une circonscription électorale fédérale dans la province de l'Ontario dont la candidature est parrainée par ce parti politique fédéral.

**Renvoi à la loi 30 (1)**

- .03 Un parti politique, une association de circonscription, un candidat et un candidat à la direction d'un parti inscrits auprès de la Commission **ne peuvent** accepter de fonds d'un parti politique fédéral enregistré aux termes de la Loi sur les dépenses d'élection (Canada), ni d'une association de circonscription fédérale, ni d'organisations affiliées à une association de circonscription fédérale, par exemple, groupes de jeunes, groupes de femmes, etc. **Toutefois**, au cours d'une période de campagne électorale, un parti inscrit peut seulement accepter d'un tel parti politique une somme qui, au total, ne dépasse pas 100 \$ à l'égard de chacun des candidats inscrits parrainé par ce parti.

**Renvoi à la loi 21**

- .04 Comme un emprunt comporte un transfert de fonds, toute interdiction de la loi en matière de transferts de fonds s'applique également aux prêts et emprunts.
- .05 Une organisation politique affiliée à un parti politique inscrit ou à une ou plusieurs associations de circonscription inscrites et parrainée par eux peut, au cours d'une année, faire une contribution à un parti politique ou à l'association de circonscription auquel ou à laquelle elle est affiliée, comme si elle était un particulier pour l'application de l'alinéa 19 (1) a) de la loi. La loi ne permet pas à une organisation politique affiliée de faire une contribution à un candidat inscrit ou une contribution supplémentaire au parti politique pendant une période de campagne électorale.

**Renvois à la loi 27 (3) et 27 (4)**

- .06 Bien qu'il ne soit pas possible d'accepter des contributions d'organisations appuyant des partis politiques ou des candidats, sauf si les conditions préalables énoncées dans la Ligne directrice G28.05 ci-dessus sont réunies, ces organisations peuvent mettre sur pied des activités de financement particulières

parrainées par un parti, une association de circonscription ou un candidat, à condition que le produit intégral, accompagné d'un état des recettes et des dépenses de chaque activité, soit remis au DF pertinent.

Dans des circonstances de ce genre, le DF consigne les données financières dans les registres comptables et les insère dans la déclaration à déposer auprès de la Commission. Le DF est, en dernière instance, chargé de s'assurer que le plafond de contribution en espèces de 25 \$ est respecté et que toutes les particularités de la vente de billets sont à la disposition de la Commission si le prix du billet est considéré, en tout ou en partie, comme une contribution.

LE VÉRIFICATEUR

- .01 Cette section des lignes directrices vise à donner des renseignements expressément en rapport avec le vérificateur. En insérant ces renseignements dans les lignes directrices générales, la Commission espère qu'ils seront instructifs pour le DF et qu'ils le tiendront au fait des problèmes et des besoins du vérificateur dans l'exercice de ses fonctions. Si le directeur des finances sait à l'avance de quels renseignements le vérificateur aura probablement besoin et devra disposer, on devrait obtenir que la vérification soit plus efficace et que le rapport soit prêt au moment voulu.
- .02 La loi renferme un certain nombre de références au vérificateur. Bien que le vérificateur doive être déjà au courant de toutes les dispositions de la loi, l'Institut des comptables agréés de l'Ontario a rédigé une brochure qu'il met à la disposition de tous les vérificateurs. Il y rappelle les articles particuliers de la loi qui sont importants pour l'exercice de la vérification.
- .03 Le parti inscrit et l'association de circonscription inscrite nomment un vérificateur dans les trente (30) jours qui suivent leur inscription. Le candidat et le candidat à la direction d'un parti nomment un vérificateur au moment de la nomination de leur directeur des finances. La Commission suggère toutefois que la nomination du vérificateur ait lieu avant que l'association de circonscription ne dépose sa demande d'inscription de sorte que le vérificateur puisse être appelé à conseiller le DF dans la préparation de l'état initial de l'actif et du passif. Les vérificateurs doivent être des personnes agréées aux termes de la Loi sur les experts-comptables ou un cabinet dont les associés, résidents de la province de l'Ontario, sont agréés aux termes de cette loi. Lorsque le vérificateur préalablement nommé cesse d'exercer ses fonctions pour quelque motif que ce soit, le parti politique ou l'association de circonscription, le candidat, le candidat à la direction d'un parti, selon le cas, doit nommer un autre vérificateur et en informer sans délai la Commission.

**Renvois à la loi 41 (1) et 41 (2)**

- .04 Le directeur du scrutin, le scrutateur ou le secrétaire du scrutin de même que le DF d'un parti inscrit, d'une association de circonscription inscrite d'un candidat, d'un candidat à la direction d'un parti, ne peuvent agir en qualité de vérificateur du candidat, du candidat à la direction d'un parti, du parti inscrit ou de l'association de circonscription inscrite.

**Renvoi à la loi 41 (3)**

- .05 Le vérificateur d'une association de circonscription et d'un parti politique est tenu de présenter un rapport sur les états financiers annuels et les états financiers d'une période de campagne électorale de l'association de circonscription et du parti.

**Renvois à la loi 41 (4), 42 (1) et 43 (1)**

- .06 Le vérificateur du candidat est tenu de présenter au directeur des finances un rapport sur l'état financier de la période de campagne électorale du candidat.

**Renvois à la loi 41 (4) et 43 (1)**

- .07 Le vérificateur d'un candidat à la direction d'un parti est tenu de présenter un rapport sur l'état financier du candidat à la direction d'un parti relatif à la période de campagne à la désignation du chef.

**Renvois à la loi 41 (4) et 43 (4)**

- .08 Le vérificateur est tenu de procéder à un examen qui lui permette de déclarer si les états financiers représentent proprement l'information contenue dans les registres comptables sur lesquels ils reposent.

**Renvoi à la loi 41 (4)**

- .09 Le rapport du vérificateur doit également déclarer, s'il le juge nécessaire, s'il a reçu ou non du DF les renseignements et les explications qu'il a exigés ou si le DF n'a pas tenu les registres comptables appropriés.

**Renvoi à la loi 41 (5)**

- .10 À toute heure raisonnable, le vérificateur a le droit de consulter les dossiers, documents, livres, comptes et pièces justificatives du candidat, du candidat à la direction d'un parti, du parti politique ou de l'association de circonscription qui l'a nommé. Le vérificateur a également le droit d'exiger du DF les renseignements et les explications qui, à son avis, sont nécessaires afin de pouvoir dresser son rapport.

**Renvoi à la loi 41 (6)**

- .11 Le DF de chaque parti politique inscrit et de chaque association de circonscription inscrite dépose auprès de la Commission les états financiers annuels vérifiés au plus tard le 31 mai de l'année suivante.

**Renvoi à la loi 42 (1)**

- .12 Le DF de chaque parti politique, de chaque association de circonscription et de chaque candidat inscrits dépose auprès de la Commission un état financier vérifié pour la période de campagne électorale, au plus tard, six mois après le jour du scrutin. Le vérificateur doit donc présenter son rapport au DF avant cette date.

**Renvoi à la loi 43 (1)**

- .13 Le DF de chaque candidat à la direction d'un parti inscrit dépose auprès de la Commission l'état financier vérifié pour la campagne à la désignation du chef au plus tard six mois après la tenue du scrutin en vue de désigner le chef du parti.

**Renvoi à la loi 43 (4)**

- .14 Le DF du parti inscrit ou de l'association de circonscription inscrite, qui a déposé une demande de radiation aux termes de l'article 13 (1), doit déposer en même temps auprès de la Commission les états financiers vérifiés qui concernent la période comprise entre le jour qui suit immédiatement la période visée par le dernier état financier déposé auprès de la Commission et le jour où a eu lieu la dernière activité financière.

**Renvoi à la loi 13 (8)**

- .15 La période de campagne électorale à l'égard d'un candidat inscrit qui retire sa candidature ou qui décède avant le jour du scrutin ou qui ne dépose pas de déclaration de candidature est réputée prendre fin le jour de son retrait de candidature, le jour de la déclaration de candidature ou le jour de son décès, selon le premier de ces événements à se réaliser. Le DF de ce candidat dépose auprès de la Commission l'état financier vérifié dans les soixante (60) jours qui suivent la fin de la période de campagne électorale à l'égard de ce candidat.

**Renvoi à la loi 14 (6)**

- .16 La loi prévoit le paiement direct au vérificateur d'une subvention pour honoraires de vérification exigés pour l'examen et le rapport de celui-ci sur les registres et états financiers. Le compte du vérificateur, qui doit être remis à la Commission en même temps que les états financiers vérifiés, doit indiquer clairement les frais relatifs aux services de vérification distinctement des frais exigés pour d'autres services rendus. La subvention pour frais de vérification est de 400 \$ pour les états financiers d'une association de circonscription, de 800 \$ pour ceux d'un candidat et de 600 \$ pour l'état financier d'un candidat à la direction d'un parti. Si les honoraires de vérification sont inférieurs au plafond de subvention, c'est la somme inférieure qui est versée. La vérification de l'état des recettes et des dépenses d'un parti ne bénéficie d'aucune subvention.

- .01 La Commission exige la conservation des registres financiers par les partis politiques, les associations de circonscription, les candidats et les candidats à la direction d'un parti inscrits aux termes de la loi pendant au moins six ans.
- .02 Pour pouvoir détruire des registres, il est nécessaire d'obtenir l'autorisation écrite de la Commission. La demande par écrit doit préciser les registres qu'il s'agit de détruire et à quelle année ils remontent.

ACTIVITÉS DE FINANCEMENT

- .01 Les activités de financement sont toutes organisées principalement en vue de recueillir des fonds pour le parti politique, l'association de circonscription, le candidat ou le candidat à la direction d'un parti inscrits aux termes de la loi, par qui ou pour le compte desquels l'activité a lieu. Ces activités organisées comprennent des dîners, des danses, des réceptions en plein air pour lesquels on perçoit des frais d'entrée. Il peut s'agir aussi de ventes aux enchères, ventes de macarons, lavages de voitures, sollicitations postales, etc., pour lesquels on ne perçoit pas de frais d'entrée. Les séminaires, ateliers, assemblées annuelles, congrès, conférences de politiques, rassemblements sous l'égide d'un candidat et autres activités ne sont pas considérés comme des activités de financement pour l'application de la loi.

**Renvoi à la loi 24 (1)**

- .02 Le DF doit consigner le montant des revenus bruts provenant de chaque activité de financement et le communiquer à la Commission dans les états financiers couvrant la période pendant laquelle l'activité a eu lieu. Il est en outre exigé que, dans la déclaration de recettes brutes de chaque activité, la recette des ventes de billets soit consignée séparément des autres recettes, par exemple, les ventes de rafraîchissements.

**Renvoi à la loi 24 (2)**

- .03 Lorsqu'une activité de financement comporte la perception de frais, une partie des frais est, dans certains cas, considérée comme une contribution au parti politique, à l'association de circonscription, au candidat ou au candidat à la direction d'un parti qui sont inscrits et qui ont organisé l'activité de financement ou pour le compte desquels celle-ci a lieu. Les critères sont les suivants :
- a) Lorsque les frais ne sont pas supérieurs à 25 \$, il est possible de les considérer, dans leur totalité, comme des dépenses, comme une contribution ou comme une combinaison quelconque de contributions et de dépenses.
  - b) Lorsque les frais sont supérieurs à 25 \$, tout montant jusqu'à concurrence de 25 \$ peut être considéré comme des dépenses. Le reste doit être considéré comme une contribution.

Si les frais sont considérés, dans leur totalité, comme une contribution, il faut produire un récépissé officiel libellé au montant intégral des frais.

Dans le cadre d'un seul et même événement, la ventilation originale des frais entre contribution et dépenses doit être la même pour chacun.

Si l'élément de contribution des frais est supérieur à 25 \$, le montant intégral doit être payé par chèque, mandat ou carte de crédit.

**Renvoi à la loi 24 (3)**

Par exemple, on vend des livres pour recueillir des fonds. Ils sont achetés à l'éditeur 10 \$ chacun et vendus par l'organisme de collecte de fonds 50 \$ chacun. Dans ce cas, on peut considérer 50 \$ ou 40 \$ comme une contribution.

- .04 Toute somme payée pour des biens ou services offerts en vente au cours d'une activité de financement au-delà de leur juste valeur marchande doit être considérée comme une contribution pour l'application de la loi. Pour déterminer la juste valeur marchande, se reporter à la Ligne directrice G25.04.

**Renvoi à la loi 24 (4)**

Par exemple, une vente aux enchères a lieu en vue de recueillir des fonds. M<sup>me</sup> A fait don d'un tableau évalué à 130 \$, qui est acheté par M. X aux enchères pour 350 \$. Il faut délivrer deux récépissés officiels aux fins de l'impôt, un à M<sup>me</sup> A. pour 130 \$ et un à M. X pour 220 \$, cette dernière somme étant la différence entre la valeur du tableau et le prix auquel M. X l'a acheté.

- .05 Quelle que soit l'activité de financement, les recettes et les dépenses brutes doivent être enregistrées et déclarées dans les tableaux et états financiers pertinents.
- .06 Dans certains cas, une association de circonscription ou un candidat agit en qualité de mandataire d'un parti politique ou d'une autre association de circonscription ou d'un candidat, en vue de vendre des billets d'entrée à une activité de financement. Dans ce genre de situation, le mandataire doit remettre au directeur des finances du parti, de l'association de circonscription ou du candidat qui l'a parrainé la totalité du produit de la vente de billets ainsi qu'une liste certifiée conforme des acheteurs de billets, précisant leur adresse et le montant versé pour les billets. Dès réception de cette liste certifiée conforme, le DF du parti, de l'association de circonscription ou du candidat qui a parrainé le mandataire doit consigner le montant des recettes brutes reçues et, s'il y a lieu, délivrer un récépissé au nom de chaque acheteur de billet pour la partie du prix du billet représentant une contribution.
- .07 Si l'on doit envisager une activité de financement mixte dont le produit net doit être partagé entre un candidat ou une association de circonscription inscrits et un candidat fédéral ou une association de circonscription fédérale, les dispositions suivantes s'appliquent :
- a) Il doit y avoir une entente initiale entre les parties prévoyant le partage équitable des recettes et des dépenses. L'examen de toute question relative au caractère équitable, dans les circonstances, de l'entente proposée relève du personnel de la Commission.
  - b) Il y a lieu d'ouvrir un compte de banque particulier aux fins exclusives des opérations financières en rapport avec cet événement, et la Commission doit être informée de l'ouverture du compte.

**Renvois à la loi 11 (2) et 14 (3)**

- c) Le DF du candidat ou de l'association de circonscription doit :
  - (i) s'assurer que les registres appropriés sont constitués pour y consigner toutes les recettes et sorties de fonds de l'activité afin de s'acquitter des obligations du DF; et

**Renvoi à la loi 34 (4)**

- (ii) ne pas délivrer de récépissé officiel fourni par la Commission pour accuser réception de la partie des billets vendus représentant une contribution tant qu'il ne connaît pas le produit total des ventes. Alors, seulement, il doit délivrer un récépissé officiel relativement à la quantité de billets qui revient au candidat provincial ou à l'association de circonscription provinciale. Le DF doit en outre s'assurer que le récépissé délivré pour la partie de chaque billet vendu réputée être une contribution concorde avec la décision convenue au départ en matière de partage des billets d'entrée par personne, dont il est question à la Ligne directrice G31.03.
- d) En ce qui concerne la part qui revient à l'association de circonscription fédérale du total des billets vendus qui est censé constituer une contribution, c'est une question qui doit être tranchée directement entre l'association fédérale et le parti fédéral.
- e) L'état financier vérifié du candidat ou de l'association de circonscription inscrits pour la période de déclaration pendant laquelle l'événement a eu lieu doit être accompagné d'un état financier distinct donnant clairement les précisions suivantes :

- (i) la quantité de billets et les recettes dont bénéficie chaque organisation qui doit partager le produit;
- (ii) d'autres recettes à partager, par exemple, les ventes de rafraîchissements;
- (iii) une liste de toutes les dépenses, indiquant le nom et l'adresse de chaque fournisseur ayant reçu en tout plus de 100 \$, ainsi que le montant qui lui a été versé, et les paiements effectués aux fournisseurs n'ayant pas reçu plus de 100 \$, indiqués par un seul montant;
- (iv) le bénéfice net de l'événement et la somme qui revient à chaque organisation. En outre, le vérificateur du candidat ou de l'association de circonscription inscrits et qui ont participé à l'événement doit avoir accès aux registres comptables et aux documents à l'appui de l'événement aux fins de sa vérification.

Reporter les données financières pertinentes en rapport avec la participation à l'activité du candidat ou de l'association de circonscription inscrits de cet état et les consigner aux sections appropriées de la formule de déclaration de la Commission.

- .08 Toute la documentation et tout autre organe de communication utilisés dans le cadre de la vente de billets à une activité de financement, et toute autre sollicitation de contribution en rapport avec l'activité doivent indiquer clairement le parti politique, l'association de circonscription ou le candidat inscrits, pour le compte duquel l'activité a lieu.
  - .09 La restriction aux dépenses liées à la campagne électorale pendant la période comprise entre l'émission du décret de convocation des électeurs et le jour du scrutin ne s'applique pas aux dépenses engagées pour la réalisation d'une activité de financement.
- La sollicitation postale auprès de donateurs éventuels doit, toutefois, être une authentique sollicitation de fonds et non une forme déguisée de campagne électorale.
- .10 La Commission a déterminé que le statut d'exception dont bénéficie la publicité relative à une activité de financement, quant aux restrictions aux dépenses liées à la campagne électorale et quant à la période de publicité non partisane reliée à la campagne électorale entre l'émission du décret de convocation des électeurs et le jour du scrutin, à savoir la période en dehors de la période admissible de vingt et un jours, doit être conforme aux dispositions de la Ligne directrice G23.05 de la Commission.

ACTIVITÉS ÉTRANGÈRES AUX FINS DE LA LOI

- .01 La loi ne s'applique pas aux campagnes électorales et congrès relativement aux déclarations de candidature contestées en ce qui concerne le parrainage des candidats officiels d'un parti. En conséquence, ni les sommes d'argent données par des adhérents à une personne briguant la désignation, ni les frais acquittés par des personnes assistant à ce genre de congrès ne constituent des contributions aux fins de la loi.

De même, les dépenses engagées par une personne qui brigue la candidature ne sont pas des dépenses que le candidat à la désignation doit déclarer à la Commission.

Pour éviter que la publicité ne soit considérée comme une dépense liée à la campagne électorale et qu'elle ne soit restreinte à la période de publicité admissible de vingt et un jours, le contenu de la publicité placée par une personne qui brigue la candidature entre l'émission du décret de convocation des électeurs et le jour du scrutin doit être non partisan conformément à la Ligne directrice G23.05 de la Commission.

**Renvoi à la loi 1 (3)**

- .02 Les contributions à un parti politique, à une association de circonscription ou à un candidat inscrits, qui sont expressément sollicitées à d'autres fins que celles de la loi, ne sont pas interdites par la loi, mais ne remplissent pas non plus les conditions requises pour bénéficier d'un crédit d'impôt aux termes de la Loi de l'impôt sur le revenu (Ontario) ou d'une déduction aux termes de la Loi sur l'imposition des personnes morales (Ontario).
- .03 Aucun récépissé officiel aux fins de l'impôt ne doit être délivré pour des contributions de ce genre.
- Toutes les contributions de ce genre doivent toutefois être consignées dans les registres financiers du parti politique, de l'association de circonscription ou du candidat et déclarées à la Commission. Ces fonds ne peuvent pas être utilisés aux fins visées par la loi.

**Renvoi à la loi 1 (1)**

- .04 Aucun parti politique, aucune association de circonscription, aucun candidat ou candidat à la direction d'un parti inscrits aux termes de la loi ne doit, directement ou indirectement, verser une contribution ou transférer des fonds à un candidat à une élection municipale aux termes de la Loi sur les élections municipales.

TRANSFERTS REÇUS ET PAYÉS

- .01 Un parti politique, des associations de circonscription de ce parti ou des candidats officiels de ce parti inscrits auprès de la Commission peuvent transférer l'un à l'autre des fonds, des biens (à l'exception des biens gardés en stock et destinés à l'usage d'un candidat au cours d'une période de campagne électorale) et des services, ou en accepter, sans que ces fonds, biens et services constituent une contribution pour l'application de la loi. Leur provenance est toutefois consignée et les fonds ainsi acceptés sont déposés auprès du dépositaire pertinent. Se reporter à la Ligne directrice G25 en ce qui concerne le traitement comptable des biens gardés en stock aux fins d'une campagne électorale.

**Renvoi à la loi 28**

- .02 Comptabiliser clairement comme tels les transferts reçus ou versés en indiquant le nom de l'auteur du transfert ou du bénéficiaire selon le cas. Comptabiliser comme une dépense du payeur et non comme un transfert au parti, à l'association de circonscription ou au candidat au nom de qui ledit paiement a été fait, les fonds qui sont versés pour une dépense particulière comme l'achat de matériaux ou de services. De même, comptabiliser comme un revenu du parti, de l'association de circonscription ou du candidat au nom de qui la collecte a été faite et non comme un transfert au parti, à l'association de circonscription ou au candidat les collectes faites au nom d'un parti, d'une association de circonscription ou d'un candidat, comme les frais d'inscription.
- .03 Si des biens ou services sont transférés du parti à un candidat ou à une association de circonscription, l'opération consignée dans les registres du bénéficiaire doit indiquer la valeur des biens ou services reçus comme un transfert reçu pour le même montant que celui qui est indiqué comme une dépense.
- .04 En cas de transfert de fonds, ou de biens et services, le cédant doit indiquer au cessionnaire que l'opération doit être traitée comme un transfert. Cela assurerait l'uniformité de traitement aux fins de la déclaration à la Commission.
- .05 Dans la vérification des états financiers à déposer auprès de la Commission, le vérificateur doit rechercher la confirmation des transferts reçus et payés selon la méthode utilisée pour la confirmation des débiteurs et des créditeurs. Cela assurera que les paiements de transfert en voie d'acheminement sont comptabilisés, soit comme débiteurs, soit comme créditeurs, dans les états financiers vérifiés.
- .06 Le transfert de fonds y compris un prêt d'argent entre un parti politique, une association de circonscription, un candidat ou un candidat à la direction d'un parti non inscrits auprès de la Commission est interdit aux termes de la loi, mais :
- a) au cours d'une période de campagne électorale, un parti inscrit peut accepter d'un parti politique fédéral inscrit aux termes de la Loi sur les dépenses d'élection (Canada) une somme qui, au total, ne dépasse pas en tout 100 \$ à l'égard de chacun des candidats inscrits parrainés par ce parti; et

- b) durant une élection fédérale, un parti inscrit peut transférer à un parti politique fédéral inscrit aux termes de la Loi sur les dépenses d'élection (Canada) une somme qui ne dépasse pas en tout 100 \$ à l'égard de chaque candidat à une élection fédérale dans une circonscription électorale fédérale dans la province de l'Ontario dont la candidature est parrainée par ce parti politique fédéral. Les paiements de transfert mentionnés ci-dessus peuvent seulement avoir lieu entre partis et non d'un parti à une association de circonscription ou à un candidat et vice versa.

ÉTATS FINANCIERS POUR LA PÉRIODE DE CAMPAGNE ÉLECTORALE ET ÉLECTIONS PARTIELLES

- .01 Cette ligne directrice vise à éclaircir l'application des dispositions de la loi en matière de convocation d'élections partielles.
- .02 Si un candidat propose de se présenter à l'élection dans la circonscription où les électeurs ont été convoqués à une élection partielle, les articles de la loi s'appliquent comme dans le cas d'une élection générale.
- .03 Une association de circonscription située dans une circonscription où les électeurs ont été convoqués à une élection partielle est tenue de déposer un état financier pour la période de campagne électorale. Tout parti politique qui a accepté des contributions ou engagé des dépenses en rapport avec une élection partielle est également tenu de déposer un état financier pour la période de campagne électorale. La loi impose des restrictions aux dépenses liées à la campagne électorale des partis et des associations de circonscription conjointement à celles des candidats qu'ils parrainent de la même manière que s'il s'agissait d'une élection générale.

**Renvois à la loi 43 (1) et 43 (2)**

- .04 Si un parti politique :
- a) ne doit pas déposer d'état financier pour la période de campagne électorale, le DF du parti ou de l'association doit déposer une déclaration par écrit indiquant qu'il n'a pas reçu de contributions ni engagé de dépenses en rapport avec l'élection partielle; et
  - b) doit déposer un état financier pour la période de campagne électorale, les exigences à observer sont celles de la Ligne directrice de la Commission PG02 - Parti politique inscrit - État financier pour la période de campagne électorale.
- .05 Si une association de circonscription doit déposer un état financier pour la période de campagne électorale, les exigences à observer en la matière sont celles de la Ligne directrice G05 de la Commission - Association de circonscription - État financier pour la période de campagne électorale.
- .06 Si la période de campagne électorale reliée à une élection partielle est interrompue par l'émission de décrets de convocation des électeurs à une élection générale, cette période est réputée avoir cessé le jour qui précède celui de l'émission des décrets. Déposer les états financiers vérifiés exigés du parti, de l'association de circonscription et du candidat pour la période de campagne électorale dans les trois mois qui suivent la date à laquelle la période de campagne électorale est réputée avoir pris fin.

DIRECTEURS DES FINANCESLIGNE DIRECTRICE G35  
JUIN 1990Commission sur le financement des électionsPage 1 de 3CONTRIBUTIONS DE BIENS ET SERVICES

- .01 Cette ligne directrice vise à orienter le DF quant à la nature d'une contribution de biens et services aux termes de la loi.

SERVICES FOURNIS PAR LES BÉNÉVOLES

- .02 Le travail bénévole non rémunéré n'est pas considéré comme une contribution. Par exemple, si un groupe de travailleurs bénévoles fabriquent des affiches de pelouse pour un candidat, bien que les matières premières utilisées constituent en elles-mêmes une contribution, la valeur ajoutée de travail bénévole non rémunéré n'est pas une contribution. Mais si une entreprise exploitant une imprimerie fait imprimer des affiches de pelouse par des employés rémunérés, cela constitue une contribution de biens et services.

**Renvoi à la loi 1 (1)**

- .03 Les services qu'une personne fournit volontairement sans recevoir de son employeur ou d'une autre personne, d'une personne morale ou d'un syndicat, aux termes d'une entente conclue avec l'employeur, une rémunération supérieure à celle qu'elle recevrait normalement à l'égard de la période pendant laquelle elle a fourni ses services ne sont pas considérés comme une contribution.

Il est à noter qu'il doit s'agir de services effectivement fournis par la personne. Par exemple, si un bénévole s'offre à transporter des électeurs dans sa voiture pour les emmener voter le jour du scrutin, cela n'est pas considéré comme une contribution. De même, si des employés bénéficient de temps libre à leur lieu de travail pour travailler bénévolement, ce n'est pas une contribution.

La situation est toutefois différente si une personne prête un véhicule ou fait don d'un local à usage de bureau. Dans aucun de ces cas, il ne s'agit d'un service fourni par le donateur lui-même. C'est pourquoi la prestation d'un véhicule ou d'un local à usage de bureau constitue une contribution et, si elle a lieu pendant une période de campagne électorale, une dépense.

**Renvoi à la loi 1 (1)**

- .04 Si une personne offre bénévolement ses services, on considère qu'il n'existe aucun contrat de travail et la personne ne s'attend pas à être payée pour ses services. Il n'y a donc pas lieu de délivrer un récépissé en reconnaissance des services fournis gratuitement.

ÉVALUATION DES BIENS ET SERVICES FOURNIS

- .05 La loi stipule que, si un fournisseur procure des biens ou des services à un prix inférieur à la valeur suivante ;

- a) si les biens et les services font partie du commerce du donateur, la somme la moins élevée qu'exige ce dernier en contrepartie d'une quantité équivalente de biens et de services semblables fournis à ou vers la même époque dans le secteur du marché où ces biens et services sont fournis;
- b) si les biens et les services ne font pas partie du commerce du donateur, la somme la moins élevée qu'exige une autre personne ou une personne morale qui fournit au détail et à des fins lucratives, à ou vers la même époque, des biens et des services semblables dans le secteur du marché où ces biens et services sont fournis;

la différence entre cette valeur et le prix inférieur du fournisseur est une contribution pour l'application de la loi. Il peut y avoir une exception mentionnée dans la Ligne directrice G35.06.

### ENREGISTREMENT ET DÉCLARATION DE LA CONTRIBUTION/DÉPENSE DE BIENS ET SERVICES

- .06 La loi stipule qu'un fournisseur de biens et services dont la valeur ne dépasse pas 100 \$ peut indiquer que les biens et services ne sont pas considérés comme une contribution.

Si toutefois le même fournisseur procure des biens et services à plusieurs reprises et que la valeur totale des biens ou services dépasse 100 \$, on considère qu'a eu lieu une contribution dont la valeur est égale à celle de tous les biens et services procurés par le fournisseur.

#### **Renvoi à la loi 22 (2)**

- .07 Chaque fois que des biens ou services sont fournis, si ceux-ci sont considérés comme une contribution pour l'application de la loi, on considère qu'une dépense d'un montant équivalent a été engagée.

### DOCUMENTATION À L'APPUI

- .08 Chaque fois que l'on considère qu'une contribution de biens et services a eu lieu, cette contribution doit être appuyée par la présentation d'une facture par le fournisseur des biens ou services. De même, si une personne fournit des services et qu'une partie ou la totalité des frais convenus est considérée par cette personne comme une contribution, celle-ci doit présenter un compte pour les services rendus et indiquer sur l'état de compte le montant qu'elle considère comme étant une contribution.

La présentation d'une facture par le fournisseur ou, dans le cas d'une personne qui rend des services, la présentation d'un état de compte est importante non seulement pour appuyer le montant pour lequel un récépissé officiel est délivré, mais aussi pour qu'incombe au fournisseur ou à la personne en question la charge de présenter une déclaration d'impôt sur le revenu dans laquelle il déclare ce montant comme revenu.

### PUBLICITÉ POLITIQUE

- .09 Les publicités politiques sont également considérées comme des contributions de biens et services lorsque la publicité est commandée et payée par une autre personne, une personne morale ou un syndicat à la connaissance et avec le consentement d'un parti politique ou d'un candidat inscrits auprès de la Commission.

La loi établit une différence entre ce genre d'activité et les contributions de biens et services par un fournisseur de biens et services, à savoir que l'on considère qu'il y a eu une contribution et qu'une dépense a été engagée uniquement si la valeur d'une seule publicité dépasse 100 \$ ou si la valeur de plusieurs publicités provenant d'une même source dépasse 100 \$. Voir la Ligne directrice G35.06.

#### **Renvoi à la loi 23**

### SOMMES NON PAYÉES

- .10 Si des fournisseurs de biens ou services ne sont pas payés ou se sont engagés à ne pas accepter de paiement, ce non-paiement constitue une contribution de biens ou de services et doit être enregistré comme telle dans les limites prescrites par la loi. Il y a lieu de payer les fournisseurs promptement selon les modalités normales de crédit consenties par le fournisseur. Tout retard apporté au paiement pourrait entraîner une présomption de contribution.

**EXCEPTION TOUCHANT LES TRANSFERTS ENTRE LES PARTIS,  
ASSOCIATIONS DE CIRCONSCRIPTION ET CANDIDATS**

- .11 La loi stipule que les fonds, biens et services transférés entre associations de circonscription, partis politiques et candidats inscrits ne doivent pas être considérés comme des contributions ou des dépenses liées à la campagne électorale, mais que leur provenance doit être consignée et que les fonds ainsi acceptés doivent être déposés auprès du dépositaire pertinent dont le nom figure aux dossiers de la Commission.

Toutefois, si un parti achète des panneaux de campagne électorale, de la documentation de campagne électorale ou un autre matériel de campagne électorale expressément en vue de la campagne électorale du candidat qui est censé les acquérir, la valeur de ce matériel partisan doit être considérée comme une dépense liée à la campagne électorale.

Lorsqu'il y a réception de fonds, la somme reçue doit être consignée comme un paiement de transfert reçu et, s'il y a paiement de fonds, la somme doit être consignée comme un paiement de transfert payé.

Dans le cas de services, comme ceux d'un personnel de soutien, échangés entre un parti et ses candidats ou associations de circonscription, il n'est pas nécessaire de leur accorder une valeur afin de les déclarer à la Commission.

EMPRUNTSGÉNÉRALITÉS

- .01 Le parti politique, l'association de circonscription, le candidat ou le candidat à la direction d'un parti inscrits peuvent contracter un emprunt seulement auprès d'une banque à charte ou d'un autre établissement de crédit reconnu en Ontario, pourvu qu'ils consignent le montant et les modalités de ces emprunts, ainsi que le nom de la personne qui s'en porte caution, le cas échéant, et qu'ils les communiquent à la Commission. Toutefois, le parti politique, l'association de circonscription, le candidat ou le candidat à la direction d'un parti inscrits peuvent contracter un emprunt auprès d'un parti politique ou d'une association de circonscription inscrits.

**Renvois à la loi 36 (1) et 36 (2)**

- .02 Le parti politique, l'association de circonscription, le candidat ou le candidat à la direction d'un parti inscrits ne doivent pas recevoir d'aide sous forme de prêts si ce n'est conformément à la loi.

**Renvois à la loi 36 (1) et 36 (2)**

- .03 Tout retard apporté au paiement de fournisseurs ou autres éléments de passif pourrait être interprété comme la réception d'un prêt contrairement à l'esprit de la loi. Par exemple, les comptes de fournisseurs doivent être payés dans les délais de crédit normalement imposés par le fournisseur. De même, toute contribution reçue en violation de la loi doit être retournée au donateur après l'obtention de l'exemplaire du récépissé du donateur délivré relativement à cette contribution. Toute contribution qui ne peut être retournée au donateur doit être versée à la Commission.

**Renvois à la loi 18 (1), 26 et 36 (2)**CAUTIONNEMENT ET REMISE

- .04 Seuls, les particuliers, les personnes morales ou les syndicats qui ont le droit de faire des contributions en vertu de la loi peuvent cautionner un emprunt.

**Renvois à la loi 36 (1) et 37 (2)**

- .05 Tout paiement fait par la caution ou la remise d'un emprunt consentie par l'établissement de crédit selon lesquels la caution ou l'établissement de crédit fait remise de la totalité ou d'une partie de la dette de l'emprunteur, ou y renonce, constituent une contribution pour l'application de la loi. Le montant de cette remise ou renonciation est assujéti aux plafonds imposés aux contributions.

**Renvois à loi 19, 36 (1) et 37 (3)**

- .06 En fait, lorsque l'emprunteur ne remplit pas les engagements du prêt et que la caution est tenue d'effectuer le paiement à l'établissement de crédit, la caution peut décider de traiter le paiement comme une contribution, sous réserve des plafonds imposés par la loi. Il est donc possible que la caution fasse remise de la dette au cours de plusieurs années. L'établissement de crédit qui consent à faire remise de la totalité ou d'une partie d'un prêt peut décider de traiter la remise comme une contribution, sous réserve des plafonds imposés par la loi. L'établissement de crédit peut faire remise du prêt au cours de plusieurs années.

RESTRICTIONS DE TEMPS

- .07 Le parti politique ou l'association de circonscription inscrits peuvent, à tout moment, contracter un emprunt auprès d'une banque à charte ou d'un autre établissement de crédit reconnu en Ontario, sous réserve des restrictions imposées par les articles 36 et 37, dans le cadre de ses activités ordinaires en cours.

- .09 Un candidat éventuel à la direction d'un parti ou un candidat inscrit à la direction d'un parti peuvent contracter un emprunt auprès d'une banque à charte ou d'un autre établissement de crédit reconnu en Ontario, sous réserve des restrictions imposées par les articles 36 et 37. Les emprunts contractés avant la date d'inscription du candidat éventuel à la direction d'un parti auprès de la Commission ne peuvent être cautionnés que par ce candidat éventuel à la direction d'un parti et seulement aux fins précisées dans la Ligne directrice G14.

#### RESPONSABILITÉ DU PAIEMENT DU DÉFICIT D'UN CANDIDAT

- .10 La loi exige que l'association de circonscription inscrite absorbe tout déficit d'une campagne du candidat qu'elle a parrainé en tant que candidat officiel de l'association. Il incombe donc à l'association de circonscription inscrite de faire en sorte que tout emprunt soit remboursé.

#### DIVULGATION

- .11 La Commission a prescrit des formules de déclaration de l'activité financière soit pour l'exercice, soit pour la période de campagne électorale, soit pour la campagne à la désignation du chef. Ces formules renferment des tableaux indiquant toutes les particularités à donner, notamment le nom et l'adresse de l'institution financière, le montant emprunté, le nom et l'adresse de chaque caution et le montant cautionné, ainsi que le montant repayé à la fin de la période couverte par le rapport.

**Renvois à la loi 27 (1) et 27 (2)**

- .03 Une association ou une organisation sans personnalité morale est une association ou organisation qui n'est constituée en personne morale en vertu d'aucune loi sur les personnes morales ou de loi spéciale qui donne à l'association ou à l'organisation le statut de personne morale. L'association ou l'organisation sans personnalité morale doit avoir une raison d'être permanente à des fins commerciales, professionnelles, mondaines, d'action sociale, fraternelles, culturelles ou autres du même genre, et n'être pas formée simplement en vue de faire des contributions politiques. Il peut s'agir, par exemple, de sociétés de personnes professionnelles ou commerciales, de clubs ou de sociétés.

FORME DE CONTRIBUTION

- .04 L'association ou l'organisation sans personnalité morale doit fournir une liste écrite des membres ou associés de l'association ou de l'organisation qui ont participé à la contribution. La liste doit préciser le nom, l'adresse du donateur et le montant qui lui revient. Si la contribution est supérieure à 25 \$, elle doit se faire sous forme de chèque tiré sur le compte de banque de l'association ou de l'organisation sans personnalité morale, portant lisiblement imprimée la raison sociale de l'association ou de l'organisation sans personnalité morale.

Les renseignements obtenus ne sauraient être utilisés à des fins de sollicitation commerciale.

**Renvoi à la loi 16**DOCUMENTS DISPONIBLES

- .02 Le public peut examiner les documents suivants conformément à la Ligne directrice G38.01 :
- demandes d'inscription reçues d'un parti politique, d'une association de circonscription, d'un candidat ou d'un candidat à la direction d'un parti,
  - lettres reçues d'un porte-parole d'un parti visant l'approbation du nom du parti et proposant de chercher l'inscription à l'aide du procédé de pétition,
  - pétition remplie en vue de l'inscription d'un parti politique,
  - états des dépenses d'un fonds en fiducie et notification de résiliation d'un fonds en fiducie, reçus,
  - demandes d'annulation de l'inscription de partis politiques et d'associations de circonscription,
  - notification d'un candidat en vue de supprimer son nom comme candidat inscrit,
  - états des dépenses d'une fondation,
  - états financiers annuels vérifiés et rapport connexe du vérificateur déposés par les partis politiques et les associations de circonscription,
  - états vérifiés des recettes et des dépenses pour une période de campagne électorale et rapport connexe du vérificateur déposés par des partis politiques, des associations de circonscription et des candidats,

## UTILISATION DE FORMULES PERSONNALISÉES OU DE FORMAT LIBRE

### GÉNÉRALITÉS

- .01 Les demandes, états financiers, tableaux et autres documents qui doivent être déposés auprès de la Commission doivent l'être sur la formule prescrite ou approuvée par la Commission.

#### **Renvoi à la loi 47**

- .02 Les DF qui préfèrent utiliser des données produites par ordinateur pour composer leurs états financiers doivent faire approuver le format personnalisé ou libre par la Commission avant de les déposer.
- .03 Pour être acceptables, les états financiers produits par ordinateur doivent renfermer tous les renseignements requis selon une présentation analogue en substance à celle des formules imprimées de la Commission.

### FORMULES DE RÉCÉPISSÉS

- .04 Les partis politiques, associations de circonscription, candidats ou candidats à la direction d'un parti inscrits aux termes de la loi délivrent ou font délivrer, conformément aux exigences de la Commission, des récépissés à l'égard de chaque contribution acceptée.

#### **Renvoi à la loi 26**

- .05 Les seuls récépissés qui peuvent être utilisés sont ceux que fournit la Commission. Étant donné que les formules de récépissés doivent renfermer des renseignements précis selon une présentation précise, on ne peut guère s'écarter du modèle. Les propositions de récépissés d'une autre conception ne seront envisagées que pour de gros utilisateurs comme les partis politiques inscrits. Toute proposition de modification du format actuel doit être soumise par écrit à la Commission. Compte tenu des longues négociations requises avec Revenu Canada, Impôt et le ministère du Revenu, toute proposition devrait accorder suffisamment de temps pour mener à bon terme ces négociations et préparer les récépissés imprimés.

### FAC-SIMILÉS DE SIGNATURE SUR LES RÉCÉPISSÉS

- .06 Les fac-similés de signature sont acceptables sur les récépissés, sous réserve de l'approbation de Revenu Canada, Impôt, du ministère du Revenu et de la Commission, et à condition que l'on suive les procédures suivantes :
- a) Le DF doit instituer un système adéquat de contrôle interne sur les tampons de signature et les plaques de signature et fournir à la Commission les particularités du système en vigueur.
  - b) Le DF doit accepter l'entière responsabilité personnelle en matière de délivrance de documents sur lesquels apparaît un fac-similé de signature, de la même façon qu'il accepte la responsabilité pour les documents signés de sa main.
  - c) Des spécimens de signature à l'aide de tampons ou de plaques doivent être remis à la Commission pour qu'elle en autorise, au préalable, l'usage.

PARTIS POLITIQUES INSCRITS - ÉTATS FINANCIERS ANNUELSGÉNÉRALITÉS

- .01 Tout parti politique inscrit doit déposer des états financiers annuels pour l'exercice terminé le 31 décembre.

Renvoi à la loi 42

FORMULE D'ÉTATS FINANCIERS ANNUELS

- .02 La Commission exige que tous les états financiers soient déposés sur les formules fournies ou approuvées par la Commission :

Un parti politique peut tenir les dossiers exigés par les dispositions de divulgation d'origine législative dans des ordinateurs, et produire ses états financiers à partir d'ordinateurs.

Les DF qui désirent utiliser des données produites par ordinateur pour composer leurs états financiers doivent faire approuver leur format par la Commission avant de déposer les états financiers produits par ordinateur.

Les états financiers produits par ordinateur doivent renfermer tous les renseignements requis selon une présentation analogue en substance à celle des formules de la Commission.

Renvoi à la loi 47

DATE DE DÉPÔT

- .03 Le dépôt des états financiers annuels de l'exercice terminé le 31 décembre doit avoir lieu au plus tard le 31 mai de l'exercice suivant.
- .04 C'est au DF qu'il incombe de présenter des états financiers annuels en temps voulu. Étant donné que les états financiers annuels doivent faire l'objet d'un rapport du vérificateur, il est nécessaire que le DF et le vérificateur se rencontrent pour discuter du processus de vérification et de dépôt. Il est recommandé qu'ils se rencontrent avant le 31 décembre pour déterminer les méthodes d'arrêt des comptes et de clôture et qu'ils s'entendent sur la date à laquelle tous les livres et documents devront être remis au vérificateur.
- .05 La Commission acceptera comme tombant dans le délai prescrit les états financiers portant le cachet de la poste ou reçus par messagerie au plus tard le 31 mai.

La Commission n'acceptera pas le dépôt d'états financiers s'ils comportent l'une des lacunes suivantes :

- états financiers sans l'attestation signée par le DF;
- états financiers sans le rapport signé du vérificateur;
- états financiers sans les copies des récépissés de la Commission qui ont été délivrés;
- états financiers sans les tableaux requis dûment remplis; ou
- états financiers remis par télécopieur.

### FAÇON DE REMPLIR LES ÉTATS FINANCIERS ANNUELS - GÉNÉRALITÉS

- .06 Les états financiers annuels sont conçus de façon à recueillir tous les renseignements exigés par la Loi sur le financement des élections sur une formule qui peut faire l'objet d'un rapport du vérificateur. La formule est composée comme suit :
- indication de l'adresse pour contacter le DF;
  - attestation signée par le DF responsable du dépôt du rapport;
  - état de l'actif et du passif et état des recettes et des dépenses accompagnés du rapport du vérificateur;
  - divers tableaux à l'appui des états.
- .07 Les tableaux à l'appui des états font partie intégrante des états financiers. Il est important que chaque tableau concorde avec l'état financier principal.
- .08 La formule doit être dactylographiée ou remplie clairement en caractères d'imprimerie. L'état financier, une fois déposé, sera photocopié pour être affiché.

### INDICATION DU NOM ET DE L'ADRESSE

- .09 Il faut indiquer le nom et l'adresse postale au complet, car c'est cette adresse que la Commission utilisera pour prendre contact.

### ATTESTATION DU DIRECTEUR DES FINANCES

- .10 Le DF à qui il incombe de déposer les états financiers annuels doit remplir cette section. Le personnel de la Commission peut contacter les DF par téléphone pour assurer le traitement le plus rapide possible des états financiers. Indiquer si possible le numéro de téléphone du bureau et celui de la résidence.

### ÉTATS FINANCIERS

- .11 Les états financiers comprennent un état de l'actif et du passif et un état des recettes et des dépenses accompagnés de tableaux à l'appui. Les données renfermées dans les états financiers doivent concorder avec celles des tableaux ou en dériver.

### ÉTAT DE L'ACTIF ET DU PASSIF

- .12 Cette Ligne directrice précise et définit les postes qui doivent être inscrits dans chaque compte de l'état de l'actif et du passif.

**Encaisse** - Tout l'argent en caisse et en dépôt.

**Débiteurs** - Toutes les sommes dues au parti politique à la fin de l'exercice. Cela comprend les débiteurs de toutes sortes de sources, notamment les transferts en route, mais non les contributions promises. On ne peut consigner et recevoir des contributions que lorsqu'elles sont acceptées.

**Stocks et dépenses payées d'avance** - Le tableau 10 précise les stocks et les dépenses payées d'avance à la fin de l'exercice.

**Obligations, actions et autres valeurs mobilières** - Si le parti politique possède des placements, il doit les déclarer au prix coûtant. Tous gains ou pertes de disposition doivent être déclarés comme autre recette ou autre dépense.

**Immobilisations, etc** - La Commission recommande de déclarer une somme symbolique de 1 \$ si le parti politique possède des immobilisations. Toute acquisition d'ameublement ou de matériel de bureau doit être déclarée comme dépense dans l'année de l'achat.

**Autres éléments d'actif** - Préciser tout autre élément d'actif que possède le parti politique qui n'entre pas dans une des catégories ci-dessus.

**Créditeurs** - Total des factures impayées à la fin de l'exercice.

**Emprunts, découvert, etc** - Le tableau 1 précise ce qu'il faut déclarer.

**Contributions reçues pour le compte d'associations de circonscription inscrites** - Les contributions pour mandat au profit d'associations de circonscription doivent être remises sans délai et ne pas être conservées au-delà de la fin de l'exercice. Il peut toutefois y avoir des cas où des sommes d'argent représentant des contributions n'ont peut-être pas été déboursées, ce qui donne lieu à un élément de passif. Inscrire ici tout montant de ce genre.

**Autres éléments de passif** - Estimation de toutes les dépenses engagées pour lesquelles l'association n'a pas reçu de factures et charges à payer pour des dépenses courantes comme le loyer, les contrats de financement de matériel, etc.

**Surplus (déficit)** - Ce montant doit correspondre à celui de la dernière ligne de l'état des recettes et des dépenses.

### ÉTAT DES RECETTES ET DES DÉPENSES

.13 Cette Ligne directrice précise et définit les postes qu'il y a lieu d'inscrire dans chaque compte de l'état des recettes et des dépenses.

Cet état doit comprendre toutes les recettes encaissées et toutes les dépenses engagées, notamment les comptes impayés et les débiteurs, par le parti politique au cours de la période couverte par le rapport.

Cet état est à exclure lorsque les électeurs sont convoqués :

- a) à une élection générale;
- b) à une élection partielle et que le parti a accepté des contributions ou engagé des dépenses en rapport avec l'élection partielle.

Toute recette encaissée et toute dépense engagée par le parti politique relativement à l'élection durant la période de campagne électorale.

**Renvois à la loi 42, 43 (1) et 43 (2)**

### RECETTES

**Surplus du candidat** - Tous les montants reçus ou à recevoir du fonds de campagne électorale du candidat représentant le surplus du candidat. Donner les détails au tableau 8.

Toutes les cotisations de membres dont un récépissé officiel accuse réception doivent être déclarées comme contributions. Il n'y a pas lieu de traiter comme contributions les cotisations ne dépassant pas 25 \$, pourvu que l'on tienne une liste des membres indiquant le nom, l'adresse du membre et le montant de sa cotisation.

#### Renvoi à la loi 31

Dans le cas de cotisations familiales, la cotisation familiale totale divisée par le nombre de membres de la famille visée ne doit pas dépasser 25 \$ pour ne pas être considérée comme une contribution.

**Activités récréatives et collectes de fonds** - Le tableau 4 précise ce qu'il faut déclarer dans ce compte.

**Transferts reçus** - Le tableau 5 précise ce qu'il faut déclarer dans ce compte.

**Autres recettes** - Toute recette qui ne pourrait pas être classée ailleurs, comme les recouvrements, la valeur des biens et services donnés pour lesquels il n'est pas nécessaire de délivrer de récépissé officiel, les gains de disposition de placements ou d'immobilisations, etc. Donner tous les détails pertinents. Ne pas inscrire le produit de prêts reçus.

**TABLEAU 2 - CONTRIBUTIONS ET RAPPROCHEMENT DES RÉCÉPISSÉS****PARTIE I - CONTRIBUTIONS**

.17 Les contributions doivent être réparties en deux totaux distincts :

- d'une source unique supérieures à 100 \$
- d'une source unique de 100 \$ au maximum

Il faut également déclarer le détail des contributions retournées au donateur ou des cotisations payées ou à payer à la Commission.

Les contributions anonymes sont déclarées à part et doivent être versées à la Commission.

**Renvoi à la loi 18 (2)**

Une contribution ne peut être retournée au donateur que si aucun récépissé n'a été délivré ou si l'on a obtenu le récépissé original. Sinon, la contribution doit être versée à la Commission.

**Renvoi à la loi 18 (1)**

Les biens ou services donnés ou vendus au-dessous du prix réel sont considérés comme une contribution, sauf :

- les biens ou services fournis par un travail bénévole non rémunéré;
- les biens ou services évalués en tout à 100 \$ ou moins, si le fournisseur estime qu'ils ne constituent pas une contribution.

Chaque fois que sont fournis des biens ou des services, que ceux-ci soient considérés ou non comme une contribution pour l'application de la loi, on considère qu'une dépense d'une valeur équivalente a été engagée. La Ligne directrice G35 donne des renseignements sur les biens et services fournis.

**Renvoi à la loi 22**

Il ne faut pas consigner dans ce rapport les contributions reçues pendant une période de campagne électorale. Le DF doit s'assurer qu'aucun donateur ne fait de contributions dépassant en tout le plafond annuel de 4 000 \$.

**Renvoi à la loi 19 (1) a) (ii)**

Le total des contributions doit être reporté dans l'état des recettes et des dépenses.

**PARTIE II - LISTE DES DONATEURS AYANT VERSÉ UNE CONTRIBUTION SUPÉRIEURE À 100 \$**

.18 La partie II montre comment dresser la liste en indiquant le nom et l'adresse des donateurs ayant versé une contribution supérieure à 100 \$. Si la place est insuffisante, annexer une liste selon le même format.

associations de circonscription, peut verser une contribution à un parti politique auquel elle est affiliée comme si elle était une personne aux fins de l'alinéa 19 (1) a) de la loi. Les montants doivent être déclarés au tableau 2 et non au tableau 5.

Renvoi à la loi 27 (3) et 27 (4)

TABLEAU 6 - TRANSFERTS PAYÉS

- .23 Le tableau 6 exige des renseignements sur la date, le bénéficiaire et le montant des transferts payés à des associations de circonscription, au fonds de campagne électorale du candidat et au fonds de campagne à la désignation du chef des candidats à la direction du parti. Seuls les paiements effectués aux fins générales du bénéficiaire doivent être déclarés comme transferts. Tout paiement effectué à une fin précise comme l'assistance à une activité ou à titre de participation aux dépenses doit être déclaré dans le compte pertinent de la section «dépenses» de l'état des recettes et des dépenses.

TABLEAU 7 - LISTE DES FOURNISSEURS SI LES DÉPENSES DE LA PÉRIODE COURANTE SONT SUPÉRIEURES À 1 000 \$

- .24 Toutes les dépenses engagées pendant l'exercice, qu'elles aient été payées, qu'elles soient dues aux fournisseurs ou reçues à titre de contributions doivent être indiquées dans l'état des recettes et des dépenses.

Le tableau 7 donne des renseignements relativement aux paiements s'élevant à plus de 1 000 \$ à des fournisseurs particuliers. À l'exception des paiements à des particuliers au titre des salaires et avantages sociaux, donner le nom du fournisseur, la nature des dépenses et leur montant. La nature des dépenses doit correspondre à la description qui en est faite à l'état des recettes et des dépenses.

TABLEAU 8 - RÉCEPTION DE FONDS DE SURPLUS DES CANDIDATS ET CANDIDATS À LA DIRECTION DU PARTI ET RÈGLEMENT DU DÉFICIT DES CANDIDATS

- .25 La partie I du tableau 8 exige des renseignements sur la réception par le parti politique de fonds de surplus des candidats. Le surplus reçu doit être celui qui est consigné dans l'état financier CR-1 de la période de campagne électorale du candidat. Si une partie seulement ou quelque autre somme est déclarée comme reçue, il faut fournir une explication.

Il faut inscrire également à la partie II du tableau 8 la réception par le parti politique de fonds de surplus des candidats à la direction du parti. Le surplus reçu doit être celui qui est consigné dans l'état financier CR-5 de la période de campagne à la désignation du chef des candidats à la direction du parti. Si une partie seulement ou quelque autre somme est déclarée comme reçue, il faut fournir une explication.

Il peut y avoir des cas où le parti politique résout le déficit de ce genre. Inscrire toute solution de ce genre au tableau 8. Le montant du déficit réglé doit être celui qui est consigné dans l'état financier CR-1 de la période de campagne électorale du candidat. Si une partie seulement ou quelque autre somme est payée, il faut fournir une explication.

TABLEAU 9 - STOCKS ET DÉPENSES PAYÉES D'AVANCE AU DÉBUT DE LA PÉRIODE

- .26 Le tableau 9 doit être identique au tableau des stocks et dépenses payées d'avance à la fin de la période établie au terme de l'exercice financier précédent. Le tableau est conçu à la fois pour rappeler aux DF ce qu'ils doivent inclure dans le stock, et pour assurer la continuité et le contrôle des stocks. Cela est particulièrement important pendant une période de campagne électorale car ces postes touchent les dépenses liées à la campagne électorale et assujetties à des restrictions.

Le tableau exige des renseignements concernant la description, la date d'achat, le fournisseur, la quantité et la valeur. La Ligne directrice G25 donne plus de renseignements en matière de stock.

**TABLEAU 10 - STOCKS ET DÉPENSES PAYÉES D'AVANCE À LA FIN DE LA PÉRIODE**

- 27 Les tableaux 9, 10 et 11 sont liés entre eux du fait qu'ils déterminent l'augmentation ou la diminution des stocks et des dépenses payées d'avance.

Le tableau 10 exige des renseignements concernant les stocks et les dépenses payées d'avance à la fin de l'exercice. Ces renseignements sont utilisés au tableau 11 et sont également reportés dans l'état de l'actif et du passif.

**TABLEAU 11 - CHANGEMENTS AFFECTANT LES STOCKS ET LES DÉPENSES PAYÉES D'AVANCE**

- 28 Le tableau 11 sert à calculer les changements touchant les stocks et les dépenses payées d'avance en utilisant les données des tableaux 9 et 10. Le montant de l'augmentation ou de la diminution doit être inscrit dans l'état des recettes et des dépenses.

**TABLEAU 12 - ÉTAT DES RÉSULTATS POUR LA PÉRIODE DE CAMPAGNE ÉLECTORALE**

- 29 Si une période de campagne électorale ou une partie de cette période tombe pendant la période couverte par les états financiers annuels, il faut remplir le tableau 12. Ce tableau vise uniquement les résultats financiers nets de la partie de la période de campagne électorale qui tombe pendant la période couverte par les états financiers annuels. L'état des recettes et des dépenses ne sera pas équilibré sans le chiffre du surplus ou du déficit correspondant à la période de campagne électorale.

**TABLEAU 13 - LISTE DES DÉBITEURS**

- 30 Le tableau 13 fournit une analyse du montant inscrit dans l'état de l'actif et du passif à la section «débiteurs».

Donner la date d'origine de l'opération qui a donné lieu au débiteur, le nom du débiteur, la nature et le montant de l'opération.

Le montant total au bas du tableau 13 doit correspondre au montant inscrit dans l'état de l'actif et du passif.

**TABLEAU 14 - LISTE DES CRÉDITEURS**

- 31 Le tableau 14 fournit une analyse du montant inscrit dans l'état de l'actif et du passif à la section «créditeurs».

Donner la date d'origine des frais, le nom du fournisseur, la nature et le montant des frais.

Le montant total du tableau 14 doit correspondre au montant inscrit dans l'état de l'actif et du passif.

**TABLEAU 15 - CONTRIBUTIONS PERÇUES AU NOM DES ASSOCIATIONS DE CIRCONSCRIPTION DURANT LA PÉRIODE**

- 32 Bien qu'il soit possible d'accepter à n'importe quel moment de chaque année civile des contributions pour mandat pour des associations de circonscription inscrites, il reste exigé que le DF de l'association de circonscription déclare les détails de toutes les contributions reçues pendant la période de

déclaration annuelle, s'assurant qu'aucun donateur n'a versé une contribution supérieure au plafond de 750 \$ par année civile et, si une élection a eu lieu pendant l'année civile, dresse une liste distincte des contributions acceptées pendant la période de campagne électorale.

C'est pourquoi le parti doit envoyer sans délai les détails et l'argent des contributions aux DF des associations de circonscription pour leur permettre de s'acquitter de ces obligations.

Indiquer au tableau 15 le nom des associations de circonscription pour lesquelles le parti a accepté des contributions au cours de la période de déclaration annuelle, le total des contributions acceptées pour chacune d'elles, le total des contributions pour mandat acceptées pour des associations de circonscription pendant une période de campagne électorale qui a eu lieu au cours de l'année civile et le total des contributions de ce genre acceptées et remises pendant l'année civile.

LISTE DE CONTRÔLE

.33 Pour vérifier si le rapport est entièrement rempli, suivre la liste de contrôle suivante et confirmer chaque point :

- La case réservée aux renseignements sur le nom et l'adresse est remplie.

- Tous les emprunts, découverts ou autres formes de dette sont reçus uniquement d'une banque ou d'une institution financière reconnue.
- Il a été confirmé que les paiements de transfert reçus ou versés sont conformes aux dossiers du cédant ou du cessionnaire respectivement, et toute divergence a été expliquée.
- Lorsque les contributions ont été versées par l'intermédiaire d'une association sans personnalité morale, notamment une société de personnes, mais à l'exclusion d'un syndicat ou d'une organisation politique affiliée, on a accusé réception de la contribution par des récépissés officiels délivrés au nom de chaque membre de l'association ou de la société de personnes pour le montant versé par lui.
- On a déclaré la valeur des stocks et des dépenses payées d'avance.

## RAPPORT DU VÉRIFICATEUR

ÉTATS FINANCIERS ANNUELS  
PARTI POLITIQUEConformément au paragraphe 41 (4) de la  
Loi de 1986 sur le financement des électionsÀ : \_\_\_\_\_, directeur des finances,  
pour \_\_\_\_\_.

J'ai/nous avons examiné l'état de l'actif et du passif du \_\_\_\_\_ au 31 décembre 19\_\_\_\_ ainsi que l'état des recettes et des dépenses afférent à la période se terminant le même jour. Mon/notre examen a été effectué conformément aux normes de vérification généralement reconnues, et à l'exception des explications fournies dans le paragraphe suivant, a comporté par conséquent un examen général des méthodes de comptabilité et les tests des registres comptables et autres pièces justificatives à l'appui jugées nécessaires dans les circonstances.

Étant donné la nature des transactions propres aux organisations de ce genre, il est impossible au moyen des normes de vérification de déterminer si les registres comptables englobent tous les dons de biens et services, ainsi que les recettes et les débours. Par conséquent, ma/notre vérification de ces transactions se borne à assurer que les états financiers indiquent fidèlement les sommes inscrites dans les registres comptables du parti, conformément aux méthodes comptables établies par la Commission sur le financement des élections et j'étais/nous étions incapable(s) de déterminer si des ajustements quelconques sont nécessaires.

À mon/à notre avis, sauf en ce qui concerne l'effet des ajustements, le cas échéant, que j'aurais/nous aurions pu déterminer comme étant nécessaires si j'avais/nous avions pu me/nous satisfaire que les registres comptables étaient complets, conformément à la description du paragraphe précédent, ces états présentent fidèlement les renseignements contenus dans les registres comptables sur lesquels ils sont basés conformément au traitement comptable exigé par la loi et requis par la Commission sur le financement des élections dans ses Lignes directrices aux directeurs des finances.

La loi ne m'/nous oblige pas à signaler, et cela n'était pas pratique à déterminer non plus, si les contributions déclarées ne comprennent que celles qui sont acceptées conformément à la loi.

NOTES AUX ÉTATS FINANCIERS  
POUR L'ANNÉE SE TERMINANT LE 31 DÉCEMBRE 19\_\_\_\_  
Conventions de comptabilité

Les conventions et méthodes de comptabilité sont fixées par la loi et la Commission sur le financement des élections par le biais de ses Lignes directrices. L'observation de ces Lignes directrices est considérée suffisante pour respecter la loi.

## Contributions

- Au cours d'une année, ou au cours de la campagne électorale, la loi impose un plafond aux sommes que peuvent verser à titre de contribution les particuliers, les compagnies, les syndicats et autres organismes.
- La Commission exige de remettre un reçu d'impôt sur le revenu officiel pour chaque contribution.
- Les contributions autres qu'en espèces sont comptabilisées à leur juste valeur marchande.

## Dépenses

- La loi impose aux candidats et aux partis politiques un plafond aux sommes qu'ils peuvent dépenser au cours de la campagne électorale. La définition de ce que l'on entend par dépenses liées à la campagne électorale se trouve dans la loi et les Lignes directrices.
- La loi exige que toutes les dépenses soient comptabilisées à leur juste valeur marchande.

Les stocks du matériel de la campagne comprennent surtout (par exemple) les pieux d'affichage, les affiches et le matériel de promotion pour la campagne, et ils sont évalués à leur juste valeur marchande.

Les stocks autres que le matériel de la campagne sont évalués au prix coûtant.

Les immobilisations, qui comprennent surtout \_\_\_\_\_, sont passées en charge au cours de l'année d'acquisition et figurent à l'état de l'actif et du passif à leur valeur nominale.

PARTIS POLITIQUES INSCRITS - ÉTATS FINANCIERS POUR LA PÉRIODE DE CAMPAGNE  
ÉLECTORALE

GÉNÉRALITÉS

- .01 Tout parti politique inscrit doit déposer un état financier relatif à la période de campagne électorale au plus tard six mois après le jour du scrutin.

Renvoi à la loi 43 (1)

FORMULE D'ÉTAT FINANCIER RELATIF À LA PÉRIODE DE CAMPAGNE ÉLECTORALE

- .02 La Commission exige que tous les états financiers soient déposés sur les formules fournies ou approuvées par la Commission :

De nombreux partis politiques tiennent des dossiers exigés par les dispositions de divulgation d'origine législative dans des ordinateurs, et produisent leurs états financiers à partir d'ordinateurs.

Les DF qui désirent utiliser des données produites par ordinateur pour composer leurs états financiers doivent faire approuver leur format par la Commission avant de déposer les états financiers produits par ordinateur.

Les états financiers produits par ordinateur doivent renfermer tous les renseignements requis selon une présentation analogue en substance à celle des formules de la Commission.

Renvoi à la loi 47

DATE DE DÉPÔT

- .03 Les états financiers relatifs à la période de campagne électorale d'un parti politique doivent être déposés dans les six mois suivant le jour du scrutin.

Renvoi à la loi 43 (1)

- .04 C'est au DF qu'il incombe de présenter un état financier complet relatif à la période de campagne électorale en temps voulu. Étant donné que l'état financier relatif à la période de campagne électorale doit faire l'objet d'un rapport du vérificateur, il est nécessaire que le DF et le vérificateur se rencontrent pour discuter du processus de vérification et de dépôt. Il est recommandé qu'ils se rencontrent bien avant la date de dépôt pour déterminer les méthodes d'arrêt des comptes et de clôture et qu'ils s'entendent sur la date à laquelle tous les livres et documents devront être remis au vérificateur.

Renvoi à la loi 43 (1)

- .05 La Commission acceptera comme tombant dans le délai prescrit les états financiers relatifs à la période de campagne électorale portant le cachet de la poste ou reçues par messagerie au plus tard six mois après le jour du scrutin.

- .06 La Commission n'acceptera pas le dépôt d'états financiers s'ils comportent l'une des lacunes suivantes :

- états financiers sans l'attestation signée par le DF;
- états financiers sans le rapport signé du vérificateur;

- états financiers sans les copies des récépissés de la Commission qui ont été délivrés;
- états financiers sans les tableaux requis dûment remplis; ou
- états financiers remis par télécopieur.

#### FAÇON DE REMPLIR L'ÉTAT FINANCIER RELATIF À LA PÉRIODE DE CAMPAGNE ÉLECTORALE

- .07 L'état financier relatif à la période de campagne électorale est conçu de façon à recueillir tous les renseignements exigés par la loi sur une formule qui peut faire l'objet d'un rapport du vérificateur. La formule est composée comme suit :
- indication de l'adresse du parti;
  - attestation signée par le DF responsable du dépôt de l'état financier;
  - état des recettes et des dépenses accompagné du rapport du vérificateur;
  - divers tableaux à l'appui des états.
- .08 Les tableaux à l'appui des états font partie intégrante des états financiers. Il est important que chaque tableau concorde avec l'état financier principal.
- .09 La formule doit être dactylographiée ou remplie clairement en caractères d'imprimerie. L'état financier, une fois déposé, sera photocopié pour être affiché.

#### INDICATION DU NOM ET DE L'ADRESSE

- .10 Il faut indiquer le nom et l'adresse postale au complet car c'est cette adresse que la Commission utilisera pour prendre contact.

#### ATTESTATION DU DIRECTEUR DES FINANCES

- .11 Le DF à qui il incombe de déposer l'état financier relatif à la période de campagne électorale doit remplir cette section. Le personnel de la Commission peut contacter les DF par téléphone pour assurer le traitement le plus rapide possible des états financiers. Indiquer si possible le numéro de téléphone du bureau et celui de la résidence.

#### ÉTAT FINANCIER

- .12 L'état financier consiste en un état des recettes et des dépenses de la période de campagne électorale accompagné de tableaux à l'appui. Les données renfermées dans l'état des recettes et des dépenses doivent concorder avec celles des tableaux ou en dériver.

#### ÉTAT DES RECETTES ET DES DÉPENSES DE LA PÉRIODE DE CAMPAGNE ÉLECTORALE

- .13 Cette ligne directrice précise et définit les postes qu'il y a lieu d'inscrire dans chaque compte de l'état des recettes et des dépenses de la période de campagne électorale.

**DÉPENSES**

Avant de remplir cette partie de l'état financier, se reporter à la Ligne directrice G24 pour vérifier si les dépenses sont dûment classifiées entre celles qui sont assujetties au plafond et celles qui ne le sont pas.

Examiner de même la Ligne directrice G25 pour vérifier si l'on a dûment comptabilisé dans l'état financier le stock de matériel de campagne électorale et autres dépenses liées à la campagne électorale payées d'avance.

Toutes les dépenses engagées pendant la période de campagne électorale, qu'elles soient payées, dues ou considérées comme une contribution, doivent être inscrites par catégorie dans l'état des recettes et des dépenses relatif à la période de campagne électorale.

La section «dépenses» de l'état des recettes et des dépenses a été conçue selon une présentation par colonnes qui distingue clairement les dépenses assujetties au plafond de celles qui ne le sont pas. Bien que la loi et nombre de lignes directrices envisagent la façon de considérer les dépenses, la Ligne directrice G24 donne des indications précises sur la façon de classer les dépenses liées à la campagne électorale.

Les biens ou services donnés ou vendus au-dessous du prix réel sont considérés comme une contribution, sauf :

- les biens ou services donnés par un travail bénévole non rémunéré;
- les biens ou services évalués en tout à 100 \$ ou moins, si le fournisseur estime qu'ils ne constituent pas une contribution.

Chaque fois que sont fournis des biens ou des services, si ceux-ci sont considérés comme une contribution pour l'application de la loi, on considère qu'une dépense d'une valeur équivalente a été engagée. La Ligne directrice G35 donne des renseignements sur les biens et services fournis.

Le DF doit s'assurer qu'aucun donateur ne fait de contributions dépassant en tout le plafond annuel de 4 000 \$.

Renvoi à la loi 25

#### TABLEAU 5 - TRANSFERTS REÇUS

- 22 Le tableau 5 exige des renseignements sur la date, la source et le montant des transferts de fonds, de stock de matériel de campagne électorale réutilisable et de dépenses liées à la campagne électorale payées d'avance reçus d'associations de circonscription, du fonds de campagne électorale du candidat, de fonds en fiducie ou de la fondation du parti. Ne déclarer comme transferts que les paiements reçus aux fins générales du parti politique. Déclarer dans le compte pertinent de la section «recettes» de l'état des recettes et des dépenses relatif à la période de campagne électorale, tout paiement reçu à une fin précise comme le recouvrement de dépenses ou des remboursements.

Une organisation politique affiliée à un parti politique ou à une ou plusieurs associations de circonscription inscrites auprès de la Commission, ou endossée par le parti ou par une ou plusieurs associations de circonscription, peut verser une contribution à un parti politique ou à une association de circonscription auquel ou à laquelle elle est affiliée comme si elle était une personne aux fins de l'alinéa 19 (1) a) de la loi. Les montants doivent être déclarés au tableau 2 et non au tableau 5.

TABLEAU 7 - DÉPENSES LIÉES À LA CAMPAGNE ÉLECTORALE

- .24 Tout particulier, personne morale ou syndicat qui demande le remboursement de dépenses liées à la campagne électorale doit présenter sa demande au DF du parti dans les trois mois qui suivent le jour du scrutin.

Renvoi à la loi 39 (6)

PARTIE I

- .25 Cette partie donne des renseignements relativement aux paiements supérieurs à 1 000 \$ à des fournisseurs particuliers. À l'exception des paiements à des particuliers au titre des salaires et avantages sociaux, donner le nom du fournisseur, la nature des dépenses et leur montant. La nature des dépenses doit correspondre à la description qui en est faite à l'état des recettes et des dépenses relatif à la période de campagne électorale.

PARTIE II

- .26 En cas de contestation ou de refus de payer une demande de paiement de dépenses liées à la campagne électorale, la demande constitue une demande contestée et l'auteur de la demande peut intenter une action en recouvrement de ce paiement devant un tribunal compétent.

Renvoi à la loi 39 (8)

Inscrire le nom et l'adresse de toute personne ou organisation à laquelle on a acheté des biens ou des services et qui n'a pas été payée parce que le compte est contesté. Il y a lieu de fournir tous les détails sur le motif de la contestation. Il ne faut inclure dans les dépenses que la partie des demandes contestées qui a été payée ou que l'on s'attend à payer. Il y a lieu de rapporter à la Commission la résolution définitive de toute demande contestée.

PARTIE III

- .27 Cette partie donne des renseignements sur toutes les dépenses engagées qui n'ont pas été payées au fournisseur. Indiquer la date à laquelle la dépense a été engagée, le nom du fournisseur, la nature de la dépense et le montant.

TABLEAU 8 - CALCUL DU PLAFOND DES DÉPENSES DU PARTI POLITIQUE ET DROIT AUX  
SUBVENTIONS

- .28 Les calculs à effectuer dans ce tableau sont complexes. Veiller à ce que la formule soit remplie comme il convient.

Ligne 1 - Inscrire le nombre d'électeurs ayant le droit de voter dans les circonscriptions électorales dans lesquelles le parti politique a nommé un candidat.

Ligne 2 - Calculer le plafond imposé aux dépenses liées à la campagne électorale en multipliant par 0,40 \$ le chiffre de la ligne 1.

- Ligne 3 -** Inscrire le nombre d'électeurs ayant le droit de voter dans les circonscriptions électorales dans lesquelles le parti a obtenu au moins 15 pour 100 du vote populaire.
- Lignes 4, 5 et 6 -** Il ne faut calculer la subvention que si les candidats du parti politique ont obtenu au moins 15 pour 100 des suffrages exprimés. Il y a lieu de remarquer que si le parti politique a droit à une subvention, la formule ne permet pas d'obtenir une subvention supérieure aux dépenses assujetties à un plafond réellement engagées.
- Ligne 5 -** Le moins élevé des montants suivants : le plafond de subvention (ligne 4) et les dépenses liées à la campagne électorale et assujetties à un plafond qui ont été réellement engagées.
- Lignes 7, 8 et 9 -** Si les dépenses liées à la campagne électorale d'un parti politique dépassent le plafond prescrit dans la loi et que le parti soit admissible à la subvention relative aux dépenses liées à la campagne électorale, la loi stipule qu'en plus de toutes les autres sanctions, la subvention exigible doit être réduite de un dollar par dollar dépassant le plafond des dépenses.

**Renvoi à la loi 39 (4)**

Inscrire les montants appropriés à l'aide des données que l'on trouve ailleurs dans le tableau 8 pour déterminer la réduction, si réduction il y a.

- Ligne 10 -** Calculer le plafond de subvention et inscrire le montant dans l'état des recettes et des dépenses relatif à la période de campagne électorale.

**TABLEAU 9 - STOCKS ET DÉPENSES PAYÉES D'AVANCE AU DÉBUT DE LA PÉRIODE**

29 Ce tableau exige des renseignements concernant la description, la date d'acquisition, le fournisseur, la quantité de la valeur et tout le stock de matériel de campagne électorale réutilisable et des dépenses payées d'avance.

On recourra ordinairement au prix du marché comme base du calcul de la valeur du stock transféré dans les comptes de la campagne électorale. On peut déterminer le prix du marché de plusieurs façons, les principales étant :

- a) des factures récentes ou le prix fixé,
- b) le moins élevé du coût de remplacement et du coût de reproduction,
- c) le prix auquel des ventes comparables ont été conclues.

Dans le cas d'acquisitions réalisées dans l'année du décret de convocation, utiliser le prix inscrit sur la facture. Dans l'évaluation d'un matériel de campagne électorale destiné à l'usage du parti, qui provient d'une campagne électorale antérieure, il y a lieu d'utiliser le prix de remplacement ou le prix fixe. Il y a lieu de déclarer tout le matériel provenant d'une campagne électorale antérieure, même si le matériel n'a pas été déduit de la campagne électorale antérieure en raison des dispositions du paragraphe G25.06. Dans tous les cas, il y a lieu de réunir la documentation pertinente à l'appui de la valeur d'ouverture du stock.

**TABLEAU 10 - STOCKS ET DÉPENSES PAYÉES D'AVANCE À LA FIN DE LA PÉRIODE**

- .30 Le tableau 10 exige des renseignements concernant les stocks et les dépenses payées d'avance à la fin de la période.

Le DF détermine avec soin, non seulement la quantité du matériel de campagne électorale réutilisable n'identifiant pas un candidat précis et les dépenses liées à la campagne électorale payées d'avance non utilisées, mais aussi la valeur à assigner à chaque article. Il y a lieu de dresser une liste détaillée et de recourir aux critères suivants pour déterminer la valeur des stocks et des dépenses payées d'avance à la fermeture de la période.

- a) si l'article était en main au début de la période de campagne électorale, l'évaluer à la même valeur utilisée au début de la campagne.
- b) si l'article a été acquis durant la campagne électorale, l'évaluer au prix de la facture.

**TABLEAU 11 - CONTRIBUTIONS PERÇUES AU NOM DES CANDIDATS INSCRITS**

- .31 La Ligne directrice PG03 de la Commission énonce les exigences auxquelles chaque parti politique inscrit doit satisfaire avant qu'il ne puisse accepter des contributions pour le compte de ses candidats inscrits.

L'acceptation de contributions par le parti, pour le compte de ses candidats inscrits, n'exonère pas le DF du candidat des responsabilités suivantes :

- (1) Déclarer les contributions acceptées par le parti dans l'état financier relatif à la période de campagne électorale couvrant la période pendant laquelle le parti a accepté la contribution.
- (2) S'assurer qu'aucun donateur ne verse des contributions qui, au total, soient supérieures aux plafonds fixés aux termes de l'article 19, et
- (3) S'assurer que la liste des contributions supérieures à 100 \$ qui accompagne l'état financier relatif à la période de campagne électorale comprend le total des contributions de chaque source, à savoir les contributions pour mandat plus les contributions remises directement par le donateur.

Le tableau 11 donne les détails complets de toutes les contributions recueillies par le parti politique pour le compte de ses candidats inscrits.

Envoyer ces contributions au DF de chaque candidat avec tous les détails pertinents, à une fréquence qui permette l'enregistrement et la déclaration de la contribution avant le dépôt des états financiers du candidat auprès de la Commission.

Aucune contribution ne peut être acceptée pour le compte d'un candidat avant l'émission du décret de convocation des électeurs et l'inscription du candidat auprès de la Commission.

Le DF du parti politique doit remplir et signer le certificat annexé au tableau.

**TABLEAU 12 - CONTRIBUTIONS PERÇUES AU NOM DES ASSOCIATIONS DE CIRCONSCRIPTION INSCRITES**

- 32 La Ligne directrice PF03 de la Commission énonce les exigences auxquelles chaque parti politique inscrit doit satisfaire avant qu'il ne puisse accepter des contributions pour le compte de ses associations de circonscription inscrites.

L'acceptation de contributions par le parti, pour le compte de ses associations de circonscription inscrites, n'exonère pas le DF de l'association de circonscription des responsabilités suivantes :

- (1) Déclarer les contributions acceptées par le parti dans les états financiers annuels ou de période de campagne électorale couvrant la période pendant laquelle le parti a accepté la contribution.
- (2) S'assurer qu'aucun donateur ne verse des contributions qui, au total, soient supérieures aux plafonds fixés aux termes de l'article 19, et
- (3) S'assurer que la liste des contributions supérieures à 100 \$ qui accompagne les états financiers annuels ou de période de campagne électorale comprend le total des contributions de chaque source, à savoir les contributions pour mandat plus les contributions remises directement par le donateur.

Le tableau 12 donne les détails complets de toutes les contributions recueillies par le parti politique pour le compte de ses associations de circonscription au cours de la période de campagne électorale.

Ces contributions doivent être envoyées aux DF des associations de circonscription, à une fréquence qui permette d'enregistrer et de déclarer les contributions acceptées pendant la période de campagne électorale distinctement de celles de la période de déclaration annuelle.

**LISTE DE CONTRÔLE**

- 33 Pour vérifier si le rapport est entièrement rempli, suivre la liste de contrôle suivante et confirmer chaque point :

- Le rapport est vérifié bien avant la date limite de dépôt.
- La case réservée aux renseignements sur l'adresse est bien remplie.
- Le DF a signé les états financiers.
- Tous les tableaux exigés ont été remplis et sont conformes à l'état des recettes et des dépenses relatif à la période de campagne électorale.
- Le rapport du vérificateur est signé.
- L'exemplaire de la Commission de tous les récépissés délivrés et l'exemplaire du donateur de tous les récépissés annulés sont annexés aux états financiers.
- Le total des récépissés émis est conforme au total des contributions déclaré au tableau 2.
- Toutes les contributions supérieures à 25 \$ ont été acceptées par chèque, mandat ou carte de crédit.

- Lorsque les frais exigés pour une activité de financement dépassent 25 \$, la partie supérieure à 25 \$ a été, dans tous les cas, considérée comme étant une contribution.
- Les contributions en biens et services dont la valeur est supérieure à 100 \$ en provenance d'une source unique ont été comptabilisées à la fois comme contributions et comme dépenses, et un récépissé officiel a été émis.
- Les contributions en biens et services dont la valeur totale **est inférieure à 100 \$** en provenance d'une source unique ont été comptabilisées à la fois comme contributions et comme dépenses, qu'un reçu officiel ait été émis ou non.
- Les contributions acceptées d'une source unique ne dépassent pas en tout 4 000 \$.
- Lorsque des contributions acceptées d'une source unique dépassent en tout 4 000 \$, la différence a été retournée au donateur contre remise du récépissé officiel, ou versée à la Commission si l'on n'a pas récupéré le récépissé officiel.
- On n'a accepté de contributions que de personnes résidant en Ontario, de personnes morales exerçant des activités en Ontario et de syndicats titulaires de droits de négociation en Ontario.
- Toutes les contributions ont été versées à même les propres fonds du donateur.
- Chaque récépissé de remplacement renferme exactement les mêmes renseignements que le récépissé original et porte le numéro du récépissé qu'il remplace.
- Tous les emprunts, découverts ou autres formes de dette sont reçus uniquement d'une banque, d'une institution financière reconnue ou d'un parti politique inscrit.
- Les paiements de transfert reçus ou versés sont conformes aux dossiers du cédant ou du cessionnaire respectivement, et toute divergence a été expliquée.
- Lorsque les contributions ont été versées par l'intermédiaire d'une association sans personnalité morale, notamment une société de personnes, mais à l'exclusion d'un syndicat ou d'une organisation politique affiliée, on a accusé réception de la contribution par des récépissés officiels délivrés au nom de chaque membre de l'association ou de la société de personnes pour le montant versé.
- On a déclaré la valeur des stocks et des dépenses payées d'avance.
- Toutes les pièces justificatives à l'appui de dépenses ont été conservées jusqu'à ce que l'on ait reçu de la Commission la permission de les détruire. La Commission peut demander la communication de ces pièces en vue de les examiner en détail.

## RAPPORT DU VÉRIFICATEUR

ÉTAT FINANCIER POUR LA PÉRIODE DE LA CAMPAGNE  
DU PARTI POLITIQUEConformément au paragraphe 41 (4) de la  
Loi de 1986 sur le financement des élections

À : \_\_\_\_\_, directeur des finances,

pour \_\_\_\_\_.

J'ai/nous avons examiné l'état des recettes et des dépenses du \_\_\_\_\_ pour la période de campagne du \_\_\_\_\_ au \_\_\_\_\_ concernant l'élection en Ontario tenue le \_\_\_\_\_. Mon/notre examen a été effectué conformément aux normes de vérification généralement reconnues et à l'exception des explications fournies dans le paragraphe suivant, a comporté par conséquent un examen général des méthodes de comptabilité et les tests des registres comptables et autres pièces justificatives jugées nécessaires dans les circonstances.

Étant donné la nature des transactions propres aux organisations de ce genre, il est impossible au moyen des normes de vérification de déterminer si les registres comptables englobent tous les dons de biens et services ainsi que les recettes et les débours. Par conséquent, ma/notre vérification de ces transactions se borne à assurer que l'état financier indique fidèlement les sommes inscrites dans les registres comptables du parti, conformément aux méthodes comptables établies par la Commission sur le financement des élections et j'étais/nous étions incapable(s) de déterminer si des ajustements quelconques étaient nécessaires.

À mon/notre avis, sauf en ce qui concerne l'effet des ajustements, le cas échéant, que j'aurais/nous aurions pu déterminer comme étant nécessaires si j'avais/nous avions pu me/nous satisfaire que les registres comptables étaient complets, conformément à la description du paragraphe précédent, cet état présente fidèlement les renseignements contenus dans les registres comptables sur lesquels il est basé conformément au traitement comptable exigé par la loi et requis par la Commission sur le financement des élections dans ses Lignes directrices aux directeurs des finances.

La loi ne m'/nous oblige pas à signaler, et cela n'était pas pratique à déterminer non plus, si les contributions déclarées ne comprennent que celles qui sont acceptées conformément à la loi.

NOTES À L'ÉTAT FINANCIER  
POUR LA PÉRIODE DE CAMPAGNE DU \_\_\_\_\_ AU \_\_\_\_\_  
Conventions de comptabilité

Les conventions et méthodes de comptabilité sont fixées par la loi et la Commission sur le financement des élections par le biais de ses Lignes directrices. L'observation de ces Lignes directrices est considérée suffisante pour respecter la loi.

## Contributions

- La loi impose un plafond aux sommes que des particuliers, des compagnies, des syndicats et d'autres organismes peuvent verser au cours d'une année ou d'une élection.
- La Commission exige la remise de reçus d'impôt sur le revenu officiels pour chaque contribution.
- Les contributions autres qu'en espèces sont comptabilisées à leur juste valeur marchande.

## Dépenses

- La loi impose aux candidats et aux partis politiques un plafond aux sommes qu'ils peuvent dépenser au cours de la période de campagne. La définition se trouve dans la loi et les Lignes directrices.
- La loi exige que toutes les dépenses soient comptabilisées à leur juste valeur marchande.

Les stocks du matériel de la campagne comprennent essentiellement (par exemple) les pieux d'affichage, les affiches et le matériel de promotion pour la campagne et ils sont évalués à leur juste valeur marchande.

Les stocks autres que le matériel de la campagne sont évalués au prix coûtant.

Les immobilisations qui comprennent surtout \_\_\_\_\_ sont passées en charges au cours de l'année d'acquisition et figurent à l'état de l'actif et du passif à leur valeur nominale.

LIGNES DIRECTRICES À L'INTENTION DES  
DIRECTEURS DES FINANCESLIGNE DIRECTRICE PG03  
JUIN 1990Commission sur le financement des électionsPage 1 de 4PARTIS POLITIQUES INSCRITS - CONTRIBUTIONS À REMETTRE À DES ASSOCIATIONS DE  
CIRCONSCRIPTION OU À DES CANDIDATS

- .01 Les partis politiques inscrits peuvent recueillir des contributions pour mandat pour le compte de leurs associations de circonscription inscrites ou de leurs candidats inscrits et envoyer ces contributions à ces associations ou candidats pourvu que soit observée la marche à suivre énoncée dans cette ligne directrice. Il y a lieu de signaler que l'on peut seulement accepter des contributions recueillies pour le compte de candidats :
- a) durant la période de campagne électorale; et
  - b) pourvu que le candidat ait satisfait aux conditions d'inscription énoncées dans la loi.
- .02 Avant d'accepter des contributions pour le compte d'une association de circonscription ou d'un candidat inscrits auprès de la Commission, les partis politiques inscrits qui adoptent cette marche à suivre doivent :
- a) remplir et remettre à la Commission une déclaration de fiducie dûment signée selon la formule annexée à cette Ligne directrice;
  - b) constituer un compte général de fiducie auprès d'une banque à charte canadienne ou d'une société de fiducie autorisée à exercer ses activités dans la province de l'Ontario, dans lequel ils doivent déposer toutes les contributions pour mandat et communiquer à la Commission le nom et l'adresse de l'institution financière ainsi que le nom des fondés de signature.

DÉCLARATION DE FIDUCIE

- .03 Selon l'article 2 de la déclaration de fiducie, le parti s'engage à ordonner au directeur des finances de l'association de circonscription ou du candidat de consigner dans ses registres comptables les contributions pour mandat qu'il reçoit comme étant des contributions pour mandat acceptées par le parti. Il sera ainsi plus facile au vérificateur de l'association de circonscription ou du candidat de vérifier auprès des porte-parole du parti les contributions pour mandat reçues.

Le directeur des finances de l'association de circonscription ou du candidat reste chargé des obligations suivantes :

- a) S'assurer que chaque contribution pour mandat acceptée par le parti de son association de circonscription ou de son candidat est consignée dans les états vérifiés de son association de circonscription ou de son candidat, y compris la mention de la date à laquelle le parti a reçu la contribution.
  - b) Rapprocher les données des contributions pour mandat de celles des contributions reçues directement au moment de dresser la Liste des contributions d'une source unique supérieures à 100 \$ qui accompagne les états financiers vérifiés déposés auprès de la Commission.
  - c) S'assurer que les contributions reçues d'une source unique ne dépassent pas le plafond de contribution stipulé dans la loi.
- .04 Selon l'article 3 de la déclaration de fiducie, le DF du parti doit délivrer des récépissés officiels aux donateurs relativement à toutes les contributions pour mandat acceptées.

La Commission fournit en conséquence au DF du parti :

- a) une provision permanente de formules de récépissé officiel à l'usage des associations de circonscription; et

- b) au moment de l'émission du décret de convocation des électeurs, une provision de récépissés officiels à l'usage des candidats, qui portent le préfixe «C» devant le numéro de série du récépissé et la mention «Candidat» imprimée sur la formule. À la fin de la période de campagne électorale, le solde inutilisé de la provision doit être retourné à la Commission.

Le DF du parti doit s'assurer que chaque récépissé est dûment rempli pour toute contribution acceptée, notamment la partie du récépissé qui indique le nom de l'association de circonscription ou du candidat pour le compte desquels le parti accuse réception de la contribution.

Le DF du parti doit répondre devant la Commission de chaque provision de récépissés.

En ce qui concerne les associations de circonscription, il y a lieu de remettre à la Commission un état détaillé des numéros et de la quantité des récépissés selon les catégories suivantes :

- a) récépissés valides délivrés,
- b) récépissés annulés,
- c) récépissés perdus ou détruits,
- d) récépissés délivrés en double,

ainsi que le total des récépissés utilisés :

- a) dans le cas d'une période de campagne électorale, au plus six mois après le jour du scrutin, et
- b) quant à la période de déclaration annuelle pour chaque année civile, au plus tard le 31 mai de l'année suivante.

En outre, au plus tard le 31 mai de chaque année, un rapprochement des récépissés utilisés au cours de l'année civile précédente doit être remis à la Commission selon le mode de présentation suivant :

Provision en main, décembre de l'année précédente	<u>Quantité</u>
(N° de récépissé) à (N° de récépissé)	_____
Plus, nouvelle provision reçue dans l'année civile	
(N° de récépissé) à (N° de récépissé)	_____

LIGNES DIRECTRICES À L'INTENTION DES  
DIRECTEURS DES FINANCESLIGNE DIRECTRICE PG03  
JUIN 1990Commission sur le financement des électionsPage 3 de 4

En ce qui concerne les candidats, il y a lieu de remettre à la Commission, au plus tard six mois après le jour du scrutin, un état :

- a) indiquant les détails des récépissés utilisés (numéros et quantité des récépissés); et
- b) rapprochant les récépissés officiels fournis à cette fin et la quantité retournée à la Commission précisant, comme dans le cas des associations de circonscription, le nombre de récépissés valides, annulés, perdus ou détruits et délivrés en double, ainsi que le total des récépissés utilisés.

05 Selon l'article 4 de la déclaration de fiducie, le DF du parti doit communiquer au DF de l'association de circonscription ou du candidat tous les détails des contributions pour mandat acceptées et remises.

Des exemplaires de ces listes doivent être remises à la Commission :

- a) en ce qui concerne les contributions pour mandat à l'intention d'une association de circonscription, au plus tard à la date limite de dépôt des états financiers annuels ou de période de campagne électorale;
- b) en ce qui concerne les contributions pour mandat à l'intention d'un candidat, le plus tôt possible après le jour du scrutin afin de faciliter l'examen des états financiers du candidat qui doivent être déposés avant la date limite de six mois après le jour du scrutin et, en tout état de cause, au plus tard à la date limite du dépôt des états financiers.

Si la Commission ne reçoit pas de liste du parti, elle ne peut autoriser les déclarations du candidat qui font état de contributions pour mandat reçues, ce qui entraîne un retard dans le paiement de la subvention à laquelle le candidat peut avoir droit au titre des dépenses.

«DÉCLARATION DE FIDUCIE»

Le (NOM DU PARTI INSCRIT) (le «parti») déclare par les présentes que toutes les sommes d'argent reçues par lui (les «contributions pour mandat») qui lui sont données à la condition que le parti verse lesdits fonds à une association de circonscription nommée ou à un candidat politique nommé (le «candidat») ou qui sont données à la condition que le parti répartisse lesdits fonds entre ses associations de circonscription ou candidats dans les proportions qu'il détermine à son seul gré sont détenues en fiducie selon les modalités suivantes :

- (1) Toutes les contributions pour mandat reçues comme il est dit plus haut sont déposées dans un compte de banque général en fiducie constitué à cette fin auprès d'une banque à charte canadienne ou d'une société de fiducie autorisée à exercer ses activités dans la province de l'Ontario pour le compte de l'association de circonscription ou des candidats, selon le cas, pour lesquels lesdites contributions pour mandat ont été reçues.
- (2) Le parti remet les contributions pour mandat reçues :
  - a) au directeur des finances de l'association de circonscription :
    - (i) dans une année sans élection, non moins fréquemment que chaque trimestre,
    - (ii) dans une année d'élection, à une fréquence qui permette de consigner et déclarer les contributions pour mandat acceptées pendant la période de déclaration annuelle séparément des contributions pour mandat reçues pendant une période de campagne électorale;

- b) au directeur des finances d'un candidat au cours de la période de campagne électorale, veillant à ce qu'aucune contribution pour mandat ne soit acceptée pour le candidat avant l'émission du décret de convocation des électeurs et son inscription auprès de la Commission, qu'aucune contribution pour mandat ne soit acceptée pour le candidat après l'expiration de la période de campagne électorale et que les contributions pour mandat acceptées soient remises au directeur des finances du candidat avant le dépôt de la déclaration de campagne électorale du candidat auprès de la Commission. Lors de chaque remise au directeur des finances de l'association de circonscription ou du candidat, le parti ordonne à cette personne de consigner dans ses registres comptables les contributions pour mandat reçues comme étant des «contributions pour mandat acceptées par le parti».
- (3) À l'égard de toutes les contributions pour mandat, le directeur des finances du parti délivre des récépissés officiels aux donateurs pour le compte des associations de circonscription ou des candidats, selon le cas, et est chargé de déposer auprès de la Commission les exemplaires de la Commission de tous ces récépissés officiels.
- (4) Le directeur des finances du parti remet à chaque directeur des finances d'association de circonscription ou de candidat, selon le cas, une liste complète des contributions pour mandat acceptées et remises au cours de chaque période de campagne électorale et, dans le cas d'une association de circonscription, une liste complète distincte des contributions acceptées au cours d'une période de déclaration annuelle, mentionnant :
- a) le nom et l'adresse de tous les donateurs;
- b) le montant de la contribution de chacun d'eux;
- c) le montant total des contributions pour mandat acceptées et remises pendant la période de déclaration annuelle ou la période de déclaration de campagne électorale.
- (5) Le parti, directement ou par l'intermédiaire de son directeur des finances, fournit à la Commission et/ou aux directeurs des finances d'associations de circonscription ou de candidats, selon le cas, tout autre renseignement relatif aux contributions pour mandat reçues que la Commission peut exiger à l'occasion.

**PARTIS POLITIQUES INSCRITS - ÉLECTIONS PARTIELLES**

.01 Étant donné que la loi entend par élection une élection tenue aux fins d'élire un ou plusieurs députés à l'Assemblée législative de l'Ontario, l'émission du décret de convocation des électeurs à une élection partielle dans une circonscription électorale constitue le commencement de la période de campagne électorale au sens de la loi. Aussi les dispositions de la loi s'appliquent-elles en matière d'acceptation de contributions, aux restrictions à la publicité, aux plafonds aux dépenses liées à la campagne électorale et aux formalités de déclaration.

La loi permet l'acceptation de contributions pendant une campagne électorale en vue d'une élection partielle outre les contributions permises aux donateurs annuels.

**Renvois à la loi 19 (1) a) et 19 (1) b)**

.02 Pour l'application des dispositions de la loi, relatives aux contributions de campagne électorale, sont réputées constituer une seule élection deux ou plusieurs élections partielles auxquelles s'appliquent des décrets de convocation des électeurs qui portent la même date et qui prévoient un même jour de scrutin.

**Renvois à la loi 19 (1) b) et 19 (2)**

.03 Dans le cas d'une élection partielle, les articles pertinents de la loi s'appliquent comme dans le cas d'une élection générale.

.04 Le parti politique qui a accepté des contributions ou engagé des dépenses en rapport avec une élection partielle est tenu de déposer un état financier relatif à la période de campagne électorale.

**Renvois à la loi 43 (1) et 43 (2)**

.05 Si un état financier pour la période de campagne électorale :

- a) ne doit pas être déposé, le DF du parti doit déposer une déclaration par écrit indiquant qu'il n'a pas reçu de contribution ni engagé de dépenses en rapport avec l'élection partielle, et
- b) doit être déposé par un parti politique, les exigences à observer en matière de déclaration financière sont celles de la Ligne directrice PG02 de la Commission - Partis politiques inscrits - État financier pour la période de campagne électorale.

## PARTIS POLITIQUES INSCRITS - RÈGLES CONCERNANT LES CONTRIBUTIONS

### Généralités

- .01 La loi renferme un certain nombre d'exigences importantes en matière d'acceptation des cotisations par une association de circonscription inscrite. Le DF d'un parti politique inscrit devrait connaître parfaitement ces diverses dispositions. Il y a lieu de signaler en particulier l'obligation d'enregistrer les contributions selon les Lignes directrices PG05.18 à PG05.27. Étant donné qu'il est impossible de déterminer à l'avance si le total des contributions d'une source unique dépassera ou ne dépassera pas le plafond prescrit par la loi, il sera nécessaire d'enregistrer à la fois le montant et le nom et l'adresse du donateur en ce qui concerne toute contribution reçue.

### QUI PEUT VERSER DES CONTRIBUTIONS

- .02 Seules les personnes ou organisations suivantes peuvent verser des contributions à un parti politique inscrit :

- Toute personne qui réside ordinairement en Ontario.
- Toute organisation politique affiliée parrainée par un parti politique inscrit ou une association de circonscription inscrite auprès de la Commission.
- Toute personne morale qui exerce des activités en Ontario. De nombreuses personnes morales exercent des activités par l'intermédiaire de filiales et sociétés affiliées. Pourvu que chacune exploite activement une entreprise selon la définition donnée de cette expression, dans la Ligne directrice G21, chaque personne morale remplit les conditions requises pour être donatrice.
- Tout syndicat, selon la définition qu'en donne la Loi sur les relations de travail ou le Code canadien du travail, titulaire de droits de négociation pour le compte de travailleurs en Ontario auxquels ces lois s'appliquent, notamment les conseils du travail de district, régionaux ou centraux situés en Ontario.
- Une personne qui sert dans les Forces armées, le service diplomatique ou un genre analogue d'emploi à l'étranger, si son domicile normal est situé en Ontario.
- La succession d'une personne décédée s'il s'agit d'un legs précis inscrit dans le testament.

Il existe de notables exceptions. Il faut se garder d'accepter des contributions en provenance :

- d'oeuvres de charité,
- de personnes morales qui ne réunissent pas les conditions requises dans la Ligne directrice G21,
- de députés à la Chambre des communes, domiciliés en Ontario, mais représentant une circonscription électorale située à l'extérieur de l'Ontario.

### **Renvois à la loi 17 (1) et 30 (1) a)**

- .03 Il est possible de verser des contributions à un parti politique inscrit par l'intermédiaire d'une association ou organisation sans personnalité morale si celle-ci réunit les conditions requises dans la Ligne directrice G37. De nombreuses petites entreprises comme les magasins de détail et ateliers de réparation n'ont pas de personnalité morale. Les sociétés de personnes et les coentreprises sont aussi des exemples d'associations ou organisations sans personnalité morale. Pour que la contribution soit acceptable, l'association ou organisation sans personnalité morale doit fournir une liste écrite précisant

le nom et l'adresse de chaque particulier, personne morale ou syndicat qui a été, en fin de compte, la source de la contribution, et consigner le montant contribué par chacun.

#### Renvois à la loi 20 (1) et 27

Par exemple, le club de bridge du lundi après-midi, non constitué en personne morale, désire verser une contribution de 1 500 \$ à un parti politique inscrit. Cette contribution doit être ventilée selon les sources et montants particuliers. Par exemple, parmi les membres du club, M. A. peut avoir versé 500 \$, M<sup>me</sup> B. 500 \$, M. C. 300 \$ et M<sup>me</sup> D. 200 \$. Le DF du parti politique inscrit doit consigner ces données par écrit avant d'accepter la contribution et de délivrer des récépissés officiels aux fins de l'impôt à chacun des membres du club qui a versé une contribution.

Un autre exemple concerne une contribution des associés d'une société de personnes de profession libérale, comme un cabinet de comptables agréés, d'avocats, de dentistes, etc. Cette contribution doit, elle aussi, être ventilée selon les sources et montants comme dans le premier exemple. Le DF doit cette fois encore disposer de toutes les données par écrit avant d'accepter la contribution et de délivrer un récépissé officiel aux fins de l'impôt aux associés nommés dans la liste.

Encore un autre exemple d'organisation sans personnalité morale est une entreprise organisée en société de personnes, sans être une société commerciale, comme le garage de Bernard et Jean qui est une société de personnes entre Bernard X et Jean Z. Le DF doit bien faire attention pour déterminer s'il s'agit en fait d'une entreprise sans personnalité morale. Comme dans le premier exemple, le DF doit avoir par écrit les renseignements concernant les associés et le montant de chaque contribution avant d'accepter la contribution et de délivrer aux associés nommés le récépissé officiel aux fins de l'impôt.

- .04 Les contributions ne peuvent provenir que des propres fonds du donateur.

#### Renvoi à la loi 20 (1)

Comme indiqué dans la Loi de l'impôt sur le revenu, le crédit d'impôt pour contribution politique peut être réclamé soit par le donateur, soit par son conjoint.

- .05 Le parti politique inscrit ne peut ni utiliser ni dépenser les contributions anonymes qu'il reçoit, sauf dans le cadre d'une collecte de fonds lors d'assemblées visée à la Ligne directrice PG05.10. Il doit retourner les fonds au donateur si celui-ci peut être identifié, sinon les verser à la Commission.

#### Renvoi à la loi 18

- .06 Un parti politique inscrit peut recevoir une quantité quelconque de fonds, biens ou services d'une association de circonscription inscrite, du compte de campagne électorale d'un candidat inscrit de ce parti, du compte de campagne à la désignation d'un candidat inscrit à la direction du parti, d'un fonds en fiducie inscrit auprès de la Commission ou de la fondation du parti. Ces fonds, biens ou services **ne sont pas** considérés comme des contributions au parti politique inscrit.

#### Renvois à la loi 1 (4), 28 et 40 (2)

### QUI PEUT ACCEPTER DES CONTRIBUTIONS

- .07 Alors que le DF ou d'autres personnes autorisées dont le nom figure aux dossiers de la Commission peuvent accepter des contributions au nom d'un parti politique inscrit, **seul le DF peut délivrer** des récépissés officiels accusant réception des contributions acceptées. Donc, toutes les contributions recueillies par d'autres - par exemple, dans le cadre d'une collecte de porte en porte - doivent être immédiatement remises au DF du parti ou à d'autres personnes dont le nom figure aux dossiers de la

DIRECTEURS DES FINANCESLIGNE DIRECTRICE PG05  
JUN 1990Commission sur le financement des électionsPage 3 de 8

Commission, ainsi que la liste des noms et adresses des donateurs et du montant de chaque contribution.

Bien que la loi permette à d'autres personnes autorisées dont le nom figure aux dossiers de la Commission d'accepter des contributions, c'est au DF qu'il incombe de veiller à ce que les contributions supérieures à 25 \$ soient versées au moyen d'un chèque tiré sur le propre compte de banque du donateur, d'un mandat signé par le donateur ou d'un bordereau de la carte de crédit du donateur, et que les contributions d'associations ou organisations sans personnalité morale (comme précisé à la Ligne directrice G37) soient accompagnées d'une liste des personnes ayant participé à la contribution et du montant de chaque contribution.

**Renvois à la loi 17 (2) et 34 (4)**

.08 Si le DF apprend qu'une contribution a été faite ou acceptée contrairement à une des dispositions de la loi, comme, entre autres :

- des contributions de source non identifiable ou anonymes, sauf ce qui est permis dans la Ligne directrice PG05.10,
- des contributions de sources autres que celles permises aux termes de la Ligne directrice PG05.02,
- des contributions supérieures aux plafonds mentionnés dans la Ligne directrice PG05.17,
- des contributions supérieures à 25 \$,
- des contributions provenant de fonds n'appartenant pas au donateur, sauf ce qui est mentionné dans la Ligne directrice PG05.03, ou
- des contributions de fonds provenant d'un parti politique fédéral ou de ses organismes,

le DF rend au donateur la contribution ou un montant équivalent dans les trente jours qui suivent le moment où il prend connaissance de ce fait, si un récépissé officiel accusant réception de la contribution n'a pas été délivré.

Si un récépissé officiel a été délivré et que le donateur ne retourne pas le récépissé aux fins d'annulation, il faut verser à la Commission un montant égal à la contribution versée.

**Renvoi à la loi 18****GENRES DE CONTRIBUTIONS**

.09 Si une contribution à un parti politique inscrit est versée en une somme d'argent dont le montant est supérieur à 25 \$, elle doit se faire selon l'une des formes suivantes :

- a) par chèque, portant lisiblement imprimé le nom du donateur signé par celui-ci et tiré sur un compte au nom du donateur,
- b) par un mandat signé par le donateur, ou
- c) dans le cas de contributions faites par une personne en son nom, par une carte de crédit sur laquelle le nom du donateur est imprimé ou gravé en relief.

**Renvoi à la loi 17 (2)**

- .10 Dans le cadre d'une collecte de fonds pour un parti politique inscrit lors d'une assemblée générale, des dons ne dépassant pas 10 \$ peuvent être effectués de manière anonyme et ne sont pas considérés comme étant des contributions au parti politique inscrit.

**Renvoi à la loi 25**

- .11 Le parti politique inscrit jouit d'une latitude considérable en matière de ventilation des fonds recueillis au cours d'une activité de financement entre contributions et dépenses. Il existe toutefois un point à partir duquel une partie des frais doit être considérée comme une contribution. Les critères sont les suivants :

- a) Lorsque les frais ne sont pas supérieurs à 25 \$, il est possible de les considérer, dans leur totalité, comme des dépenses ou comme une contribution, ou encore comme une combinaison quelconque de contribution et de dépenses.
- b) Lorsque les frais sont supérieurs à 25 \$, tout montant jusqu'à concurrence de 25 \$ peut être considéré comme des dépenses. Le reste doit être considéré comme une contribution.

Si les frais sont considérés, dans leur totalité, comme une contribution, il faut produire un récépissé officiel libellé pour la somme intégrale.

Dans le cadre d'une seule et même activité, la ventilation originale des frais entre contribution et dépenses doit être constante.

Si l'élément de contribution des frais est supérieur à 25 \$, la somme totale doit être payée par chèque, mandat ou carte de crédit.

Toute recette obtenue dans le cadre d'une activité de financement, par exemple, les ventes de rafraîchissements, doit être consignée et communiquée à la Commission.

**Renvois à la loi 24 (2) et 24 (3)**

- .12 Une cotisation annuelle de membre peut être versée à une association de circonscription inscrite ou, en combinaison, à un parti politique inscrit et à une association de circonscription inscrite. Si l'association de circonscription inscrite et le parti politique inscrit tiennent une liste de membres qui indique le montant et la ventilation de chaque cotisation annuelle versée par un membre et si le montant total de la cotisation individuelle ne dépasse pas 25 \$, il n'y a pas lieu de traiter la cotisation comme une contribution.

**Renvoi à la loi 31**

Dans le cas de cotisations familiales, la cotisation familiale totale divisée par le nombre de membres de la famille visés ne doit pas dépasser 25 \$ pour ne pas être considérée comme une contribution.

- .13 Les biens et les services autres que ceux mentionnés aux Lignes directrices PG05.14 et PG05.15 fournis à un parti politique inscrit par un fournisseur au cours d'une année quelconque à l'exclusion d'une période de campagne électorale, ou au cours d'une période de campagne électorale, doivent être considérés comme une contribution. Si toutefois la valeur globale des biens et services fournis par le fournisseur au cours d'une année civile ne dépasse pas 100 \$, le fournisseur peut indiquer qu'il ne considère pas cette valeur comme un contribution.

Chaque fois que sont fournis des biens ou des services, si ceux-ci sont considérés comme une contribution pour l'application de la loi, on considère qu'une dépense d'une valeur équivalente a été engagée.

LIGNES DIRECTRICES À L'INTENTION DES  
DIRECTEURS DES FINANCESLIGNE DIRECTRICE PG05  
JUIN 1990Commission sur le financement des électionsPage 5 de 8

Aux fins de la loi, la valeur des biens et services est réputée être la somme la moins élevée exigée au détail pour des biens ou services semblables au moment où ils sont fournis.

**Renvoi à la loi 22**

Par exemple, si un parti politique inscrit paie 150 \$ pour l'impression de prospectus alors que le prix le plus bas exigé d'autres clients est de 275 \$, la différence de 125 \$ est réputée constituer une contribution de l'imprimeur au parti politique.

- .14 Si un parti politique inscrit reçoit des biens produits par un travail bénévole non rémunéré et que ces biens ne soient pas payés par le parti, l'association de circonscription ou le candidat, ces biens ne sont pas considérés comme une contribution au parti politique inscrit.

**Renvoi à la loi 1 (1)**

Par exemple, si un groupe auxiliaire prépare bénévolement des sandwichs pour les travailleurs du parti et leur en fait don, la matière première elle-même représente une contribution, mais la valeur ajoutée représentée par le travail bénévole n'est pas une contribution. Toutefois, si un particulier qui possède un service de traiteur fait don de sandwichs produits par des employés rémunérés, cela constitue une contribution au parti politique inscrit. En revanche, si la valeur des sandwichs donnés par le service de traiteur ne dépasse pas 100 \$, le traiteur peut indiquer que cette valeur ne doit pas être considérée comme une contribution.

- .15 Les services fournis bénévolement par une personne ne sont pas considérés comme une contribution au parti politique inscrit si la personne n'est pas rémunérée par le parti, l'association de circonscription ou le candidat et ne reçoit pas d'une source quelconque, conformément à une entente avec son employeur, une rémunération supérieure à celle qu'elle recevrait normalement durant la période pendant laquelle elle a fourni ces services. Il est à noter qu'il doit s'agir de services effectivement fournis par la personne.

**Renvoi à la loi 1 (1)**

Par exemple, si un bénévole offre de dactylographier des lettres sur sa propre machine à écrire, ce n'est pas une contribution au parti politique inscrit. De même, si des employés bénéficient de temps libre à leur lieu de travail pour travailler bénévolement pour l'association de circonscription, ce n'est pas une contribution. Mais si une personne prête des biens comme une machine à écrire ou une voiture et met un local à la disposition du parti, la valeur de cet usage peut être considérée comme une contribution. Toutefois, si la valeur totale ne dépasse pas 100 \$, la personne peut indiquer que la valeur ne doit pas être considérée comme une contribution. La différence entre les deux derniers exemples réside dans le fait que, dans le dernier cas, il n'y a pas de services effectivement fournis par le donateur.

**RESTRICTIONS AUX CONTRIBUTIONS**

- .16 Un parti politique ne peut accepter de contributions que s'il est un parti politique inscrit.

**Renvois à la loi 1 (1) et 11 (1)**

- .17 Au cours d'une année quelconque, à l'exception d'une période de campagne électorale, une personne, une personne morale ou un syndicat peut verser en espèces, par chèque, mandat, carte de crédit ou sous forme de biens et services une contribution jusqu'à concurrence de 4 000 \$ à un parti politique inscrit. Au cours d'une période de campagne électorale, une personne, une personne morale ou un syndicat peut verser en espèces, par chèque, mandat, carte de crédit ou sous forme de biens et service une somme supplémentaire jusqu'à concurrence de 4 000 \$ en rapport avec l'élection pendant cette période. Les contributions en espèces ne peuvent dépasser 25 \$. Si les décrets de convocation des

électeurs à deux élections partielles ou davantage portent la même date que le jour du scrutin, soit le même pour toutes ces élections partielles, il est censé n'y avoir qu'une seule et même élection.

**Renvois à la loi 19 (1) a) (ii), 19 (1) b) (ii) et 19 (2)**

### **DÉPÔT, ENREGISTREMENT ET DÉCLARATION DES CONTRIBUTIONS**

- .18 Déposer les sommes d'argent acceptées au nom d'un parti politique inscrit à la banque, société de fiducie ou autre institution financière dont le nom figure aux dossiers de la Commission. Pour faciliter la vérification des documents, il y a lieu de remplir des duplicata de bordereaux de dépôt pour tous les dépôts en banque dans lesquels sont consignés les noms des donateurs dont on a reçu les chèques, mandats ou bordereaux de carte de crédit.

Pour appuyer les chèques reçus d'institutions de cartes de crédit pour des contributions acceptées effectuées à l'aide d'une carte de crédit, on indiquera les particularités du donateur inscrites dans les comptes soumis à l'institution aux fins de paiement.

**Renvoi à la loi 17 (3)**

- .19 Aux fins d'enregistrement, de déclaration et de délivrance de récépissés officiels, les contributions acceptées :

- a) en espèces, par chèque ou par mandat sont considérées comme acceptées au moment où les contributions sont déposées dans le compte de banque inscrit auprès de la Commission.
- b) par bordereau de carte de crédit, sont considérées comme acceptées à la date à laquelle le bordereau de carte de crédit est déposé ou remis par le DF à l'émetteur de la carte aux fins de paiement.

- .20 Le DF doit enregistrer toutes les contributions reçues au cours d'une année quelconque, à l'exclusion d'une période de campagne électorale, pour le compte d'un parti politique inscrit. En outre, si la valeur globale desdites contributions, y compris les biens et services ou la publicité en provenance d'une source unique, est supérieure à 100 \$, le DF doit aussi consigner le nom et l'adresse du donateur.

**Renvois à la loi 23 (1) et 35 (1)**

- .21 Déclarer tous les renseignements visés à la Ligne directrice PG05.20 dans un état financier que le parti politique inscrit déposera auprès de la Commission au plus tard le 31 mai de l'année suivant celle à laquelle se rapportent lesdits renseignements.

**Renvoi à la loi 35 (2)**

- .22 Le DF doit enregistrer toutes les contributions reçues pendant une période de campagne électorale pour le compte d'un parti politique inscrit. En outre, si la valeur globale desdites contributions, y compris les biens et services et la publicité en provenance d'une source unique, est supérieure à 100 \$, le DF doit aussi consigner le nom et l'adresse du donateur.

**Renvois à la loi 23 (1) et 35 (1)**

- .23 Tous les renseignements consignés visés à la Ligne directrice PG05.22 doivent être déclarés dans l'état financier que le parti politique inscrit doit déposer auprès de la Commission au plus tard six mois après le jour du scrutin.

**Renvoi à la loi 35 (2)**

DIRECTEURS DES FINANCESLIGNE DIRECTRICE PG05

Page 7 de 8

- .24 Les contributions reçues durant une année à l'exception d'une période de campagne électorale et les contributions reçues durant une période de campagne électorale doivent être consignées séparément.

**Renvoi à la loi 35 (2)**

- .25 Si l'on recueille des fonds pour le compte d'un parti politique inscrit au cours d'une assemblée générale, le DF du parti doit consigner le montant brut recueilli lors de cette assemblée et le communiquer à la Commission.

**Renvoi à la loi 25**

- .26 Si l'on recueille des fonds pour le compte d'une association de circonscription inscrite lors d'une activité comme un souper, une danse, une réception en plein air, ou tout autre événement récréatif, le DF de l'association doit consigner le montant des recettes brutes provenant de cette activité et le communiquer à la Commission.

**Renvoi à la loi 24 (2)**

- .27 Si l'on reçoit, pour le compte d'un parti politique inscrit, des fonds, des biens ou des services en provenance d'une association de circonscription inscrite, d'un candidat officiel inscrit de ce parti, d'un candidat inscrit à la direction du parti, d'un fonds en fiducie enregistré auprès de la Commission ou de la fondation du parti inscrit, le DF du parti doit consigner le montant et la source de ces fonds, biens et services et les fonds doivent être déposés à la banque, société de fiducie ou autre institution financière dont le nom figure aux dossiers de la Commission.

**Renvois à la loi 1 (4), 28 et 40 (2)****RÉCÉPISSÉS DE CONTRIBUTIONS**

- .28 Il faut délivrer des récépissés officiels aux fins de l'impôt pour toute contribution acceptée par un parti politique inscrit, et il incombe au DF du parti politique de s'assurer que l'on remplit un récépissé en bonne et due forme pour chaque contribution acceptée.

**Renvois à la loi 26 et 34 (4) c)****ACCEPTATION DES CONTRIBUTIONS**

- .29 Si un chèque représentant une contribution est tiré sur un compte de banque personnel en commun, le récépissé doit être délivré seulement à la personne qui a signé le chèque. Si deux personnes ont signé un chèque tiré sur un compte de banque personnel en commun, le DF doit déterminer qui a fait la contribution et rédiger le récépissé en conséquence.
- .30 L'usage de chèques postdatés n'est pas interdit parce qu'ils ne sont pas négociables avant la date d'effet. Les chèques, postdatés ou non, ne sont pas considérés comme des contributions acceptées tant qu'ils n'ont pas été déposés. Toute contribution effectuée par un chèque postdaté n'échappe pas au plafond imposé aux contributions.

**Renvois à la loi 17 (2), 17(3) et 19 (1)**

- .31 La Commission a pour politique que les contributions sollicitées à une fin particulière et non aux fins générales de la loi ne remplissent pas les conditions requises pour la délivrance d'un récépissé officiel aux fins de l'impôt.

**Renvois à la loi 1 (1) et 17**

Commission sur le financement des élections

- .32 On ne peut accepter de contributions qui soient assujetties à des conditions ou des restrictions. Les seules exceptions sont les fonds donnés à des partis politiques ou associations de circonscription inscrits pour couvrir les frais imposés pour des assemblées, séminaires, ateliers ou conférences que l'on peut considérer comme des contributions donnant droit à un récépissé. On ne peut toutefois pas traiter comme une contribution les frais imposés aux délégués pour assister à une campagne à la désignation du chef. Un donateur ne peut pas non plus spécifier, à l'exception de ce qui est dit des contributions pour mandat à la Ligne directrice G19, que des fonds équivalant à la contribution soient en fin de compte transférés au parti politique, à une autre association de circonscription ou un autre candidat, selon le cas.
- .33 En aucun cas, un parti ne peut accepter des contributions désignées comme contributions pour mandat comme si elles étaient versées au profit du parti lui-même. Les contributions qui sont acceptées pour le compte d'une association de circonscription particulière ou de la campagne électorale d'un candidat, comme prévu dans la Ligne directrice G19, doivent être reçues au nom de l'association de circonscription particulière ou de la campagne électorale du candidat, comme cela est précisé par écrit par le donateur, et remises en fin de compte au bénéficiaire désigné.
- .34 En aucun cas, une association de circonscription ou la campagne électorale d'un candidat ne peuvent accepter de contributions versées pour le compte ou à l'intention d'une autre association de circonscription et du parti.

#### SOLLICITATION DE CONTRIBUTIONS

- .35 Toute la documentation et les autres moyens de communication utilisés dans le cadre d'une sollicitation de contributions par un parti politique inscrit ou pour son compte doivent clairement préciser que le parti politique est le bénéficiaire de ces contributions.

5. For the purpose of subsection 63 (3) of the Act, the factor to be applied to the market value of prop-

## ENVIRONMENTAL ASSESSMENT ACT

## O. Reg. 493/90.

Compliance Order—Ministry of Natural Resources—MNR-C-2.

Made—July 27th, 1990.

Approved—July 27th, 1990.

Filed—August 8th, 1990.

## ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

## COMPLIANCE ORDER—MINISTRY OF NATURAL RESOURCES—MNR-C-2

Having received a request from the Ministry of Natural Resources that an order be issued with respect to an undertaking, namely:

The completion of construction as well as future operation and maintenance of the primary access road, the Red Squirrel Road Extension, in the Latchford Crown Forest Management Unit,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Ministry of Natural Resources that a Memorandum of Understanding has been executed on behalf of the Teme-Augama Anishnabai and Her Majesty the Queen in right of the Province of Ontario by the Minister of Natural Resources and the Minister responsible for Native Affairs on April 23, 1990;

Having been advised by the Ministry of Natural Resources that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Government of Ontario will be unable to fully implement the Memorandum of Understanding with the Teme-Augama Anishnabai for the establishment of a Stewardship Council in the Townships of Delhi, Acadia, Shelburne and Canton within the MNR Administrative District of Temagami.
- B. Proceeding to complete the Red Squirrel Road would be contrary to the express desires of the Teme-Augama Anishnabai and therefore would jeopardize the agreement between Ontario and the Teme-Augama Anishnabai to work towards a Treaty of Co-Existence and the effective functioning of the Stewardship Council.
- C. Environmental damage to Crown land and fish habitat may result in the area of the Red Squirrel Road Extension if measures

are not undertaken to stabilize stream crossings and watercourses as well as other road related structures.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The Province would be able to implement the unique Stewardship Agreement between the Province of Ontario and the Teme-Augama Anishnabai.
- B. The Construction of the Red Squirrel Road Extension has been substantially completed in compliance with the approval granted under the *Environmental Assessment Act* dated June 17, 1988 (the "Approval") and the Compliance Order dated December 21, 1989 made under the *Environmental Assessment Act*.
- C. The establishment of a Stewardship Council in Temagami will allow the Teme-Augama Anishnabai to participate directly in the management, final completion and potential future operation of the Red Squirrel Road Extension.
- D. Stabilization of stream crossings, watercourses and other road structures will lessen the possibility of structural failure and reduce the potential for erosion and sedimentation adversely affecting fish habitat until such time as the Stewardship Council may decide upon any future use and management of the road.

This order is subject to the following terms and conditions:

1. Except as determined from time to time by the Stewardship Council for matters relating to the Red Squirrel Road Extension, including matters relating to the area to be accessed by the Red Squirrel Road Extension, and except as modified by these terms and conditions, the provisions of the Approval apply.
2. MNR shall stabilize stream crossings, watercourses and road related structures in the area of the Red Squirrel Road Extension, as necessary, to reduce the possibility of structural failure, erosion, sedimentation and adverse effects on fish habitat for the purpose of rendering the road inoperative until

such time as the Stewardship Council determines the future of the road.

3. Rather than as provided for in the Approval:

- (a) Environmental mitigation measures and monitoring in connection with the Red Squirrel Road Extension shall be carried out by MNR at its discretion, in consultation with the Teme-Augama Anishnabai.

- (b) Once the Stewardship Council is formally constituted, MNR shall arrange for the Stewardship Council to carry out, at its discretion, monitoring of the effectiveness of environmental mitigation measures used in connection with the Red Squirrel Road Extension.

4. If the Red Squirrel Road Extension is to be used for timber management purposes, the MNR Environmental Guidelines for Access Roads and Water Crossings shall be followed, except as otherwise determined by the Stewardship Council.

5. All provisions of the Approval shall continue to apply to areas other than the Red Squirrel Road Extension and other than areas to be accessed by the Red Squirrel Road Extension.

## MOTOR VEHICLE TRANSPORT ACT, 1987 LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

### INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

## **REGULATION MADE UNDER THE MUNICIPAL FREEDOM OF INFORMATION AND PROTECTION OF PRIVACY ACT, 1989**

### **GENERAL**

1. A record capable of being produced from machine readable records is not included in the definition of "record" for the purposes of the Act if the process of producing it would unreasonably interfere with the operations of an institution. O. Reg. 517/90, s. 1.

2.—(1) A head who provides access to an original record must ensure the security of the record.

(2) A head may require that a person who is granted access to an original record examine it at premises operated by the institution.

(3) A head shall verify the identity of a person seeking access to his or her own personal information before giving the person access to it. O. Reg. 517/90, s. 2.

3.—(1) Every head shall ensure that reasonable measures to prevent unauthorized access to the records in his or her institution are defined, documented and put in place, taking into account the nature of the records to be protected.

(2) Every head shall ensure that only those individuals who need a record for the performance of their duties shall have access to it.

(3) Every head shall ensure that reasonable measures to protect the records in his or her institution from inadvertent destruction or damage are defined, documented and put in place, taking into account the nature of the records to be protected. O. Reg. 517/90, s. 3.

4.—(1) An institution is not required to give notice of the collection of personal information to an individual to whom it relates if the head complies with subsection (2) and if,

- (a) providing notice would frustrate the purpose of the collection;

able invasion of another individual's privacy; or

- (c) the collection is for the purpose of determining suitability or eligibility for an award or honour.

(2) For the purpose of subsection (1), the head shall make available for public inspection a statement describing the purpose of the collection of personal information and the reason that notice has not been given. O. Reg. 517/90, s. 4.

## **MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:**

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These Applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles with the prescribed filing fee, within twenty-nine days of this publication.

## **EXTRA-PROVINCIAL APPLICATIONS:**

**NOTE:** Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

## **INTRA-PROVINCIAL TRUCK APPLICATIONS:**

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

(3) If the rent chargeable on the beginning rent date under the terms of a tenancy agreement is subject to a prompt payment provision, the beginning rent shall not exceed the lesser amount unless the rental unit has been continuously subject to a comparable prompt payment provision since the 29th day of July, 1975 or the first date that the rental unit is rented after the 29th day of July, 1975.

(4) Prompt payment provisions are comparable if the ratio of the lesser amount chargeable thereunder to the higher amount as of the later date is the same as or greater than the ratio of the lesser amount to the higher amount as of the earlier date.

(5) Where the rent charged is affected by a discount or a benefit in the nature of a discount within the term of a tenancy agreement in effect on the beginning rent date, the beginning rent is calculated according to subsection (6).

(6) The beginning rent shall not exceed the total undiscounted rent for the twelve months following the beginning rent date, less the value of any discounts or benefits as described in subsection (5), divided by the number of rental periods in those twelve months.

(7) Subsections (5) and (6) apply where the beginning rent date is not the date that the rental unit is rented for the first time.

(8) If the rental unit is rented to a superintendent, employee or a member of the family of the landlord, the beginning rent shall not exceed,

#### DESIGNATED CLAIM PERIODS

7.—(1) A designated claim period is made up of a base year and a comparison year.

(2) Consideration of the base year and the comparison year leads to the calculation of the justified rent increase to be applied on the anniversary date within the comparison year for each rental unit.

(3) The base year of any designated claim period for the first application or justification for the residential complex must,

- (a) commence on a date on or after the 1st day of January, 1974;
- (b) commence after twelve months from the date on which the first rental unit in the residential complex was occupied; and
- (c) end on a date before the 1st day of August, 1985.

(4) Ninety per cent of the rental units in the residential complex must have been occupied for the first time by the mid-point of the base year of any designated claim period.

(5) The base year described in subsection (3) must not have any days in common with any other base year or the Year 2 which is the subject of a previous whole building review order for the same residential complex.

(6) The start of the comparison year must be later than the effective dates of rent increase for all rental units in the complex in the most recent whole building review order.

(7) The landlord may not designate a claim period for which the only basis for a justified rent increase is the past operating cost allowance determined under section 13.

(8) Once the first designated claim period has been chosen, all other designated claim periods must begin on the same day of the year, unless the Minister is of the opinion that it would be fair to permit a change.

(9) The designated claim periods for a subsequent application or justification for the same complex must be identical to those designated for the first application or justification, unless the Minister is of the opinion that it would be fair to permit a change.

(10) The Minister's discretion under subsections (8) and (9) must be exercised subject to subsections (3) to (7). O. Reg. 535/90, s. 7.

#### BASIC RULES FOR AN APPLICATION OR JUSTIFICATION

8.—(1) The basic unit rent of the base rent for a rental unit shall be adjusted according to this section in an application or justification.

(2) A rent increase under section 62 of the Act shall be added to the basic unit rent of the base rent on an anniversary date.

(3) An increase described in subsection (2) is added despite the fact that,

- (a) no rent increase was actually charged on the anniversary date; or
  - (b) a rent increase if charged at that time would have been unlawful or void under the legislation then in force.
- (4) Where the anniversary date does not fall within a comparison year, the rent increase described in subsection (2) is the guideline increase or other increase permitted under clause 62 (1) (a) of the Act.

(5) Where the anniversary date falls within a comparison year, the rent increase described in subsection (2) is the increase justified under clause 62 (1) (b) of the Act for that designated claim period.

(6) A rent increase described in subsection (5) shall not be applied to a rental unit before the 29th day of July, 1975 or on or after the 1st day of August, 1985.

(7) Where no previous order which determined a justified rent increase exists for the rental unit which is effective on a date within the comparison year, but does exist for another rental unit, the Minister may determine the increase in subsection (5) according to subsection (8).

(8) The Minister may determine the appropriate justified rent increase percentage for the designated claim period, based on the rent increases justified in any orders referred to in subsection (7). O. Reg. 535/90, s. 8.

#### SEPARATE CHARGES AS PART OF THE JUSTIFIED RENT

9.—(1) The separate charge for a service as determined and updated under this section forms part of the justified rent on the actual rent date.

(2) A separate charge will be calculated under this section where,

- (a) it was provided in respect of any rental unit in the residential complex as of the actual rent date and separately charged; or
- (b) it is necessary to determine separate charges for a date earlier than the actual rent date for any purpose under this Regulation.

(3) Subject to subsections 47 (8) and (9) and 49 (4) and (6), this section does not apply to a service where it was not provided to any unit in the complex as of its beginning rent date.

(4) The separate charge to be included in the justified rent for a service will equal the building average separate charge as updated in subsection (10) unless,

- (a) there has been a new unit finding for the rental unit; or
  - (b) there has been an order for the unit which sets out the separate charge as of a date after the base year of the first designated claim period.
- (5) The building average separate charge for a service shall be calculated by following the following steps:
1. Take the separate charge which is part of the beginning rent for each unit which is not referred to in clause (4) (a) or (b).
  2. Add to it the guideline increases applicable to each of the anniversary dates from the first anniversary date of the beginning rent date up to and including the anniversary date falling within the base year of the first designated claim period.
  3. Total all separate charges as updated to that point under paragraph 2.
  4. Divide the total determined under paragraph 3 by the total number of separate charges in paragraph 1.
  5. The amount determined under paragraph 4 is the building average separate charge.
  6. That building average separate charge is deemed to be effective, for the purpose of updating increases under subsection (10), as of the first day of the base year of the first designated claim period.

(6) Despite subsection (5), the building average separate charge shall be the most recent separate charge for the service before the 29th day of July, 1975 where,

- (a) there was no separate charge for the service for any unit on its beginning rent date;
- (b) there was a separate charge for the service for any unit before the 29th day of July, 1975 and on the actual rent date; and
- (c) the service was not provided in any previous designated claim period for any unit in the residential complex.

(7) The effective date of the building average separate charge determined under subsection (6), for the purpose of updating increases under subsection (10), shall be the 29th day of July, 1975.

(8) Where there has been a new unit finding for the rental unit as described in clause (4) (a), the separate charge will be updated from the new unit date to the actual rent date and included in the justified rent.

(9) Where there is an order for the unit as described in clause (4) (b), the separate charge will be updated from the effective date of the order to the actual rent date and included in the justified rent.

(10) To update a building average separate charge determined under subsection (5), (6), 47 (9) or 49 (4) or (6) or a separate charge determined under subsection (8) or (9) to the actual rent date,

- (a) the guideline increase shall be added on each anniversary date which is not within a comparison year; or
- (b) the justified increase determined for the designated claim period under review shall be added on any anniversary date which falls within a comparison year.

(11) Where a service is provided to a rental unit as of the actual rent date, the building average separate charge, updated under subsection (10) to the anniversary date for the unit on or before the actual rent date, shall be included in the justified rent.

(12) If a service is provided as part of the beginning rent for a rental unit and is found to be later temporarily discontinued, the separate charge for the service shall be updated under this section on each anniversary date throughout the discontinuance. O. Reg. 535/90, s. 9.

#### RENT JUSTIFICATION ELEMENTS

**10.—(1)** In determining justified rent increases for rental units in the residential complex under clause 62 (1) (b) and subsection 62 (2) of the Act, the Minister shall make findings for each designated claim period concerning the following components:

- (b) adjustment for municipal tax reassessment experienced by the landlord, determined under section 15;
- (c) operating costs variances from a previous order, determined under section 16;
- (d) capital expenditures experienced by the landlord, determined under sections 17 to 24 inclusive;

- (m) apportionment of the total amount justified for the residential complex to each rental unit therein, determined under section 51.

(2) Despite subsection (1), where the landlord's claim for a designated claim period is based on increases justified only by the past operating cost allowance under clause (1) (a) and carry over of financial loss or relief from hardship under clause (1) (i) or (j), a limited review shall occur.

(3) Where subsection (2) applies, the Minister shall make findings only,

- (a) under clauses (1) (a), (c), (e), (g), (i) to (k) and (m) for the first designated claim period; and
- (b) under clauses (1) (a), (i) to (k) and (m) for any other designated claim period.

(4) There shall be no duplication of amounts allowed in a previous order or designated claim period.

(5) Where an amount under subsection (1) or (3) was disallowed under a previous order, it will not be allowed.

(6) Subsection (5) does not apply where the amount disallowed under the previous order was,

- (a) a claim for projected costs which was denied because the costs had not yet been experienced; or
- (b) a portion of financial loss found or relief from hardship.

(7) Any costs or losses supporting a finding that section 128 of the *Residential Tenancies Act* or subsection 4 (6) of *The Residential Premises Rent Review Act, 1975 (2nd Session)* applied to a rental unit shall not be allowed as part of a justified rent increase.

(8) Although a finding under clause (1) (b), (c), (e), (f), (g), (k) or (l) may be negative, the total justified rent increases for a designated claim period shall not be a negative amount, but may be zero.

(9) Despite subsection (8), the Minister may offset findings of negative components of a justified rent increase for a designated claim period against positive components under subsection (1) or (3).  
O. Reg. 535/90, s. 10.

#### NEW UNIT FINDINGS

11.—(1) The new unit rent established under this section becomes the base rent.

(2) The new unit date established under this section becomes, on its anniversary, the new anniversary date for the base rent.

(3) This section applies where there is a finding,

(a) in a previous order that section 128 of the *Residential Tenancies Act* or subsection 4 (6) of *The Residential Premises Rent Review Act, 1975 (2nd Session)* applied to a rental unit; or

(b) in an application or justification that the section or subsection referred to in clause (a) would have applied.

(4) This section does not apply where an order referred to in clause (3) (a) determined the maximum rent for the rental unit.

(5) The new unit date is the date on which the rent authorized under the finding referred to in subsection (3) was first charged.

(6) The basic unit rent of the new unit rent shall be,

(a) the average basic unit rent for similar rental units in the residential complex as of the new unit date; or

(b) the basic unit rent charged on the new unit date where there were no similar rental units in the complex on that date.

(7) A separate charge that is part of the new unit rent shall be,

(a) the average separate charge for the service for the rental units to which clause (6) (a) applied; or

(b) the amount charged on the new unit date, where clause (6) (a) applies to the rental unit.

(8) Once a finding has been made under subsection (7), subsections 9 (8) and (10) shall apply to update the separate charge. O. Reg. 535/90, s. 11.

#### ALLOCATION RULES

12.—(1) The Minister shall make findings in the manner set out in this section regarding allocation of costs and revenue related to the residential complex that are shared and specific to,

(a) a project that includes more than one residential complex;

(b) a project that includes residential and non-residential components; and

(c) rental units in a residential complex.

(2) Where a project includes more than one residential complex,

(a) the costs that are shared among the residential complexes shall be allocated to each residential complex on the basis of the proportional revenue of each residential complex determined under section 38 unless it is demonstrated that it is reasonable to allocate the shared costs on another basis; and

(b) the costs that are attributable only to the residential complex under review shall be allocated in full to the residential complex.

(3) Where a residential project includes residential and non-residential components,

(a) the costs that are shared among the components shall be allocated to the residential complex in the same proportion that the revenue of the residential complex determined under section 38 bears to the revenue of the total project as if fully leased unless it is demonstrated that it is reasonable to allocate the shared costs on another basis; and

(b) the costs that are attributable only to the residential complex shall be allocated in full to the residential complex.

(4) Costs and revenue that are shared and specific to rental units in a residential complex shall be allocated in a manner that is appropriate to the particular circumstances.

(5) Notwithstanding subsections (2), (3) and (4), if the landlord has financed more than one residential complex or a residential complex and non-residential components in one transaction, for the purposes of determining acquisition costs or capital costs and the financing related to the purchase or construction of the residential complex under review, the method of allocation shall be based on,

(a) the market value of the residential complex and the total project as if fully leased determined by a professional appraiser; or

- (b) if the information mentioned in clause (a) is not available or known, the same proportion that the revenue of the residential complex determined under section 38 bears to the revenue of the total project as if fully leased.

(6) Despite subsection (5), another method of allocation may be used by the Minister if it is more reasonable in the particular circumstances to allocate the value of the complex on a different basis. O. Reg. 535/90, s. 12.

#### PAST OPERATING COST ALLOWANCE

13.—(1) The past operating cost allowance, as a component of the justified rent increase for the designated claim period, shall be equal to the past operating cost index determined under this section multiplied by the gross potential prior rent.

(2) Where, in respect of a designated claim period, it is found by the Minister that the grounds that justify an increase in rent do not include any amount for capital expenditures that the landlord has experienced in respect of the residential complex, the past operating cost index shall equal the guideline increase as of the commencement of the comparison year.

(3) Where subsection (2) does not apply, the past operating cost index shall equal the guideline increase as of the commencement of the comparison year, less one per cent. O. Reg. 535/90, s. 13.

#### OPERATING COSTS FINDINGS

14.—(1) Where findings regarding operating costs are made, the Minister shall make findings regarding the operating costs of the landlord in respect of management and administrative overhead in accordance with subsections (2) and (3).

(2) For the purposes of section 39, "actual operating costs" includes costs for the category known as "Management and Administrative Overhead" determined in the manner set out in subsection (3).

(3) Operating costs for Management and Administrative Overhead shall be,

- (a) if the residential complex is a mobile home park or a site or related group of sites on each of which is located a single family dwelling that is a permanent structure, 10 per cent of the revenue determined under section 38; or
- (b) if clause (a) does not apply to the complex, 5 per cent of the revenue determined under section 38.

(4) No amount shall be allowed in respect of,

- (a) bad debts; or

- (b) fees experienced by the applicant landlord for the services of a consultant who represents the applicant landlord on the application or justification. O. Reg. 535/90, s. 14.

#### ADJUSTMENTS FOR MUNICIPAL TAX REASSESSMENT

15.—(1) An adjustment for municipal tax reassessment as a component of the justified rent increase for the designated claim period shall be determined under this section.

(2) This section applies where there is an increase or decrease of the municipal tax assessment for the residential complex during a calendar year, part or all of which falls within the base year under review.

(3) Where there is a change in municipal tax assessment during a calendar year which falls within two base years, the landlord shall choose the designated claim period in which the adjustment will be considered.

(4) Where this section applies, an amount shall be determined equal to the mill rate for the residential complex applicable during the calendar year of the change multiplied by the change in the assessment.

(5) Despite subsection (4), the amount of the adjustment will be the resulting net amount where,

- (a) there was a decrease in the assessment subsequent to an increase referred to in subsection (2) and before the 1st day of August, 1985; or
- (b) there was an increase in the assessment subsequent to a decrease referred to in subsection (2) and before the 1st day of August, 1985.

(6) Despite subsections (4) and (5), where the mill rate for the residential complex has changed in a manner that lessens the impact of a change of the assessment, the Minister may determine the adjustment for municipal tax assessment in a manner which is reasonable in the particular circumstances. O. Reg. 535/90, s. 15.

#### OPERATING COSTS VARIANCES

16.—(1) An operating costs variance from a previous order, as a component of the justified rent increase for the first designated claim period, shall be determined under this section.

(2) This section applies where the most recent previous whole building review order found,

- (a) a change in operating costs based on projected findings; or
- (b) financial loss or relief from hardship based on projected findings for operating costs in the Projected Year.

(3) The Minister shall make a finding with regard to the operating costs variance where,

- (a) an order exists as described in subsection (2);
- (b) the beginning of the first designated claim period is within the Projected Year of the previous order; and
- (c) an amount is allowable under clause 10 (1) (i) or (j) in the application or justification in respect of the first designated claim period.

(4) If clause (2) (a) applies, the operating costs variance shall be determined under subsections (5) to (9).

(5) Where the base year of the first designated claim period is the same as the Projected Year of the previous order, the operating costs variance shall be equal to the difference between the projected operating costs and the actual operating costs.

(6) Where the base year of the first designated claim period is not the same as the Projected Year of the previous order, the operating costs variance shall be calculated as set out in subsections (7) or (8).

(7) Where the actual operating costs for the Projected Year of the previous order are known, the operating costs variance shall be equal to the difference between those costs and the projected costs for the same year.

(8) Where the actual operating costs for the Projected Year of the previous order are not known, the actual costs for the base year shall be discounted by one-half of one per cent for each complete month between the beginning of the Projected Year and the beginning of the base year.

(9) Where subsection (8) applies, the operating costs variance shall be equal to the difference between the projected operating costs for the Projected Year and the discounted costs calculated under subsection (8).

(10) Where there is a finding described in clause (2) (b), the operating costs variance shall be equal to the amount by which the allowance for financial loss or relief from hardship would have been affected by the variance of operating costs in respect of the period affected by the previous order. O. Reg. 535/90, s. 16.

#### CAPITAL EXPENDITURES

17. In making findings concerning capital expenditures as a component of the justified rent increase for a designated claim period, the Minister shall,

- (a) allow interest on the expenditure, whether financed by borrowing or out of the landlord's own funds, or by a combination thereof, calculated in accordance with section 20; and
- (b) allow the value of the landlord's own labour, if any, in carrying out the work involved in the capital expenditure, calculated in accordance with section 22. O. Reg. 535/90, s. 17.

18.—(1) The amount of a capital expenditure is the sum of,

- (a) the purchase price, installation cost, renovation cost or construction cost of the capital expenditure;
- (b) the value of the landlord's own labour; and
- (c) the rental value for rental units that were vacant as a result of work related to the capital expenditure.

(2) The amount described in clause (1) (a) shall be decreased by the amount of any proceeds that the landlord received for insurance, salvage, resale or trade-in related to the capital expenditure. O. Reg. 535/90, s. 18.

19.—(1) The capital expenditure allowance for that portion of a capital expenditure financed under a government program is the sum of the payments that the landlord made under the program in a twelve-month period during the base year and the comparison year.

(2) The amount of the capital expenditure allowance referred to in subsection (1) shall not include,

- (a) any amount of the principal amount of the government financing that the landlord paid in an accelerated manner; or
- (b) any payment that was required because the landlord failed to comply with the program.

(3) The capital expenditure allowance for that portion of a capital expenditure not financed under a government program shall be determined by amortizing, over the anticipated useful life of the capital expenditure, the amount of the capital expenditure that is not financed under a government program, together with interest calculated in accordance with section 20. O. Reg. 535/90, s. 19.

#### INTEREST ON CAPITAL EXPENDITURES

20.—(1) The interest rate allowed on capital expenditures is the average mortgage interest rate for five year conventional first mortgages as reported monthly by the Canada Mortgage and Housing Corporation for the twelve months of the calendar year

in which the capital expenditure was substantially completed.

(2) The interest rate applies with respect to the whole capital expenditure, whether financed by borrowings or out of the landlord's own funds. O. Reg. 535/90, s. 20.

#### ANTICIPATED USEFUL LIFE

**21.—**(1) The anticipated useful life at the time of substantial completion of new items shall be as set out in Table 1.

(2) The anticipated useful life of an item not described in Table 1 shall be determined with reference to characteristics of the item that are common to other items set out in Table 1 and to factors which are reasonable in the marketplace.

(3) The anticipated useful life of an item that is not new shall be considered to be the remaining useful life of the item at the time of its substantial completion that is reasonable in the circumstances. O. Reg. 535/90, s. 21.

#### LABOUR PROVIDED BY LANDLORD

**22.** If the landlord provides labour required to carry out a capital expenditure, the value of the landlord's own labour shall be found to be an amount that is reasonable in the marketplace as of the date on which the expenditure was substantially completed. O. Reg. 535/90, s. 22.

#### SUBSTANTIAL COMPLETION

**23.—**(1) In this section and sections 20, 21 and 22, "substantially completed" means the degree of completion such that the landlord would be liable for the total cost of completion of the capital expenditure or the point where the capital expenditure would reasonably be considered to be complete despite further work to be completed.

(2) For the purposes of an application or justification, an allowance shall be made for capital expenditures which have been substantially completed on dates within a period of twelve consecutive months selected by the applicant landlord that occurs within the designated claim period. O. Reg. 535/90, s. 23.

#### CAPITAL EXPENDITURES AS ACQUISITION COSTS

**24.—**(1) If capital expenditures have been incurred within twelve months of the acquisition of the residential complex and if there was an obvious need for the capital expenditures which a prudent purchaser would have taken into consideration in negotiating the purchase price, no allowance for the capital expenditure shall be made as such and the amount of the capital expenditure shall be considered as part of the acquisition costs.

(2) Notwithstanding subsection (1), that portion of the capital expenditure that exceeds the level of work for which there was an obvious need shall be allowed as a capital expenditure. O. Reg. 535/90, s. 24.

#### VARIANCE FROM PROJECTED CAPITAL EXPENDITURES

**25.—**(1) Where the most recent previous whole building review order found a projected capital expenditure, a capital expenditure variance shall be determined under this section as a component of the justified rent increase for the first designated claim period.

(2) The capital expenditure variance is the difference between the allowance in the order for the projected capital expenditure and the actual capital expenditure as recalculated under subsection (5), (7) or (8).

(3) Actual capital expenditure means the allowance calculated for a capital expenditure that was projected in whole or in part in an order referred to in subsection (1) that was actually completed.

(4) The variance determined under subsection (2) shall be added to or deducted from the justified rent increase for the first designated claim period.

(5) Where the projected capital expenditure was not completed, the actual capital expenditure is zero.

(6) The Minister shall determine whether the capital expenditure actually experienced was,

- (a) substantially completed within the accounting periods under review in the order referred to in subsection (1); and
- (b) work of the same nature as that projected in the order.

(7) Where clauses (6) (a) and (b) apply, the allowance for an actual capital expenditure shall be recalculated under sections 17, 18 and 19 on the basis of actual costs, but using the same anticipated useful life and interest rate as was used in the order.

(8) Where neither clause (6) (a) nor (b) applies, the allowance for an actual capital expenditure shall be recalculated on the basis of actual costs and the anticipated useful life and interest rate determined under sections 17 to 22. O. Reg. 535/90, s. 25.

#### FINANCING COSTS

**26.—**(1) Changes in financing costs, as a component of the justified rent increase for the designated claim period, shall be determined under this section and sections 27 to 32.

(2) If a landlord financed a purchase of the residential complex through new financing or assumed or refinanced existing financing related to the landlord's

purchase of the residential complex, the principal amount of the financing that shall be recognized shall not exceed,

- (a) if the purchase was after the 29th day of July, 1975, 85 per cent of the landlord's acquisition costs; or
- (b) if the purchase was before the 29th day of July, 1975, the principal amount of financing modified by any changes in principal experienced by the landlord up to the 29th day of July, 1975 or 100 per cent of the landlord's acquisition costs, whichever is less.

(3) Notwithstanding clause (2) (a), if the purchase was a Limited Dividend Housing project under the *National Housing Act* (Canada) and the principal of the financing provided for in the agreement between the landlord and Canada Mortgage and Housing Corporation exceeded 85 per cent of the landlord's acquisition costs, that financing shall be recognized, but the amount of principal recognized may not exceed the landlord's acquisition costs.

(4) If a landlord financed construction of the residential complex through new financing or assumed or refinanced existing financing related to the construction of the residential complex, the principal amount of financing modified by any changes in principal experienced by the landlord up to,

- (a) the 29th day of July, 1975; or
- (b) if the initial rent-up period ends after such date, the end of the initial rent-up period,

shall be recognized up to the total capital cost of the residential complex.

(5) If partial ownership, right, title or interest in the residential complex was purchased and the landlord financed the purchase through new financing or assumed or refinanced existing financing, the principal amount of the financing that shall be recognized in relation to the purchase of that partial ownership, right, title or interest shall not exceed 85 per cent of the acquisition costs experienced by the landlord.

(6) Despite the maximum allowed principal set out in this section, where the most recent previous whole building review order determined the treatment of the financing and the landlord at the time of that order was the landlord at the end of the base year under review, the principal recognized in that order shall be recognized. O. Reg. 535/90, s. 26.

#### INTEREST

27. In determining financing costs, the rate of interest recognized shall be the actual rate of interest, unless it can be established that the rate charged unreasonably exceeded the rate for similar market transactions, except,

- (a) subject to clauses (b), (c) and (d), if the rate of interest on the financing otherwise allowed increased during the term of the financing, the Minister shall recognize one rate of interest to apply to the entire term of the financing equal to the average of the rates of interest experienced over the term;
- (b) where the most recent previous whole building review order recognized the increase in interest rates during the term of the financing and the landlord continued to make payments under the financing, the Minister shall recognize,
  - (i) if the previous order recognized the average rate of interest over the term, the rate of interest recognized;
  - (ii) if the previous order recognized the increase in interest rates, the average of the rates of interest over the term remaining at the end of the base year,
  - (iii) if the previous order recognized a rate of interest, other than the actual or average as calculated in this section, the average of the rates of interest over the term remaining at the end of the base year;
- (c) where clause (b) does not apply to the most recent previous whole building review order, the Minister shall recognize the rate of interest recognized in the order; or
- (d) if section 31 applies to the financing in respect of a previous designated claim period, the Minister shall recognize the rate of interest allowed under that section. O. Reg. 535/90, s. 27.

#### BLENDED PAYMENTS

28. The financing costs shall be calculated on the basis of equal blended payments of principal and interest for an annual accounting period notwithstanding that the actual financing costs may be calculated differently except,

- (a) where funds were obtained under the Assisted Rental Program,
- (i) the actual payments that the landlord experienced in each annual accounting period during the entire period of the program for any other financing in respect of the residential complex, net of the government loan advances, shall be recognized subject to the provisions for financing costs otherwise set out in this Regulation, and

- (ii) changes in advances of the government loan and changes in repayment of advances shall be allowed as changes in financing costs;
- (b) where the funds were obtained from or guaranteed under a program of the Government of Canada or Ontario or a municipality or any agency thereof, the actual payments in respect of the funds so obtained shall be recognized; or
- (c) where the financing costs for such financing instrument were calculated on a different basis in the most recent previous whole building review order. O. Reg. 535/90, s. 28.

#### CALCULATING PAYMENTS OF PRINCIPAL AND INTEREST

29.—(1) The method of calculating payments of principal and interest is set out in this section.

(2) If the financing related to a purchase of a residential complex by the landlord, either in the form of new financing or assumed financing, interest and principal shall be amortized over the actual amortization period of the financing or a period of twenty-five years, whichever is greater, except,

- (a) if the anticipated or actual physical or economic life of a residential complex or of a building in a residential complex that had separate financing was less than twenty-five years and financial institutions provided funds only on the basis of an amortization period that was less than twenty-five years, the maximum amortization period available from financial institutions shall be recognized;
- (b) if funds were advanced or guaranteed under a program of the Government of Canada or Ontario or a municipality or any agency thereof and the terms of the agreement provided for repayment over a period of less than twenty-five years, the actual amortization period shall be recognized;
- (c) if the financing was obtained, assumed or modified before the 29th day of July, 1975 and the landlord as of that date was the landlord at the end of the base year under review, the actual amortization period shall be recognized;
- (d) subject to clauses (a), (b) and (c), if the landlord assumed financing at the time of purchase of the residential complex and the original amortization period of the financing was twenty-five years or longer and the balance of the amortization period was less than twenty-five years, the balance of the amortization shall be recognized; or

(e) subject to clauses (a), (b) and (c), if the landlord assumed financing at the time of the purchase of the residential complex and the original amortization period of the financing was less than twenty-five years, the terms of the financing shall be recalculated by deeming the original amortization period to be twenty-five years and the deemed balance of the recalculated principal amount shall be amortized over the balance of the resulting amortization period.

(3) If the financing related to the construction of the residential complex, either in the form of new financing or assumed financing, the actual amortization period shall be recognized if the terms of the financing provided for repayment over a period of not less than twenty years, except,

- (a) if the anticipated or actual physical or economic life of a residential complex or of a building in a residential complex that had separate financing was less than twenty years and financial institutions provided funds only on the basis of an amortization period that was less than twenty years, the maximum amortization period available from financial institutions shall be recognized;
- (b) if funds were advanced or guaranteed under a program of the Government of Canada or Ontario or a municipality or any agency thereof and the terms of the agreement provided for repayment over a period of less than twenty years, the actual amortization period shall be recognized; or
- (c) if the financing was obtained, assumed or modified before the 29th day of July, 1975 and the landlord as of that date was the landlord at the end of the base year under review, the actual amortization period shall be recognized.

(4) Despite subsections (2) and (3), where the most recent previous whole building review order determined the treatment of the financing, the amortization period recognized in that order shall be recognized.

(5) In determining the financing costs that the landlord experienced where there was a change in the amortization period upon renewal or refinancing of existing financing during the landlord's period of ownership, the amortization period that shall be recognized is,

- (a) the period recognized under subsections (2) and (3), reduced by the number of years that elapsed since the inception of the financing allowed under subsections (2) and (3) to the date of the renewal or refinancing of the existing financing;

- (b) notwithstanding clause (a), if the change in amortization period during the landlord's period of ownership occurred before the 29th day of July, 1975, the amortization period that most recently applied to the financing before the 29th day of July, 1975 shall be recognized; or
  - (c) notwithstanding clauses (a) and (b), if there has been a previous whole building review order, the amortization period recognized in the most recent such order reduced by the number of years that elapsed since that financing was recognized, to the date of the renewal or refinancing of the existing financing.
- (6) In determining the financing costs where there was a change in the principal amount of the financing during the period of the landlord's ownership from the amount that was recognized under section 26, the amount of the principal,
- (a) if there has been a previous whole building review order, shall be calculated on the basis of the amount outstanding as a result of amortizing the principal and interest pursuant to the determinations made in the most recent such order taking into account a reduction for the number of years that elapsed from the date of inception of the financing to the date of the change in the principal amount over the number of years that elapsed since the financing was recognized; or
  - (b) if there has not been a previous whole building review order, shall be calculated on the basis of the amount outstanding as a result of amortizing principal and interest under this section taking into account a reduction for the number of years that elapsed from the date of inception of the financing to the date of the change in the principal amount over the number of years that elapsed since the inception of the financing recognized under section 26.
- (7) In determining financing costs where there was a change in the frequency of repayment provisions or in any other provision that affected the frequency of repayment of financing related to the residential complex during the period of the landlord's ownership,
- (a) if there has been a previous whole building review order, the frequency of the repayment considered under the most recent such order shall be recognized; or
  - (b) if there has not been a previous whole building review order, the provision for frequency of repayment set out in the previous financing shall be recognized. O. Reg. 535/90, s. 29.

## CHANGES IN FINANCING COSTS

**30.**—(1) In making findings concerning financing costs in respect of a designated claim period, the Minister shall consider increases in financing costs resulting from a purchase of the residential complex only to the extent necessary to prevent a financial loss experienced in respect of the complex.

(2) Subject to sections 27 and 31, where there was an increase in interest rates and the landlord renewed or refinanced existing financing at a higher rate, the difference between the new rate of interest and the previous rate of interest calculated in accordance with this section shall be allowed as part of the justified rent increase for the designated claim period.

(3) The difference which results from a change in the allowed rates of interest shall be calculated on the basis of comparing the financing costs that the landlord experienced during the base year and the comparison year.

(4) Despite subsection (3), where a purchase of the residential complex occurred during the base year, the Minister shall determine the change of financing costs between the costs that the purchasing landlord experienced during the first twelve months of ownership and the financing which the same landlord experienced in the comparison year. O. Reg. 535/90, s. 30.

## SPECIAL RULES FOR CERTAIN INCREASES

**31.**—(1) Interest rates are calculated under subsections (6) and (7) for any designated claim period in which a claim based on increased interest rates described in subsection (4) is made.

(2) For the purposes of this section, a change of interest rates includes renewal, extension or replacement of financing.

(3) This section applies despite sections 27 to 33.

(4) This section applies where an increase in financing interest rates was experienced by the landlord between the 1st day of January, 1981 and the 31st day of December, 1982 and where,

- (a) a resulting increase in financing costs would be allowed under section 30; or
- (b) financing at the resulting increased rate is a component of financial loss or relief from hardship which is found in a designated claim period.

(5) The interest rate calculated under subsections (6) and (7) must be,

- (a) less than the interest rate experienced after the increase described in subsection (4); and

- (b) greater than the interest rate experienced by the landlord before the increase described in subsection (4).

(6) The interest rate referred to in subsection (1) is calculated by taking the average of the interest rates that would be found under the provisions of section 27 for each month from the date of the change in the financing which is the subject of this section to the 31st day of July, 1985.

(7) Where the interest rate for any month described in subsection (6) is not known, the interest rate used in the calculation shall be the mortgage interest rate for that month for five year conventional first mortgages as reported by the Canada Mortgage and Housing Corporation. O. Reg. 535/90, s. 31.

#### CORPORATE FINANCING INSTRUMENTS

**32.—**(1) This section applies where a corporate landlord obtained funds through,

- (a) a shareholder's loan, or other corporate instrument; or
- (b) preferred shares.

(2) Where the funds referred to in subsection (1) were recognized as financing in the most recent previous whole building review order, the funds shall be recognized as financing and the method of calculation of the financing costs used in the previous order shall be adopted in determining the costs of the funds as financing costs in respect of the designated claim period.

(3) Where a corporate landlord obtained funds through a shareholder's loan, or other corporate instrument, which funds are not referred to in subsection (2), the Minister may consider the cost of these funds as financing costs where the terms of repayment meet the conditions set out in subsection (4).

(4) The terms of repayment in the agreement to obtain the funds must be the equivalent of a loan that was reasonable in the marketplace for arm's length financing of similar principal and terms of payment, namely,

- (a) that there was a repayment in full within a fixed time period and on fixed terms required by the terms of the agreement;
- (b) that the repayments were actually made in accordance with the terms of the agreement and in a timely manner; and
- (c) that interest was paid on terms that do not exceed terms that are reasonable in the marketplace.

(5) Where subsections (3) and (4) apply to the funds, the costs of the funds allowed shall be determined under sections 26 to 31.

(6) No cost of funds shall be recognized under subsections (2) to (5) with respect to funds obtained through preferred shares. O. Reg. 535/90, s. 32.

#### VARIANCE FROM PROJECTED FINANCING COSTS

**33.—**(1) Financing costs variances, as a component of the justified rent increase for the first designated claim period, shall be determined under this section.

(2) Where the financing costs actually experienced varied from the projected financing costs allowed in the most recent whole building review order, the Minister shall add to or deduct from the rent increase justified in the first designated claim period, as the case may be, an amount calculated as follows:

1. Where, in the order referred to in this section, an allowance was made for a projected increase in financing costs due to a projected change in interest rates and the actual interest rate change varied from the projection, the difference between the amount of the allowance based on projected interest rates and the amount of the allowance based on actual interest rates.
2. Where, in the order referred to in this section, financing costs used in the calculation of the landlord's financial loss or relief of hardship allowance were based on projected interest rates and the actual interest rate varied from the projection, and the landlord's financial loss or relief from hardship has been eliminated, the amount by which the financial loss or relief of hardship would have been affected by the variance between projected interest rates and actual interest rates in respect of the periods affected by the order. O. Reg. 535/90, s. 33.

#### OTHER FINDINGS

**34.** The Minister shall make findings with regard to the following other matters, as a component of the justified rent increase for the designated claim period, namely:

- (a) fees experienced by the landlord in the base year and the comparison year for the services of a person who is not a related person in connection with the renewing of financing recognized in determining the allowed financing costs;
- (b) fees and premiums experienced by the landlord in the base year and the comparison year for mortgage insurance other than life insurance provided by a person who is not a related person; and
- (c) fees paid to a professional appraiser to establish the market value of the residential

complex unless otherwise allowed as acquisition costs. O. Reg. 535/90, s. 34.

**35.—**(1) The amount allowed respecting the fees determined under clause 34 (a) is the annual amount calculated by amortizing the fees, to the extent that they are not otherwise recognized, over the amortization period recognized under section 29 for the financing to which the fees related, together with interest at the rate allowed by the Minister for that financing.

(2) The amount allowed respecting the fees and premiums determined under clause 34 (b) is the annual amount calculated by amortizing the fees and premiums, to the extent that they are not otherwise recognized, over the amortization period recognized under section 29 for the mortgage to which the insurance related, together with interest at the rate allowed by the Minister for that mortgage.

(3) The amount of fees determined under clause 34 (c) shall be amortized over a period of five years with interest at the average mortgage interest rate of five year conventional first mortgages as reported monthly by Canada Mortgage and Housing Corporation which is the average of the rates for the twelve months of the calendar year in which the comparison year commences. O. Reg. 535/90, s. 35.

#### FINANCIAL POSITION

**36.—**(1) The Minister shall determine the financial position of the residential complex for the designated claim period where,

- (a) the landlord experienced a financial loss or is entitled to an allowance for relief from hardship and the applicant landlord has complied with section 39; and
- (b) there is no carry over of financial loss or relief from hardship of the same landlord found in respect of the most recent previous whole building review order or a previous designated claim period under section 42, 43 or 46 to the designated claim period under review.

(2) The financial position of the residential complex shall be determined by deducting the allowed operating costs and the allowed financing costs from the allowed revenue in respect of the residential complex in the manner set out in sections 37 to 39. O. Reg. 535/90, s. 36.

**37.** The financial position determination under section 36 shall be made for the base year. O. Reg. 535/90, s. 37.

**38.—**(1) To determine the financial position under section 36, the revenue shall be calculated on the basis of the gross potential prior rent plus the sundry revenue with respect to the complex during the base year.

(2) For the purposes of subsection (1), no reduction of revenue for the base year shall be made in respect of vacancy losses experienced by the landlord.

(3) Where, for the same designated claim period, a variance allowance is made under clause 10 (1) (c), (e) or (g), the revenue as determined in subsection (1) shall be adjusted by adding or deducting the amount of the variance.

(4) Where there has been an allowance for capital expenditures in a previous order or in a previous designated claim period, the revenue as determined in subsection (1) shall be reduced by the total of the landlord's previous allowances for capital expenditures in the previous order or in the previous designated claim period.

(5) Subsection (4) shall only apply to previous allowances for capital expenditures experienced by the landlord of the residential complex as of the end of the base year under review. O. Reg. 535/90, s. 38.

**39.—**(1) Where the applicant landlord is entitled to an allowance for financial loss or relief from hardship, the actual operating costs experienced by the landlord for the residential complex during the base year shall be determined under this section.

(2) Subsection (1) does not apply where the allowance is carried over from a previous order or from a previous designated claim period under section 42, 43 or 46.

(3) In this section, a "category" of operating costs means any category shown in Table 2.

(4) The operating costs to be proven by the applicant landlord under this section shall be the actual operating costs for each category of operating costs.

(5) Where the same landlord owned the residential complex throughout the base year under review, operating costs for a category determined under this section shall be based on proof of the actual operating costs for the twelve months of the base year.

(6) Where more than one landlord owned the residential complex throughout the base year under review, operating costs for a category determined under this section shall be based on proof of the actual operating costs for at least nine months of the base year.

(7) Where subsection (6) applies, the operating costs for a category for the twelve months of the base year shall be extrapolated from the actual known costs.

(8) Despite subsections (5), (6) and (7), where the applicant landlord cannot prove any actual operating costs for a category, the operating costs in that category for the base year will be zero.

(9) Despite subsection (5), where the applicant landlord cannot prove actual operating costs for a category for the entire twelve-month period, the actual costs that can be proven will be the operating costs in that category for the base year.

(10) Despite subsections (6) and (7), where the applicant landlord is able to prove actual operating costs for a category for part of the period referred to in subsection (6), the costs that are proven will be the costs for the base year for that category without extrapolation. O. Reg. 535/90, s. 39.

#### FINANCIAL LOSS

**40.—**(1) The landlord's financial loss, as a component of the justified rent increase for the designated claim period, is,

- (a) the loss determined for the residential complex under section 36 and subsection (2); or
- (b) the remaining loss determined under sections 42 and 43 where there is a carry over of a loss from the most recent previous whole building review order or from a previously designated claim period.

(2) Where clause (1) (a) applies, the financial loss is equal to the revenue determined under section 38 less the total of,

- (a) operating costs determined under sections 37 and 39; and
- (b) financing costs determined under sections 26 to 32 and section 37. O. Reg. 535/90, s. 40.

**41.—**(1) The operating loss in a designated claim period is the amount by which the operating costs as determined under sections 37 and 39 exceed the revenue as determined under section 38.

(2) The determination of operating loss should be made without taking into account any financing costs.

(3) The Minister shall allow the operating loss in full for the designated claim period. O. Reg. 535/90, s. 41.

**42.—**(1) The non-operating loss in a designated claim period is the total financial loss determined under subsection 40 (2), less the operating loss determined under section 41.

(2) Where it is found that the landlord experienced a non-operating loss for a designated claim period, the portion to be allowed will be the lesser of,

- (a) the amount of the non-operating loss; or
- (b) 5 per cent of the gross potential prior rent for the designated claim period.

(3) The total non-operating loss determined under subsection (1) is the original loss and the designated claim period in which it was determined is the original claim period.

(4) Remaining loss is,

- (a) the financial loss determined under the most recent previous whole building review order which has not been eliminated; or
- (b) the original loss which has not been eliminated in the original claim period.

(5) Despite subsection (3), where clause (4) (a) applies, the first designated claim period is the original claim period.

(6) Where there is a remaining loss mentioned in clause (4) (a) and projected operating or financing costs were used to calculate the financial loss in the order, which costs are varied under subsection 16 (9) or paragraph 2 of subsection 33 (2), the remaining loss shall be determined under subsection (7).

(7) The remaining loss referred to in subsection (6) is the loss determined in the order, adjusted by the total variances under sections 16 and 33, less any previous allowances related to the loss found in the order, as varied under subsection 16 (9) and paragraph 2 of subsection 33 (2).

(8) Remaining loss shall be carried over to later designated claim periods and recognized in accordance with section 43. O. Reg. 535/90, s. 42.

**43.—**(1) Remaining loss shall be carried over to the designated claim period under review where,

- (a) there is remaining loss from a previous claim period; and
- (b) the landlord designates claim periods so that the base years follow the base year in which the original loss was determined or Year 2 in the most recent order without interruption.

(2) Where the first designated claim period is the earliest period permitted under subsection 7 (4), the gap between Year 2 in the previous order and the comparison year of that claim period shall not be considered an interruption under subsection (1).

(3) The portion of the remaining loss that will be allowed as a component of justified rent in a designated claim period will be the lesser of,

- (a) the amount of the remaining loss; or
  - (b) 5 per cent of the gross potential prior rents for the original claim period.
- (4) All or part of the remaining loss of a designated claim period will be allowed under this section where,

- (a) the landlord at the end of the base year under review is the same as the landlord who experienced the original loss; or
  - (b) the landlord at the end of the base year is not the landlord who experienced the original loss and the applicant landlord elects not to file supporting material to establish actual costs experienced for the later designated claim period under review.
- (5) The remaining loss calculated for a designated claim period, after deduction of the portion of the loss allowed in that claim period, shall be the remaining loss for the next designated claim period for the purposes of subsection (3). O. Reg. 535/90, s. 43.

## RELIEF FROM HARDSHIP

44.—(1) Additional revenue to relieve the landlord from hardship shall be determined, as a component of the justified rent increase for the designated claim period, under this section and sections 45 and 46.

(2) A determination of whether relief from hardship is to be allowed will be based on an examination of the financial position of the residential complex as determined under sections 36 to 39.

(3) Relief from hardship shall be calculated under subsection (2) where the revenue for the designated claim period determined under section 38 exceeds the operating costs and financing costs for the same claim period by less than 2 per cent.

(4) The additional revenue to be allowed as relief from hardship under subsection (3) is the amount required to raise the revenue to not more than 2 per cent above the allowed operating and financing costs.

(5) The additional revenue referred to in subsection (4) or subsection 45 (3) does not include financial loss.

(6) Relief from hardship shall be allowed in a designated claim period if financial loss has been completely eliminated before the designated claim period under review.

(7) Where financial loss is allowed in the designated claim period under review, but relief from hardship is not allowed by reason of subsection (6), relief from hardship shall be carried forward to the next designated claim period. O. Reg. 535/90, s. 44.

45.—(1) Where there is a previous whole building review order which did not allow relief from hardship but allowed financial loss in part, relief from hardship shall be calculated for the first designated claim period under subsection (3).

(2) Subsection (1) applies only where relief from hardship was not allowed in the order by reason that

the financial loss found in the order was not completely eliminated in the order or similar reason.

(3) Relief from hardship referred to in subsections (1) and (2) shall be equal to the amount required to raise the revenue determined in the order to not more than 2 per cent above the allowed operating and financing costs used in the financial loss calculation in the order.

(4) Where projected operating costs or financing costs used in calculating the financial loss referred to in subsection (1) are varied under section 16 or 33, the costs referred to in subsection (3) shall be the actual costs determined for the purposes of the variances.

(5) This section applies only where the base year of the first designated claim period commences on,

- (a) the same day as the Projected Year in the order referred to in subsection (1) commenced; or
- (b) the earliest date permitted under subsection 7 (4).

(6) Where relief from hardship may not be allowed in the first designated claim period under subsection 44 (6), the amount determined under subsection (3) may be carried over under section 45 and allowed in a later designated claim period. O. Reg. 535/90, s. 45.

46.—(1) Carry over of relief from hardship to the designated claim period under review shall be permitted where the landlord designates claim periods so that,

- (a) the base years follow the base year in which the original loss was determined without interruption; and
- (b) the claim period under review is a claim period referred to in clause (a).

(2) Relief from hardship determined under subsection 44 (4) or 45 (3) shall be carried forward to and allowed in the claim period under review where,

- (a) relief from hardship is carried forward under subsection 44 (7) or 45 (6); and
- (b) financial loss has been completely eliminated in a previous designated claim period. O. Reg. 535/90, s. 46.

## ADDITIONS AND DISCONTINUANCES OF SERVICES WHICH ARE NOT SEPARATELY CHARGED

47.—(1) The component of the justified rent increase due to an addition or discontinuance in a designated claim period of a service, other than parking, which is provided without a separate charge is calculated under this section.

(2) This section applies to the addition or discontinuance of a service provided by the landlord for a residential complex or for any unit in the complex.

(3) This section does not apply where,

- (a) a separate charge has been determined under subsection 9 (5) or (6) for the service;
- (b) the addition or discontinuance is temporary; or
- (c) parking services are determined under section 49.

(4) Where a service or part of a service is discontinued in a designated claim period, the cost of the service as determined under subsection (5), (6) or (7) shall be deducted from the total justified rent increase for the claim period.

(5) Where the cost of the provision of a service was an operating cost, the Minister shall determine the average cost for providing the service experienced by the landlord in the twelve months prior to its discontinuance.

(6) Where the cost of the provision of a service was a capital expenditure, the Minister shall determine an amount for the cost which is reasonable in the circumstances.

(7) Where part of a service was discontinued in the designated claim period, the Minister shall determine the proportion of the cost of providing the service determined under subsection (5) or (6) which is appropriate.

(8) Where a service was provided for the first time in a designated claim period and no building average separate charge has ever been established, the Minister shall determine whether the cost of provision of the service was,

- (a) a capital expenditure; or
- (b) an operating cost experienced by the landlord in the twelve-month period after it was first provided.

(9) Where subsection (8) applies, the Minister shall determine the cost of providing the additional service in the first twelve months and may,

- (a) add that amount to the total justified rent increase for the designated claim period under review which will be apportioned among all of the base rents for the rental units; or
- (b) establish a building average separate charge to which section 9 will thereafter apply. O. Reg. 535/90, s. 47.

48.—(1) Where the discontinuance of a service did not occur in a designated claim period, the Minister shall reduce the basic unit rent of the justified rent as of the actual rent date.

(2) Where subsection (1) applies, the amount of the reduction shall be,

- (a) the cost of providing the service for the twelve-month period prior to the discontinuance, updated by adding 6 per cent for each full twelve-month period between the discontinuance and the actual rent date; or
- (b) if the cost referred to in clause (a) is not known, an amount determined by the Minister to be reasonable in the circumstances.

(3) A discontinuance referred to in this section is deemed to have occurred on the actual rent date. O. Reg. 535/90, s. 48.

#### PARKING SERVICES

49.—(1) This section applies to the addition or discontinuance of any class of parking services, whether or not the service was separately charged.

(2) Except as provided in this section, sections 9, 47 and 48 do not apply to parking services.

(3) Where parking of the class was separately charged as part of the beginning rent for any rental unit in the residential complex, subsections 9 (5) and (10) shall apply.

(4) Where there was no separate charge for parking of a class for any unit as part of the beginning rent, but there was a separate charge for that class as part of the actual rent for any unit, the first separate charge for parking of that class will be deemed to be the building average separate charge for that class.

(5) The effective date of the building average separate charge determined under subsection (4) is the date of the first separate charge for that class.

(6) Where parking which was provided for the first time in the designated claim period was not separately charged, the cost to the landlord of providing a parking space of that class for the first twelve months shall be used to establish a building average separate charge for the service.

(7) Where parking which was discontinued in the designated claim period was not separately charged, the justified rent increase shall be reduced by an amount which is determined by the Minister to be reasonable in the circumstances for each unit for which the service was discontinued.

(8) Where parking which was discontinued outside the designated claim periods was not separately charged, section 48 applies. O. Reg. 535/90, s. 49.

## CHANGES IN STANDARD OF MAINTENANCE AND REPAIR

**50.**—(1) A deterioration in the standard of maintenance and repair of the residential complex or any rental unit located therein is determined under this section as a component of the justified rent increase for the designated claim period.

(2) A deterioration referred to in subsection (1) means a deterioration which occurred during the period commencing with the beginning of the twelve-month period immediately previous to the base year, up to the end of the base year.

(3) Where a finding of deterioration under subsection (2) is made, the justified rent increase shall be reduced by an amount calculated on the basis of the reasonable value of the deterioration. O. Reg. 535/90, s. 50.

## APPORTIONMENT OF JUSTIFIED RENT INCREASE AMONG UNITS

**51.**—(1) The method of apportioning the justified rent increase for a designated claim period amongst the rental units in the residential complex is set out in this section.

(2) The Minister may determine that the allowance for a capital expenditure determined under sections 17 to 24 shall be apportioned among the rental units affected by it.

(3) The Minister shall add the appropriate portions of the allowance of a capital expenditure referred to in subsection (2) to the particular rental units affected by it, before apportioning the justified rent increase under subsection (4).

(4) The Minister shall apportion the total justified rent increase, less any allowance apportioned to specific units under subsection (3), amongst the base rents for all of the rental units in the residential complex equally on a percentage basis.

(5) The rents determined after the application of this section shall be the base rents as of the anniversary dates in the comparison year under review. O. Reg. 535/90, s. 51.

**52.**—(1) The justified rent as of the actual rent date which will be declared in the order to be the maximum rent shall be the aggregate of,

- (a) the basic unit rent determined under section 8 as of the actual rent date, after the reduction determined under section 48 or subsection 49 (8); and
- (b) the separate charges determined under section 9 for services provided for the rental unit as of the actual rent date.

(2) The earliest date that the maximum rent determined under subsection (1) may take effect shall

be the last anniversary date for the rental unit on or before the actual rent date. O. Reg. 535/90, s. 52.

## APPLICATION AND JUSTIFICATION FORMS

**53.**—(1) An application made by the landlord pursuant to section 61 of the Act shall be in Form 1J.

(2) A justification referred to in section 63 of the Act shall be in Form 2J. O. Reg. 535/90, s. 53.

## REQUIRED FILING OF RENTS FOR ALL UNITS

**54.**—(1) Where the applicant landlord seeks to justify the actual rent of any rental unit under clause 62 (1) (b) of the Act, the applicant landlord shall file in support of the application or justification the beginning rent for all rental units in the residential complex.

(2) If the beginning rent date for a rental unit is after the last day of the base year of the first designated claim period, the applicant landlord shall file the rents actually charged as of a date within that base year.

(3) The applicant landlord shall state whether the landlord was responsible for providing hydro, water, heat, cablevision or parking without the allocation of a separate charge for each rent filed under subsections (1) and (2).

(4) If the applicant landlord fails to provide information in accordance with subsection (1), (2) or (3) for the base year of a designated claim period, the Minister shall refuse the designation of such claim period.

(5) Where the end of the base year precedes the beginning rent date for any rental unit in the complex, the applicant landlord shall file information respecting the rent actually charged as of the earliest date of rent increase within the base year.

(6) The amount of rent actually charged referred to in subsection (5) shall be the base rent for the purposes of the designated claim period.

(7) To provide base rents for all rental units for any later designated claim periods, the base rent referred to in subsection (5) shall be updated by guideline increases on each anniversary of the date referred to in subsection (5) up to, but not including, the beginning rent date. O. Reg. 535/90, s. 54.

**55.** Where the applicant landlord does not seek to justify the actual rent of any rental unit under clause 62 (1) (b) of the Act, the applicant landlord shall file in support of the application or justification,

- (a) the beginning rent for the rental units affected by the application or justification; and

- (b) whether the landlord was responsible for providing hydro, water, heat, cablevision or parking without the allocation of a separate charge with respect to such rents. O. Reg. 535/90, s. 55.

56.—(1) This section applies to any rental unit for which,

- (a) the base rent exceeds \$750 on a monthly basis as of a date on or before the 30th day of October, 1984; or
- (b) clause 134 (1) (e) of the *Residential Tenancies Act* applied for any other reason.

(2) The landlord shall file the rents actually charged for each rental unit mentioned in subsection (1) for each anniversary date after the date subsection (1) first applied and before the actual rent date.

(3) The rent actually charged on an anniversary date referred to in subsection (2) shall be deemed to be the base rent as of that date.

(4) If the Minister is unable to determine the rent actually charged as of an anniversary date referred to in subsection (2), the deemed base rent as of that

date shall be deemed to be equal to the actual rent for the rental unit. O. Reg. 535/90, s. 56.

#### CONTINGENCY FEES

57.—(1) For the purpose of subsection 121 (1) of the Act and despite subsection 8 (1) of Ontario Regulation 440/87, the prescribed amount for an application or justification determined under this Regulation shall be calculated under this section.

(2) The prescribed amount referred to in subsection (1) is 10 per cent of the total of the difference calculated under subsection (3) for each rental unit included in the application or justification, multiplied by the number of rental periods in a twelve-month period.

(3) The difference referred to in subsection (2) is,

- (a) the maximum rent for the unit set out in the order resulting from the application or justification, less;
- (b) the beginning rent for the unit, plus all rent increases referred to in clause 62 (1) (a) of the Act up to the earliest date that the rent in clause (a) may take effect. O. Reg. 535/90, s. 57.

### INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7 (4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10 (1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

### **INTRA-PROVINCIAL TRUCK APPLICATIONS:**

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

**NOTE:** A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

\* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.
